

Thorne Wins Grand Challenge

Trophy Stays in Ft. Saskatchewan For First Time in Many Years

Selby E. Thorne skipped his rink to take Grand Challenge honors in the 5th Annual Bonspiel held in Fort Saskatchewan last week. Forty-eight rinks were entered which was a record for this annual event.

Selby's rink beat the A. Alnash rink to win top place and also the James Graham Trophy.

Bringing back this trophy to the Fort is an event in itself. The last time it was won by a Fort Saskatchewan rink was in 1922 when a rink skipped by Fred Alnash with Harry Rumble, Frank Walker and C. Magnuson won the Grand Challenge event.

In 1948 a rink skipped by Arnold Carscadden with Cliff Lee, Pudge Hoggins and D. Thomas won the trophy, and while Mr. Carscadden was an old time resident of the Fort at the time he won it he was living in the city.

Third and fourth place winners in the Grand Challenge event were H. Scuba and A. Jamieson.

The Merchants Event was won by A. Alnash with J. Glasgow, A. Jamieson and W. Maloway winning second, third and fourth place respectively.

W. McWhir took top honors in the Citizens Event when he beat the A. Strong rink. Third and fourth prizes were won by the P. Trudgson rink and the E. Richardson rink.

In the Consolation Event the J. Fleming rink took out the A. Hudson rink for top place, with M. Rubin and E. Thomas winning third and fourth place.

The prize for the grand aggregate was won by the A. Alnash rink, and the Selby Thorne rink took the prize awarded for the first six ends. A hard luck prize was also awarded this year and was won by the Ed. White rink.

WINS CAR
Fred Simmes was the lucky winner of the 1962 Ford Car that the Curling Club raffied. Only 500 tickets were out on this car and we understand practically all were sold. Seller of the lucky ticket was John Semple and Donna Allanach drove the ticket at the dance on the Friday night sponsored by the club.

Win Prize in Reduwater 'Spial

GRIESBACH—The ladies rink comprised of Mrs. Roy Shackleton, Mrs. J. Athanach, Mrs. H. E. Thomas and Mrs. C. Galloway won third prize in the Reduwater Rink recently.

Mrs. and Mrs. George Chasman of Okla are guests of Mr. and Mrs. Stan Walker.

Mr. and Mrs. Cannon moved from Blinley last week to their new home, to Alhambra farm. Welcome Mr. and Mrs. Cannon.

Lions Discuss Carnival Plans

Reports from the Carnival Committee of the Lions Club received at their meeting Monday disclosed that everything is going according to schedule for Friday night's carnival. In addition to the program that has already been printed in this paper and displayed on posters, an exhibition of Fancy Dress by two local girls is also scheduled to take place. This exhibition will be one of the first on the program after the official opening which is scheduled for 7:15 p.m. We advise all who wish to see it to be at the rink on time.

A great amount of effort has gone into the carnival by members of the club in the hope that it will be better than ever. You can help to make it better by donating fancy or comic costume and joining in the fun.

Date was set at Monday's meeting for the club's Charter night. This will be held on Monday, April 22.

A communication was received informing the club that the Lions Convention will be held in Helena, Mo.

Vera Willis, another new Lion member, was presented with his button by Rudolph Kippel who sponsored him.

Discussion also took place on the sponsoring of a club fund-raiser, no definite steps will be taken in this regard for the present.

Lion Johnny Johnston, at the close of the meeting showed a number of colored photo films some of which were taken by Lion Ab Dawson and some by himself. These were greatly appreciated by the members.

CIVIL DEFENCE MEETINGS
Mr. Johnson will hold two civil defence meetings next week in this district. The first will be held Monday, March 18 at Deep Creek School for residents of Belton, Castle and other points. The second meeting will be at Ardrossan on Wednesday, March 20. Both meetings will start at 8 p.m. and all residents in these respective districts are urged to attend.

Our sympathy is extended to Miss Mattie Chasman who received word of the passing on Monday of her dear-in-law Mrs. Jim Chasman.

CIVIL DEFENCE MEETING
A Civil Defence Meeting will be held at the Winkelman School March 18 at 8 p.m.

FUA, FWUA to Meet

YORKVILLE—A joint meeting of the Yorkville FUA and Fort Saskatchewan FWUA will be held at the home of Mr. and Mrs. Charles Galloway on Wednesday, March 12 at 8 p.m. A good attendance is requested at this meeting.

Mr. and Mrs. Leslie Myers entertained at a birthday party last Sunday in honor of Mrs. Myers mother, Mrs. Roy Millham. Guests included Mr. and Mrs. Roy Millham of Winterburn and Mrs. Myers brothers-in-law and sisters Mr. and Mrs. Owen Hoover and Mr. and Mrs. Ewart Hoover all of Edmonton.

Mr. and Mrs. Keith Galloway were back in the district for a few days last week. Keith has been employed with Mr. Jack Stannard in Edmonton during the winter, and last week they were working on the interior of the Fort Hotel and making a very artistic job of it.

We are sorry to hear Mrs. Alfred Geyner is on the sick list, and hope she will soon be well again.

Mr. Lawrence Logrois of Chauvin was a visitor at the Charles Galloway home at the weekend. Mr. Logrois was Roy's roommate at Vermilion School of Agriculture.

Mrs. Gordon Underwood spent the weekend in Edmonton the guest of her brother-in-law and sister Mr. and Mrs. Albert Aitken. Another sister, Mrs. E. L. Miller of Lloydminster was visiting at the Aitken home also making it quite a family reunion.

Partridge Hill News

PARTRIDGE HILL—Mr. Frank Kulak has been a patient in the University hospital since Friday where he had an operation for the extraction of some decayed teeth. We hope he will soon be around again. Ralph Lawrence is operating the school bus during Frank's absence.

Varden Lawrence who has been reporting for jury duty during the past month was dismissed Monday.

Water trucks are busy hauling water from Obedient's lake to the gas drilling rig on the farm of Mr. Bert Davies, S.E. ¼, 29-33, H.W.

Mr. and Mrs. John Gordon attended the wedding of Miss Elaine Kelle and Mr. William Hansen Kerr which took place in Edmonton Saturday evening at 8:30. Mrs. Kerr is the daughter of Mr. and Mrs. C. J. Kelle of Edmonton, formerly of this district.

CIVIL DEFENCE MEETING
A Civil Defence Meeting will be held at the Winkelman School March 18 at 8 p.m.

M. R. Parker Heads Officers of Ardrossan Community League

A fair attendance was present for the annual Community League meeting held last Wednesday. Reports were read showing a very successful year and one of much activity. Some new members joined and we hope to receive a good many more.

The following were elected to office: Pres. Mr. M. R. Parker; Vice-Pres. Mr. Carl Smolke; Sec. Mr. Ray Warnock; Treas. Mr. Glen Reynolds. Executive: Mr. Clifford Dowling, Mrs. Hanlan, Mr. Alex Bell. A social and sports committee were also elected, and Mr. A. Williams as M.C.

Pioneer Resident Passes in Edmonton

Mr. Frederick Walter Reynolds a former resident of the Ardrossan district passed away in a city hospital on Monday, March 3, at the age of 77 years.

Born in Oshawa, Ontario, Mr. Reynolds came to Alberta in 1900 and settled in Ardrossan, where he farmed until 1944 when he retired and went to live in Edmonton. He served on the United Church Board and Session at Ardrossan for 27 years.

He is survived by Mrs. Reynolds. Funeral services will be held at Howard and Malbride Chapel at 3 p.m. on Thursday.

NOTICE

Please disregard C.N.R. ad on Page 3. After paper was on press we were informed that the Calgary Show was cancelled.

Heavy Entry Assures Success for Ardrossan Talent Show Friday

ARDROSSAN—A large number of entries have been received for the Search for Talent show to be staged at the Hall here on March 7. This has proven a popular evening entertainment in the past and all indications point to it being the same this year.

Mrs. James Friel is ill at her mother's home. We wish her a speedy recovery.

Mr. Johnson, who is in charge of civil defence for this district, will be at the hall on Wednesday evening March 12 at 8 p.m. to give a lecture and instruction on how to defend ourselves. Young and old are asked to make an effort to be present. This information we may present. This information we may present.

The Leap Year dance proved a big success, the ladies really took advantage of "their night". Dolores Chambers act was a new and interesting stunt and enjoyed by all. She has kindly promised to hold at the homes of Mrs. Carl Patrick's dance and bring the rest of her troupe with her. This is said to be a date to keep in mind.

Seek Volunteer To Attend Course

W. A. Johnson, civil defence instructor for the M.E. of Burnaby outlined to a meeting held Monday in the Fort Community Hall the need of being prepared in case of enemy attack or other disaster.

Civil defence was set up to instruct and teach people to help themselves and others if the need arose. It was the one organization in England during the last war that saved hundreds of lives and thousands of dollars in property damage.

Why civil defence in Canada? is a question often asked he said. Today with aircraft capable of flying to any part of the globe and with the modern weapons all countries have, no city in Canada is free from attack, and if we should come be felt sure that Edmonton and the oil fields would be on the list of targets.

Men in the armed services are trained as front line men and not to stay home to protect the people therefore it is necessary that the people learn to protect themselves. He urged that someone from Fort Saskatchewan attend the civil defence school and then hold meetings to instruct the residents here what to do in case of attack. The training they receive will be of invaluable assistance in case of a major fire or other disaster.

He cited one instance where civil defence training had already been put to good use in a town where fire broke out in a hospital. All patients were evacuated and saved for until the blaze was controlled.

Three interesting films were also shown by Mr. Johnson.

Entertain Parents

UPPER VALLEY—The Upper Valley and Partridge Hill children and teachers entertained the parents at a very interesting afternoon last Friday. The four students teachers and children worked out an enterprise on the Red River settlers. Following the entertainment cake and coffee were served.

A drilling rig has been set up on the Bert Davies farm and is now drilling for gas.

Mrs. Clement Davies has her son and daughter-in-law Mr. and Mrs. Lloyd Campbell living near

Our next what drives will be held at the homes of Mrs. Carl Patrick's dance and bring the rest of her troupe with her. This is said to be a date to keep in mind.

H.S.A. Meets at Josephburg

JOSEPHBURG—At the recent meeting of the Josephburg Home and School Association various problems were discussed. Much credit for the smooth operation of the school is due to our competent and understanding teachers who not only teach the children, but live with them as completely, considering their welfare as profoundly and seriously as if the youngsters were her very own.

Some of the parents presented the problem that their children neglected to eat their lunch because of their haste to be outside playing. Thereupon the teacher offered to remain at the school during noon hour for a brief duration. In short, she offered to spend more time with her charges, rather than go over to the teachers to prepare her own dinner and perhaps relax a little.

Moreover our teacher offered to prepare cones that the girls and boys might have something warm to go with their lunch. Through the parents declined, thinking it was too much bother for her, they appreciated this generous gesture.

Bremner News

BREMNER—Among the members of The Capital Club Society who presented the concert version of Mozart's "The Magic Flute" at the Alberta College Auditorium, Monday, Feb. 26 was Miss Helen Schreier of Bremner, who is a pupil of the director, Mr. Jean Lesourd. Miss Schreier was one of a trio known as "The Three Ladies", who sang several numbers during the evening. This group of young singers presented a very satisfying evening's entertainment, and we expect to hear more from them in the future.

The very large crowd which attended the sale of Mr. Sid Latam of Bremner, on Wednesday afternoon, kept the ladies of the United Church W.I. as busy as bees, dispensing coffee and refreshments to their many customers. We are sorry that Mr. Latam's poor health makes it necessary for Mr. and Mrs. Latam and Arthur O'Brien to leave the district, where they will be greatly missed by a host of relatives and friends.

Mr. Ken Baptist's class in Animal Science, from Fort Saskatchewan High School attended Mr. Sid Latam's sale, and inspected the herd of dairy cattle.

Also the showing of films was discussed. The parents all agreed that it would be better to have no entertaining films whatsoever, because it seems that the more they are shown, the more they are inclined to want.

Other things were brought under discussion but the important thing is everyone showed keen interest and sympathy for the others problems, and there was complete harmony between the parents and the teacher.

The aim of the Home and School Association had been met. The district extends sympathy to Mr. R. Rippel who recently injured his foot rather seriously. Mr. Rippel went to the Archer Memorial Hospital for treatment, but is now back home. We hope he will soon be able to resume his usual activities.

SCHOOL FLASHES

On Saturday approximately 30 students from both the high school and intermediate grades went in a school bus to the University visitors day. They spent a very interesting and educational day touring the University buildings.

We are planning to have another curling bonspiel this weekend. This will probably be the last one of the season, so all students wishing to curl are invited to join in the fun.

Books of tickets were distributed among a few of the students, and they are busy selling tickets on Main Street. H.S.A. candidate for Queen at the Lions Carnival this Friday.

Joyce Sampert comes to the Fort school from Bruderheim via the Goodford school bus. This is the young lady who accompanies the choral group with her excellent piano playing. She is also a member of the school band, playing in the clarinet section. Her likes include singing, and 'fun parties'. She plans to be a teacher.

Bernard Krebs, only child of Mr. and Mrs. Leon Krebs, comes from Castle. Bernie who is always talking, has acquired the nickname of "Gobby". His wary hair should help him win the approval of No. 1 on his 'I like list', that being girls. He also likes dancing, especially square dances, playing chess and singing. He was born on August 27, 1952.

Clover Bar Wins

CLOVER BAR VILLAGE—On Tuesday, February 26 Clover Bar Juniors journeyed to McKernan Lake for a hockey game with their Juniors. Our boys came out on top with a 7-5 victory. Those scoring the points were Basil Carter with 3, Clair Meyer with 2, Morley Van Camp and Gordie Patricin with one each. Clover Bar seems to be hitting its stride.

The rink was flooded again on the last day of February. The 64-dollar question is "Will this be the last flooding for the season?" Easter is still a long way off and Spring usually puts off its advent till the Easter bunny appears.

It is in the offing that a COIT group will be organized at Clover Bar by Mrs. Van Camp and by Mrs. Fred Hutton. These used to be a keen group at one time under Mrs. Howard Byers.

Rita Meyer, an ex-pupil of our school, is now in training for professional teaching. As a student teacher she is receiving practical guidance from Mrs. Finlay at Clover Bar Centre S.D. 212. We shall follow Rita's career with deep interest.

Mr. and Mrs. William Stephenson of Clover Bar General Store are celebrating the silver anniversary of their wedding. Their many friends are planning a Surprise Party in their honor.

Joy to the best! Joy to the fair! What have ye again Ould Orisland!

Little Items of Local Interest

Miss LaVera Smith entered the General Hospital Feb. 3 to start training as a nurse. She was formerly employed at The Royal Bank here.

The Handicraft Meet will meet in the Home Economics at the school on Tuesday, March 11 at 8 p.m. The evening will be spent doing shell work.

Mr. Wilf Lamoureux left Saturday for Calgary where he will attend a heating engineering course sponsored by the National Association of Heating Engineers. He will be away one week.

The W.I. will meet on Wednesday, March 12 at 3 p.m. at the home of Mrs. Leigh Hill. A musical program and a report from the Cancer committee will be presented.

Mr. A. S. Fillmore, a former resident of Fort Saskatchewan, passed away March 2 at his home in Vancouver in his 90th year.

Mr. Harry Looker is in an Edmonton hospital. We trust he will soon be well and home again.

Mrs. Selby Thorne visited last weekend at Calgary with her daughter and son-in-law Dr. and Mrs. R. W. Edie. Mr. Selby Thorne Jr. was also visiting his sister.

Mr. and Mrs. Harris Byers have moved their home into the Fort and will pick up residence here.

Mr. Kelly Walker of Edmonton and Mrs. Tim Moore of Fort Saskatchewan were the winners of the prize given at the official opening of the Marshall Wells Store here.

Clayton Walker, Royal Canadian Signal Corps spent a 3-day emergency leave at his home here this week. He expects to go to Korea.

The ladies curling club wish to express their sincere thanks to all the ladies who assisted them during bonspiel week, also for the pie donated. Pie plates may be picked up at the Red and White store.

Congratulations are extended to Mr. and Mrs. M. R. MacCormick on the birth of a son, Iain Norman (Thursday, February 26, at the Royal Alexandra Hospital).

WYE

WYE—One fine day in January the school children banded cars provided by some parents and the teacher and toured the Edmonton Municipal Airport and the Parliament Buildings. Then the month of February saw the installation of electricity in the school, thanks to the efforts of a few and donations of many residents. The younger generation have been seeing the "Bright Lights".

The above mentioned lights were put to good use when a large percentage of the local population converged on the school house for an evening of games. In cards, prizes for the highest score went to Mrs. C. Patricin and Alvin Patricin and consolations to Miss Gunda Klatt and Mr. Lloyd McGowan. Miss Klatt won the draw for a cup and saucer. Proceeds were used to purchase table tennis sets and material for a table, credit and a "bank you" for making which, must go to Mr. P. Koehn.

It is to be hoped that spring, just around the corner, will bring complete and lasting recovery to those who have been ill for some time. Mrs. Everett Knorr hasn't been feeling too well for quite awhile and Mrs. Emily Krammer is just getting up and around again after a month in bed. Archie McDonald doesn't think there is just no end to his troubles and we certainly hope to hear some good news about him soon.

A holiday began for Mrs. E. Fleming and Brenda Thursday evening when they left by train to spend an indefinite time visiting relatives in Toronto. Mrs. Fleming is looking after the store in her absence.

Take Measures to Cope with Disease Outbreak

In an effort to cope with the problems presented by the outbreak of foot-and-mouth disease in Saskatchewan the Canadian government announced

Monday plans to cover the situation. The government has issued orders of all sorts and livestock in order that the Canadian market may be re-

stated for domestic production. Payment to farmers suffering losses and other defence measures were also covered in the government announcement.

Nature and Characteristics of Foot-and-Mouth Disease

By Dr. E. E. Balastrone
Director of Veterinary Services,
Alberta Department of Agriculture,
Edmonton

Foot-and-mouth disease, also

known as aphthous fever, is an acute, highly communicable disease chiefly confined to cloven-footed animals and characterized by an eruption of vesicles or blisters

on the mucous membrane of the mouth and on the hooves. The vesicles rupture, forming erosions and ulcers; there are also salivation, tenderness of the affected parts, loss of appetite, lameness, emaciation and a decrease in the quantity of milk secreted.

The disease is essentially a disease of cattle, but hogs, are easily infected. Goats, sheep, buffalo, camel, deer, llama, giraffe and antelope can also be infected. Horses and poultry have not been found susceptible to the disease. Human infections sometimes occur but cases are rare and not very serious.

It is a virus disease which is found in the fluid in the vesicles or blisters and the vesicle covering on the mouth, feet and udder; in the saliva, milk and various secretions and excretions; also in the blood during the rise of temperature.

A wide distribution of the virus has been reported in a herd as the result. Animals may be infected directly by contact with diseased animals or indirectly from infected manure, hay, stables, drinking troughs, railway cars, animal markets, laundries and pastures. Human beings may carry the virus on their shoes and clothing and on their hands while milking, since the udder is occasionally the seat of the eruption. It may also be carried by dogs, cats, rats, chickens, pigeons and other birds. Milk in a raw state may also transmit the disease to animals fed with it.

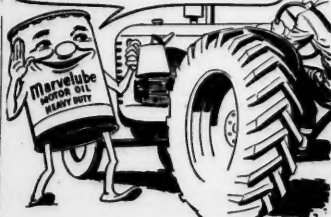

Infected animals often before they show any visible symptoms of the disease may eliminate virus from their bodies in large quantities, thus acting as an unsuspected source of spread of the disease. Foot-and-mouth disease may attack the same animal several times. Although an attack of the disease produces an immunity that may last for a long time, it has been found in recent years that there are at least three types of virus and while an animal after recovery from the disease produced by one type is immune to that type, it is readily infected with the

District Residents

Visit University

SOUTH COOKING LAKE—All roads led to the University of Alberta last Saturday morning, and along these roads travelled buses from many points, near and far in our province, carrying members of Junior Grain Clubs to be guests for the day at the University.

Among the travelling buses was that of Ed. Nettrou, bearing members, parents and friends of two clubs — New Samuels and Looma Vista. Arriving at the University they, with their many fellow members, were welcomed by student guides, distinguished by arm-bands, who escorted them through building after building, each one highly interesting and informative, until every one was ready for lunch generously provided.

There was one disappointment in an otherwise very enjoyable day—the planned and anticipated visit

to the farm buildings had to be abandoned on account of the disease prevailing now among cattle. Perhaps, when the danger is past, another opportunity will be provided our young people and their friends to enjoy that omitted part of the day's excellent programme.

It was lucky day at Minihit School on Friday morning, when teams from Room 3 and 4 joined battle in a long-desired game. As the school risk is no longer in suitable condition, the players, with their fans, journeyed in Ed. Nettrou's bus to the Minihit Community rink, 1½ miles farther east, where a keenly contested game ended in favor of Room 3 by 4 goals to 1. The defeated team, though pitted against more practiced players, fought undauntedly all the way to the final whistle. Clifford Enfield proved himself an able referee.

It is a pleasure to report continued improvement in the health of Mrs. Len Chadwick. She is making a remarkable recovery.

Gas and Oil Appliances

See the new Enterprise Gas Range now on display in our show room. It has four burners with working space in between, two ovens and two utility drawers, and clock.

Also on display are smartly styled Duo-Therm Gas and Oil Heaters. If you use Propane we can supply you with a Duo-Therm Gas Heater.

We carry in stock Shannon Gas Burners that have proven very satisfactory in converting your coal range to gas.

Bremner News

Mr. Alfred McGinn, who has been working with Mr. Ray Schreyer in his timber camp on the Coal Branch, has returned to his home to prepare for farming operations in the spring.

The home of Mr. and Mrs. F. T. Jackson was the gathering place for the FUA Juniors at their monthly meeting. The president, Mr. Alfred McGinn, took the chair during the business session.

Mr. R. C. Marler, president of the Alberta Federation of Agriculture, left on Tuesday the 5th by plane for Ottawa where he was one of the farm group who presented resolutions to the Dominion Government on matters vital to the well-being of the farm people. He returned home on the 11th.

Pat McCalla, eight-year-old daughter of Mr. and Mrs. F. R. McCalla, is convalescing at her home, after spending several days in hospital with pneumonia.

Visitors Observe School Work

The pupils and teachers of Fort Saskatchewan school and the pleasure of being addressed by Rev. A. W. Magee on Thursday, March 6 in the school auditorium.

The meeting opened with "My Canada" followed by introductory remarks by Mr. W. S. Elliott, principal. Rev. Magee gave a very bright and interesting review of school life, from the different phases of teaching and learning which effect the student's outlook on education. He reminded the students of their responsibilities and privileges, as well as some of the things which add to the humorous side of school life.

Lions Carnival

Continued from Page One

The judging of fancy and comic costumes was the next item on the program. Judging the costumes were Mr. and Mrs. P. J. Sherman, Mr. and Mrs. H. Walton and Mrs. Alexander. Prizes given for this event amounted to nearly \$200 and were won by the following:

Girls fancy up to 9 years, Stephanie Jones, 1st; Diana Banks, 2nd. Boys fancy up to 9, Ronny Peterson, 1st; Fred Soule, 2nd. Girls fancy, 9 to 14, Jean Baron, 1st; Marilyn Johanson, 2nd. Boys, 9 to 14, Jimmy Jost, 1st; Jackie Cameron, 2nd. Fancy, over 14, Mrs. Ann Johnston. Girls comic, up to 9, Dora Mager, 1st; Marilyn Gair, 2nd. Boys comic, up to 9, Ian Johnston, 1st; Larry Barrett, 2nd. Girls comic, 9 to 14, Sylvia McIntyre.

Boys comic, 9 to 14, Bill Robertson, 1st; Arthur Walker, 2nd. Comic, over 14, Mrs. Grace Dawson, 1st; Mrs. Gair, 2nd. Races for boys and girls in all age groups were also held, winners of which received cash prizes.

To wind up another successful carnival a dance was held in the Community hall. Winner of the door prize was Mr. Dave Mackie.

Around Town . . .

Seven members of the RCMP had been visiting the Fort last Sunday for friendly games with members of the Fort club. A very enjoyable afternoon was spent followed by the serving of lunch by Fort club members.

Miss Deryl Thomlinson is the Fort Lions club queen contestant for the Broderick carnival being held this week.

The United Church WMS will meet at the home of Mrs. Wee Flaker on Tuesday afternoon, March 18 at 7 p.m.

Mr. and Mrs. A. G. Stannard will be at home to friends and relatives on Thursday, March 19 from 3 to 5 o'clock and 7 to 9 o'clock on the occasion of their 25th wedding anniversary.

Mr. Harvey Theriault started construction this week on his new woodworking shop.

BORING, ISN'T IT?

Dog shows hold no interest for this champion, owned by Sandra Scholey of Barris, Ont. A West Highland white terrier he won first prize in the Junior and senior puppy classes in the New York dog show where British, U.S. and Canadian entries were judged.

The largest crystal of sugar produced in Canada weighed nine pounds and took more than 11 years to reach that size.

Civil Defence

By Wm. H. Johnson

Civil Defence Instructor, M.D. of Strathcona and Town of Ft. Sask.

Looking over last week's column we found we had made an explanation of biological warfare, this week let us go a little further.

After having concluded that germs are preventable all the time, it is only common sense to realize that we have been combating them for some time and have, therefore, a network of preventive measures already in effect. Disease can spread quickly but most outbreaks are slow moving. In the seventeenth century when the great plague swept London it took some six months to spread across the city.

Methods and protective measures include a system of quarantine adopted to isolate cases of certain diseases, inspection of food and water supplies by health authorities, spraying with insecticides and bactericides, our constant war against rats, mice and gophers and finally a careful screening of immigrants and livestock coming into the country.

The dangers then from biological warfare are the new methods of spreading old diseases. Germs could be introduced by bombs or directly into water and food supplies or into ventilators of large buildings and factories by enemy agents.

Germs that would possibly be used are typhus, smallpox, cholera to kill people, influenza, undulant fever to make them ill. Attacks of anthrax or glanders on stock are also possible.

One of the greatest effects from a biological warfare attack would be to cause a panic. It could start a hysteria among the people and hence depreciate the morale of the country. We must, therefore, discount all reports not originating from an official source.

Here are some of the points we should keep in mind:

1. Keep yourself and home clean.
2. Report all sickness promptly.
3. Give authorities complete cooperation.
4. Do not rush outside after a bombing.
5. Do not take chances with food and water in open containers.
6. Do not start rumors.
7. Do not believe wild stories.
8. Germs and toxins have a relative short life span unless isolated. However, there are exceptions in which case a team of trained workers would take care of decontamination.
9. We can sum up a few points:
 1. Biological warfare attacks can be countered.
 2. Every citizen must cooperate.
 3. Strive to keep germs out of your body.
 4. Do not panic.
10. Once again I would like to remind you to watch for a meeting in your community, spend a few minutes learning about civil defence. Candidates are needed from all communities to undergo training. If you are interested get in touch with the Secretary of the Municipal District of Strathcona.
11. Keep in mind in civil defence we lose nothing but if we never learn what we need we may lose everything.

BRITAIN TO BUY MORE MEAT FROM AUSTRALIA AND NEW ZEALAND

Great Britain is swinging from Argentina to Australia and New Zealand as sources of meat supply. A 15 year agreement has been signed to take New Zealand's supplies. This year the total will be around 300,000 tons.

Ready... if the challenge comes

'EMERGENCY'

The Red Cross is constantly at the ready.

Wherever calamity brings the need for emergency relief, trained teams race to the scene.

Whether the disaster be fire, flood, explosion . . . or the horror that either national or international emergencies might bring, the Red Cross must be prepared. Your help can provide the means of stockpiling emergency supplies . . . to save life.

... to save life.

The work of mercy never ends,
\$5,222,000 is needed!

Give to your RED CROSS

Gifts to your Red Cross are wisely used. Each year the accounting is approved by auditors of the Dominion Government

THE SIGN THAT SAYS MORE FOR YOUR MONEY

PETROLEUM CONSUMPTION

Canada's consumption of petroleum has risen from 40,000 barrels daily in 1930 to about 350,000 barrels a day. This growth is likely to continue over the next few years.

years.

Petroleum consumption on the agricultural prairies is 19 per cent higher per capita than for the rest of Canada. The reason therefore is the increased mechanization of the prairie farms.

Gas and Oil Appliances

See the new Waterpax Gas Range now on display in our show room. It has four burners with working space in between, two ovens and two utility drawers, and clock.

Also on display are smartly styled Duo-Therm Gas and Oil Heaters. If you use Propane we can supply you with a Duo-Therm Gas Heater.

We carry in stock Shannon Gas Burners that have proven very satisfactory in converting your coal range to gas.

Timely Farm Notes

Damp Storage Affects Germination

By B. J. WHITEHEAD
District Agriculturist

In a series of tests made with untreated seed wheat having 16.5 percent to 23 percent moisture group was sown at once, a second after four weeks, and a third after eight weeks storage. Germination was roughly the same at all moisture contents in the first lot. Germination decreased with rising moisture and length of storage in the later tests. In the high moisture samples after two months of storage, germination was almost destroyed by mold growth. (Our grain will doubtless carry a heavy load of ordinary mold spores this season, much of it being threshed from straw blackened by fungus growth.)

Another test with seed wheat carrying 17 to 23.4 per cent moisture, was treated with a mercurial dust. One series was sown immediately, while a second series was sown after three weeks' storage. A drop in germination of 20 percent and over, occurred in the samples having the highest moisture contents. It was shown that the seed treatment did not cause this fall in germination.

The above results indicate the need for drying grain intended for

seed use; also the need for use of mercurial dusts in protecting seed from injurious fungus growth.

The results of tests at the University of Alberta, indicate that Cerean, Cerean M, and half-sour Legumes, used at recommended rates, produce no injurious effects on germination after six to eighteen months under conditions similar to average farm storage. An article by Dr. Henry on seed treatment of rough and damp grain appears in the January 1952 issue of "The Press Bulletin". Copies of this publication may be obtained free of charge on application to the Department of Plant Science, University of Alberta.

WORTH KNOWING

How to save \$283.00 on every 100 acres of crop land. "Don't burn stubble!" We know that there's more straw than usual this year, but that's all the more reason why you should save it. Your district agriculturist can tell you how to handle heavy stubble.

But here's where the savings come in. Nitrogen bought as commercial fertilizer costs 115¢ a pound in its cheapest form. An average crop (and it's more than average this year) produces 1000

pounds of straw to the acre, and 1000 pounds of straw contains 9.15 pounds of nitrogen. In addition to the nitrogen content of the straw, another 15 pounds of nitrogen can be produced by the soil bacteria if the straw is left on the field for them to work on. This means that from 1500 pounds of straw you have a total of 24.15 pounds of nitrogen. At 115¢, costs a pound 2415 pounds of nitrogen is worth \$278-\$283.00 for 100 acres.

FWUA Meeting

ARDROSSAN The Ardrossan FWUA held their March meeting at the home of Mrs. P. Shears with seventeen members present. Three members offered to send in recipes for the new FWUA Cook Book which will be published soon. It was decided that a quilt will be raffled in the near future. Mrs. W. Matheson read the monthly bulletin on co-operation. At the close of the meeting a lovely lunch was served by the hostess.

A free picture show as held recently in the Ardrossan Hall sponsored jointly by the FUA and FWUA. The show was presented by the Highway Traffic Patrol. After the picture a question and answer period proved interesting to everyone. Proceeds from the sale of lunch amounted to \$15.86.

WYE

WYE—There will be a membership fee of 25¢ in accordance with the regulations set by the Home and School Association, and that item along with others was dealt with at the meeting in the school library. Mr. F. Koehn read the Secretary's report and a discussion on various subjects was led by the president, Mr. Lester McIlhenny. It was decided to seek further information regarding a community library under the government scheme, to provide one dollar for each dollar invested by the club.

For those interested, a drama group will be formed under the able leadership of the school teacher. Mrs. F. Koehn will endeavor to promote choral singing and Mrs. S. MacPherson is in charge of a handicraft project.

Although a definite date has not been set plans are being made for a ride in the near future. Succeeding meetings will be on the first Wednesday of each month and the date was changed in this case so as not to interfere with an entertainment in the hall, arranged and sponsored by the Home and School.

Miss Joyce Patinkin had the misfortune to injure her knee while on a sleigh ride with the young people of Salisbury. X-rays show there are no broken bones and in spite of some discomfort she is again attending school.

Mr. and Mrs. MacPherson, accompanied by a sister, motored to Ardrossan to spend a few days with her mother who was celebrating a birthday.

Mr. Anderson is getting along fine building his new house on the Wynd. It is amazing how much one man can do and just imagine how Mr. Anderson is looking forward to moving into a 1925 model home, complete with natural gas.

George Miller, formerly of the Wye, has sold his farm in the Douglas district and moved out New Sorella way, to form a partnership with his brother-in-law in a dairy business.

W. J. Stimpson of Toronto has been visiting the Stimpson family while on a flying trip to Vancouver.

Mr. Stimpson has recently been named Supervisor of Post Departments in the Marquette-Harris Co. for all of Canada and the Home and School Association, and that item along with others was dealt with at the meeting in the school library.

An announcement of local interest for the coming wedding of Miss Vera Yoshimas to Mr. Richard Nix of Stettin. The ceremony will be held on April 17th and this writer, on behalf of the Wye community wishes them good health, more wealth and much, much happiness.

Mrs. E. J. Gardner has been ill with an attack of the flu which necessitated the postponement of a quilting bee that was to have been held in her home. Another date will be decided upon at the Ladies Aid meeting slated for Mrs. Jan Stewart's house the 12th of March.

Congratulations are in order for Edward Henry Koehn, one of the 1951 winners of Grade 9 Governor General's medals. A pupil of Clover Bar school, Edward was among those honored by the University Women's Club at their annual dinner held in the University cafeteria. Mr. W. E. Frame, Superintendent of Alberta schools introduced the winners and presented the awards. An evening of entertainment followed.

C of C to Meet Thursday Night

The Fort Saskatchewan Chapter of Commerce will hold its monthly meeting next Thursday, March 20, at 8:30 p.m. in the basement of the Community Hall.

A nominating committee was chosen at last meeting to bring in a proposed slate of officers for this year. These will be presented to the meeting with additional names to be added from the floor if members so desire. Voting will then take place.

All members are urged to turn out and take part in any discussions that may arise.

Charge for Services

Council decided at Monday's meeting to commence charging for the sewer and water service.

Residents who have been connected to the sewer and water since it was first turned on have had nearly five months of free service. However, this has now come to an end and statements for sewer and water use will be mailed out April 1st for the month of March. Bills must be paid by April 15th.

Visitors See School During Education Week

SOUTH COOKING LAKE—Education Week brought three visitors to Ministic School: Mrs. Fens, who she is visiting; and Mrs. Nettrover, of Cooking Lake. Mrs. Fens showed a keen interest in every department and was enthusiastic in her praise of this modern school building and its facilities and provision for comfort and education of our boys and girls. The other ladies, although they had visited the school previously, were scarcely less interested and enthusiastically.

Education Week is past, but it is hoped that parents and friends of the pupils will feel at liberty any week, any day, to visit the school and thus show their interest in what is being attempted and

Before 1830, Fort Frances, Ont. was a trading post known as Rainy Lake. It was named after the pioneer Lady Frances Simpson.

Yorkville News

YORKVILLE—Mrs. Daisy Jackson and her son Norman of Three Hills were weekend visitors at the home of Mr. and Mrs. J. P. Gallaway. Mrs. Gallaway accompanied the Jacksons on their return trip to Three Hills and plans to spend a week or two there with Mrs. Jackson who is her cousin.

Mr. Neilson McLean's many friends will be happy to know that he is able to be up and around after his long illness. Mr. and Mrs. McLean are at present staying with their son-in-law and daughter, Dr. and Mrs. William Bradley-McLean in Edmonton.

Mr. and Mrs. Dan Royer (nee Alice Gallaway) formerly of Rocky Mountain House are now residing in Edmonton.

At long last the Yorkville district can have an oil well—at least the derrick is there for all to see. The Imperial Oil Co. is drilling on the farm of Mr. Herman Veendall.

More than 7,000 varieties of apples have been recorded in Canada and the United States.

IMPLEMENT PRICES ARE LOW in comparison with prices of other supplies the farmer buys

• The outstanding achievement by Massey-Harris in keeping the prices of its Canadian-made products at a low level of increase over 1941, is clearly shown by the above chart of price indexes.

• All commodities are shown as 97.7% higher than 1941; raw materials are 98.2% higher; average hourly rates of pay Massey-Harris Canadian plants are 158.0% higher yet Massey-Harris Canadian-made farm implements have increased only 66.2%.

• The continued great world demand for labour-saving farm equipment has given a volume permitting high operating efficiency in relation to production and selling costs, making possible the partial absorption of the increased costs of materials and labour.

• With the scarcity and high cost of experienced help, farmers find in modern machinery the means to maintain high volume production at low operating cost.

New Scraps Wins

On Wednesday, March 18, the students of Room 3 motored to New Scraps to meet the Junior High students there in a game of hockey.

Dale Larson scored the first and only goal for Ministlik, and the

game ended with a 4-1 victory for New Scraps. Mr. F. Holmbeck very capably acted as referee. Anton Wornick was goal judge.

Ed. Natteson provided transportation for all the students of Room 3 with his school bus.

Everyone enjoyed the game and the inter-school comradeship provided by the game and the visit.

Mrs. R. P. Ottewell, Pioneer Marks Ninety-second Year

BREMNER — Clover Bay's Grand Old Lady, Mrs. R. P. Ottewell, celebrated her ninety-second birthday on Saturday, March 18. It has been the custom for her family to hold a reunion on this date, but Mrs. Ottewell has not been well for some time, so the day passed quietly for her at the old homestead, where she lives with her sons Frank and Fred.

Mrs. Ottewell, whose maiden name was Fanny Trevillian, was born at Bruce Mines, Ontario, her parents having come to Canada from Plymouth, England. Her Trevillian was one of the first mining engineers in the Bruce Mines area.

Mrs. Ottewell married Mr. Richard Philip Ottewell in Port Arthur, Ontario, on June 30, 1877. In 1881 Mr. Ottewell came to the Edmonton district, stayed about a year, and later returned in 1885 in the spring. Mr. Ottewell raised his first crew of potatoes in the West on land now occupied by W. W. Arcade street, on the corner of Jasper Avenue and 7th Street. Mrs. Ottewell, with her two children, William and Ella (Mrs. J. A. Hamilton of Winterton) came to the West in 1885 by way of Calgary, journey-

Cancer Causes 1 in Every 5 Deaths Lions Told

One out of every five deaths from Cancer was the statement made by Mr. Jackson, who addressed the Port Lions Club at the meeting on Monday.

Mr. Jackson, who was accompanied by Mr. Stevens, both of Edmonton, are assisting the Cancer Society in their campaign to raise funds.

Mr. Jackson gave a brief history of the organization since it was first formed by the Medical Association. At present cancer research is being undertaken in practically all larger centers.

Mr. Jackson said many deaths due to cancer could be in all probability have been saved if they had consulted a doctor earlier.

The most tragic loss of time occurs when people are misled by the promises of disreputable "quacks" who claim they have special "secret" cures for cancer. These so-called "cures" are worthless and only delay a visit to the reputable physician and possibly beyond the time when a real cure is possible. Home remedies are equally dangerous, for no pill, powder, or tonic has ever cured cancer.

Wasted time — no matter why merely gives the malignant cells an opportunity to metastasize... to spread through the body, attacking healthy tissue and eventually bringing death by destruction of one of the vital organs.

No one can afford to gamble with anything so deadly as undetected and untreated cancer. If you are a woman over 50 or a man over 40, you must be especially alert. When a lump appears, it is important to have right away — and only a doctor will be able to tell you. Do not waste a single day — go to him immediately.

Mr. Jackson urged members to assist in the cancer drive for funds and make sure everyone is checked.

Miss Bert Storrer, formerly of Western Printers in Regina, joined the Record staff this week as a typist operator. Miss Storrer visited relatives in Lethbridge for a few weeks prior to her move here.

Mr. Bachelder is a patient in an Edmonton hospital undergoing an operation on an injured foot.

Mr. and Mrs. C. D. Jaeger returned home Thursday from a holiday trip to Hawaii.

Mr. Nor. Strong returned recently from Calgary where he attended the heating engineering course sponsored by the National Association of Heating Engineers. This was Mr. Strong's fourth consecutive year at the school.

YORKVILLE DISTRICT YORKVILLE — We are happy to hear that Luke Wadsworth is expected home on Saturday after a month's illness in the University Hospital. We hope that he feels better now.

What Will Your Garden Grow

Those who rely entirely on outdoor seeding are disappointed in the results of many tasty vegetables and attractive flowers, says P. D. McCall, Supervisor of Horticulture, Alberta Department of Agriculture. Extensive plans, transplanting, irrigation, fertilizer, cultural practices and so on, and that to plant are all mentioned there. A section on diseases and insects provides a useful reference to the more common garden pests.

No special equipment and only a small amount of care is required. Shallow boxes or plant pots may be used, and with good soil, regular watering and adequate light, much useful material can be grown. A sunny roof or basement location, the soil mixture can be made up of two parts of good garden soil to one part of sand. Sow the seeds in moist soil and cover with newspaper to encourage rapid germination. Further watering is not usually needed until the seedlings have germinated, following which the paper should be removed and the soil kept moist as required. On the appearance of the first true leaves, usually in about two weeks, transplanting and sowing in flats will result in well developed plants by the time the outdoor planting season arrives.

W.A. Meeting At Bremner

BREMNER — Mrs. Lawrence Schreier was hostess on Wednesday afternoon to members of Bremner United Church W. A. Mrs. Myron Latam, the president, was unable to attend, as she was suffering from an attack of the flu, and Mrs. H. D. Duncan, the vice-president, took the chair.

Several of the men of the district, under the direction of Mr. Martin Reynolds, electrician, wired the Bremner Hall, on Wednesday and Thursday. Among those helping were several of the P. U. A. Juniors, who are anxious to have the electricity turned on for their Variety Concert, on the 21st of this month.

Highgate mountain peak in Canada is Mount Logan.

The infantry machine gunners

The Canadian Infantry Soldier is a vital part of our expanding defence forces. In Korea he has built a wonderful reputation for his courage and ability. Wherever he goes, the Canadian Soldier has a way of winning friends — of impressing both friend and foe with his outstanding training and soldierly qualities.

The Infantry Machine Gunners are an integral part of the Canadian infantry regiments. With their heavy and accurate fire power, the Infantry Machine Gunners have time and again in Korea proved how extremely important they are in attack and defence.

Play your part in Canada's most important business today, defence. You are eligible if you are: 17 to 40 years of age, (tradesmen to 45), physically fit and ready to serve any where.

Apply to the nearest Recruiting Depot: No. 10 Personnel Depot, Caribou Barracks, Calgary, Alta.

South Cooking Lake News

Ed. Hettre's school bus was again a happy means of social transportation and enjoyment last Friday and Saturday. On the first night a party of about 25 Pyle's bus journeyed to the Gardens to see a closely contested game with Calgary won by the Flyers; and on the Saturday night another party of about the same number visited Fort Saskatchewan, where they enjoyed the Search for Talent. They report an excellent programme.

Douglas School held a happy occasion on Saturday night when our early-birds, Mr. and Mrs. Ernie Baker, were given an elegant sending gift, — a silver tea service. We may have further details next week. Pay the present to us, "Katie" on an abundant supply of tea, please!

We join in the many expressions of sorrow at the early passing of Mrs. P. J. Cressville of Loomis; and we offer to husband and family our trust, deepest sympathy.

Bold Joint Meeting of FWUA, FUA

PAINTERIES HILL

The F. W. U. A. and F. U. A. held their joint meeting at the home of Mr. and Mrs. Charles Debus on Thursday evening, March 12th with a good attendance. The Ladies arranged to serve the dinner at the Short Course being sponsored by the Agricultural Service Board on April 14th.

At the close of the meeting a lovely lunch was served by the joint hostesses Mrs. J. Kather and Mrs. Martha Oshelton.

Mr. and Mrs. Leval Scott and family of Kimberley, B. C., visited at the home of Mrs. Scott's parents, Mr. and Mrs. V. R. Lawrence, last week.

Miss Lloyd Whitson, who has spent the winter in Edmonton, returned to the district last week and is staying at the home of her mother, Mr. Tom Whitson.

Mr. Harry Whitson is a patient in the Royal Alms this week. Hope he will soon be well again.

Miss Elizabeth Oshelton, who

has been in the city for the winter, is visiting relative homes for a few days.

We were very to hear that Mr. Arthur Krohn is still in at his home here. We understand he will be moving to a nursing home in his doctor's advice. Best wishes for a quick recovery Arthur.

Rev. and Mrs. Magee entertained a large congregation of Partridge Hill, Yew Valley and Good Hope at the mass on Monday evening. Following a social evening of games and content a lovely lunch was served by the hostess bringing a very enjoyable evening to a close.

Will Rogers, acting as host-master at a dinner one evening, was annoyed by the lengthy speech of the man he had just introduced. When the speaker finally wound up his lengthy talk, Rogers arose and said: "You have just listened to that famous Canadian statesman, On Lou Long."

If you got exasperated when you call a man and his secretary says: "What do you want to talk to him about?" by telling her: "I want to ask him what he's going to do about my wife." They say it never fails to get immediate results.

There were thirteen present when the Ladies Aid held their monthly meeting at the home of Mrs. McLean, the secretary and Jack were fortunate to receive along the Feb. meeting and a donation will be sent to the current drive for funds. A collection of members Christmas cards, scrap books and gifts were forwarded to patients at the Charles Cammell Hospital. A new member, Mrs. Leonard Hamm was the club raffie for a handsome cushion cover and also had her name drawn for a salt and pepper set, the prize for the flower fund.

Mrs. Lloyd McHugh took charge of the meeting in the absence of the president, Mrs. Armstrong who is another victim of the "flu". Refreshments too elaborate to be called a lunch were served by the hostess and the April meeting will come to order at the Thomson home on Wednesday the 18th.

Bob McLean has returned to his work in the oil fields after a week at home with his parents, Mr. and Mrs. Kenneth McLean.

Seven stitches were necessary to close a wound suffered by Mr. Leonard Hamm when the index finger on his left hand was almost completely severed by a saw in the carpenter's work shop.

Members of the "Home and School" enjoyed a sleigh ride Thursday evening when loads of hay and teams of horses, completely with jingling bells transported an enthusiastic party to some steep slopes on the Younger farm.

Toboggans came into their own for a couple of hours and when the hungry lards returned to the school, winners and buses, pie and coffee were ready and duly done justice unto. Some folk, whose interest does not run to such, spent the evening playing cards and ping-pong etc. and worked up an appetite with indoor sport.

A vote of thanks is due Mr. Lester McHugh and Mr. Gus Klatt who provided the means of transportation and the sport and social committees who had arranged the successful affair. A hard-time.

party is planned for Thursday the 26th of March at the school and a king-size welcome sign is out.

Although no authentic details are available at this time, it is known the Fred Rye house was burned to the ground on the early morning of March 14th. Mrs. Rye and Jack were fortunate to escape with only minor injuries but their furniture, clothes etc. are a complete loss.

Mr. and Mrs. Ernest Belore of Cooking Lake were the guests of honor at a shower and dance in the Douglas School the evening of March 14th. Mrs. Belore, the former Isabel Davidson, attended Douglas School and was a resident of the district until her marriage on Feb. 11th. A large crowd was present and danced to the music provided by Mr. and Mrs. Albert Shultz and their daughter Lisa.

Numerous individual gifts were received and the highlight of the evening was the presentation by Mr. Wm. Baird, master of ceremonies of a beautiful silver set, coffee pot and tray to make a combined gift from friends and neighbors. Isabel and Ernest in turn expressed their appreciation and very graciously thanked everyone.

Mrs. Jack Burke and Mrs. Wm. Brevie convoked the affair and took charge of having a gourmet lunch, with the aid of many helping hands, including the "bridesmaids" Miss Elizabeth and Miss Helen Davidson.

AQUA PURA
Water is so important to the human body that its intake must always exceed its loss. Even in cold weather, the body perspires and loses moisture through evaporation, especially in a dry heated atmosphere. The average person of average weight needs at least 12 glasses of fluid daily to compensate for the loss. Drinking plenty of water will help to maintain health.

AQUA PURA
Water is so important to the human body that its intake must always exceed its loss. Even in cold weather, the body perspires and loses moisture through evaporation, especially in a dry heated atmosphere. The average person of average weight needs at least 12 glasses of fluid daily to compensate for the loss. Drinking plenty of water will help to maintain health.

MACHINERY SALE
Sales of farm machinery in the prairie provinces of Canada in the past three years were approximately five times the dollar value of those of the twenties, ten times

those of the thirties and about three times those of the years 1940-48 inclusive.
A grain plot requires access to some 30 chemical elements.

Favorite Pin-Up of Canucks in Korea

Most popular pin-up photograph of a Canadian military unit serving in Korea is that of one Miss Elaine Krebs, daughter of Mr. and Mrs. Carl Krebs of Edmonton. She is the bride of Mr. William Hanson Kerr, son of Mr. William Kerr of Ville St. Pierre, Quebec.

Miss Elaine Krebs, Bride In Lutheran Ceremony

St. John's Lutheran Church in Edmonton was the setting for an attractive bridal ceremony when Miss Elaine Krebs, daughter of Mr. and Mrs. Carl Krebs of Edmonton became the bride of Mr. William Hanson Kerr, son of Mr. William Kerr of Ville St. Pierre, Quebec.

They were joined in identical dresses of coral pink lace with pink taffeta, styled with wide pleated satin waistbands - low necklines and balloon sleeves. The bridesmaids were pink floral frocks and they carried cascade bouquets of carnations and spring flowers.

SILOX HOME AFTER SECOND ROUND IN KOREAN WATERS

Relatives and friends of the crew of HMCS Sioux gather on the deck at Esquimaux, B.C., as the destroyer docked there after a record round of duty in Korean waters. The Sioux' latest assignment lasted 11 months.

Notice To Sewer And Water Patrons

Notice is hereby given that payment for use of sewer and water services will commence with the month of March.

Statements for the above services will be mailed to all users by April 1st, 1962, and must be paid by the 15th day of April, 1962.

By Order of Town Council.

Chickenpox Thins School Ranks

GLOVER BAIL - Chickenpox is a life in our neighborhood. Adjoining schools report serious depletion of their ranks. The village school to date has suffered but little though the old cases come up from time to time. We look upon the visitation in the light of a nuisance here.

Health Unit Note

Chickenpox

Many cases of chickenpox are reported by schools these days and many parents feel that the Health Unit is negligent in not enforcing quarantine for contacts of cases.

A school child developing chickenpox means the virus causing the disease for several days before the pox appear. Therefore usually all children in the school are infected before the first child is known to have the infection.

The symptoms of chickenpox may be very mild and there may be very little itching. Where itching is troublesome a number of recently developed ointments give great relief and it is worthwhile for parents to see their Doctor or the Health Unit about it.

STREETWAY PARADE

"Did you get home all right last night, sir?" the streetcar conductor asked one of his regular passengers sullenly.

"Of course. Why do you ask?"

Recipe Corner Skim Milk Powder Has Place in Cooking Say Home Economists

The many housewife of today, always on the lookout for new ways to keep household expenses down, has made a discovery. It's skim milk powder. Properly handled, it is an inexpensive and acceptable substitute for fresh milk.

Besides being nutritious, easy to store and use, skim milk powder is economical. An eight-ounce cup (one-quarter pound), dissolved in a quart (five cups) of water, has the same food value as a quart of fresh skim milk and the difference in taste can scarcely be noticed.

The reason is simple: the powder is actually fresh skim milk with the water taken away. Replace the missing water and it comes out milk again. With milk a basic necessity on the family menu at any time, skim milk powder is becoming a favourite on the shopping lists of the nation.

The home economists of the Consumers Service, Canada Department of Agriculture have issued a booklet on skim milk powder, which can be obtained by writing to the Canada Department of Agriculture in Ottawa.

They point out that skim milk powder may be used in every way that fresh milk is used. As a general rule, it is best to use four tablespoons (one ounce) of skim milk powder and one cup of water in place of one cup of fresh milk. For extra food value, there is an advantage in using more than this amount of skim milk powder or in adding some to milk.

To reconstitute the powder, the home economists suggest pouring half the amount of lukewarm water over the powder in a glass jar, sprinkle the skim milk powder on top, cover tightly and shake the jar for about one minute.

To reconstitute the powder, the home economists suggest pouring half the amount of lukewarm water over the powder in a glass jar, sprinkle the skim milk powder on top, cover tightly and shake the jar for about one minute.

Is Your Car In Shape For Rough Driving?

Your car is one of the most important things to consider. You depend on it to get you from here to there and back again. Maybe it will and maybe it won't. It depends upon the condition your car is in when it starts out.

You'll soon have to travel rough and muddy roads, and you must have it well just that without trouble let us give it a thorough inspection now so that repairs can be made if necessary. An inspection now might save you from being stalled for hours on some lonely road.

We have experienced mechanics—the tools to do the job—and guarantee satisfaction.

Troops in Korea Enjoy "Smugs"

Troops in Korea are now smoking "smugs" thanks to a suggestion by Brooke Chastin, Minister of National Defence.

The cigarettes made their way to Korea from Canada through the illegal efforts of smugglers. Mr. Chastin suggested that a possible way to dispose of the smuggled cigarettes which the Royal Canadian Mounted Police had seized, would be to distribute them to the men in Korea.

The cigarettes have arrived and have been handed out to the boys. They are grateful to the Department of National Defence, the RCMP and "the smugglers".

The men have a choice of nine brands of American cigarettes and nearly every man in the Brigade has received five packs to date. Now they can sit back happily and watch the smugglers' efforts "go up in smoke".

Elephants, alligators, turtles and poll parrots have a longer life span of 100 years or more.

Canada's Forests Yield Bumper Pulpwood Crop

Deep in Canada's forests, an supplying more than half the army of some 25,000 lumbermen's needs. Here, a woodworker is feverishly finishing this year's record harvest of pulpwood for the pulp and paper industry. This frozen stream or lake to await industry's need, for almost a year, the snowing, thaw and the colorful, downy down the river with Canadian "canspruit" alone mills.

Cattlemen Urged to Report at Once Any Suspected Foot-and-Mouth

Any owner of cattle who may to the Provincial Veterinary Laboratory. All inspections must be made on the owner's farm. If the symptoms warrant, material will be taken by a specially trained inspector to be forwarded to the Animal Diseases Research Laboratory, Hull, Quebec. No part of suspected animal must be removed from the farm except under such authority. It must be remembered that foot and mouth disease will infect all animals in a herd and not just one or two, says Dr. Ballantyne.

East Edmonton Club Meeting at McLean Home

EAST EDMONTON

The monthly meeting of the Willing Workers was held at the home of Mrs. McLean on Wednesday, March 10 with an attendance of 12 members present. The meeting was carried on by the president Mrs. Anderson. A donation of \$10 was made to the Red Cross drive.

After some discussion on the sending of parcels to the family in England, it was decided to send her one more parcel and write her a letter explaining that the need for our money for charitable work at home here and that we would remember her at 3 and 4 times.

The convokers were appointed for the Tea and Bazaar that the Willing Workers are planning for the 18th of April.

Convening the tea, Mrs. Kay, Serving, Mrs. McDonald, Home Cooking, Mrs. G. Briggs, Candy, Mrs. Hawkins, White Elephant, Mrs. Prasher, Fish Pond, Mrs. Law' rance.

Discussion was held on ways and means of making money. The meeting was adjourned and tea served by the hostesses. The next meeting will be held on April 9th at the home of Mrs. Baxter. During the tea time Mrs. Weir gave a very interesting talk on their trip to the Turkey Convention in St. Louis in January which was enjoyed by all present.

The Social Evening held in the Hall was very successful, a large crowd attended. The programme which was put on by the children was enjoyed after which games and a spelling contest was held. The evening was brought to a close with dancing.

Farm Unions to Send Delegations East

On Monday and Tuesday March 24th and 25th a large delegation from Saskatchewan and Manitoba Farm Unions will meet in Winnipeg where they will interview the Board of Grain Commissioners and the Canadian Wheat Board. The F.U.A. will be represented by our Interprovincial Council members, Mrs. Taylor, Andy Wood and President Young. At these meetings matters in connection with grain grading, handling, damp grain and the competition at elevators will be discussed and representations made on behalf of western farmers.

Following these meetings it is expected that a small delegation will go directly to Ottawa to take up with the Ministers concerned emergency matters connected with the grain congestion and the livestock situation. This delegation will give the Federal authorities for action on a number of matters re livestock, notably the immediate lifting of veterinary livestock embargoes, the establishment of a floor price on cattle and sheep and placing the floor price on hogs on a uniform basis.

Because Canada, regarding the adoption will prove for substantially higher floor and ceiling prices in the negotiation of the new International Wheat Agreement. On the domestic price of wheat a definite stand will be taken to have wheat for Canadian consumption completely separated from the U.S.A. and sold on the basis of a Parity Price. It is understood that the Western Farm Union will not agree to the removal of the International Wheat Agreement unless this is done.

ing, made was supplied by Central local girls. The Board of Control wished to thank everybody that helped to make this evening such a success. Plans are being made for another one on April 25th.

Congratulations go to Mr. and Mrs. Gordon Wiggins on the birth of a daughter on March 6.

Timely Farm Notes

Calfhood Vaccination Progress Reported

By R. J. WHITBREAD

District Agricultural Commissioner

Commendable progress in vaccinating Alberta calves against Brucellosis (Bang's Disease) was indicated recently in figures recently released by Honourable D. A. Ure, Minister of Agriculture.

During the first year of the program, 1935, approximately 200 calves were vaccinated. By 1938 the number for the year had risen to 11,500. In 1935 vaccination was provided for 60,500 head.

Continuing this increase, 78,548 calves were vaccinated against Bang's disease in 1938, and this in spite of bad fall weather, dry roads and other factors that interfered with the work of the veterinarian. Had it not been for these deterrents, 85,000 calves would have been vaccinated in Alberta during the past year.

Seven municipalities including the Municipal District of Strathcona, have now been declared Brucellosis Restricted Areas. In these areas, vaccination of all beef calves is compulsory. All calves must be vaccinated by a veterinarian. No procedure for a year will seriously reduce the disease in cattle herds in these municipalities. Reduction of Bang's disease will also help to prevent undulant fever in humans.

HOW MUCH GRAIN?

At December 31st 1937, 53% of the year's wheat crop in Alberta was in farm storage or delivered to the elevator, according to figures received from the Dominion Bureau of Statistics. Consideration of the report however, shows wide differences in the various areas of the province.

R. E. English, Statistician, Alberta Department of Agriculture, advises that although in most areas the amount of wheat still to harvest is below the provincial average of 27%, crops still unthreshed in southwest and south central areas vary from 67 to 69%. The highest figure obtained in the Calgary-Olds area where more severe than general harvesting conditions were experienced. Most fortunate were the St. Paul-Bonnyville and Brooks areas where a fraction only of the crop remains unthreshed.

As expected, a survey of oats and barley crops still in the field reveals a similar trend. These areas having had the greatest success with wheat harvesting, are correspondingly little of the coarse unthreshed. Production figures

gleaned from the report show the following estimated total production, with the number of bushels not harvested in brackets: Wheat 12,900,000 bushels (\$3,946,000); Oats 123,525,000 bushels (\$2,453,000); Barley 104,948,000 bushels (\$2,950,000).

BGG PRICES

From the number of enquiries received by the Poultry Branch about the support price program for eggs, many producers seem to think that the six a dozen floor price is the amount the producer should receive at all times. This is not so, as explained as follows.

The Dominion government is pledged to buy all eggs placed in storage under the support price program at a price of six a dozen basis Grade A Large, and five a dozen basis Grade A Medium. But all eggs purchased from a producer must be stored in new thirty dozen cases, with new fillers and all flat-top key trays provided. Eggs coming into storage must also be processed (boxed).

Material and labour to process these eggs cost around 1c a dozen. New thirty dozen cases are 50¢ each, which means a cost of about 2¢ for each dozen eggs. Another cent has been added for transportation at point of storage. To transfer eggs from country points to storage costs from 2 to 2½¢ a dozen. If you add to this 1c a dozen for administration, you have a total charge against the original six of 7 to 7½¢ a dozen. That is why six a dozen, Grade A Large, is about the most that can be paid to producers for eggs disposed of under the Dominion government support price program.

RAINMAKING

Washington state farmers, in the Big Bend wheat country south of Spokane, have made a deal with a rainmaking company to operate during the coming spring. The cost for Lincoln county alone will be \$11,000.

The rainmaking is done through seeding clouds with silver iodide. Best results are said to be obtained when a slight drizzle is falling. Nothing can be achieved from a clear blue sky.

Fires may be distinguished from other Canadian conifers by the fact their cones never hang down but stand erect on the branches.

Men to Model in Fashion Show

AMBROSE — Ladies a treat is in store for you at Ambrose Hall Monday, March 14th at 8 p.m. The latest spring fashions will be displayed by men models. Also a pleasing programme. If you want a good laugh be sure and be there.

Mr. Archie Williams accompanied by Mr. A. Gillis are away on a trip to Ottawa, Ont. It is rumored they will be driving back a new car.

We appreciate Mr. Olson's kindness in taking us to the city in the school bus. The bus was filled, and we not only had an enjoyable evening, but had a nice time coming and going as a sing-song was carried on most of the way. All thoroughly enjoyed themselves and said "let's do it again".

The civil defence meeting was well attended and Mr. Johnson gave a very interesting talk and showed some pictures. Mr. McLean was chosen as the Ambrose representative and Mrs. J. Miller from Brookville to take the lecture given bi-weekly at the Rural Administration Building.

Griesbach News

GRIESBACH — Mrs. Hest of Edmonton visited her son and daughter-in-law, Mr. and Mrs. Bill Dalgarno, during the past week.

We are proud of our curlers in this district. Tony Shanks and his rink took top honors in the Grand Challenge and the Shackson rink was Consolation in the Farmer's Bonspiel last Saturday.

Mrs. Stan Walker was paid a surprise visit last Saturday when her cousin, Mr. and Mrs. Earl Herberich of Peace River stopped to call on her after a three month's holiday in the States.

The Piers family are waging a war on the coyotes having shot their fourteenth last week-end.

Mrs. Adam Ward is a patient in the University Hospital. We wish her a speedy recovery.

A man can still light a cigar without first offering one to a lady.

YORKVILLE NEWS

Mr. Louis Kenderlin of West-land was a weekend visitor at the home of his brother-in-law and sister, Mr. and Mrs. Elmer Meyers.

Mrs. Rudolph Weiss and her two sons, John and Danny, of Lacombe were visitors last week at the Lloyd Onlayman home. Mrs. Weiss is Mrs. Callaghan's aunt.

Mr. Peter Girmann's nephew, Mr. Xavier Laviole, his wife and two children of Edmonton, were weekend guests at the Girmann home.

Mr. Bert Armstrong of New Westminster, B. C., recently visited at the home of Mrs. Jim Armstrong. We are sorry to learn that Mrs. Jim Armstrong is ill and hope she will be better soon.

On Saturday, March 12 at 10:30 a.m. the Catholic Church at Yorkville was the scene of an attractive wedding when Miss Marion Harrison became the bride of Mr. Russell Wilson. Following the ceremony a reception was held in the Yorkville Community Hall, and at night a wedding dance at the Riverdale Hall in Edmonton.

Children's Wear

Girls' Cotton Dresses

Radiant Baseboard Panels . . .

Although there are many methods of providing healthful, radiant heat, the Baseboard Panel system is by far the most modern and offers many distinct advantages. Warden King Radiant Baseboard Panels replace conventional wood baseboards, and by introducing heat at floor level, cold draughts are eliminated, and rooms are evenly heated throughout.

The radiant heat output warms walls and floors and provides evenly distributed warmth. The difference in air temperature from floor to ceiling is often no more than two or three degrees even in zero weather.

Above all, every part of your valuable wall space is free from obstruction, permitting any desired arrangement of furniture. All valves and piping are also concealed. Floor-length drapes may be used without interfering with heat output. The desirable space below windows is available for any use you wish to make of it.

Warden King Radiant Baseboard Panels are easy to install in existing dwellings and, of course, are ideal for new homes. They are made of durable cast iron and may be finished in any colour oil base paint or enamel you prefer, to carry out any desired decorative scheme.

Attend Civil Defence Meeting

SOUTH COOKING LAKE — Last Friday evening a party from Fullertonville and South Cooking Lake, about 20 in number, journeyed to Edmonton in Ed. Nettrosser's bus to attend the lectures given there for Civil Defence Week. In instruction in First Aid (St. John's) was given that night, and proved both interesting and profitable. These lectures will be given on Mondays, Tuesdays, and Thursdays and will continue through 3 weeks.

On the following night the same bus took another party, numbering about 30, to the theatre for Talent Show at Yelfield. They all report a good programme. The Pussan Orchestra, composed of Fullertonville and Cooking Lake musicians, was a highly promising amateur group.

Mrs. Doreen Tough was another of our welcome lady visitors to Minihish School during Ed-Week.

The new room at Minihish School was opened to students and teachers last Monday morning, March 17th. A well chosen card, carrying the congratulations and good wishes of Mr. T. Watson and his law students, was received and greatly appreciated. It was a kindly, thoughtful gesture.

A correction.—It was Mr. T. Watson, not Ed. Nettrosser, who provided bus transportation for the local party that attended Search for Talent at Fort Saskatchewan a week ago.

NATIONAL

Mr. F. E. Spencer, honorary treasurer of Alberta Division, Canadian Red Cross Society, inspects one of the railway cars being loaded with Red Cross flour for the starving citizens of northern Greece. Shown standing upright are three bags of flour, showing the Red Cross and the name "Canada" in both English and modern Greek. Of the 206,215 one-hundred pound bags of flour being sent to Greece, 114,896 were mailed in Alberta.

Red Cross Sending \$1 Million Flour Shipment to Greece

In one of the largest single relief shipments undertaken by the Canadian Red Cross Society, approximately \$1,000,000 worth of flour will be shipped this month to northern Greece where fully substantial reports confirm that unless relief food supplies are received soon, many thousands in Northern Greece will starve during the coming months.

In one of the largest single relief shipments undertaken by the Canadian Red Cross Society, approximately \$1,000,000 worth of flour will be shipped this month to northern Greece where fully substantial reports confirm that unless relief food supplies are received soon, many thousands in Northern Greece will starve during the coming months.

Following a number of conferences between the Federal Government and Red Cross, the Canadian Government announced Feb. 19 that 500,000 bushels of No. 1 wheat were given to the Society to be milled into flour for this Greek famine relief.

Red Cross is supervising the milling, packing, shipping and distribution of the flour by 13 milling companies at Kamloops, Winnipeg, St. Boniface, Saskatoon, Calgary, Edmonton and Medicine Hat. The flour will be packed in good quality cotton bags bearing a large Red Cross and the name "Canada" in both English and modern Greek.

Bag companies in Western Canada are manufacturing the 500,215 one hundred pound bags for the shipment with the steel-toe wash-cloth bags. When completed, the bags will give the Greek people 507,000 yards of fabric for clothing and other uses.

It is estimated that the 500,000 bushels of wheat will yield 500,215 one hundred pound bags of flour that will require about 380 freight cars, or six complete trains for transportation to the Eastern seaboard. A ship provided by the Greek War Relief Association (G.W.R.A.) and the R.C.M.A. will sail with the flour from Montreal to Souda on April 5.

It is unlikely that any Red Cross funds will be required in sending this shipment of flour to Greece. The Government of Canada has provided the wheat; the ocean transport is settled; and the sale of the milling by-products such as wheat bran, less, shorts, middlings and screenings will offset the cost of the milling, bags, enrichment, inland freight and insurance.

Clover Bar News

CLOVER BAR — We are all delighted to hear that our old school-mate, Betty Meier, has so far recovered from the ill-effects of operations, that she is able to resume her school life. You had better return to beautiful Clover Bar, Betty, where people live free from such ills!

Actually chickenpox seems to have taken hold of the reins and from time to time claims its victim. The school attendance record suffers from absenteeism.

Hartford congratulations to Wincent Van Camp of the Thistle Curling Club who this year has captured the Club Championship. Last year he was runner-up for two seasons, but this time with the assistance of his son, Morley and Martin Reynolds, he brought back the bacon.

The organized activities of the local club are over for the season. After all, spring is officially here. Now the last, there is a little about of ice still lurking about.

We had four entries in the Fort Saskatchewan "Search for Talent" show. Mary and Margaret Macdonald with their vocal duet still stand high in popular favor and Mabel Meyer on her second run with Flower Dely as accompanist, are running strong.

Carriers to Meet

A special general meeting of the Carriers Association will be held Thursday evening, March 27th in the club room.

Introducing the car that has made greater strides forward for '52 than any other in its class!

White outlined trim optional at extra cost

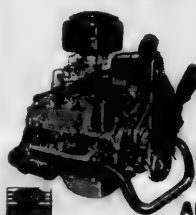

THE Big, Completely New '52 FORD IS HERE!

It's designed to out-go, out-look, out-ride and out-last every other low-priced car!

NOW see it . . . by far the most beautiful car in its field for '52! It's the COMPLETELY NEW '52 Ford . . . with longer wheelbase . . . wider front tread . . . entirely new Coachcraft Body with Half-Tight Construction . . . with new increased power and performance . . . It's the biggest Ford ever built with a host of completely new features . . . new Full-Circle Viability with huge one-piece Carv-

Lion Safety-Vac Windshield and 48" larger rear window. New Strato-Star 116-hp. V-8 Engine setting new standards of performance and economy. New Power-Pivot clutch and brake pedals suspended from above to eliminate floor board hoes . . . new Centre-Fill Fueling. And Improved Ride Control assures a brand-new standard in smooth, comfortable riding.

Yes, see it, test-drive it. Compare it—feature for feature, value for value. Then you'll decide this big '52 Ford gives you more—by far—at lower cost!

Open New Office For License Issuance

In view of the inconvenience to the public in former years, arrangements have been made this year in Edmonton to provide additional facilities for the purchase of passenger car license plates by motorists. This has been done by arranging for extra vehicles for distribution at the main Office of Motor Vehicle Branch in the Administration Building and by arranging for a distribution centre located in the Junior Building which is immediately west of the main entrance to the Grandstand at the Edmonton Exhibition grounds.

Ample parking space is provided at this new location and the Department proposes to arrange to have several lanes located in this Building to accommodate those motorists who wish to avail themselves of the facilities here. Both offices will operate the regular Government hours, that is, from 9:30 a.m. to 4:30 p.m.

FINANCIAL INVESTMENT

New impetus behind Canada's program for development of natural resources is expected to produce an over-all increase of 3% in the volume of public and private investment in 1953, according to The Financial Post.

One striking feature of the detailed investment estimates, when they are released by the Department of Trade and Commerce, will be the variety of five basic Canadian industries, paper products, iron and steel among a very substantial program expansion in

MYSTERIOUS FELINE

A solution to this problem is obtain a bull calf of good type and quality and grow him out. With feed and care, a six to eight month old calf of this kind will develop into an animal worth twice as much as originally paid. Following two or three years of service the animal will still offer an excellent prospect of sale as a breeding bull, provided he has received the care he deserves in the meantime. Don't let your bull get down and this. Keep him in shape you will be amply rewarded when he is ready for sale.

Give some thought to replacement before the actual need arises. Before the first year, look around for another premier.

Under way, have metal processing, petroleum or chemical industries.

AUCTION SALE OF HOLSTEIN DAIRY CATTLE

For Stewart W. Smith, who has sold his farm, the R. E. 1/2 of Sec. 1-5-23-24, situated 4 miles from Hwy. 16, 1 mile North of the B. A. Railway; or 1/2 mile South of CLOVER BAR.

Wed., April 2nd

Launch at Noon by Chever Bar W. A. Sale immediately After Lunch

FOR SALE: Westcote Barley, germination 91%, \$1.25 Bushel. Phone 618-6411, Mort Reynolds.

This situation came to a head in one division where the teachers voted 54 to one to reject the action, he stated. Several resolutions listed for consideration at the convention will deal with various other matters.

another resolution passed, calls

Make Donation to Search for Talent

ANDREWS — The Ardrem Community League at its regular monthly meeting voted \$10.00 to be sent to the Crippled Children Fund, sponsored by the Commercial Travellers Association at Fort Saskatchewan "Search for Talent".

The ladies of the United Church W.A. are planning to serve afternoon lunch at Mr. J. Burnfield's home on April 10.

Mr. E. Dowling has been ill recently. We wish him a speedy recovery.

The community extends its sympathy to Mr. and Mrs. M. Fulton in the passing of Mr. Fulton's mother.

Mr. and Mrs. J. Jones of Toronto, were guests of Mr. and Mrs. C. Dowling on Monday and attended the Ardrem Fashion Show and turned it a real good time.

The ladies of the United Church W.A. are planning to serve afternoon lunch at Mr. J. Burnfield's home on April 10.

Mr. E. Dowling has been ill recently. We wish him a speedy recovery.

The community extends its

Civil Defence

By Wm. H. Johnson

Civil Defence Instructor, M.D. of Strathcona and Town of Pt. Saskatchewan, of minute arsenical particles which have not yet been detected by onset of symptoms. The gases are non-persistent and are effective when inhaled in low concentrations.

The respirator gives complete protection against the gas from the time it is adjusted.

The effects are unlike that of tear gas in that the action is slow and their effectiveness depends upon the amount inhaled.

Symptoms are recognized by burning sensation at the back of the nose, in the throat and in the

throat. It may be accompanied by sneezing and coughing. Headache and aching teeth and gums are common and general discomfort may be very acute.

Even though symptoms seem to increase after adjustment of respirator on no account remove it. Nose gases are unpleasant and only of a minor and harassing nature causing no serious after-effects or injuries.

First Aid — lots of fresh air and encouragement that the unpleasantness will soon pass in an hour or so. A warm gargle and nose douche may be recommended.

Next week we will cover groups 1 and 2.

The school for instructors is well under way and all communities are to be congratulated on the excellent turnout.

Industry's Initiative Praised

OTTAWA — Industry's initiative in organizing to minimize the effects of disaster was praised by federal civil defence authorities.

On return from Montreal, where he officiated at the opening of Canada's first civil defence industrial plant protection course, General P. F. Washington, federal civil defence co-ordinator, noted with satisfaction that arrangements were attended by key executives representing some 225 industries and institutions in metropolitan Montreal.

Hon. Paul Martin, federal minister responsible for civil defence, stated that the enthusiasm shown at the Montreal course reflected the type of co-operation which Canada hoped and expected to receive from management all over the country. It is an example of community effort for self-protection which would serve Canada well in both peace and war.

Mr. Martin pointed out that planning was never too early. German industrial preparations began in the 1930's and British

preparations in 1935. Experience proved that readiness was never too premature.

Griesbach News

GRIESBACH — The Griesbach Community Club held a successful "Whist party" at Mrs. Sam Melville's last Wednesday evening. Mr. and Mrs. Lee Gordon took ladies' and gents' first prizes. Mrs. Vern Lawrence and Eva Walker were consolation.

At a meeting the same evening the Club decided to form a W. I. re-organization which will take place at the next meeting in April.

Mr. and Mrs. Annie Hubbard of Manitowish spent the weekend with Mr. and Mrs. Jim Allensch.

Mrs. Sam Melville is a victim of that old flu bug.

Mrs. Ann Mark returned home Monday from the University Hospital and is feeling quite well.

Fishing Season Opens Locally on May 1st

There will be no closed season this year on fishing for trout, grayling and whitefish from the international boundary north to, and including, the Bow River and its tributaries.

Only ten has trout a day may be caught daily, as in the previous year.

The number of pike, pickerel, perch and goldeyes which may be caught daily has not been changed and limits are: pike and pickerel, 15 fish of one species only or 15 fish in the aggregate; perch and goldeyes, 25 fish of one species only, or 25 fish in the aggregate; 15 fish in the aggregate.

The Fisheries Branch has requested the help of all anglers in forwarding tags from all marked watersheds of the Red Deer and North Saskatchewan Rivers still open May 1 and close Sept. 30.

A change has been made in the daily limit of trout. The daily creel limit for trout this year will be 25 pounds although 15 fish, comprising a mixed catch of trout, grayling and Rocky Mountain whitefish or 15 fish of one of these species, may be caught.

Clover Bar News

CLOVER BAR — The wives of OPEN have been looking lately for aspirants to distinction in the "Search for Talent" show, sponsored by the friends of Crippled Children. Several of the local artists competed in the Variety Show held at Brewster's on Monday night. Mabel Meyers with Flavour Dye to accompany her, Helen Watson and Ronald McCallister. All gave a very good account of themselves and sagely made the verdict of the popular jury decision.

Tommy Byers once more entered of a calf in the Shorthorn class of Boys' Calf Clubs. Though Tommy did not sweep the board, he is gaining year by year a wealth of experience as to what constitutes Show Stock and Showmanship. One of these days Tommy will bring home the proof of the pudding.

Don't forget the Annual Revue — the big Banquet to be held at Clover Bar Church on Friday, April 4, in aid of the Red Cross Children's Hospital in Calgary. To see the articles turned out by school children — with a little assistance from parents and well-wishers of course — is an education in itself. A short concert will precede the sale. Some interesting numbers will be presented. April 4th at 7 p.m.

Mr. Mallet of the Dept. of Public Health was a visitor at our school. Among others, with the object of ascertaining the general level of sanitary provision in all types of school. Mr. Mallet was very thorough in his examination. He highly commended the efficient caretaking of our janitor, Mr. Sherry. The display of sanitary arrangements of various schools is altogether too grim.

Mrs. Gordon Clark entertained the ladies of the W. A. at her home on March 25. Much business was discussed and plans for the future were laid.

Allan Clark represented our school in the gymnastic display "Sketches in Skyscrapers", staged by Y.M.C.A. last week in town. The exhibition was well received.

fish to the Fisheries Branch, Edmonton or to a district fish guard. The branch would appreciate details on the locality and date of capture of the fish, length, weight, sex, and samples of the scales from the side of the body above the lateral side and below the dorsal fin.

Family Gathering For Christening

EAST EDMONTON — The home of Mr. and Mrs. Ernest Briggs was the scene of a very pleasant ceremony when members of Mr. Briggs' immediate family and Mrs. Briggs' mother, Mrs. C. Armstrong, gathered for the

christening of their children: John Colin, Donald Robert, Berta Mary and Charles William. Rev. M. Johnson of Salisbury United Church officiated.

Berta Mary was the christening cap used for her grandmother and mother. This floor length cape, all hand made with silk embroidery on cashmere, was sent from South Africa to Ireland in 1909 by her grandmother's christening.

At the close of the evening the hosts served lunch.

Mrs. Anderson and two daughters are visiting with her sister, Mrs. Howe.

A speedy recovery is wished for Betty Berry who has scarlet fever.

CANADIAN ARTIST EXHIBITS IN ENGLAND

Canadian artist Mrs. Lavinia Griesbach has gone to Stratford-on-Avon for the summer to exhibit 62 of her paintings of birds mentioned in Shakespeare. Her bird miniatures in opaque water colors have been used on postage stamps in Canada, New Zealand, Australia and other countries.

NATION-WIDE TV

Britain is the first country to have nation-wide TV. Recent opening of a Scottish newsreader completes the major part of the U.K.T.V. development program, which will bring TV to 10 per cent of the population by 1964.

The Champion Automatic Treater and "Panogen"

The modern LIQUID SEED DISINFECTANT is the answer to your seed treating problem. The Champion Automatic Treater is designed to apply "PANOGEN" accurately, economically, without handling up to 150 bushels per hour. And you eliminate all danger to yourself from dust encountered when you used the dry method. Furthermore, some tests have shown that "PANOGEN" gives better control of disease and higher yields than mercury dust.

THE CHAMPION AUTOMATIC TREATERS

IN ONLY \$24.95

"PANOGEN" IS ONLY \$12.50 PER GALLON

Investigate this new modern method of treating your grain — a 20-lb. per acre increase on a 200-acre field of wheat will pay for a Panogen Automatic Treater in one year.

Farm Value Goes Up!

"SAY NEIGHBOR!
How much did it cost you to get your farm electrified?"

"WELL... the way I look at it, it didn't cost me a red cent!

I look on it as an investment... like a new barn... or a new house. It increased the value of my farm by more than double the amount I invested in line construction costs and building wiring costs... that's what the real estate men tell me."

Here is another point...

Now that I know how much electricity I do use, I'm increasing production, saving time and labor, and helping my wife in the home. I wouldn't be without the power if it cost me five times as much as it did.

CALGARY POWER LTD.
SERVING ALBERTA

"That's my kite..."

"... I'm one of the Aircraft Technicians that give a 'DI' (daily inspection) and keep it in top flying shape. We take personal pride in the work that we have been trained to do. Our aircraft are ready to fly in defence of freedom."

MORE MEN ARE NEEDED NOW IN THE R.C.A.F. TO TRAIN AS AIRCRAFT TECHNICIANS

AERO-ENGINE • INSTRUMENT • RADIO-RADAR • ARMAMENT • AIRFRAME

These men have an important job in the operation of Canada's expanding Air Force.

As a skilled R.C.A.F. Aircraft Technician, you will gain valuable technical and training experience—receive good pay—30 days annual leave with pay—and a pension to be earned.

You will play your part in defence against aggression. You will serve Canada—and yourself!

THOUSANDS OWN
STORAGE
TANKS
THEY'RE
FUEL-WISE

A STORAGE TANK PAYS 4 WAYS

1. **SAVES TIME**—You're never stuck for fuel. There's always enough to do a good day's work to choose your season's work. Gives you a handy supply in any season. Filling is no chore. Gravity flow is quicker than pumping, too.
2. **KEEPS FUEL CLEAN**—Keeps your storage and your engine clean. No dirt or rust in your tank. You can't lose a storage tank for keeping clean fuel clean.
3. **PREVENTS WASTE**—Fuel is easily spilled or left in the bottom of the barrel whether you pour from a barrel or use a pump. A storage tank prevents this waste.
4. **LESSENS FUEL HAZARD**—Gasoline is very flammable and is dangerous. A storage tank located at the right distance from buildings complies with fire insurance regulations.

Foot and Mouth Disease Not New

Foot and mouth disease (a virus named Alpha Epitoxia) a virulent contagion and apparently incurable malady of animals, has for the first time in history flooded old The Bible — Exodus 9:3 says "Behold the hand of the Lord is upon the cattle — there shall be a very grievous murrain." (Murrain is an ancient word for an infectious disease in cattle.)

Virgil, an ancient Roman writer on agriculture, tells us "A grievous epidemic fell, every tribe of cattle and wild thing was given to death — on the evening of his life while bloody foam fell from out his mouth — medicine men give up the fight — until men learn to bury them (the cattle) in pits and earth them."

Bremner News

BREMNER — Considering the muddy state of the roads, a fair crowd attended the showing of the play "Dying to Live", put on at Bremner Hall on Wednesday evening by the Young People of Fort Sask. United Church. This was a very enjoyable comedy, and the showing at Bremner was sponsored by the Junior P.U.A. After the performance the Junior served refreshments to the cast.

Our genial friend George Nisbet has returned to the district from wintering in Chevrolet, B.C. with his sons Tommy and Bobby and his sister and her husband, Mr. and Mrs. Harvey Stevens.

Maybe you might think it was an April Fool joke if somebody remarked on April 1st "There's Bert Schroter with a new Dodge three ton truck, on his milk haul," but the truth is, Bert put the new truck on the road the morning of April 1st, having arrived from the East on Saturday accompanied by his wife, driving the truck. Bert says the trip was rather tedious, as a truck is not the easiest vehicle to ride in, but except for a snow storm in Michigan, the roads were fine. Mr. Alvin Latam rolled right along with a new truck too, but we understand it favors Ford.

Good Hope News

GOOD HOPE — We are sorry to hear that Mr. Julius Fry has been on the sick list for some time and we wish him a speedy recovery.

Mr. Dave Bushnell and Mrs. Roger Fleming are the volunteers of the community who are attending the civil defense lectures in Edmonton.

Mrs. Norman Cripps and Mrs. Sheila Burnett motored to Red Deer last Monday, March 24th with Mr. and Mrs. Babcock to visit friends.

Mr. William Burnett is reported to be quite ill and we hope that he will be up and around very soon.

Mr. Ernie Johnston, Jimmy Torrens and Mr. and Mrs. Gordon Purvis and family have returned home again to our city community after spending the winter months in a lumber camp near Los Angeles.

On Friday evening several friends gathered at the home of Mr. and Mrs. Norman Cripps in honor of Mrs. Cripps' birthday. The evening was spent playing games, later a delicious lunch was served after which the guests of honor opened our gifts and appropriately thanked these present.

Mr. Orville Meyer who has been employed in Edmonton for the winter has returned home to stay.

Korea Vets May Serve Another Year

Any Canadian veterans who feel homesick for Korea, may now feel the feeling by volunteering for another year of duty in the Far East.

Army Headquarters announced this week that volunteers would be accepted for another year's service in the Korean battle area. Under the Canadian Army rotation plan, soldiers in Korea were eligible for return to Canada after 18 months' service. Those who volunteered to stay beyond the 18-month period could do so at the discretion of the 25th Brigade Commander.

Under the new plan, Korean veterans who have returned to Canada will be allowed to volunteer for return.

Infantrymen who volunteer for further Korean service will be posted to the 2nd Battalion of the PPCLI, RCR or Royal 22nd Regiment.

Members of the arms and services would be posted as reinforcements and replacements were needed in Korea.

Now "Skinny" Girls Get Lovely Curves

Only 5 to 10 lbs. New Pop
This is a new type of heat-generating food container in which a candle provides the source of energy has been invented by a London catering equipment firm.

Calf Club Holds Card Party

EAST EDMONTON — The East Edmonton Dairy Calf Club held a whist drive in the East Edmonton Hall on Friday night, with seven tables playing. Ladies first prize was won by Mrs. Trimble; ladies consolation by O. Hayhoe. Gent's first, Earl Bragg, consolation, Gene Briggs. Lunch was served by the club members and others which was enjoyed by all.

The play put on by the Avenue Young People in the East Edmonton Hall was attended by a crowd of over 200 people. The play, nevertheless, those who attended the play.

The evening was brought to a close with the ladies singing pie and coffee which everyone enjoyed.

Mrs. J. Trimble and daughter of Moose Heights, B. C., were visitors at the home of Mr. and Mrs. R. Trimble last week.

The Hall Board have decided to have a cleaning bee to clean the hall floor on the evening of April 9th. Volunteers are wanted to help give the hall a much needed spring cleaning, so come and bring your mop and rug and let's see what we can do.

Birthday greetings go to Earl Bragg and Mrs. Trimble this week who are celebrating birthdays, also to Clarence Wappler.

Radiant Baseboard Panels . . .

Although there are many methods of providing healthful, radiant heat, the Baseboard Panel system is by far the most modern and offers many distinct advantages. Warden King Radiant Baseboard Panels replace conventional wood baseboards, and by introducing heat at floor level, cold draughts are eliminated, and rooms are evenly heated throughout.

The radiant heat output warms walls and floors and provides evenly distributed warmth. The difference in air temperature from floor to ceiling is often no more than two or three degrees even in zero weather.

Above all, every part of your valuable wall space is free from obstruction, permitting any desired arrangement of furniture. All valves and piping are also concealed. Floor-length drapes may be used without interfering with heat output. The desirable space below windows is available for any use you wish to make of it.

Warden King Radiant Baseboard Panels are easy to install in existing dwellings and, of course, are ideal for new homes. They are made of durable cast iron and may be finished in any colour of base paint or enamel you prefer, to carry out any desired decorative scheme.

INDUSTRY MARKS TRENDS OF THE FUTURE

The year 1951 showed tremendous strides in Alberta's development. Industrial buildings, completed or commenced, totalled approximately \$60,000,000 while construction already approved for 1952 is in excess of \$42,000,000.

During the year, 15 new manufacturing industries were established in the Province, involving capital expenditures in excess of \$60,500,000. These industries will create direct employment for approximately 4,200 people and indirectly will provide employment for many more.

There were 750 Alberta companies, representing an authorized capital of 178,572,600, incorporated during 1951 and 211 extra provincial companies were registered.

The value of production from Alberta's manufacturing and processing industries was approximately \$425,000,000, an increase of \$13,000,000 as compared with the previous year. There are indications that the expansion of existing industries and the establishment of important new industries will continue at an accelerated pace throughout 1952.

In keeping with the Government policy of encouraging and assisting new industries, 33 in industrial loans, totalling \$4,116,000 have been made to date by the Alberta Industrial Corporation. Net repayments of \$1,017,776 have been received, leaving a balance of \$2,142,824 outstanding as at December 31.

The balance sheet of the Corporation shows total assets of \$2,414,840 as against liabilities of \$2,230,500, showing a surplus of \$184,340, of which amount \$100,000 has been provided as a reserve for doubtful loans.

'RIPLETS' NAMES CAME NATURALLY

Metzer, Monarch and Mercury are the names given to these three triplet calves born on the farm of Joseph Wilton, north of Trafalgar township, Ont. They were named after the three Ford C. products in honor of the new plant being built in Trafalgar. Triplet calves occur once in 10,000 births.

AMERICANS WANT CENTURION TANKS

Lt.-Col. Sir Guy Lowther, just returned from fighting in Korea, says that "his whole mind is awakening to the fact that Britain can produce the best tanks. In Korea, the Americans want Centurions. They used to say, 'What wouldn't we do with a tank like that?' In one action two Centurions took on 5,000 Chinese who came down the road three abreast like a crowd leaving a football match. During another battle 35 Centurions and 36 American tanks were shown up by Chinese mines. All the Centurions drove off under their own power."

Timely Farm Notes

WARBLE TIME AGAIN

By R. J. Whitbread
District Agriculturalist

In spite of the trouble and loss by warble flies in Alberta, only one-fifth of the million-and-a-half cattle in this province were treated for warble last year. Splendid work is being done by a number of organizations, but there is still room for improvement. In some cases Agricultural Service Boards are providing the leadership; in others, local organizations of farmers are doing the job themselves. In the ranching areas individual power sprayers are in operation and annual spraying for warble is considered part of the regular program.

An example of farmer organization is where an association was organized five years ago with a membership of 52 farmers, each member contributed towards purchase of a power sprayer. Later,

50 more farmers joined the association. A man is hired to travel from farm to farm spraying cattle within an area ten miles square. His equipment consists of a trailer, small trailer, and a portable cereal which holds from eight to ten cattle at a time.

The charge for spraying is fifteen cents per head for members, and twenty cents per head for non-members. The operator is paid at a rate of the per head to spray the cattle, and he furnishes everything except the sprayer, the portable cereal and the powder. From 3,000 to 4,000 cattle a year are usually sprayed as a result of the efforts of this association.

It pays to treat for warble. Ten cents per animal spent for material may mean a saving of ten dollars in meat, milk, and hides. If your cattle were among the twelve hundred thousand that

went unsprayed last year, talk to your district agriculturalist, and decide now how you can keep your herd free from those trouble, some, dollar-stealing warble flies.

A NEGLECTED RESERVE?

MILLIONS of pounds of better are produced in Alberta each year by various flowering plants. If this were gathered and stored by bees it would amount to many millions of pounds of honey. Almost any farmer, by keeping a couple of hives of bees can supply his household with enough honey for a year.

W. G. Le Maistre, Provincial Apiarist, says that the amount of work needed to produce two hundred pounds of honey is probably less than growing, picking, and processing peas from a garden. No Alberta farmer need deprive his family of a plentiful supply of this wholesome food because of a lack of knowledge of the beekeeper's art. "Beekeeping for beginners", an excellent booklet for

those unacquainted with beekeeping procedure, may be obtained free of charge from district agriculturalists or from the Extension Service, Alberta Department of Agriculture, Edmonton. An allied advantage of having bees on a garden is that the fruit blossoms much improved through the cross-pollinating that the bees will do.

Most of the 3,000,000 pounds of honey produced in Alberta is due to the operations of commercial beekeepers, says Mr. Le Maistre. These men are specialists who have anywhere from a hundred hives to a thousand or more. While an economic unit for one man to operate is about three hundred hives, a man can readily and profitably operate fifty or so on a part time basis. Results of a recent survey showed that the total time spent on one hive for a full season is between 5 and 8 hours.

Badminton Club Holds Reunion

Many old familiar faces were seen at the Fort Badminton Club yesterday Monday evening, following an invitation by the Club to all the old members.

While some of the old times, doped shoes and played along with the younger crowd the majority were content to sit on the sidelines and watch, although a vast majority of them would like to be back in the game.

At the close of the evening a delightful lunch was served by the members of the club.

More interest in the game is being taken by younger members this year and to further this interest Mr. Westmark has offered to instruct the younger members in the fine points of the game. All interested are asked to contact Mr. Westmark and find out when these classes are held.

Mr. and Mrs. E. P. Knowles

Little Items of Local Interest

Mr. and Mrs. L. Smolquist and Evely left Sunday for a trip to New York City where they will visit relatives.

Mr. Don Maciver and daughter Marion, of Poplar Hill, Ontario, are visiting Mr. Maciver's mother, Mrs. E. MacCrimmon, of Scotland.

Mrs. Fred Pollard is a patient in the Royal Alexandra Hospital. We extend our best wishes for an early return home.

Mr. and Mrs. Bill White of Sundria, Alberta, visited at the home of Mr. and Mrs. A. Spalla over the weekend.

Congratulations are extended to Dr. and Mrs. Maurice Lemoreux on the birth of a son Saturday.

Mr. S. E. Thorne is spending a few days this week visiting at the home of his daughter and son in Calgary.

Mrs. E. S. Taylor will spend the Easter holiday with her daughter and son-in-law, Mr. and Mrs. H. Gunn at Irma.

Mr. Tom Todd arrived home last week after a month's holiday in California and Vancouver.

Mr. and Mrs. E. P. Knowles

spent the week-end in Calgary where Mr. Knowles attended a meeting of the executive of the Weekly Newspapers Association.

Miss Marjorie Looker arrived by plane Saturday from Fort Smith to spend a two-week holiday with her parents, Mr. and Mrs. H. Looker.

Ken Thomas underwent an operation in a city hospital Saturday and is reported to be recovering satisfactorily.

Born to Mr. and Mrs. Ernie Walker, a daughter, Fay Gladys, Monday, April 7, 7:18 a.m., at the Royal Alexandra Hospital.

Mr. and Mrs. Charles Allen are home from Calgary while the road bans are in effect.

CANADIAN MISSIONARY STUDIES U. K. SOCIAL SERVICES.

Rev. Sister St. Ephraim, 45, of the White Sisters Convent, Leves, Quebec, who has been for 12 years a missionary teacher in Narbonne, Gold Coast, is in Britain studying social services, under the auspices of the British Council.

Mr. and Mrs. E. P. Knowles

Short Course at Partridge Hill

PATRANGIE HILL — The short course sponsored by the Municipal District of Strathcona held here last Friday was very well attended. The address given by P. H. Newcombe at the morning session was on food for farm water system was very interesting.

At the afternoon session pictures and addresses by Mr. Lawrence on behalf of the Alberta Safety Council was heard with interest.

News W. C. Gordon and G. R. Stirling spoke to the men and Miss Caroline Jackson addressed the ladies during the remainder of the afternoon.

From the interest shown it was decided to hold another short course next year.

The ladies of the F.W.U.A. served dinner and pie and coffee during the afternoon.

The Gurn Club held their April meeting in the hall on Monday evening. It was decided to hold the post-graduate planning for next Tuesday, April 16, at 1 p.m. Everyone is asked to turn out and give a hand.

The W.M.S. met Tuesday afternoon at the home of Mrs. Geo. Osbaldeston. An Easter program was followed by a ban-

quet session at which the ladies decided to hold a mothers day tea and banner. Watch for announcement of date.

At the close of the meeting a dairy lunch was served by the joint hostesses, Mrs. V. R. Lawrence and Mrs. Ralph Lawrence.

Mr. Alf Frey is canvassing the district this week in aid of the Red Cross.

We are glad to report that Mr. Arthur Krebs, Mr. Harvey Whitson and Mr. Wilmett Allen are all home from the hospital and improving in health.

There have been no cases of foot and mouth disease reported since March 5, and by March 15, all infected animals and contacts had been destroyed.

OTTAWA — Pupils for the importation of cattle, other mammals, and swine from England and Scotland will now be found until further notice.

This additional hurdle to keep the virus of foot and mouth disease out of Canada was announced today by the federal Department of Agriculture from the office of the Veterinary Director General, Dr. Thomas Childs.

There have been no cases of foot and mouth disease reported since March 5, and by March 15, all infected animals and contacts had been destroyed.

Newfoundland Invites Sportsmen

St. John's, March . . . Almost one-third of Newfoundland's surface area is fresh water, teeming with salmon and a variety of trout, according to a new Sportsman's Guide to Newfoundland, now released by the province's tourist and development office. There is no heated water in the province and the fisherman is free to cast where he wishes.

The majority of the fishing areas described in the new guide are along the Canadian National Railway line from Port aux Basques to St. John's, and others may be reached by the railway's steamship service.

From season for salmon and sea trout runs from May 15 to September 15 while the season for fresh water trout opens on January 15 and closes September 15. Rainbow trout may be taken up to November 30.

AFTERMATH

The aftermath of some so-called children's diseases may be worse than the disease itself. Whooping cough is one of the diseases that is often underestimated. Apart from the fact that it is often fatal, it may leave its victim with weakened lungs, chronic bronchitis, deafness or even impaired mentality. It is possible to immunize a child against whooping cough; in most cases it is a complete preventive and with others it assures that any attack will be milder and with less danger of lingering after-effects.

New "principal" of Canada's biggest "school" is Dr. E. O. MacFarlane of Winnipeg, who is also Deputy Minister of Education for Manitoba. As chairman of the National Advisory Council on School Broadcasting, he now helps coordinate the work of the CBC and the provincial departments of education in planning National School Broadcasts which, supplemented by provincially-organized programs, reach an estimated 600,000 pupils in one-third of the country's schools. Dr. MacFarlane was named chairman of the advisory body to replace Dr. W. P. Percival, director of Protestant education in Quebec, who occupied the post for a number of years.

East Edmonton News

Bob Schwarz, son of Mr. and Mrs. Henry Schwarz, returned home from Adams, Texas, where he took a 10 week's course learning to operate a special machine connected with the oil drilling. He spent Xmas and New Years in the north returning home by car.

Birthday greetings go to Mrs. Harlin.

Congratulations go to Mr. and Mrs. Harlin.

Mrs. Clarence Harlin who celebrated their 51st wedding anniversary on April 6th.

Mr. and Mrs. George Briggs returned to Vermilion to attend the "Little Boy's" at the Agriculture School. They were accompanied by Mr. and Mrs. Harlin and Mrs. Jan Wednesday, April 2.

The federal government will pay B. C. apple growers \$1.2 million and Nova Scotia apple growers \$500 thousand. These payments are to cover crop losses in 1950.

"It makes such a difference"

Mrs. Helen V.... was so pleased by the courteous treatment she received from a bank teller during a holiday trip that on her return home she wrote:

"It was really a pleasure to transact my modest banking affairs with you, and I think the bank is very lucky to have such a charming and welcoming young woman with them. It makes such a difference when one is travelling to feel so at home."

At your own local branch, at any branch of any bank, you will find bank people going out of their way to look after you, efficiently and courteously. That is the way the chartered banks compete with each other for your business.

YOUR EASTER HAM

On any Saturday shopping trip one of the most important stops is at the butcher. It will pay to stock the supplies and enjoy the ham cases for them you will know which meat and which cut to buy. The butcher's assistant of the Consumer Section, Canada Department of Agriculture have been shopping early, not for Christmas, but for Easter. For several weeks they have been visiting butcher shops, looking at the types of hams on the market and buying some of each to use in their cooking tests. When the butcher's assistant refer to ham, they mean, of course, a smoked leg of pork which is a real ham, not a picnic shoulder or a cottage roll.

Modern hams are easy to cook and easy wrappers give the directions. The home economists have found that there are two main types of ham on the market, the partially cooked, tenderized ham and the ready-to-serve ham. The tenderized ham sold today is given a mild cure and is cooked to a higher temperature than used to be the case. For this reason, it does not require smoking or parboiling before baking. Baste ham slowly in an uncovered pan at a moderately slow oven, 325 degrees F. In baking, there is no need to add the flavoured liquid and draw out the juice. If a meat thermometer is used the ham is done when it registers 170 degrees F. A whole ham, with bone in, weighing 10 to 15 pounds, takes about 25 minutes to the pound to bake; for half ham or a boned ham, allow from 40 to 60 minutes to the pound.

It is a good idea to wrap ham in parchment paper or aluminum foil before putting it in the oven to keep it from drying out. Boned hams are usually bagged wrapped in a thick casing. This casing may be either left on or removed before cooking. If it is left on, it is sometimes difficult to remove after the ham is cooked because the casing seems to stick, and may tear the meat away with it particularly if the ham is a very lean one.

In the cooking tests which the home economists of the Consumer Section, Canada Department of Agriculture carried out, they tried a different glass on each ham. What a variety of colours and flavours! What an array of gleaming hams, almost as pretty as new spring vegetables! The most attractive glazes, and one that adds good flavour too, is made by simply covering the ham with a red currant or tart apple jelly. Another suggestion from the home economists is to baste the ham with apple juice or maple syrup, the finished flavour is very, very good. There is no paste type of glaze. The old standby made with brown sugar, mustard, beer and vinegar is a favourite with most everyone. To make this glaze, for a half ham combine 1 cup brown sugar with 2 teaspoons dry mustard, 3 tablespoons flour and mixtures with 3 tablespoons vinegar. To give the ham a really shiny surface baste it occasionally with the fat in the pan while it is glazing in a hot oven at 425 degrees F. This will take about 15 minutes.

There are very interesting garnishes for ham. Place as broiled peach halves. Place a dab of green or red jelly in the crease of each half and arrange them around the platter of ham — they look most attractive. Broiled tomatoes, onion rings or apple slices also add colourful eye appeal to the Easter table. To make a ham more attractive, slice it into thin slices and serve on a platter of lettuce or other greens. This is a good idea to wrap ham in parchment paper or aluminum foil before putting it in the oven to keep it from drying out. Boned hams are usually bagged wrapped in a thick casing. This casing may be either left on or removed before cooking.

Just visualize the Easter ham, colourful and shiny with a rich glaze on its gaily decorated platter all ready for carving.

HONORABLE AWARD
Lieutenant T. J. B. Henson, of the Royal Norfolk Regiment, 20-year-old National Serviceman, has been awarded the Military Cross for conspicuous bravery in rescuing a 18-man patrol from a Communist ambush in Korea. Henson holds an Oxford University Scholarship which he has not yet taken up.

The beaver and belled skirt shapes up to a popular suit. The beaver, Young, fashion-right and pretty in this one in navy wool gabardine with a detachable white picnic collar and cuffs. The jacket reaches to the waist in back, and the skirt is flaring up curvy in front. The skirt, built up high above the waistline, is boned to stay put. It is notched in the back and derives its line from eight gores. A separate blouse of white plique completes the costume.

\$175,000 Alberta Cancer Objective

The month of April has been named Cancer Control month by the Governor General of Canada. During April the Canadian Cancer Society conducts its Crusade which this year has a goal of \$1,250,000. Alberta's portion being \$175,000.

The Society is the only voluntary, national agency in Cancer Control with three vast programmes: research, education and services to patients. Its purpose is to have some of the 2 million Canadians now alive who will die of cancer if present death rates continue.

Since the research programme began in 1947 the Canadian Cancer Society has awarded more than \$2,000,000 in scientific and medical research to the world's most testing medical investigations. All the modern means of communication are used to teach the public that cancer is curable when detected early.

A professional education programme keeps doctors up-to-date on newest detection and treatment techniques, so they are equipped to give the finest service to an alerted public. Volunteers perform a hundred humanitarian services to aid and comfort those with cancer.

The Cancer Crusade raises the funds needed to keep these programmes rolling.

FLORAL THIRTS TO WIN PRIZES

The following names were in-
advertently omitted from the
annual notice for Mrs. Fisher's
lottery: Mr. and Mrs. CHIT
Alton and Mrs. Mrs. Mrs. Mrs.
Whelan and family.

Colour Schemes for Modern Homes Described

The beauty of nature is largely in the colour — a beauty in which our homes should share.

Mrs. Caroline Judson, Home Decorating Specialist, Alberta Department of Agriculture, suggests new methods of selecting colour schemes for the home. We may choose colour combinations that already exist in an admired painting, piece of china or fabric, or we may devise a colour scheme by using a colour wheel. Observation and analysis will help to develop a feeling for colour.

Choice of colour for your home will depend on individual preference. It will depend on the use of the room, and the style of furniture in your home. To express personality, you will use rich, bold colours with rich textured materials. Touches of black and gold will also help to carry out this feeling of formality. For informality and a relaxed cheeriness and gaiety, use soft colours.

Short Course Well Attended

ARDEBSON — The Short Course at Ardeabson on Thursday was very well attended and all report having a pleasant and instructive day. The second tran-
sferred home after their enjoyment on foods. The United Workers wish to thank all who helped in serving and catering.

The choir is busy practicing for Easter so we are all looking forward to the Easter service.

Mr. and Mrs. T. Jackman have returned home after their enjoyment at the coast.

We wish to extend our congratulations to Mr. and Mrs. Rex Underhill (New Bush Rice) on the birth of their little son.

Also to Mr. and Mrs. James Hach of Crossen, B. C. (formerly Ellen Gach) on the birth of their son.

Mr. and Mrs. Harvey Hanson, Wayne and Wendy have moved to Edmonton.

ONCE THOUGHT DANGEROUS

The tomato, which is really a berry, was once regarded as a dangerous affair, probably poisonous and certainly not safe for eating. Probably its brilliant colour had something to do with this prejudice. As time went on, people found that the tomato was a delicious food and nutritious. However, its many food values. Today, it is known to be an important source of vitamins and minerals or raw, whole or as a juice, the tomato has become a necessary part of the daily menu.

HALF A LOAF . . .

may be better than no bread, but that would be poor comfort to your dependents. Be sure that your life insurance is sufficient to protect your loved ones. Talk it over with me today.

No Milk Delivery on Good Friday, Apr. 11

We suggest that customers advise their deliveries of their additional requirements of milk on Wednesday to permit supplies to carry over Good Friday to be delivered on Thursday morning, thus avoiding any inconvenience. Normal delivery will be made on Saturday.

THANK YOU FOR YOUR CO-OPERATION

SILVERWOOD'S

SPRING TUNE-UP FOR TRACTORS

The lubricating system should be studied and refilled with new oil of the proper viscosity, and normally this should be done

while the engine is warm. Mineral or premium oil should not be replaced with heavy duty oil until the proper changeover procedure is followed.

Transmission oil should be changed every spring, and manufacturers' recommendations, as set forth in the instruction book, should be followed.

Fuel level in the carburetor should be checked at least once a year, and adjustments made to keep it at the required height. As a rule this can be most easily done by the use of a fuel gauge. If necessary it can be done at home simply by using a rubber hose and a short length of glass tube. If the fuel level is too high, heavy fuel consumption and carbon accumulation results, while too low fuel level gives a lean mixture with high temperature and possible valve damage.

The ignition system should be checked, spark plugs regapped or replaced, wiring examined and the timing checked. Detailed instructions for such check-up procedures are generally given in the operator's manual supplied with the tractor.

In addition to checking the ignition, fuel and lighting systems, the whole machine should be cleaned, and the clutch, brake and steering adjusted. Doing this work now can save both hours and dollars in the spring when the rush is on.

Sunday Concerts to be Held At Park Again This Year

Cultural Activities Branch of the Provincial Government announced recently that it is co-operating with officials of Elk Island National Park and the National Film Board in the presentation, throughout the summer months, of regular Sunday afternoon concert in the Park Bandshell at Sandy Beach.

This will be the fifth successive year that this popular Sunday program has been presented. As in the past, the Cultural Activities Branch will provide talent for the concert as its part in the arrangement. Last season, bands, choirs, dancers and soloists from ten communities in the Edmonton district presented a total of seventeen concerts which were most enthusiastically received by the Park visitors.

Programs are being set up for every Sunday from May 23th to August 1st inclusive. Dates are available now and organizations interested in presenting a concert should contact the Cultural Activities Branch in the Legislative Building for complete information.

A hearty note of thanks was extended to the men on behalf of the ladies by Mrs. Ted Obedience.

The hall was cleaned from cellar to attic Tuesday and the floor is being put in good shape for future events. Come and try it out at the next dance.

Mr. and Mrs. Bob Moore, Mr. and Mrs. Garth Obedience, Miss Jean Alton and Leroy Shackleton danced a shaver at the home of Mrs. L. E. Hicks, Edmonton, last Monday night in honor of Mr. and Mrs. Alton who were married recently.

Arthur will be well remembered in the Fort where he grew up. He is a member of Miss Minnie Himmels of Fort Sask.

Last Sunday at the Easter service here the guest soloist was Mrs. J. E. Hicks, Edmonton, last Monday night in honor of Mr. and Mrs. Alton who were married recently.

Mr. and Mrs. E. Lawrence have as their guests for the Easter holidays Mrs. Lawrence's sister and brother-in-law, Mr. and Mrs. Alton, who were married recently.

Mr. and Mrs. Lloyd Galloway spent the Easter week-end with Mrs. Galloway's parents, Mr. and Mrs. Fred Bolton, at Rochester.

Mr. and Mrs. Elmer Myers and family visited Mrs. Myers' parents, Mr. and Mrs. Kendrick, at Westlock last week. Little Miss Jean is spending the Easter vacation with her grandparents.

Mr. and Mrs. Percy Galloway received word last week that they had been granted a son, Ronald Simmons, Bruce Boles, Keith Simmons, Louis Simmons, Jean Gave, Barbara Gave, Ramona Gave, Gladys Holt, Betty Thompson, Elsie Blair (Brudenbury), and a daughter, Mrs. Dorothy Gave.

Just as were also received by the Archbishop of Winnipeg, the Anglican branch of the Holy Catholic Church. After the confirmation of the Easter service, the new altar rail, credence table and desk to the glory of God and in their first communion.

Mr. and Mrs. Leslie Myers are expected to arrive in Port Sask. on Sunday.

Prime Minister Sends Greetings on 50th Anniversary

JOSEPHINE—Mr. and Mrs. Andrew Underchuk of 3441-100 Ave. Edmonton, celebrated their Golden Wedding Anniversary in the Josephine Church Hall on Easter Sunday Eve, April 12.

Mr. and Mrs. Underchuk were married at Josephine in 1900 and lived in the Fort Saskatchewan district until retiring to Edmonton in 1946.

With them to celebrate this happy occasion were their five children, Edward, Albert, Carl and Mrs. Allan Schneider, all of Port Saskatchewan and Mrs. Donald Stoughton of Bruce, also their three grandchildren.

Approximately 250 guests gathered in the church hall which was followed by a contest on garden flowers, won by Mrs. C. McElroy, consolation given to little Miss Elmer of Mrs. Galloway's.

"Easter Parade" to and the little program, accompanied in both instances by Mrs. P. McElroy, the organ. The tea table was covered by a vase of daffodils and carnations by Mrs. Frank Rice presided at the tea urn.

Mr. Underchuk was present at the home of Mrs. P. McElroy, the organ. The tea table was covered by a vase of daffodils and carnations by Mrs. Frank Rice presided at the tea urn.

Verna Yohemas Feted at Shower

WYE — On Tuesday, April 16th, Mrs. J. E. Fowler was hostess at a miscellaneous shower in honor of Miss Verna Yohemas whose marriage to Mr. Richard Minto takes place on Thursday, April 18th. Several couples were enjoyed by the ladies with prizes going to Mrs. James Stannard, Miss Nellie Maystrom, Mrs. Roy Moore, Miss Janet Yohemas, Miss Verna Yohemas and Mrs. Robert Higgins. Gifts were presented in a decorated basket. The bride-elect expressed her thanks in a few well chosen words after which a lovely lunch was served. Our sincere wishes to you Verna and Dick for a long and happy married life.

Mr. R. M. Glover had his daughter

and son-in-law, Mr. and Mrs. Paul Lohman, as wedding witnesses, where Mrs. Lohman and Miss Nellie Maystrom celebrated birthdays at a delicious dinner.

The Wyo district is off to a good start in the matter of civil defence with four of its young citizens having completed the civil defence course at the Municipal Office in Edmonton. They are namely: Miss Dorcas Tolstojin, Mr. George Wronskiy, Mr. Roy Moore and Mr. Ken Fowler.

Paul Dave Fowler and Paul Goo Barclay were present at the home of the former's parents. Both are paratroopers in the Princess Patricia's Canadian Light Infantry and had just received their wings at the Air Training Centre, Birmington, Maniche. They are now stationed at Calgary.

NEW ALBERTA HIGHWAYS TO BE BUILT WIDER

Highways Minister Taylor recently told the Alberta Legislature how the province distributes its road grants to local governments, the improvement districts and special areas and municipal districts.

The five factors used in determining the grants to cities, the population, the assessed acreage, the total assessment, the number of miles of main highways in the district and the topography of the land.

Mr. Taylor said this formula, drawn up by engineers, is used in an attempt to be fair to all.

The only strings attached to the grants made on the basis of 75 percent contribution by the province and 25 percent by the district, were that the district must use at least 40 percent on district roads and it could use 10 percent on maintenance of district highways.

This system of grants which allows the rest of the grant to be used on local roads had resulted in a great improvement in the roads in improvement districts special areas and municipal districts.

The minister said the day is rapidly approaching when it will be necessary to build district highways wider than the 30 to 34-ft. strips now in use. The 66-

foot road allowance was not wide enough. This would mean wider allowances but all local governments were not yet ready to obtain wider allowances.

The only specifications made by the government with its grants concerned the width and with regard to no specifications regarding gravel. But the work was inspected to see that it conformed to a "reasonable standard." Engineers conferred with and advised the local government but hadn't the final decision.

HSX to Meet Next Week

ADROSBAN—Members of the East Clover Bar Home and Church Association are reminded that the meeting will be on Tuesday evening, April 23rd. Mr. MacDougall will be guest speaker and his subject will be of special interest to parents of pre-school children. Everybody is invited to come out and take part in the discussion.

See the coming events column for the Adroscan Club. Plans are on our way and encourage these young stockmen by giving your moral support and financial aid. There are also prizes for the best hard-time contestants.

WYE

Mr. and Mrs. Gordon Watt (he of hockey fame), and their children Alan and Janie, have spent two weeks with Mrs. Watt's mother and sister, Mrs. B. J. Gardner and Derek. The Watts have now moved into a brand new home. Doesn't that call for a celebration, like a housewarming or something?

Mr. and Mrs. Roy Hudson and family stopped for a few days, visit with Mrs. Hudson's aunt and uncle, Mr. and Mrs. K. McLean enroute to their home at Spirit River, from California, where they have been for the last four months.

Mrs. Robert Higgins and Miss Patricia Thomson were joint hostesses to the Wye Ladies Club at the Thomson home the afternoon of April 16th. Mrs. J. Armstrong was in the chair and Mr. K. McLean read the minutes and correspondence. A donation of \$10.00 will be sent to the Cancer Fund Headquarters. Material and food were distributed among members with the idea in mind to get an early start on sales for the club's annual fall bazaar. Plans were made for a white drive to be held April 16th in the evening.

Mrs. Henry Krumm was welcomed as the latest member to join and everyone was

Junior Red Cross Holds Bazaar

GARDEN — The Junior Red Cross at Garden School held a bazaar and Easter tea on Thursday afternoon, April 18th. There was quite a good attendance in spite of some bad roads. The children proved to be good salesmen and sold all their articles. Some of the things were made by the school children while other items were made and donated by their mothers.

Mrs. Herbert Fleming poured tea and a group of girls dressed in crepe paper hats and aprons of Easter colors served. We wish to thank all those who helped make the afternoon a success.

Mr. and Mrs. Earl Partridge and daughter Diane have been visiting at the home of Mr. and Mrs. Bill Davidson.

Mr. and Mrs. Arthur Cote and son Wesley of Vancouver, have been visiting with Mr. and Mrs. Victor Cote.

Mrs. Eve Fleming and daughter Brenda arrived home Friday from a trip to Toronto and other Eastern points.

SEED LABELS MUST SHOW WHEN TESTED

Regulations under the Seeds Act governing the sale of seed of garden vegetables and field crops provide that each packet must be labelled to show the year in which the seed was tested, and the percentage germination — If it is lower than the safe minimum prescribed for each kind these provisions are for the protection of the buying public. A high germination is an important factor in the growing of crops.

The Plant Products Division, Department of Agriculture, is responsible for the enforcement of all provisions under the Seeds Act, and may detain, or confiscate, seed stock found inferior to the prescribed standards, or those not properly labelled.

NEW TRAMMEREH ATTRACTION:

A new riverside romanza on the South Bank of the Thames, where the Festival of Britain Exhibition was held last summer, will be open to the public shortly.

Church Filled for Easter Services

BREMNER — United Church here was almost filled to capacity for Easter Service, the pastor, Rev. M. A. Johnson, preaching the sermon. Miss Helen Schroter sang a beautiful recitative, "With Verdure Glad", from "The Creation", and the choir's special number was "O Lamb of God", by R. M. Suits. Beautiful lilies and daffodils brightened the church.

Rev. M. A. Johnson will be absent from the Clover Bar charges for two consecutive Sundays, as he has been chosen as a delegate to the conference of the Board of Christian Education for Canada. Dr. Charles Johnston, professor of Church History at St. Stephen's College, will preach at the four points next Sunday.

Mr. and Mrs. Will Schroter left in their new Chrysler car for a visit in Banff New England on Wednesday morning.

Mr. and Mrs. W. C. Wilkinson resumed Tuesday evening from an extended stay with their daughter, Marjorie, and her husband and little daughter Susan, (Mr. and Mrs. Douglas Farnes) of

Kelowna, B. C. They also visited other in Bremner, Mr. and Mrs. Bill Hacks, of the same place, and found everyone well.

Mr. Alfred McChen and Mr. Dick Jackson, finished a Home

Defence course on April 16th, under the direction of Mr. W. H. Johnson. The boys say that the course was very good indeed, including lectures on various phases of the subject from officers of the

Fire Department, Mounted Police and first aid from a member of the St. John's Ambulance.

Born to Mr. and Mrs. Glen Buchanan, on Wednesday, April 15th, a daughter.

GUARDIANS OF PEACE

The Infantry Recruit...
Keyman in Canada's Future Security

Growing in size and strength the Canadian Army Active Force needs more Infantry Soldiers.

The Infantry recruit is a keyman in our defence plans. For as he finishes his training he will take his place in the front lines of our freedom at home and overseas.

But it takes time to produce these highly trained soldiers. And to maintain our security, to discourage aggression, we must be able to meet any eventuality. That is why we must have more young men for Infantry training now.

If you are interested in Canada's future, now is the time to do something about it. Serve with the most important men in the Army — the Infantry.

There are outstanding career opportunities for young men in the Canadian Army Active Force.

You are eligible if you are 17 to 40, tradesmen to 45, and ready to serve anywhere.

Get full details from the Army Recruiting Office nearest your home:

Flaky COFFEE CAKES

Three delicious Flaky Coffee Cakes as a surprise to the coffee cups you are with are Three-cream's Fast Rising Dry Yeast! No more annoying yeast cakes that soak and weaken. Three-cream's new Dry Yeast gives you strength, without refrigeration — get a month's supply!

FLAKY COFFEE CAKES

1/2 c. soft butter, 1/2 c. granulated sugar, 1/2 cup milk, 1/2 c. shortening, 1 egg, 1/2 c. baking powder, 1/2 c. salt, 1/2 c. granulated sugar, 1/2 cup milk, 1/2 c. shortening, 1 egg, 1/2 c. baking powder, 1/2 c. salt, 1/2 c. granulated sugar, 1/2 cup milk, 1/2 c. shortening, 1 egg, 1/2 c. baking powder, 1/2 c. salt.

1. Add cooled coffee mixture and mix in 3 well beaten eggs. Stir in 2 c. once sifted bread flour, beat until smooth. Work in 2 1/2 c. (about) unsifted bread flour, knead on lightly floured board until smooth, soft dough. Place in greased bowl and cover top of dough. Cover and set in a warm place, five from dough. Let rise until doubled in bulk. Mix 1/2 c. granulated sugar and 2 tps. ground cinnamon, sprinkle half of this mixture on baking board. Divide dough into 2 equal portions and turn out one portion onto prepared board. Roll out into a 12" square; fold from back to front and from one side to the other. Repeat rolling and folding more times. Rolling board lightly if it becomes sticky. Seal edges of folded dough and place in a greased 8" square pan and pat out to fit the pan; butter top lightly and prime walnut halves well into the dough. Sprinkle remaining sugar-cinnamon mixture on board and turn second portion of dough same as first portion. Cover and let rise until doubled in bulk. Bake in a moderate oven, 350° 15 mins., while preparing the following cream cheese topping for 5 mins. 1 c. granulated sugar, 1/2 cup grape orange rind, 1/4 c. butter or margarine and 1/4 c. orange juice. Quickly pour hot cream over the 2 partially-baked cakes and bake cakes about 10 mins. longer. Stand baked cakes on cake coolers for 30 minutes. 2. Cut into squares and quickly sink from pan.

related her teaching experience with 6 children who came directly from Germany to her school at New Sarepta. She also started to teach them English by vocabulary action words and on to basic training in English and good sentences coincided with spelling and pronunciation was interesting to hear. After two months of schooling the students on English being spoken even in playgrounds and brought them to a point that at the end of the term they were

ahead of their fellow pupils in writing and arithmetic and had developed a strong sense of leadership and the 6 year old child of the group received second highest standing in the Musical Festival. But Miss Logan felt the biggest part of the job was in winning the fellowship of the group and her efforts were well rewarded when one little girl said: "Miss Logan I just love Canada." We sincerely thank Miss Logan for her talk.

Mr. Vagus gave a few high-lights of the recent district conference held in Edmonton and said she was very pleased the

Fort W.I. branch had not disbanded as the Fort branch is 35 years old she urged all members to take part in community work and wondered if members realized they are the largest organized group of women in Canada with influence in all parts of society and parliament.

The meeting concluded with Mrs. Vagus making arrangements for the Constitution conference to be held at the Fort June 14.

Hens which drink from stagnant pools may lay off-flavour eggs.

Little Items of Local Interest

Ed. Richardson, Fred Sherman, John Sample and Walter Sherman, left in the last curling licks of the season at an Edmonton bonspiel Monday.

Mr. and Mrs. George Brown of Bytown and Mrs. Mary Holden and daughter of Castor, visited recently at the home of Mr. and Mrs. Leonard Browne.

Mr. Walter Thomas and child, left last night for a holiday at the home of Mr. Thomas's parents at Calmar.

Mrs. O. M. Johnston of Saskatoon, is visiting at the home of her sister and brother-in-law, Mr. and Mrs. Leigh Hill.

Miss Leona Mohr and Marjorie Robinson spent the Easter week-end visiting Leona's parents in Vancouver. They also visited Mr. and Mrs. Wm. Oliver, formerly of Fort Saskatchewan.

Mrs. Fluker, Vida and Lucille Spitz spent Good Friday visiting in Nanaimo. Mrs. Fluker's mother, returned with them for a visit here.

Miss Leona Mohr attended the graduation banquet and dance at the Vermilion School of Agriculture last Wednesday.

Mr. and Mrs. B. P. Knowles left last Thursday for a ten-day vacation at Harrison Hot Springs, B. C.

Miss Leona Snelquist underwent tonsillectomy last Wednesday.

Miss Lucille Charden of Calgary visited Mr. and Mrs. G. Grall over the Easter weekend.

Miss Velma and Marie Neal are spending the Easter vacation at the home of their sister Mrs. Bill White of Sundre.

Don't Burn Stubble

G. R. Sterling, Supervisor, Social Conservation and Weed Control, advises farmers as follows: Heavy stubble a nuisance? Listen!

If you burn it, it's gone. If you keep it as trash cover you stop soil drifting and water erosion. It trash cover holds moisture in the soil where you want it. It decays to provide food for your crops.

Did you know that 1500 pounds of straw or stubble per acre supplies as much nitrogen as 75 pounds of 11-48-0 or 50 pounds of 16-30-0 fertilizer. Why burn it?

Here's how to handle heavy trash: Use a blade type or wide shoveler cultivator.

Use sharp tillers or discs (you may have to rotate the field twice). Scatter windrowed straw first.

Three ways to scatter straw: Use an oscillating harrow. Cultivate across the windrow with a wide shoveler cultivator from which alternate or more shovels have been removed. You can use an ordinary cultivator if you take off enough trash.

Drive across the rows with an ordinary disc harrow, but space the teeth 18 inches or more depending on the amount of straw.

What about seedling? You can seed through trash cover with a disc drill, or with a seedling attachment on your tiller or disc. Pack the land after seeding. Don't worry if seed shows at the straw clumps.

STRAW IS VALUABLE. DON'T BURN IT.

USE IT TO CONQUER CANCER

It's designed to
OUT-GO, OUT-SIDE, OUT-LOOK AND OUT-LAST EVERY OTHER LOW-PRICED CAR!

it's **BIG**

it's Beautiful
it's **COMPLETELY NEW!**

terted Mrs. Myer's parents Mr. and Mrs. Fred Millard of Weyburn, and Mrs. Myer's two sisters with their husbands and children of Edmonton on Easter Sunday.

Mr. and Mrs. Joe Russell spent last week in their son-in-law and daughter, Mr. and Mrs. Peter Girard. Mr. and Mrs. Russell left their home in New Westminster, B. C., on Tuesday, April 15.

Our neighbors have combined some barley and it turned out quite well except that some went along for the ride. Would anyone care for a mouseburger?

Mr. and Mrs. Gordon Underwood were pleasantly surprised one evening last week when sixteen relatives and friends from Edmonton arrived for a belated "housewarming." Court, which was played with prizes going to Mr. and Mrs. Reg Edwards. A delicious lunch was provided by the guests. Then Mr. Albert Aitken or himself of all present, wished Mr. and Mrs. Underwood many happy years in their new home and presented them with a very lovely necklace to hang above the fireplace.

The guests included Mr. and Mrs. John Fisher of Coquitlam, B.C. and Mr. and Mrs. Albert F. Aitken and Day, Mr. and Mrs. Pen. Aitken, Mr. and Mrs. Arthur Aitken and Mrs. H. W. Seltzer, Mr. and Mrs. Maudie, Lennox, Mr. and Mrs. Fred Aitken, and Mr. and Mrs. Reg Edwards, all of Edmonton.

CANADIAN TROOPS TO HEAR SPORTS REVIEW

Canadian troops in Japan and Korea are to get a first-hand account of highlights of the past year in Canadian sport. Four Canadian sports commentators will leave Vancouver for Canadian Pacific Airlines on a two-week tour of Japan and Korea. On the tour, they will give it

hausted talks on major Canadian sporting events of 1937-38, to troops of the 15th Brigade. The four reporters are Douglas Smith, play-by-play commentator from Montreal, Harry Vialy of CPN Calgary, William Good of CBC Vancouver, and Tom Foley of CBA Ottawa.

National Defence Headquarters has made arrangements for the tour.

For your own sake give to conquer cancer!

©There's one chance in five that you will have cancer. A fifty-fifty chance that someone you love will need help in fighting cancer.

Your time, your dollar, whatever you give helps change these odds in your favor... helps pay for more research on the cause and cure of cancer. And your contribution helps us furnish hospitals, doctors and equipment when they're needed.

Protect yourself and your family.

ALBERTA WINNERS \$175,000 TO FIGHT CANCER

Give generously when the local cancerer calls or mail in your contribution.

Mail this coupon with your contribution to "CAN-CER" ... 535-240, Ave. West, Calgary. I want to help the Cancer Cause. Enclosed please find \$ _____ Name _____ Address _____ Canadian Cancer Society

Announce Four New Scholarships

The Provincial Department of Economic Affairs is making available to the Alberta Library Board four scholarships. It was announced today by Hon. A. J. Hoek, Minister of Economic Affairs. The scholarships each valued at \$500 are to assist qualified young Alberta residents to secure training in librarianship at accredited Library Schools.

The scholarships are open to Alberta residents who are not over 30 years of age and who hold

a B.A. or equivalent degree. Scholarship holders will be expected to return to Alberta at the completion of their course and engage in library work in the Province. Preference will be given to candidates with Library experience.

Applications for the scholarships will be received until May 5, and candidates should enclose a recent photograph or snapshot with their application.

For full details write to the Secretary, Alberta Library Board Cultural Activities Branch, Department of Economic Affairs, Legislative Buildings, Edmonton.

Members of HSA Enjoy Many Varied Activities

WYE — Along with more sections and educational projects the Home and School paper could adopt "Operation Enjoyment" as their slogan, for they seem to be doing all out to have a good time. Several months have gone by now since a sleighing party was arranged in a rush to take advantage of the last (we hope) snow. Those in "The Know" went by car to the Henry Kremer farm and spent the evening having fun. The nights are still chilly and even the hardier "sports" found a cheery fire in the house a bit of alight. Irene and Henry took charge of serving a most welcome lunch and the story goes that next winter and more snow will find the toboggans all oiled up and ready to go.

Then on a certain moon-lit Saturday night the Home and School held a different type of party in the school. Those who wished played games and many were coaxed to trip the light fantastic by some pretty snazzy music provided by Mr. Ralph Gougeon on his new accordion and Mrs. Bert Wilson at the piano. This was formerly announced to be a hard time party but the social committee changed the plans, apparently thinking that times are not hard enough—yet.

The association got down to business on April 12th though, with an exceptionally interesting meeting. A guest speaker had been expected but was unable to attend. Reports were given on the progress to date by the various

Seek Support of Country Points

The Canadian Cancer Society has begun its seventh spring campaign for funds. This time the objective is \$60,000.00, and again, the society is counting heavily on the country points for the success of its campaign. Last year, 120 country points in north-western Alberta contributed \$27,800. This year, the society must find at least an extra \$3,000 in north-western Alberta, because it has taken on new responsibilities.

Work has begun on the Dr. John B. McEachern Research Wing at the University of Al-

berta. This research wing of the University medical building will be ready for operation this summer, and it will require more cancer dollars to keep it in operation. In the summer, students will be able to investigate possible causes to the cause of cancer. Their investigation will go on the year round, but the funds that make their investigations possible, are raised only once a year, in the northern Alberta cancer campaign.

WYE

Continued from Page Two planned to have Mrs. McConnell among those present. After two months of absence while holidaying in the States, Mrs. Koehn won prizes for the flower and Mrs. Higgins the draw for the cushion cover.

A bouquet of yellow daffodils made a lovely centerpiece for the table laid in white damask and Mrs. Higgins and Miss Thomson served lunch.

Mr. and Mrs. Leonard Hamm motored to Didsbury recently to attend the funeral of Mr. Hamm's brother-in-law.

Mr. D. Rife sailed through two bad mud holes to reach the Wilson farm and spend the Easter week-end with his daughter, son-in-law and grandchildren. Good going sir!

A four passenger ski equipped Stinson dipped its wing, climbed a couple of times, then came in to make a perfect 2 point landing on the ice on Bang Lake. The pilot taxied to the shore, hopped his bride slight and then Mr. and Mrs. Jim McVoy of Yellowknife came to visit Mr. and Mrs. Kenneth McLean for a few days. After a successful take off and flight home the young couple plan to use the lake for landing purposes again, when possible, to replace skin and the water is over more the buoyant substance.

Our local school lady, Mrs. Krahulec, was chair lady at a meeting in the school where some 40 natives turned out to delve further into this drama business. The group unanimously decided to stage one of the shorter comedies with the teacher as director Rhoda Koehn, Harold McConnell and the teacher were chosen as a committee of 3 to select a suitable play. A smaller group will soon start rehearsals in monologue under the direction of Mr. Peter Faye de Salis who volunteered his help.

The choral society met and held their first practice Sunday evening when Mr. and Mrs. F. Koehn were lost and lostness to a good sized choir. It is their intention to practice in the school the 2nd and 4th Thursday of each month. Plans are to finally merge the

three groups, choral, monologue and drama and stage a variety concert in the next few distant future. Funds raised will be used by the Home and School Association for the betterment of the community in which we live.

One of the Wye's most prominent business men forgot to mail last week's report, and the same thing may happen to this one! O well, it's spring!

TRUMAN, PEARSON AGREE ON JOINT SEAWAY PROPOSAL

Metropolitan Area Plan Approved At April Meeting of Planning Commission

Two important steps were taken at the April meeting of the Edmonton District Planning Commission when the Outline General Plan for the metropolitan area was unanimously approved and a program of research prepared to a comprehensive District.

One, has two major purposes — to preserve river valley and ravines as natural park areas and to provide a buffer between antagonistic uses, such as heavy industry and residence, or major traffic-ways and residences. The other "B" zone is designed to establish an "urban fence" varying from 1 to 2 miles in depth and encircling the ultimate built-up area. By the inclusion of residential subdivision in this zone it is expected that the Commission's objective of growth by decentralization within the Edmonton region will be achieved and unattractive, uneconomic fringe development minimized; factories, within planned industrial subdivisions and on suitably landscaped sites, are permitted here. Small parts of the Municipal District of Stoney Plain, Meriville, Sturges and Strathcona, and all of the Towns of Beverly and Jasper Place and of the City of Edmonton fall within the defined metropolitan limits.

Reporting on District economic studies, Leonard Orkitt, Planning Commission, stated that the staff is turning toward the Commission's major commission under the Town and Rural Planning Act, Ontario, on Page Four.

Bank of Commerce to Open Branch Office Next Month

New branch office of the Canadian Bank of Commerce will open in Fort Saskatchewan on Monday, May 5th, under the management of Mr. N. T. Haddow.

The new bank will be located in the building formerly occupied by Dr. Bacon and Lacombe, west of the Town Hall. Extensive alterations have been made to the interior of the premises.

Projected industrialization of the district and the need for more banking facilities prompted the move. Full banking service is being offered by the new branch.

The Bank of Commerce is not a stranger to Fort Saskatchewan having operated an office here from 1914 until 1932.

For the present time, staff of the bank will consist of Mr. Haddow, manager, Mr. C. Jones, the Queen Mother of her great sympathy for her when her husband, King George the Sixth, passed from this life. Jones said (he is of Alaska Highway). His entire banking career, with exception of 8 1/2 years in service, has been spent in Alberta and Northern B.C. Mr. Haddow served as a Captain in the Royal Canadian Artillery and the Royal Canadian Air Force during the war.

Mrs. Haddow and family will arrive here prior to the end of this month and take up residence in the E.D. Graham house.

Curting Rink to be Serviced with Water

At a recent meeting of the executive of the Curling Club it was decided to install sewer and water facilities upstairs and down.

Requests for this work were received from two firms and the contract was awarded to the lowest tender.

Gas was installed in the rink last year and upon completion of the sewer and water installation the rink will be fully modern.

Regular Bi-Monthly Meeting

Agricultural Service Board Minutes

The bi-monthly meeting of the Agricultural Service Board of the Municipal District of Strathcona No. 53 was held in the Council Chamber, Rural Administration Building, 1088-21 Avenue, South Edmonton, Alberta, on Wednesday, March 27, 1952, with the following members in attendance: E. Roth, Chairman; F. E. McCalla, Secretary.

Business commenced with consideration of the minutes of the previous meeting. A copy of the minutes had been mailed to all members of the Board. Moved by R. J. Johnston that the minutes of the meeting held on February 19, 1952, as submitted by the Secretary, be approved and confirmed. Carried.

The following correspondence was received: A. J. Johnston, Editor and Publisher, The Fort Saskatchewan Record; J. A. Fraser and R. E. Thorne were appointed a committee to organize this campaign.

A report was given by Dr. Johnston, who is Chairman of Public Works on the council, regarding the May meeting.

Bremner Girl Receives Answer to Letter To the Queen Mother

BREMNER — Little Miss Marina Parlin, eight-year-old daughter of Mr. and Mrs. Sam Parlin of Bremner, was a very excited little girl recently. In the mail she received a letter from a very important personage, none other than Queen Elizabeth, Queen Mother.

It was really Marina's sister Joan, who is only seven, who gave Marina the idea of writing to tell the Queen Mother of her great sympathy for her when her husband, King George the Sixth, passed from this life. Jones said (he is of Alaska Highway). His entire banking career, with exception of 8 1/2 years in service, has been spent in Alberta and Northern B.C. Mr. Haddow served as a Captain in the Royal Canadian Artillery and the Royal Canadian Air Force during the war.

Mrs. Haddow and family will arrive here prior to the end of this month and take up residence in the E.D. Graham house.

The letter is as follows: "Dear Marina: I am commanded by Queen Elizabeth, the Queen Mother, to thank you for your message of sympathy for Her Majesty in death touched by your kind thought in writing. Yours sincerely, Queen Elizabeth."

Joan hasn't received a reply to her letter to Queen Mary, but she will be watching the mail eagerly, hoping that she too will receive a letter which I am sure she will treasure always.

Plan Cemetery Day

The annual cleanup day at the Fort Saskatchewan Cemetery has been set for Saturday, May 7. The cleanup day is sponsored by the W. L. and the Lions Club and an invitation is extended to town and residents to turn out and help beautify the grounds around their own cemeteries. The work will be served by members of these clubs.

Regular Bi-Monthly Meeting

Agricultural Service Board Minutes

The bi-monthly meeting of the Agricultural Service Board of the Municipal District of Strathcona No. 53 was held in the Council Chamber, Rural Administration Building, 1088-21 Avenue, South Edmonton, Alberta, on Wednesday, March 27, 1952, with the following members in attendance: E. Roth, Chairman; F. E. McCalla, Secretary.

Business commenced with consideration of the minutes of the previous meeting. A copy of the minutes had been mailed to all members of the Board. Moved by R. J. Johnston that the minutes of the meeting held on February 19, 1952, as submitted by the Secretary, be approved and confirmed. Carried.

The following correspondence was received: A. J. Johnston, Editor and Publisher, The Fort Saskatchewan Record; J. A. Fraser and R. E. Thorne were appointed a committee to organize this campaign.

A report was given by Dr. Johnston, who is Chairman of Public Works on the council, regarding the May meeting.

C of C DISCUSSES CLEAN-UP DRIVE

The Fort Saskatchewan Chamber of Commerce met last Thursday for their regular monthly meeting with J. A. Fraser in the chair.

The matter of a clean-up campaign was raised and after some discussion, J. A. Fraser and R. E. Thorne were appointed a committee to organize this campaign.

A report was given by Dr. Johnston, who is Chairman of Public Works on the council, regarding the May meeting.

Municipal Seed Cleaning Plants Well Patronized

Municipal Seed Cleaning Plants are doing a splendid job again this year. Farmers in the districts served by these plants are recognizing the value of the clean seed made available by them, and are patronizing them to a greater extent than last year.

P. F. Purkison, Supervisor of Special Projects, Alberta Department of Agriculture, reports that one of these plants has been operating on a 24-hour schedule since November. The others have all been on 16 to 20 hour schedules. The output of the four plants operating last season was well over 700,000 bushels of clean seed — an amount that will be exceeded this season by a wide margin.

The new plant at Marwayne began regular operations in January, and by the end of March had cleaned well over 100,000 bushels. This building is smaller

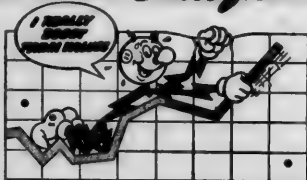

than the others, but is equipped with some types of high capacity cleaning machinery as that used in the Morinville plant which cleaned 301,000 bushels last season. All plants are equipped with modern seed treating equipment for treating seed for seed borne diseases. The Marwayne plant is also equipped to treat for wireworm protection.

Farmers outside the areas served by these plants have trucked their grain as far as 100 miles to have it cleaned. They know that with the plants equipped to do a first class job there is little danger of seed contamination. Those wishing to have seed grain cleaned at one of these plants should make arrangements immediately advise Mr. Purkison. By consulting the plant manager now you will avoid disappointment when the spring rush begins.

The buds of Canada's balsam poplar are sticky and produce a wax used by wild bees to seal cracks in their hives.

How much is your farm worth after you get Farm Electrification?

TAKE THE VALUE OF YOUR FARM BEFORE YOU GOT THE POWER. ADD AT LEAST TWICE THE AMOUNT YOU PAID TO GET THE POWER IN (INCLUDING LINE CONSTRUCTION COSTS AND BUILDING WIRING COSTS). THIS GIVES YOUR FARM NEW VALUE.

Only Two Dissenting Votes As Teachers Endorse Strike Action

The Alberta Teachers' Association at the annual general meeting held in Calgary last week endorsed strike action on part of member locals by setting up a special fund out of which payments will be made to strikers. The delegates passed with only two dissenting votes a resolution to set up a "special emergency" fund to provide striking teachers up to 75 percent of salaries.

The Alberta Teachers' Association at the annual general meeting held in Calgary last week endorsed strike action on part of member locals by setting up a special fund out of which payments will be made to strikers. The delegates passed with only two dissenting votes a resolution to set up a "special emergency" fund to provide striking teachers up to 75 percent of salaries.

Eric C. Anley stated that approximately \$75,000 could be made available immediately for the fund and that the fund would be supplemented by contributions of \$1 a week per teachers during the

strike and for as long after as deemed necessary. This provision was made in one section of the resolution.

Earlier in the convention Hon. Ivan Casey, minister of education, stated that before teachers consider strike action they will have to decide whether they wish to retain professional status or whether they should be defined as a trade union. He stated that the time is approaching when the decision will have to be made; they cannot continue to enjoy the privileges of a profession, yet employ trade union methods.

He warned that if teacher disputes cannot be settled amicably the alternative would be the setting up of a provincial board exclusive of teachers and trustees whose decisions would be binding.

A resolution seeking a minimum basic salary of \$2000 was passed unanimously. Other resolutions requesting more teacher participation in curriculum planning and improved teacher qualifications and status were also passed. Steps were taken to revise the teachers' retirement fund along more long-term lines, a stipulation found essential before the provincial government would consider further increases to the fund.

SHELLING OUT \$60,000

One of the most popular girls in Canada right now is income tax clerk Marion Hill. But she remains anonymous to most taxpayers along with the hundreds of other employees of the income tax department. Her job is to sort out the income tax forms that demand a whole — and there is \$60,000, 000 — to be refunded to Canadians who overpaid for 1961. The telephone calls every day in its various branches by anxious citizens wishing to know when the refund will be made.

Tennis Club to Meet

Port Saskatchewan Community Tennis Club will meet at the home of Mrs. C. W. Wager on Monday, April 23, at 7:30 p.m.

Bremner Farm Groups Express Objection To Portions of Public School Textbook

SHENKNER — The residents of Mr. and Mrs. Clayton McEwan was thrown open to members of FFA and FWFA and friends on Monday evening. The highlight of the evening was the talk given by Dr. J. Church, Supervisor of the Teachers' Service Bureau, on The Present Curriculum. Dr. Church who was introduced by Mr. E. Hodgson of the Faculty of Education, explained the various steps taken, and work done, when setting up school curriculums. A very lively question period followed, when the grade seven text book "You're Growing Up" was the subject under discussion. A portion of this school book was strongly objected to, as the group thought it discussed personal matters which had to do with the home life of the pupil, which was

in very bad taste to say the least. While portions of the text-book are not objected to, it is felt that the objectionable portion should be deleted from the text-book altogether, if this book is to continue in circulation in the schools of the province. While an alternative text-book has been offered by the Department, it is felt that this book is not written or presented in such a manner as would make it a favorite with either teacher or pupil.

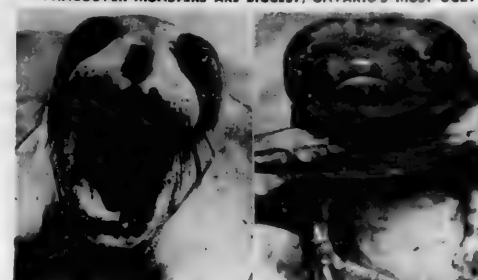

Bremner citizens are busy erecting bladders at the Recreation Grounds, in preparation for the large crowds expected to attend the Softball games this coming season. It won't be long now!

A large barn on the farm of Clark Bremner, two miles south of Bremner, was saved from fire by the hard work of Mr. Clayton McEwan and family who occupy the farm, and a group of neighbors. A grass fire on the right-of-way of the C.P.R. at Alameda got out of control and burned rapidly through heavy stubble and a fine paper wind-blown to menace the building.

Bremner Recreation Grounds is taking on a new look these days as interested citizens are busy erecting bladders to accommodate the numerous fans who follow the games of their favorite Bremner Soft Ball Team.

At least two farmers of the district began thrashing from the week on Monday the 16th, with varied results. Flies are very plentiful, and the yield is set down to a very small amount in some instances. Thrush combining has not started to date (April 18).

VANCOUVER MONSTERS ARE BIGGEST, ONTARIO'S MOST UGLY

CADDY, a king-size fish

LENNY, just plain monster

After years of nursing the legend of a monster inhabiting the waters off Vancouver Island, British Columbia, residents fear they have caught the goose that laid golden towel eggs. Hauled ashore at Ucluelet on the west coast of Vancouver Island was a giant elephant seal whose normal appearance is enough to make anyone ready to stick to solid food and who, by the way, is according to Dr. N. M. Carter, head of

the Pacific Fisheries station, the "Caddy" or carboasaurus of the Vancouver Island monster legend. Not to be outdone, southern Ontario produced a genuine monster of its own. There's no name for it yet, but it's 14 inches long, has purple ears, a blue tail, four legs and eight fingers. It was fished out of the Rouge River and landed Lenny by fisherman Charles Buxton of Toronto.

Urge Co-operation In Reserve Recruiting

The Canadian Chamber of Commerce is urging its members to co-operate wholeheartedly in the recruiting and training of reserve forces.

In the past, some members of the reserve army have gone to

summer camp either in their holiday periods or have taken time off without pay to take training.

In a statement to its members, the Chamber has pointed to the "magnificent contribution" of the reserve forces in two world wars. "Annual training in ships and at camps and airfields is a vital part of reserve training," it said. Many employers have allowed

time off in addition to normal vacations. Some have contributed the difference in pay rates.

By cooking vegetables with the minimum of water, in the shortest possible time, their most valuable vitamins and minerals are saved. Too much water and too long cooking spoil both flavor and color.

Raise Hundred Dollars At Spring Bazaar

EAST EDMONTON — The Spring Tea and Bazaar sponsored by the Willing Workers Club was held in the East Edmonton Hall on April 16 proved a great success as approximately \$100 was realized. The hall was decorated in spring colors of white, yellow and green. A display of sea shells and coral was shown by Mrs. Bruce Smith of Westlock, niece of Mrs. Prasher, who had just returned from a trip to Florida. These shells and corals were collected at Florida Keys along the Gulf of Mexico.

Mrs. D. Christie, Mrs. B. F. Horsford, Mrs. Nahmyer, Mrs. J. Faulkner and Mrs. L. Job were asked to preside at the tea. The knitted rug was drawn for and Arnold Briggs was the holder of the lucky ticket.

We notice that Mr. and Mrs. W. Gibson are building a new

A speedy recovery is wished for Jean McLean who has been a recent patient in hospital.

Birthday greetings go to Mr. Lorne Harton this week who celebrates a birthday, also to Donald Briggs.

Mr. Al Martin, former resident of the district, now of Victoria is visiting friends and neighbors in Edmonton and district.

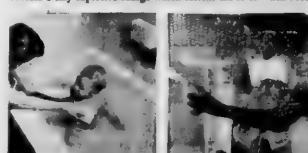

ALCOCK-BROWN MEMORIAL: Britain's Royal Aero Club is sponsoring a public fund to erect a memorial to Sir John Alcock and Sir Arthur Whitten Brown, first trans-Atlantic fliers.

A work of sculpture of the two aviators is to be erected at London Airport.

Picture News from C-I-L

EXPLOSION IN MONTREAL: It happens frequently these days in the Montreal plant where Sabes just are made. Worker is using explosive ropes on a wing section. Developed by the chemical industry to speed up riving operations, especially in hard-to-get-at places, they contain a tiny explosive charge which fastens the rivet when fired.

SUPER-SOFTNESS is a "must" in everything that touches baby's tender skin. For bath-time, mothers find that C-I-L Cellulose Sponges are just the thing — wonderfully soft and absorbent. Available in smart colors — blue, green, coral, yellow and natural.

Did you know?

C-I-L products are making mighty contributions to Canada's air defense. In addition to explosive rivets for the F-86 Sabre, chemical, nylon, "Cellulophane", play a vital role.

School Flashes

Bandball at the school is the main sport now that spring is here. Although the school playground is far too small for the many pupils who play they are getting along as best they can.

A meeting was held on Tuesday, one among the boys for the forming of hard ball teams, one for 14 years and under, the other for 18 years and under. The other meeting was among the girls for the forming of soft ball teams of the same age limits. Great enthusiasm was shown. The only thing left to get organizations to sponsor the teams.

Committees from each of the age groups were formed to approach various organizations for their sponsorship.

The Port Legion Band and the High School Choral Group have been invited to put on a concert at the new school on Saturday. The date is unsettled.

The one-act play "There Comes A Stranger" which was presented at the P.E.S. variety concert, will be staged at the "Agnes" Theatre on Monday. Miss Gills planned to have it put on before this date, but time, one of the things just had to go to see the wrestling matches).

We welcome Miss Con to the teaching staff at Port Saskatchewan, the employee Mrs. McNamee.

BIOGRAPHY
Raymond Andrus, a tall, dark and dashing young man, was born on June 12, 1885. He resides at Port Saskatchewan. He is a member of the P.E.S. Hill Dances to music, arguing in Geometry, algebra, and "business" and the country in a car at his main life. Arising early in the morning, or at any time, he is sleepy, it is his part of the day. Raymond also does his share of talking, especially in school hours, to Miss Gills. The only thing he is really quiet is when it comes to studying Physics. His pet saying is "Don't be silly," followed by the "Andrus Giggle".

The common cold can result in decreased hearing.

Little Items of Local Interest

Mr. and Mrs. A. E. Mann and sons of Calgary, Miss Dorothy Mathias of Edmonton, and Mrs. Jack Foster of Edmonton, were the guests of Mr. and Mrs. G. Mann.

Capt. and Mrs. J. H. Aspinall have returned to Vancouver after a brief visit with Mrs. Aspinall's parents, Mr. and Mrs. J. C. Larson.

Ron Mann arrived home from a few days in the city with his parents, Mr. and Mrs. G. Mann.

Social Credit meeting at Mrs. Wilkinson's Thursday, May 1, at 8 p.m.

Mr. and Mrs. Norm Fisher and Joan of Canmore and Mr. and Mrs. Devin and Grace of Edmonton, were guests of Mr. and Mrs. Mann.

Bremner News

BREMER News to Mr. and Mrs. Neil Macfar, a son, April 22.

Chicken pie has invaded the P. McCall household. News and many pupils who play they are getting along as best they can.

Gift Certificates for Travelling

The latest in gift certificates is one that makes its appearance. Designed by the Canadian National Railways, new gift certificates for train travel anywhere were made available to the public in March at ticket offices across the system.

The certificate can be obtained for any desired amount and are readily exchangeable by the recipients at CNR ticket offices for full or part payment on rail tickets to any destination in Canada or the U.S.

Another feature of the certificate is that the sender may include on the train for any amount of sleeping accommodation and meals on the train and pocket money, in addition to the railway fare. The gift certificate bears the name of the recipient and greetings from the donor.

It is not improper to kiss a young lady's hand, but is in decency out of place.

Always borrow money from a pessimist. He never expects to get paid back anyway.

Home and School Association Meeting at Sandy Lake

SANDY LAKE — The Home and School Association held their second meeting at the beginning of the month with Mr. G. Elliott presiding. The secretary-treasurer, Mrs. Anderson, read the minutes and reported that study literature would be available at the next meeting.

Mr. B. Andrews and Mrs. J. Willard were elected as program members.

The district extends a welcome to Mr. and Mrs. Bransome and family of Holland who are now living on the former Kania farm. Three of the children are enrolled in school.

Marlene and Shirley Anderson are taking part in the operation "Sunbonnet Show" which is being produced by the Leduc High School.

The prize for the best showmanship at the recent Edmonton Spring Show was won by John Elliott. It was presented by the Edmonton Agricultural Society, which sponsored the calf club.

Mr. Joe Goodenham had several Showhorns entered in the Calgary State Sale which he attended last April 19th, weight 7 lbs. 2 oz.

Mrs. R. M. Bacon was the recipient of a hymnary at the Easter Church, Port Saskatchewan. The presentation to Mrs. Bacon was in recognition of 35 years of faithful service as a member of the choir and was made by Dr. Turner on behalf of the church board.

GREENBACH VICTORY

Mr. and Mrs. Hugh Haves of Maynourville are visiting the home of their daughter-in-law, Mrs. and Mrs. Ham Melville.

Josephburg Young People Attend Vegreville Meeting

Sunday afternoon a meeting was held at Vegreville concerning the upcoming E and R Church Camp. Young people from Stony Plain and Josephburg were present. Among them from Josephburg were: Robert Underduch and Ruth-Marie Krieger who were elected to the executive at last year's camp. Also Allen Thomas and Ronald Underduch who were elected to the Josephburg Youth Fellowship delegates.

As the meeting progressed many items of business were discussed, among others was the date of the camp and the camp site. It was decided that the camp will take place from June 8 to 8 at Elk Island National Park. A student minister in Winnipeg will direct the camp. The gathering was culminated by a large banquet.

Tuesday evening several of the boys of the Youth Fellowship gathered at the church grounds in order to do some gardening. They brought some soil for plots in front of the church where flowers shall be planted. The youngsters attending Josephburg School have been very busy recently practicing for the festival which is coming near. The host of lock girls and boys.

Mr. Teddy Rieg, who was recently killed in with rheumatic fever, reports that he is recovered.

Control Of Snow Mould

The results of a three-year investigation carried out by J. H. Boyce of the Forest Planting Division, Federal Department of Agriculture, in which twenty fungicides were compared as to their effectiveness against snow mould in turf, showed that only the mercury-containing fungicide, Zineb, was effective in the control of snow mould.

This disease, recognized throughout Canada as one of the most harmful of turf diseases, is the cause of extensive damage to lawns. It can be seen under the snow as a cobweb-like growth in the early spring the infected lawn is of a dry straw-colored appearance.

Anemia in Pigs

Anemia in pigs results from a deficiency in iron, and is particularly prevalent in pigs farrowed in the late fall, winter and early spring. Dr. G. S. Wilson, veterinary pathologist, Alberta department of agriculture, says anemia can be prevented by administering iron reduced iron by mouth on the third, tenth and seventeenth day of life. The dose is one-half ounce. A few drops of concentrated cod liver oil at the same time is beneficial, and makes the iron easier to administer.

Another method is to provide pigs with fresh sods twice a week. The sods may be sprinkled with a solution consisting of one ounce of iron sulphate dissolved in a quart of water.

Delays Are Dangerous

There are many diseases that can be cured or at least alleviated by simple surgery but they are caught in their earliest stages. By delaying the operation through fear, the worry and breeding increase and the disease may develop to a more serious stage which is less easy to treat. Delays may be dangerous — they cost more and they may even cost a life.

A palm tree is so named because its leaf was thought to resemble the palm of a person's hand.

Timely Farm Notes

Legume Rotation and Grain Yield

Experimental rotations are being conducted on Illustration Station, located on Grey soil and degraded black soils to compare a mixed farming rotation that contains a legume crop, with a pure grain farming rotation. Farmers complain that their yields declined gradually soon after grey-wooded soils are brought under cultivation. This general decline indicates a lack of fertility and may be the result of studies to try to maintain or improve soil fertility levels.

A six year rotation of alfalfa, wheat, oats, fallow, winter wheat, and alfalfa, hay, and oats has been conducted on a three year rotation of summer fallow, wheat, and oats. The duration of this rotation was from 1931 to 1935. Results from these rotations have indicated that the yields of grain following alfalfa hay after completion of the first cycle was substantially higher than the yields of grain in the three year rotation indicated. The average yield of wheat after alfalfa was 32.5 bushels per acre whereas the yield of wheat after oats and fallow was 17.5 bushels per acre. Oats following alfalfa averaged 20.9 bushels per acre and fallow was 17.1 bushels per acre.

A rotation of summer fallow and alfalfa (hay) has been compared with the rotation of summer fallow, wheat, and oats. The legume rotation in this case was too short, but it has served to show that even under relative dry conditions, the yield of grain following alfalfa and fallow crops has been increased substantially over the yield of grain following oats and fallow. Since the completion of the first cycle of the rotation, the average yield of wheat after alfalfa and fallow has been 29.1 bushels per acre. The increase in the yield of wheat has been practically equal to the yield of the second crop (oats) after fallow on a basis of pounds of grain per acre.

The results would indicate that legume in the cropping rotation is highly applicable in order to maintain or improve the productivity of grey wooded soils.

Don't Burn Stubble

G. R. Sterling, Supervisor, Social Conservation and Weed Control, advises farmers as follows: "Leave stubble a nuisance? Listen!

If you burn it, it's gone. If you keep it as it's there, you stop soil drifting and water erosion. Trash cover holds moisture in the soil where you want it. It doesn't provide food for your crops.

Did you know that 1500 pounds of straw or stubble per acre supplies as much nitrogen as 75 pounds of 11-48-0 or 50 pounds of 16-20-0 fertilizer. Why burn it? Here's how to handle heavy trash:

Use a blade type and wide shovel cultivator. Use sharp tillers on discers (you may have to go over the field twice). Scatter windrowed straw first.

Three ways to scatter straw: Use an oscillating harrow. Cultivate across the windrow with a wide shovel cultivator from which alternate or mulch shanks have been removed. You can use an ordinary cultivator if you take off enough shanks.

Drive across the rows with an ordinary dump truck, but space the straw in inches depending on the amount of straw. What about seedling? You can seed through trash cover with a disc drill, or with seeding attachment on your tiller or discer. Pack the land after seeding. Don't worry if you show the straw clumps. STRAW IS VALUABLE. DON'T BURN IT.

Impressive Service Easter Sunday

ARNDSSON—A very beautiful and impressive Easter service was held in the Arndsson church April 13. Rev. John Arndsson was the officiating minister with the choir and the communion sacrament was administered. Three young people united with church and four adults joined by certificate. The church looked very nice for Easter with the new paint and alterations and decorated with a host of spring flowers.

We are sorry to report Mrs. R. Corne is a patient in hospital. Ollie bought a little sheep. With just room enough for two Ollie takes the driver's seat. The other one for who?

Miss Eva Pawcett has returned home after spending the winter at North Battleford.

One of our eligible young bachelors is rumored to be putting his home in ship-shape. We wonder what this portrays?

Miss Marquette Burnfield R.N. spent several days with her parents last week.

Remember the Community League meeting on April 22. All members are required to attend and bring a new member with them.

Mr. Harvey Reynolds has purchased a Caterpillar Tractor. Mr. Burnfield's sale was well attended by the local residents. The ladies shared lunch report a successful day.

Margaret and Arthur Dowling spent the Easter week-end at their parental home.

Several ladies drove to Branson on Wednesday to attend the bazaar and tea, held at the church there.

Brenner Children Get Handicraft Lesson

Mrs. Tishan, R.N., gave a demonstration of handicraft to Brenner group of Explorers and Mission Band children in the Club Room in the basement of Brenner United Church. The subject taken up was the making of imitation Colport. Mrs. Tishan showed the children several very pretty pieces she had manufactured and painted.

For rural and urban Canadian housewives, one of the most essential pieces of home equipment is the kitchen range. Fourth year architectural students at the University of Toronto present models of new designs in kitchen ranges, worked out by them as an experimental project in co-operation with two Canadian manufacturing concerns. Canadian students in every part of the country who take to take advanced studies in product design can now try for three scholarships in this field being offered this year by the National Gallery of Canada in co-operation with the National Industrial Design Committee, Ottawa.

New Emphasis on Design Development Boon to All Canadian Housewives

The shape of a plastic mixing bowl, the design of an electric iron, the appearance and utility of a desk lamp, the development of a kitchen range, all have a new importance and a new meaning today in Canada. Research into the better design of Canadian products is now being promoted in all parts of the country, and as new design and new products appear, Canadian home owners from St. John's Newfoundland, to Prince Rupert, British Columbia, are the beneficiaries.

Some Canadian schools and universities have co-operated with manufacturers in presenting practical projects to advanced students for experimental purposes. These projects to date have been for improvement of lighting equipment, improvement of kitchen ranges, and for "time and motion saving" kitchens. Consultant designers are also being brought in more and more by factory management themselves to assist, and in some cases, direct surveys of consumer needs and reactions to proposed changes in household equipment. Much of the emphasis here is on the kitchen—the city and rural housewife's domain.

Recently, the Canadian Association of Consumers asked its 12,000 members across the country if they were satisfied with the design of the many useful articles for the home. They found that the majority of those answering thought most articles had better design. They also found that the majority of those answering thought that consumers would give or even want ranges with higher placed ovens and so, today, Canadian manufacturers in this field are considering all sides of the question.

One of the jobs of the National Industrial Design Committee, Ottawa.

CanCER can be cured!

It's possible. It's probable. The big question is—In how many cases? Right now, with present medical knowledge, the number of cancer cures could be doubled.

But we need your dollars — to spread information, to make more detection programs available, to assist doctors, and to help laboratory workers in the great fight to find more cures for cancer.

We ask your help! There's no time like the present — there's no time to lose. Now is the time to GIVE TO THE CANCER CRUSADE. Give generously — show your local cancerer care or mail in your contribution.

Mail this coupon with your contribution to "CANCER," 613-B1 Avenue West, Calgary — to help the Cancer Crusade. Enclosed please find \$..... Name..... Address..... Canadian Cancer Society

In Lieu Of A Lullaby

For those who have trouble in getting to sleep at night, leaving worries and problems outside the bedroom door may help. The dark, silent hours may be an excellent time for concentration on those office troubles but that won't help to soothe sleep. Many people have their own pet methods of getting to sleep—some find that a tepid bath, others, others like a warm drink, while still others find that a last minute walk around the block, in the fresh air, has a soporific effect. Whatever the method used to induce relaxation and sleep, every weary and slumbering business and domestic problem mustn't help. A well-ventilated room, not too hot, with bed covers that are light and warm, makes for healthier rest.

Recipe Corner

Spur-of-the-Moment Entertaining

Some people like spur-of-the-moment entertaining; others find it quite upsetting. As far as food is concerned, it isn't hard to learn some easy-to-fix snacks ready for improvisation on a moment's notice.

Habit of keeping a supply of cheese, crackers and wafers, canned meat and fresh fruits on hand. They will be most useful when unexpected company drops in on you. For the sweet tooth, the full cookie jar will be a blessing. For box cookies will take some of the strain off a crowded schedule for the dough can be kept in the refrigerator and the cookies baked as they are needed.

It isn't necessary to always have cake or cookies for something sweet. The home economists of the Consumer Section, Canada Department of Agriculture have two suggestions that come out of bread box instead of the cookie jar. The first is called "Toasted Cinnamon Squares." To make these, cut very fresh bread in cubes about one and one-half inches in size. Spread each cube on all sides with butter and roll in a mixture made of equal amounts of fruit and brown sugar with cinnamon to taste. Place the cubes on a buttered cookie sheet and bake in a hot oven, about 400 degrees F., until they are well browned, about 5 minutes. They are delicious served with afternoon tea or coffee.

The other suggestion is for "Bread Fingers." They are also easy to make and can substitute for crackers, making them a whole bread three-quarters of an inch thick. Trim off the crusts and cut the bread into strips, making them three-quarters of an inch wide and two inches long. Spread the strips with butter, brush with egg, covering well. Then roll in shredded coconut and brown under a broiler.

A type of entertaining that often poses a food problem is Dad's "the boys" party. They will not appreciate all the fuss and frills that the wires delight in, so everything, including the dishes should be used in the food line, the home economists say that "make-your-own sandwiches" are just the thing for such a party. Thick slices of assorted meats and meats such as corned beef, salmon, ham, headcheese orologna may be set out on the table, along with bread and butter. A pot of beans, piping hot, is still another favourite with the menfolk. Set it in the middle of the table with a big plate of egg bread beside it. Let each one help himself. One can never go wrong with desserts, for most men have a sweet tooth and how they do enjoy doughnuts, chocolate cake or apple pie. They like apples and other fresh fruits too. Top off the snack with good strong coffee, making sure there's enough to go around twice.

Whatever the type of entertaining, everyone likes attractive food. It's at least that we "eat with our eyes", at least to some extent. With the number of garnishes available to-day, it isn't hard to make food look appetizing. Usually all that is needed to top off the snack is a garnish. Usually all that is needed to top off the snack is a garnish. Usually all that is needed to top off the snack is a garnish.

Everyone loves flowers, so why not decorate food with them? The punch bowl will take on an added party air if maraschino cherries roses are floated in it. They are simple to make. Just cut a green cherry and a red cherry into eighths, and cut only half-way down. Spread the cherries open, then put the red one inside the green one and fasten the two together with a toothpick. Don't forget to brush off the end of the stem. These cherry roses can also be

Veratility is a major talent of this season's clothes crew. To illustrate, here is a coat and dress ensemble, the coat which can be worn over a dress or over any other simple frock. The dress shown here, is of many dotted red silk, and has a slim midriff and soft bow at the neck. The coat, of rayon flake in navy, features a set-in cut-in-line based across the chest, and a minimum of collar, set off by the dress bow. There the flared bow pleats on either side of the front closing and slit pockets at the hips.

Use to garnish fruit salads or cocktails and many desserts.

One is wonderful for many garnishes. Finely strained, cheddar processed or cream cheese that can be easily molded is easy to use. You don't have to be an artist to make tiny pumpkins, carrots, starbursts or apples out of cheese. To give a realistic touch, use parsley for the stems and roll tiny cheese strawberries and apples in paprika. The pumpkin garnishes are particularly intriguing for two reasons—first, they are so simple to make, and the other is imagination.

Here's a frosted fruit garnish to use later on in the season. Dip grapes, cherries, small plums into slightly beaten egg white then into fruit sugar. Roll them to dry on a wire rack just long enough to crisp.

East Edmonton News

EAST EDMONTON—Mrs. Postel was a recent visitor at Canmore where she attended the funeral of Mr. Wooten.

Miss Joy Briggs returned home last week from Vermilion where she has been attending the School of Agriculture. Congratulations to Joy for who won the U.O.G. \$50 scholarship for highest standing in agricultural subjects at the school.

The monthly meeting of the Willing Workers Club was held last Wednesday night. Many members present. Final plans for the bazaar and tea were made. A donation of \$10.00 was made to the Oatley Society. Next meeting will be held at the home of Mrs. M. L. R. Smith of Bowness.

Mrs. L. R. Smith of Bowness was a recent visitor at the home of her uncle, Mr. C. Briggs.

Nylon Fabrics Prove Attractive To Canadian Home Sewing Enthusiasts

Canadian women who prefer to sew their own clothes will find new nylon fabrics in striking plain colors and printed designs available this spring, according to a survey made among textile manufacturers.

Yard goods counters will carry nylon shirtings and lightweight twills for cool summer dresses. There will be high-fashion polka dots, stripes, small gold-printed designs and intriguing novelty fabrics in grays and weaves. Padded fabrics will also be obtainable in a greater variety of colors and textures.

This year, for the first time, some stores will be carrying permanently-plastic tricot for house-sewers who make their own lingerie. Plain tricot in both 15 denier and the heavier 30 denier will also be featured.

For bridal gowns and formal wear there will be filmy nylon net and heavy nylon marquisette for new-noon crinolines. This latter material is impregnated with a stiffening that lasts through several washings.

U. K. stocks of sulphur-making materials rose considerably in 1957, biggest advance being in pyrites, which rose by 144,700 tons to 214,000 tons. Stocks of sulphuric acid rose by 5,500 to 70,000 tons while regular sulphur stocks were more than doubled at 14,400 tons.

pure milk always on hand

Health-giving milk is a new factor—provided for added convenience. Keep Powdered Milk on your shelf against emergency. Add it to your favourite recipe to pack extra milk solids into family meals at low cost. Recipe booklets—For Powdered Milk, recipe write Dairy Foods Service Bureau.

"Dawn Daily Lane"—Listen to the program on Thursday nights 1:45-2:00 p.m. E.S.T. over the Trans-Canada Network of C.B.C.

Prepared pudding mix—blend prepared mix with water for easy dessert.

Advice To Farmers

A bulletin giving expert advice
 to farmers has been sent in the
 form of an ancient temple at
 Hippo, which was the religious
 capital of the Roman empire who
 developed the first civilization,
 which arose in Mesopotamia. It
 was in this ancient land, now
 known as Iraq, that United States
 archaeologists discovered the site
 of the ancient village of Hippo,
 which is supposed to have existed
 5,700 years ago. It was at the
 site of Hippo where the head of
 grain was found that proved that
 ancient farmers were practicing
 scientific methods of agriculture.
 The antiquated farm bulletin gave
 instructions on how to operate a
 primitive reeder and advised that
 the reeder should be put in the
 ground two fingers deep. Advice
 was also given on the time to ir-
 rigate and the time to harvest.
 The reeder used was a plow
 with an attachment which carried
 the seed from a container through
 a narrow funnel down into the
 furrow. The flow of grain could
 be regulated by means of a choke
 mechanism. Four types of fur-
 rows were explained, with advice
 on when to use one type of fur-
 row in preference to the others.

Least-used word in the Bible is
 "coffins." It occurs only once

 Orchestra". Admission 50c. 25c.

Care Required in

Choosing Straws

It is better to use fairly small
 plants in planting a hedge, says
 B. W. Oliver, Assistant, Orna-
 mental Horticulture, Central Ex-
 perimental Farm, Ottawa. Two-
 year-old plants from seed are ex-
 cellent for most deciduous hedges
 and four years for conifers.

The first spring after planting,
 deciduous hedges should be cut
 down to within a few inches of the
 ground. If older bushy plants are
 used cut them back almost to the
 base of last year's growth. This
 causes the plant to throw out
 numerous new shoots close to the
 ground. In the case of conifers
 cut off only about half of last
 year's growth.

Hedges must be clipped each
 year. It is best to start clipping
 in the second year. Never let a hedge reach the de-
 sired height before starting to
 trim it. This will result in a bushy
 top on tall lawless hedges.

The correct time to trim will
 vary with the locality and the
 season. In general, hedges should
 be trimmed when the active per-
 iod of new growth is about at an
 end. In most parts of Canada this
 will be at the end of June or early

July for deciduous plants and about
 September first for conifers.
 Hedges should be clipped
 during cool, dull spells of weather
 to avoid tip burning.

The reason for clipping towards
 the end of the growing season is
 largely one of economy. Hedges
 trimmed at this time rarely grow
 enough to put out of shape during
 the remainder of the season and
 will look untidy only for two or
 three weeks in June.

Shades don't bear well. The
 reason: They have no stem.

THE FORT SASKATCHEWAN

VOL. 22 No. 18.

PORT SASKATCHEWAN, ALBERTA, WEDNESDAY, APRIL 30, 1948

Light Agenda at Council Meeting

A light agenda was covered by the Council when they met for a regular meeting Monday evening at 7:30 p.m. in the City Hall.

Delegates were present to interview the council and the first to be heard was Mr. H. Thompson who made application to purchase Lot 34, Block 5, Plan O, which is at the rear of the hotel. The hotel own Lot 23 and desired Lot 24 to make a parking area for the rear of the hotel.

It was pointed out to Mr. Thompson that Council could not sell this lot unless it was sold upon but that the town would lease it to the hotel for a period of 5 years to enable them to provide parking facilities for their guests.

Mr. Adolf Weber was present and asked Council for an increase in salary. After discussion this Council agreed to give Mr. Weber \$15 per month increase. He was also asked to regulate his work so that the garbage was collected from each household once a month.

Minutes of the last regular meeting and financial statement for the month of March were read and adopted.

Correspondence was then dealt with. A letter was received from Herby and Co. asking Council if extension over the one year would be granted on lots obtained by Herby, Gordon. The secretary was instructed to write Mr. Herby that no change is contemplated in the ruling set down by the council.

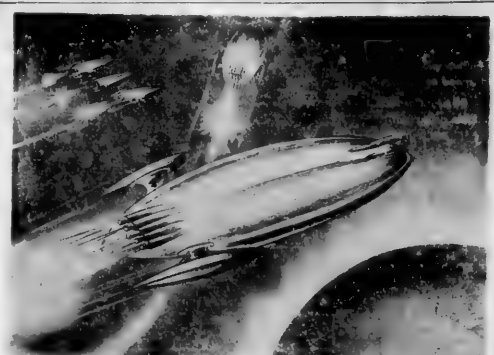

A letter was received from the Municipal District of Strathcona asking for a reduction in the water rate charged in connection with their building in the Port. After receiving this it was decided that the rate of \$1 charged was too much and will be cut to 50c.

Bylaw No. 194 to provide for assistance and taxation of trades and professions was given third reading and passed.

Josephberg Pioneer Passes Saturday

Mrs. Katharine Mohr of 9726 80th Ave., Edmonton, formerly of Josephberg passed away April 22 at the age of 71 years.

Mrs. Mohr landed in Halifax when her parents on May 2, 1900 and after a few months in Winnipeg moved to Medicine Hat where she remained for 7 years. In 1907 she moved to Josephberg where she lived until five years ago when she moved to the city to live with her daughter, Mrs. R. Thomas.

Can't Ignore Them—They Won't Go Away

Though Ottawa doesn't officially state the existence of such things as "flying saucers" or the presence of unidentified aircraft in Canada, the service at the Ottawa airport is as busy as anyone else's. The numerous reports of strange-looking objects in the sky. Mrs. Harry Bennett and Mrs. W. Baker reported two silver streaks high in the air over Haliburton, Ont. Mrs. Woodland, Hamilton, said she and sev-

"TEACHERS MUST LIVE"

BY DR. A. L. DOUCETTE
 Director, Calgary Branch,
 Faculty of Education
 (Reprinted from the
 ATA magazine)
 "Dr. Doucette first taught in the one-room school building on the hill north of Lacombe in 1922. This was in the days when the Duke Hotel was a flourishing establishment in Fort Saskatchewan and before the days when Peter Meert and Lee Bernard started in as partners in the Fort Ware."

In the November 29 issue of The Edmonton Journal it was reported that a new salary schedule for teachers was proposed at an autumn conference of teachers' associations in Edmonton. The schedule called for a \$2,000 minimum for teachers with one year of training mounting by increments of \$200 annually and reaching \$5,800 after seven years' training; also a maximum scheduling moving from a base of \$1,500 for one year of training by annual increments of \$400 and reaching \$5,800 after seven years' training. School principals would receive additional bonuses of \$100 per year for elementary schools and \$125 per year for junior and senior high schools, in both cases up to a total of \$2,000.

I wonder what the reaction of the general public and of school trustees will be to these proposals. Some will exclaim: "Extraordinary!"

My response to any opposition to the proposed schedule is that plumbers, electricians, hair workers, railway operators, and others are submitting their wage disputes to various boards and as a result of bargaining and arbitration, they are financially content. Mr. A. J. Johnson, who has spent from six to eight years in the "Public Administration" section of the building, and a master's degree or a doctor's degree is receiving less than the average of the building trades. What price education?

In a recent survey entitled Can We Afford to Educate? it is reported that the cost of education in the United States is increasing at a rate of 10 per cent per year.

Minister Leaving For Navy Post

Members of St. George's congregation met at the Union Hall Monday night for a service to bid Rev. J. E. and Mrs. Williams and Miss Jennie Williams.

Following a social hour, lunch was served and Mr. E. H. Baxton, on behalf of the members presented a warm wish to Rev. J. E. Williams, a rhinestone necklace and earrings to Mrs. Williams and a rhinestone bracelet to Miss Jennie Williams. He wished them safe travelling, thanked Rev. Williams for all his efforts to complete the new church and wished they had been able to stay for a longer period here. Mrs. Williams replied suitably.

Rev. Williams and family left Monday for Victoria, B.C. where he will take up service as chaplain aboard H.M.C.S. "Naden".

Young People Conduct Service

BRENNER.—A group from the Young People's Union, Methodist Church, Edmonton, took charge of the service at the Union Church on Sunday afternoon, in the absence of the pastor, Rev. A. J. Johnson. The service was assisted by Miss Jeanette McKenna, Mr. Basil Henderson, and Mr. Charles Glade. The Brethren congregation felt that it was a privilege to have these fine young people with them. The service was a graduation of the fine Union Church School at Naramata, B.C. and as such a living testimony to the splendid work this school is doing for Christ, in Western Canada.

This Board looks after all Sunday School and Young People's Work in the United Church.

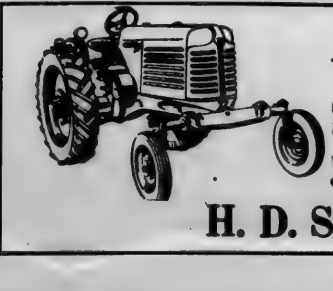

Most stocks in Canada are mounting, standing at 80 million pounds on April 1 as compared with 65.5 million on the same date last year.

M.D. OF STRATHCONA KEEPS PACE WITH OIL BOOM—CIVIC ADMINISTRATION MAGAZINE

The Rural Administration Building and its fine office built in South Edmonton by the M.D. of Strathcona was the subject of an article in the April issue of "Civic Administration" magazine.

Writing in the "Public Buildings" section the magazine, Harold Miloff describes the growth and progress of the municipality for the past forty years and its efforts to keep pace with the oil boom does so much to the industrialization of the district.

Two pictures are included in the write-up, one an exterior view of the building, and the second a photo showing the modern offices providing excellent working conditions and pleasant facilities for the public.

WYE

WYE — As many people as it takes to make up nine tables of whist, and a few over, turned out to the drive sponsored by the Ladies Club Wednesday evening at the school. Prizes were won by Mr. and Mrs. Bart Wilson and Mrs. S. McPherson and after the sumptuous lunch was served with sandwiches, coffee, tea and coffee being in generous supply. The young ladies who waited on tables included the Misses Carol Hughes, Donna McChas, Carolee

McGraw, Gwen and Kay Sanford, Kathleen Bell and Joyce Patterson. The proceeds amounted to about fourteen dollars which will be used for club work.

In a district well blessed (1) with reporters, the Kremers were likely to read "Congratulations" more than once. It is pretty nice to have a brand new car and brother thought and so three well-meaning the young fellow. Ruth and Walter, take a bow.

The long time residents of the community who attended the

dancing party in the school Friday the line were strongly reminded of "the good old days" when the same kind of entertainment was so popular. Mr. Ralph Sanford, local accountant, and Mrs. Bart Wilson, pianist, assisted the music and Mr. Wilson acted as floor manager. History repeated itself when today's teenagers demanded more and more square dances, just as the youngsters did in the same school some 30 years ago. The gentlemen brought the ladies to the dance and everyone is satisfied.

Spring Work, Threshing Going Ahead Throughout District

BREMNER — Thanks to the fine weather, the combined operation of harvesting and spring cultivating is coming on well. The returns from both stock and cash combine are surprisingly good, the grain being a good color for spring harvest. Farmers with combine in both operations, due to the amount of work being done, are now threshing their grain. They are now threshing, hoping for continued good weather until they finish combining the grain. The wind and warm weather is drying the land out quickly, and it is hoped that the grain will not hold off too long.

The P.E.A. Junior held a very successful dance at Bremner Hall on Friday evening. The Hot Can Drive, a money-raising game, was played, provided the music. Lunch was served towards midnight. The dance was a success, the money from (General Electric) and the proceeds of which went to the Hall Board to help with the beautification expenses. Eugene Marler was the lucky winner of the \$100 prize. Dr. Young won "Home Chest" too.

Mr. C. E. N. N. in the Royal Alexandra Hospital recovering after an operation. Mr. N. N. is now home.

Mr. Tom Jenkins of Grassland, and sons John and Julian paid a visit to the home of Mr. and Mrs. H. D. Duncan on Monday. Mr. Jenkins says the spring is considerably later at Grassland which is about one hundred miles northwest of Bremner. Joann Jenkins will be helping Mr. Duncan with farm operations this spring and summer.

Nora McCalla, nine-year-old daughter of Mr. and Mrs. P. R. McCalla, who with her younger sister Pat, is confined to her home with the chicken-pox. She is having a nasty cut on her foot, and had to have several stitches taken.

Miss Helen Schroter was one of the artists who took part in a recital at the Alberta College Auditorium on Friday evening. Her pupils of Mr. and Mrs. Jean Letourneau, and Mr. and Mrs. Greg Graspentin were featured.

Tighten Law on Driver Suspension

New provisions which provide for suspension of driving licenses in cases of persons found guilty of driving when their ability is impaired by alcohol are provided in a bill to amend The Vehicles and Highway Traffic Act which has been introduced in the Alberta legislature.

Courts and justices are given the authority to suspend licenses in cases where persons are found guilty of driving or having the care or control of vehicles while their "ability is impaired".

The bill would give the provincial secretary authority to refuse to issue a new license or renew an existing license during the suspension or cancellation period.

Provision also is made for motorists being required to carry their driver's or chauffeur's license in their vehicles with them. It would be an offence to fail to produce them upon demand of a police officer or inspector. Penalties for such offences would be \$5 and costs.

Organize Ball Club

GOOD HOPE — The Good Hope ladies got organized last Thursday evening to start on an enjoyable season of softball. All possible time was spent in concentration on getting the stiffens out of the joints. Later a meeting was held during which Helen Meyer was elected captain of the team, which will be known as the Good Hope All Stars. Betty Babits was elected secretary-treasurer. After a few evenings of practice it is hoped that some competition from neighboring communities will turn up. With all the enthusiasm and cooperation as fine as it is, there is a good chance for success.

Last Thursday afternoon the Massfield pupils came to Good Hope for the first ball game of the season. The local pupils were in fine form and defeated the visitors with a score of 9-15.

Many farmers of the district are back in the fields. Some, however, must thresh last year's crop before starting on this year's.

Anyone in this vicinity missing a pig may find the same at the farm of Norman Cripps. It arrived last week and is quite determined to stay.

The Good Hope pupils held their Red Cross meeting on Friday and plan to hold a Mothers' Day Tea and Banquet on May 15.

Announce Scholarships at Agricultural Schools

Further support from the Alberta Wheat Pool towards the education and training of young people in Alberta has been announced by Honourable D. A. Ur Minister of Agriculture. The Alberta Wheat Pool has established six scholarships, to be known as the Henry Wise Wood Memorial Scholarships. These will be awarded annually to three boys and three girls in junior projects sponsored by the Alberta Wheat Pool.

The scholarships will be valued at \$75.00 each and will be used by the boys and girls to whom they are awarded to assist in defraying the expenses of one boy and one girl at each of the three Schools of Agriculture and Home Economics at Olds, Vermilion and Fairview. The scholarships in the first year will be awarded to boys and girls entering the School of Agriculture and Home Economics in the first year of two- or three- or four- year courses in Agriculture and Home Economics. The basis of award will be academic achievement, proficiency in club work and potential leadership ability.

Full information regarding these scholarships and application forms will be available from District Agriculture and District Home Economics. All applications should be submitted to the District Home Economics.

Former Ellerslie Resident Passes

Ed Bodell of Mission City, B. C., formerly of Ellerslie, Alberta, passed away on April 23 at the age of 71 years.

He is survived by his loving wife, one brother, Andrew Bodell of Bremner, and two sisters, Mrs. J. R. Stamp of Edmonton, and Mrs. Frank Rice of Bremner, A. B.

Interment was made at Mission City on April 25th.

There's still time to subscribe to the Cancer Campaign.

More POWER
More PERFORMANCE
Proved RELIABILITY

Now! More power... more torque... increased range plus tremendous performance improvements for new 1952 Ford Trucks. The world-famous Ford Truck V-8 engine is "supped-up" to 106 horsepower with increased torque to handle light and heavy duty hauling more easily and economically. And for Ford Big Jobs, two new "Cargo-King" engines with new High Compression, Low-Friction short-stroke design for outstanding performance and economy.

FORD TRUCKS for '52

See them—the great new '52 Ford Trucks—now at your Ford Dealer's! Compare them on the job—with any load—under all conditions! Then you'll know why new '52 Ford Trucks set new standards of performance for the entire hauling field! They're the most powerful Ford Trucks ever built with 5 new HIGHER-POWER, HIGHER-TORQUE V-8 Truck engines with big power reserves to get loads rolling—to cut down hauling time on highways. It's the most complete Ford Truck line ever offered covering ALL hauling requirements from the sturdy 1/2-ton Pickup to the rugged, heavier Extra-Heavy-Duty Big Jobs, load-engineered for G.C.W.'s of 41,000 lbs. ... with 7 series ratings—12 wheelbases—Cab-Over-Engine Models—2 all-wheel, all-terrain—and improved Power Pilot Economy in every model. All the way through—this new 1952 line brings you a Ford Truck that's better than ever for your hauling job—because it's built-built to meet or beat longer—more advanced standards of PERFORMANCE and ECONOMY.

THERE'S A FORD TRUCK TO FIT YOUR HAULING NEEDS

POWER PILOT ECONOMY

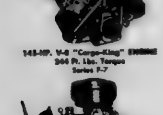

- 7 Series Ratings
- 12 Wheelbases
- G.V.W.'s—4,700 to 41,000 lbs.

Enlightening Moment for German Youths

Curious German boys scowled on a hike through the tent city of Canada's 27th Infantry Brigade near Munsterlager, Germany, as seen having the my-

steries of the doodle-bach, German name for the bagpipes, explained to them by two members of the First Canadian Highland Battalion. Enlighten-

ing the youths are Lieut. "Jamie" Craik, left, of Toronto, and SSM R. E. Plank, of Camp Borden, Ont.

W.A. and W.M.S. Meet in Fort

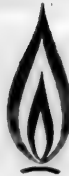

PORTBRIDGE HILL — The W.A. and W.M.S. met at the United Church Mass in Fort Saskatchewan, 16 members and visitors were present. Mrs. Findlay and Miss Lee of Bonnah Home, Edmonton, were present and gave an interesting account of the history of Bonnah Home since its beginning 40 years ago. Following the business session a delightful lunch was served by the joint hostesses Mrs. Alf Frey and Mrs. P. Kulak.

Mrs. Gertrude Oshelton and Miss Evelyn Atwood entertained the members of their Sunday School class at an afternoon picnic last Saturday. The afternoon was spent playing softball and other games after which the ladies enjoyed lunch which finished off the afternoon.

Harold Kulak, who has been in the employ of the L.E.C. Co. for the past 6 months, left by plane Tuesday morning for Waterbury where he will be for three weeks. He then goes to Bear River for the summer.

An old land mark in the district the former home of the late A. E. Houston and family for over 50 years, is being torn down and we understand a new one will be built in the place. The firm is now owned by Mr. A. Andrus.

NORTHWESTERN UTILITIES LIMITED
HEAD OFFICE: EDMONTON, ALBERTA

Services of Government Board Available to Alberta Debtors

Thousands of Alberta debtors have escaped court action and hundreds of creditors who otherwise might never have been paid have found satisfaction through the efforts of the Debtors' Assistance Board set up by the Government of Alberta in 1943. This Board succeeded the Debt Adjustment Board which had been established in 1920.

The Board has accomplished admirable settlement of thousands of debt cases. From April 1, 1943, to December 31, 1951, the Board settled 5,723 debt cases involving a total debt of \$2,652,297. This total debt was settled for a net saving to the debtors of \$1,411,728.

Government Fund Now \$378,647

A deficit of more than \$23,000 on the operations of the Unsettled Judgment Fund from April 1 to March 31, 1952, has reduced the fund to \$378,647. On December 31, 1951, the fund totalled \$398,647.

During 1951-1952, Alberta motorists paid \$252,289 into the fund while \$9,807 was recovered from previous judgments. Total disbursements were \$506,478, including \$27,674 for hospital and medical expenses paid, \$205,667 for judgments and costs paid, and \$80,136 for miscellaneous payments.

The Unsettled Judgment Fund is financed by an \$11 a year levy on each motor vehicle registered. The fund is used to compensate persons who have been injured in highway accidents but have not been able to receive the damages awarded them by the courts.

"I put away my hard-earned money"

This young bank depositor recently wrote to his bank manager:

"I made a goal of \$1,000 for this year. It is two years since I opened the account with two dollars. I owe thanks to you that I put away my hard-earned money where it will benefit me... I do not wish to touch it for the time being."

Building up a bank account means work and sacrifice. But Canadians know the value of having savings handy in time of opportunity or need: they maintain 7 1/2 million savings accounts in the chartered banks—almost twice as many as ten years ago. At the same time bank assets have almost doubled. That, and higher wages, have increased bank payrolls almost three times.

More people use the banks, more people work for the banks than ever before.

See the money value of your savings plan. It's the only way to build up a bank account. Write to the nearest bank for a free booklet.

GRAZING PASTURE

The receiving dates for taking cattle in the Blackfoot Grazing Pasture is as follows:

At the West Camp, May 15th and 19th and every Monday following.

At the East Side Camp, May 16th and 17th and every Saturday following.

Cattle owners are asked to deliver their stock before bringing them to the pasture.

Blackfoot Grazing Association

NEW SAREPTA H.S.A. MEETING

NEW SAREPTA — The next meeting of the New Sarepta Home and School Association was held at eight o'clock, April 22, in the New Sarepta School. The guest speaker for the evening was Rev. Jankowiak, who gave a very fine talk entitled "The Community". Rev. Jankowiak spoke briefly in regard to the finances of the sample set by the home.

Mrs. Eleanor Kern, a former pupil of New Sarepta School, now attending the Leduc High School, was present. Eleanor entertained the gathering with several songs. The best of wishes is extended to Eleanor as she will appear in Edmonton to take part in the semi-final "Search for Talent" contest in aid of the crippled children in northern Alberta. Community singing under the leadership of Mr. Holobovich with Mrs. Omenas was enjoyed. President Mr. Wiedman expressed the hope that those conversing

on behalf of the Red Cross might meet their object.

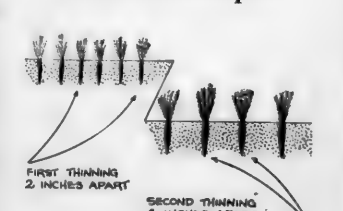

Attention was drawn to the Home and School Convention to be held in Regina May 8-10. Mrs. Schlander, Mrs. Omenas and Mrs. Talsky served a family lunch.

Farm Income \$2.1 Billion

Farm income in Canada for 1951 has been estimated at \$2.1 billion, or only 12 per cent of the total national income of \$17.5 billion. Since 1944 the ratio of agricultural income to national income has been fairly stable, with a low of 10 per cent and a high of 12 per cent in 1945.

It is worth noting that the farm population in Canada comprises 20 per cent of the total population.

Garden-Graph

The carrot is one of the most important health vegetables for the home garden. It is particularly desirable for children from a dietetic standpoint as it is rich in vitamins A, B, and C. Its yellow coloring matter, known as carotene, is very healthful.

Carrots should be tender and flavorful to be at their best. This means that most varieties should be well fed for quick growth. A poor soil should have a well balanced fertilizer added. Apply fertilizer before the seeds go into the soil to prevent any burning of seeds.

Although thinning carrots is tedious work, unless it is done, and done carefully, one is apt to harvest a twisted, deformed mass of roots.

As illustrated in the accompanying Garden-Graph, when carrots reach fountain-pot size, or better, this means they stand two inches apart. These thinners should not be wasted for they are excellent for salads or other table use. From one to two weeks later, thin the carrots a second time, this time at four inches apart.

Remember that in order to have long, well-shaped carrots the soil must be worked so deeply as possible and the stones removed. Gardens can be sown thickly with carrots. They break up quickly and when they are pulled for eating it will come the yield of the soil for the slow growing carrot seedlings.

The Purple Leaf, flaring, or pump as it is known, is the greatest of all carrots. It is the symbol of the carrot.

Children Enjoy Music Festival

NANDY LAKE — Friday, May 6, was an exciting day for the children as they attended the Nandy Lake School Division Festival. Entries from Nandy Lake included recitations, songs, dramatic sketches, a chorus and a folk dance.

Louis Stanish is employed as a mechanic in a city garage.

Miss Kile Park Gown, eighth grade, was impressed with the Gypsy Dance, performed by the Nandy Lake children.

Basics helping the contestants of their classes, Mrs. Kouskewich had a busy time working with the executive.

A vote of thanks goes to Miss Dorothy Kadota and Miss Philip Dethy who supplied the accompaniment.

A nurse from the Health Unit visited the school on Monday to administer inoculations and the Schick Test.

The Lutheran Ladies League met at the home of Mrs. D. Henschel for their regular meeting last month.

We wish a speedy recovery to Mr. W. V. Elliott who is in the University Hospital.

Mr. and Mrs. Emil Kadota are receiving congratulations on the birth of a son.

It was moving day on May 1st for the Mannes family who left for their new home west of town.

Since emigrating from Holland two years ago Mr. Mannes has been employed at the Eliot Stock Farm.

The neighbors all wish them the best of luck in their farming venture.

A welcome is extended to Mr. and Mrs. Beuma and family from Whittemore who have taken up residence in Sandy Lake on the former Bee Farm.

Four Rivers Could be Diverted . . .

Plan of Water Resources Office Envisages Diversion from Arctic Watershed to Compensate for Irrigation Drain on S. Sask'wan

Water destined by nature to flow southward in the Hudson Bay drainage is put in a report entitled "Possible Diversion of Water from the Arctic Watershed to the Saskatchewan (Hudson Bay) Drainage Basin," by the Water Resources Office, the McLeod, Pembina, Lobstick and Wolf Rivers would be diverted into the Arctic Flow for irrigation purposes in the future.

To Increase Volume of Water.

Officials of the Water Resources Office are taking a long range view of the plan and would use the diversion scheme to increase the volume of water rather than to provide water power.

Large areas of water now are being diverted from the South Saskatchewan drainage for irrigation purposes in southern Alberta, and as more dry areas are developed, a smaller supply of water will flow to Saskatchewan and Manitoba. Alberta officials foresee the day when the neighboring provinces will experience water shortages, so the diversion plan is designed to compensate for water used in the south.

Other factors are the proposed schemes to divert water from the North Saskatchewan to the Red Deer River for irrigation in the Hanna area, and the increased water consumption by growing crops in the Edmonton area. In addition, sprinkler irrigation can be used in the Edmonton area and controlled water could be of use in severe drought.

Although not a factor in the present plan, the report admits that power possibilities would exist in such a diversion scheme.

The area diverted to the Saskatchewan River would cover about 4,500 square miles where the annual runoff is approximately 1,500,000 acre feet. This would take 1,000,000 acre feet of water from the Arctic drainage and divert it into the North Saskatchewan.

The first step would be to construct a dam on the McLeod River to divert water via a canal to the Lobstick River. The canal would cross Wolf River which also would be dammed and diverted. From the Lobstick the water would flow into Chip Lake to the Pembina River. A dam would divert the Pembina and a canal would carry the water across the height of land between the two drainage areas.

The canal could be diverted either into Wabamun Lake and reach the North Saskatchewan River above Edmonton, or flow into Round Lake, Lake Leduc, Lake Assiniboia and along the Starvation River through Big Lake to the Saskatchewan. This would release water from Edmonton near Fort Saskatchewan.

Geological reports indicate that most of the lakes in this area are remnants of one large lake, so that the basin between them would be ideal for water storage. The report states that while such a scheme would be expensive, it is well justified from an engineering viewpoint.

Drainage basins of the rivers are: McLeod, 1,500 square miles;

HONEY BEES AS POLLINATORS

To produce good viable seed from alfalfa or clover, pollen must be transferred from one flower to another. One of the best agents in this transfer is the bee. A large population of bees (wild bees or honey bees) has a marked effect on the seed of these plants.

W. C. McInnis, Provincial Apiarist, advises that an acre of clover may have as many as 600,000 individual flowers, all capable of being cross-pollinated and all capable of setting seed. The population of bees required to effect this would be enormous, but experience has shown that two strong hives to the acre will at least double the seed yield of alfalfa, sweet clover and red clover under ordinary conditions.

Expert Repair Service

After some delay we now have the latest and most modern equipment to service your car, truck or tractor.

We have also acquired the services of Mr. Johnny Tymchuk, formerly with Rosewell and Strabach Motors, North Edmonton. Mr. Tymchuk has had many years of experience in all phases of motor overhauling and repairing and will be glad to have you call in for a car check-up.

New Badges Ready For C.D. Members

Supplies of the Province of Alberta Civil Defence badges are now available for issue to C.D. organizations on request. The distinctive gilt and enamel badges bearing the heraldic crest

of the province are to be provided free of charge to eligible members. To be eligible for a badge a member of a C.D. organization must complete and sign a Civil Defence enrollment card and must be serving actively on the Civil Defence organizations of the province or municipality. If, or she, must also have either passed a

C.D. course of instruction on the federal, provincial or local level or have attended a minimum of 12 quarters submitting a list of 12 C.D. meetings.

In the event of any member serving his or her connections with the Civil Defence Corps of Alberta they must return both the badge and the accompanying identification card.

Organizations requiring a supply

of these badges are advised to communicate with C.D. headquarters submitting a list of 12 members to whom these badges are to be loaned, together with an indent. Organizations are also advised that the issue of these badges is the responsibility of the director and that he will be required to maintain proper records of all recipients of the badges.

M.D. Council...

Continued From Page One
The Secretary was instructed to reply to the Chairman, Edmonton District, regarding the Commission's public relations committee had with the Council on March 28, 1932. The Council agreed to accept the recommendations of that committee, but at the same time reserved its right to alter and modify the general plan as it deemed advisable in the interests of the Municipal District.

The Council gave its approval to the amendments to the outline given Canadian Industries Limited for the purchase of the mineral rights in the NW 36-32-24-W4.

Authoria was given to purchase land in Section 8-53-22-W4 for use as a road diversion at a price of \$200 per acre plus cost of fencing and other incidental damages.

The Council considered considerable time regarding the selling of the land in the Municipal District. It was decided to ask the various farmers to have their land surveyed, and if they decided to sell it, to have it surveyed. The Council also decided to have a road survey of the land in the Municipal District. The Council also decided to have a road survey of the land in the Municipal District.

On April 10 the Council turned its attention to consideration of the estimated expenditures and revenues for the current year. The total estimated expenditures for the year amounted to \$770,000. After taking into consideration the revenue from sources other than taxation, a mill rate of 34 mills, the same as last year, was adopted by way of bylaw.

The Council inspected R. W. Johnston's coffee shop in Crescent View before issuing a permit to operate same.

The appointment of an engineer to oversee road work was discussed at some length, but finally left in abeyance.

Mrs. Klynsch, Miss Edward Addison, was in attendance to protest against the condition of the road leading from the Ave. north to her property. While this road had been inspected by the Board and Council, Mr. Addison advised her that he would re-inspect same on the following morning to ascertain what night and should be done.

Northwestern Utilities Limited forwarded a communication in which they advised that they were prepared to assume the cost of building the road to their well in Section 8-54-21-W1, on which they had been granted a permit to travel during the road ban.

The Council authorized the sale of 616 of an acre, containing 32-22-32-24-W4 to Canadian National Railways for a right of way for their proposed new line.

During the month Council held two Interim Development Board meetings as well as two committee meetings. The matters discussed at these meetings will be reported in the next meeting of the Council.

With the reading of Mayor's correspondence, the reading of reports and accounts, the meeting adjourned to meet again on Monday, May 12, 1936.

Marriage Records Proof of Age

An unusual problem has cropped up as proof of age for many who know how old they are — but can't prove it.

With the introduction of the new age pension plan, applicants must be able to prove they are in the eligible age group. In the modern day of efficient birth registration, proof of age is no problem. But it was a different story 70 years ago.

Birth Certificates Not Available

Many of the old timers came from the Ukraine or from behind what is now known as the Iron Curtain, where it would be almost impossible to obtain a copy of their birth certificates if any existed.

Many others came from eastern Canada and in some cases their birth records were never registered; others were born in the United States where no general system of birth registration was introduced until recent years.

But the Vital Statistics Division of the Department of Public Health has found the solution to this problem.

Many of these problems on the top shelf in its records from gathering dust and filed away where it was thought they would never be used again are the early marriage records for Alberta.

Alberta timers who were born in Alberta should have no trouble in proving their age," said A. Pack, Deputy Registrar General. "We have records for births, marriages and deaths as far back as 1800. When the Province was formed in 1905, we took over all records for our part of the North West Territories."

Vital Statistics Division

Mr. Packford explained that old timers from Europe, eastern Canada and the United States now are having difficulty proving their age, also find their own records in the Vital Statistics Division.

"Although many of the old timers were not born in Alberta, they may have been married here," stated Mr. Packford. "When the certificates are made out, their ages appeared on our records. This is proof enough to qualify for old age pensions."

At the present time, more than a dozen requests for copies of marriage records are received by

the division daily. The original records are no longer on the top shelf, but have been moved down within easy reach of the busy staff.

Anyone married in Alberta who requires proof of their age should write to the Vital Statistics Department of Public Health, Alberta Jasper Building, Edmonton. The name of the bride, the place of marriage and the approximate date of marriage should be included with inquiry.

Cultural Achievements To Be Recognized

Albertans who have created works of artistic and cultural significance will be honoured through the Alberta Academy, a new cultural body which will be set up to be in operation on July 1 when the Alberta Government's Alberta Academy Act comes into effect.

Alberta artists worthy of the high honour will be elected members of the Alberta Academy. They may be artists, sculptors, composers, authors or anyone who has created a work of cultural significance.

Members of the Alberta Academy will be elected by a committee of persons, known as electors, and appointed by the Attorney General.

The Academy will be a body which consists of chairmen of various boards appointed under The Cultural Development Act such as the drama and music boards, and electors who are persons who have made individual contributions to the arts or hum-

anities or who have made an original offering in behalf of any cultural activity.

The Alberta Academy will be administered by the Arts Administrator. The Academy can receive

gifts, donations and bequests and donors' scholarships to encourage interest or study in artistic and cultural fields. It may also make grants to assist in cultural development.

Production of FORD TRACTOR to Continue without Interruption

We are happy to be able to tell you that the lawsuit brought more than four years ago against Ford Motor Company, Detroit, Mich., and Dearborn Motors Corporation, Birmingham, Mich., by Harry Ferguson and Harry Ferguson, Inc. has been settled by agreement of the parties.

There are three points connected with this settlement which, as a present or possible future owner of a Ford Tractor, we want to make clear to you. Regardless of what you may hear to the contrary, these are the FACTS.

3 POINTS OF INTEREST To Our Present and Future Customers

1. Ford Motor Company will continue production of the present Ford Tractor without interruption, and Dearborn Motors Corporation will continue to market them nationally as in the past. (In Canada, Ford Tractors and Dearborn Farm Equipment are marketed by Ford Motor Company of Canada, Limited, through its 750 Ford-Monarch Dealers.) By the end of 1932, Ford Motor Company has agreed to make two simple changes, and only two changes, in the means of operation and control of a pump used in the hydraulic system in the Ford Tractor. After these simple changes have been made, there is nothing in the settlement of the suit to prevent Ford Motor Company from continuing the manufacture of the present Ford Tractor for as long as it may choose.
2. Ford Motor Company will continue to produce and Dearborn Motors Corporation will continue to supply, through its distributors and dealers, all repair parts for all past, present and future Ford Tractors.
3. Ford Tractors will continue to offer all the advantages of the present system of hydraulic control, the present method of attaching and operating implements, and all other features which make for their wide popularity. Dearborn Motors will continue to offer its complete line of implements.

A STATEMENT

By Mr. Harry Ford II

"In normal times Ford Motor Company would carry such a suit to a final conclusion in the courts. There are no normal times. Under the circumstances we were glad to get rid of the litigation to avoid the expense, harassment, and further interference with our tractor business involved in additional years in the courts.

"The settlement in no way interferes with Ford Motor Company's continuing to offer to the farmer the lowest priced tractor with hydraulic control and the present method of attaching and operating implements."

ENTIRE COUNCIL MEETING TAKEN UP INTERVIEWING DELEGATIONS

Monday's Council Meeting was somewhat of a record. It was the first time that the entire session of the council was taken up with delegations. In all seven parties were present to interview the council which completed its meeting at 8 p.m. and adjourned at 10:30 p.m.

Fort Pioneer Passes Monday

Funeral services were held Wednesday afternoon at St. George's Anglican Church at 2 p.m. It was informed this would be the last time that the Pioneer and Camp's store Council informed him that the Bylaw to close this lane had not yet been passed but steps would be taken to have it passed.

Mr. George Crumbar asked Council for transfer of title as he has now completed his house. He was informed this would be done.

Mr. Leigh Hill and Mr. Alf Westman, two Fort men who took the Civil Defence Committee, were present to ask Council to appoint a Civil Defence Committee, who would be appointed to a committee for this area. They outlined to Council the great amount of work involved in the committee and a Civil Defence in the Fort. Complete maps of the town are required. Mr. D. Moore of Edmonton and Mr. Moore of High River, a sister, Mrs. L. Browne of Fort Saskatchewan, and a brother, E. A. Davies of Edmonton. Six grandchildren also survive.

Mr. Mike Prosser was interviewed the council and also asked for the lane property next to him. He was informed that this lane had not yet been made and nothing could be done at present.

Mr. Tim Laguerre made application for the lane property next to him. He was informed that this lane had not yet been made and nothing could be done at present.

Mr. Jim Russell was present and asked permission to have a tourist trailer camp on the vacant property next to his business. He informed Council he would provide power and water and sewer facilities for those who parked. Council asked him to provide a sketch of his proposed plan and they would deal with it at their next meeting. He was also informed that he would be required to provide a business license if granted.

Mr. Fort Felix asked Council for a raise in pay. This will also be dealt with at the next meeting.

PREMIUM OILS AND

TARIFFS ATTACKED

Disappointment is there, not being more tariff reductions in the 1952-53 federal budget was expressed by R. J. Wood, Liberal member of the house of commons for Norway, Manitoba. The people of western Canada, he said, particularly were affected by tariffs that were erected to protect industry in central Canada. Under the protection of those tariffs Canadian manufacturers are growing rich, said Mr. Wood, while people in the west had to pay artificially high prices. The \$60 million payment made from the federal treasury to western farmers in a wheat price settlement last year was "pale money" of 10 days.

District Couple Celebrate 60th Wedding Anniversary

Pioneers of the Edmonton district for about 55 years, Mr. and Mrs. Jacob Seutter, R.R.2, South Edmonton, marked their diamond wedding anniversary recently. Mr. and Mrs. Seutter were wed April 16, 1892, at Valentin, Russia. Their three oldest children alongside the hundreds of millions of dollars of the west had been sent into central Canada because of too-high prices, he stated. If tariffs were lowered 25 per cent, he predicted that the cost-of-living index would fall 15 points inside 10 days.

Mr. Seutter was born in 1867 at Leuch, Poland. His wife, the former Christina Bessitis, was born at Helenka, Russia, in 1874.

Mr. Seutter received her education from a German Christian Missionary in Russia, consequently the family tongue is German.

of their 10 children all but three taken up residence on farms near their parents. Their family includes Mrs. Herman Lengel of Vancouver, Mrs. William Hoskman, Gustaf, Gottlieb, James, Fred, Edward, Henry, David and Leonard, who makes his home in Edmonton. They have 31 grand children and in great-grandchildren.

Mr. and Mrs. Seutter have been farming since 1910. Several guests gathered during the evening to offer their congratulations to the old couple. The guests included Mr. and Mrs. Scott who served on this field for several years. We extend our sincere sympathy to Dr. Scott and family.

Several ladies from Ardrossan motored to Partridge Hill on Thursday to attend the Mothers' Day tea there.

Rev. H. G. Rice will be in charge of the service at Ardrossan on May 18th when the Rev. M. A. Johnson is away at conference at Leithbridge. Service will be held at 11:30 a.m.

We extend congratulations to Mr. and Mrs. Hugh Hutchison who celebrated their 25th wedding anniversary May 13th.

Mr. Wm. Dowling has been bedridden at Medicine Hat this past week. Wonder what the attraction is?

Sympathy is extended to Mrs. O. Borg (the former Florence Barrett) in the loss of her husband. Interment was at Fairmont cemetery, Ardrossan on Saturday.

We also extend our sympathy to Mr. and Mrs. Harvey Haakaa in the loss of their infant son, David Harvey.

The Mothers Day service at the O. Borg (the former Florence Barrett) in the loss of her husband. Interment was at Fairmont cemetery, Ardrossan on Saturday.

A baptismal service was also held when the children of Mrs. Gust were baptized.

The barn dance at the hall on Saturday night proved very popular, showing after all, that people do have a hankering for the country. The hall was decorated with stable lanterns, bales of hay, harness etc.

Mrs. Roy Warnock and Miss Joyce Maxwell were prize winners for the ladies, each receiving a fine chicken which caused much hilarity. Mrs. Fred Loders and others received other prizes.

The United Workers W.A. are holding their anniversary program and strawberry social on June 2 at 8 p.m. Watch the ads for more news later.

Mr. and Mrs. Jack Bradshaw, Laverne and Lorna of South Cooking Lake were visitors in the district Sunday.

Surprise Party For Local Girl

A surprise birthday party was held in the Union Hall on Friday, May 9, in honor of Miss Audrey Henderson.

Dancing and numerous spot and trick dances were enjoyed throughout the evening. Joyce (Gallows) winning most of the prizes.

A special thanks to Christine Robertson, Shirley Wilson, Grace Magee and Lorna Underhills for the time they spent making the evening the success it was and also to all who attended.

Ardrossan News

ARRDRSSAN Our congratulatory to Billy Dowling on his success in basketball at U. of A. and attaining his BSc in engineering. The school is offering for Tuesday's football to take a position with the U. of A. of Keston.

The district was deeply shocked to hear of the death of Mrs. Scott, wife of Rev. Dr. Charles Scott who served on this field for several years. We extend our sincere sympathy to Dr. Scott and family.

Several ladies from Ardrossan motored to Partridge Hill on Thursday to attend the Mothers' Day tea there.

Rev. H. G. Rice will be in charge of the service at Ardrossan on May 18th when the Rev. M. A. Johnson is away at conference at Leithbridge. Service will be held at 11:30 a.m.

We extend congratulations to Mr. and Mrs. Hugh Hutchison who celebrated their 25th wedding anniversary May 13th.

Mr. Wm. Dowling has been bedridden at Medicine Hat this past week. Wonder what the attraction is?

Sympathy is extended to Mrs. O. Borg (the former Florence Barrett) in the loss of her husband. Interment was at Fairmont cemetery, Ardrossan on Saturday.

We also extend our sympathy to Mr. and Mrs. Harvey Haakaa in the loss of their infant son, David Harvey.

The Mothers Day service at the O. Borg (the former Florence Barrett) in the loss of her husband. Interment was at Fairmont cemetery, Ardrossan on Saturday.

A baptismal service was also held when the children of Mrs. Gust were baptized.

The barn dance at the hall on Saturday night proved very popular, showing after all, that people do have a hankering for the country. The hall was decorated with stable lanterns, bales of hay, harness etc.

Mrs. Roy Warnock and Miss Joyce Maxwell were prize winners for the ladies, each receiving a fine chicken which caused much hilarity. Mrs. Fred Loders and others received other prizes.

The United Workers W.A. are holding their anniversary program and strawberry social on June 2 at 8 p.m. Watch the ads for more news later.

Mr. and Mrs. Jack Bradshaw, Laverne and Lorna of South Cooking Lake were visitors in the district Sunday.

First Dance Proves Success at Lake

SOUTH COOKING LAKE—The first of our Saturday night community dances was held on the evening of the tenth; and in spite of the major attractions of Lake View, a satisfactory company gathered in our hall and enjoyed the social friendliness that a smaller party usually provides. The music of the Silver Saddle Ranch Boys was well received.

Surly St. Mark's Church, after her long winter of desolation, rejoined in every rafter, beam and joist last Sunday morning as she opened her door in welcome to the capacity congregation, which assembled and filled every pew on this first of the year's weekly services of worship and praise.

And surely our new student minister, Mr. Terry Anderson, also related to look upon our hall as church of welcome on this first preaching appointment on his Minisk field. Let us see it is that we do not fall away and break our opening promise to him but with our presence and attention let us support him fully throughout his ministry among us.

After the service an early meeting of the Church Board was arranged for the purpose of formulating plans for the year's Christian activities.

SEEDING FORAGE CROPS

Each year thousands of pounds of forage seeds are needlessly wasted in this province, says J. E. Birdall, Alberta supervisor of crop improvement, because of seeding in loose soil, seeding too deeply, seeding in a rough seed bed, seeding into dry soil, and using a companion crop unwisely. The seed should be firm and moist. If the soil is dry, it is not a good idea to plant forage crops. Seeds of legumes and timothy should not be planted more than one-half an inch deep, while the larger seeds, such as alfalfa and creeping red clover, may be seeded at an inch deep. Seeding forage crops into stubble without cultivation is a good practice, provided weeds are not too prevalent. Companion crops, says Mr. Birdall, may be used in areas of adequate rainfall, but in the drier areas they compete too severely for soil moisture.

Favor St. Lawrence Seaway Project

Spokesman for the admission of U.S. participation in the construction of the St. Lawrence seaway, N. B. Danielian believes that Congress will vote in the favor. Speaking in Toronto, he said the Canadian viewpoint has not been well explained in Washington and that

the Canadian decision to build the seaway alone has been taken as a bluff. When the U. S. thoroughly understands Canada is not bluffing, Mr. Danielian believes, it will become a partner in the project.

No beef or pork will be allowed to come into Canada from anywhere. This statement was made by St. Hon. J. G. Gardiner, federal minister of agriculture.

W.I. Offer Prize To Best All-round Graduating Pupil

Regular monthly meeting of the W.I. was held at the home of Mrs. Sherman on Tuesday afternoon. The meeting opened by reading the "Clubwoman" creed in unison.

The president reported the enjoyable day of work done at the cemetery last Wednesday with the aid of the Lions Club and the grand cooperation of the whole community. It was decided that the sum of money which had been given to the Institute Cemetery Fund as a memorial should be spent on the erection of a new gateway entrance to the Cemetery. The Cemetery Committee will report as to the cost of material and work of this project at the June meeting.

A report by Mrs. Mager on the finances of the Cancer Campaign showed that the drive was progressing nicely.

Further arrangements were made regarding the constituency conference to be held at Fort Saskatchewan June 14 in the United Church. The United Church W. A. will enter for the hot lunch to be served to the delegates on the day of the Conference.

The W. A. Mothers Day Tea and Bazaar held last Thursday was a success in every way and the ladies of the W. A. would like to take this opportunity of thanking all who attended and made it the success it was.

MIX WAHLES

In order that the appetite for other foods may not be spoiled, it is a good idea to mix milk to a child towards the end of the meal rather than at the beginning. Because small amounts of milk are best given an hour or more before the regular meal.

Community Club Meeting at Clover Bar Discusses Improvements at Local Risk

CLOVER BAR — On Monday, May 5, the Community League met in the school house. Linas Meyer was chosen manager of the

senior ball team. President Gordon Meyer was chosen captain and a lively discussion re levelling the skating rink is likely to produce results and a motion to have a task for the rink was mooted. Due to the fact that a well to supply the water proved itself a dry well, all water used to flood the rink has to be hauled.

The community placed its resources behind the Truck Meet and the ladies will operate the booth with their usual efficiency. Alf Broderson and W. Dave Huston are in charge of arrangements.

We welcome the Motor family back to the houses of Clover Bar. Another wanderer returned!

The Clover Bar Senior ball team is organized for action. Oscar Meyer was chosen captain and Wilmet Van Camp accepted the position of coach.

The Edmonton Rural Pathball League plays its first game May 14. It is believed that Clover Bar plays its first game May 16, but the schedule at present is only tentative.

The village girls have broken the stronghold of winter by organizing for Basketball. They are fortunate in acquiring the expert coaching of Joan Smith. We have a splendid supply of raw material which awaits only Joan's hand to shape. Meanwhile the girls themselves are busy practicing the art of scoring.

By the way the date of the Truck Meet has been set forward a little to May 30 — this in case it should be necessary to postpone for a week or two in weather. Mr. Wright of Colchester has accepted the Presidency and Miss Innes of Clover Bar has undertaken the Secretarial end. It will be only fair to your Executive to see that teachers of participating schools send in their returns in good time. The drawing up of score charts is an arduous piece of work.

Clover Bar Centre 215 sent a softball team up to the Village on Friday last for a practice game. The school has an effective little team which would give a good account of itself on Truck Meet Day. This is not intended to discourage other aspirants to the softball trophy. There's plenty of room at the top.

Alpha MILK NOW! VITAMIN D INCREASED For baby's best feeding success ALPHA MILK is BEST!

East Edmonton News

EAST EDMONTON — Mr and Mrs. W. B. C. Chamberlain left last week for a six month holiday to the British Isles.

Congratulations go to Mr and Mrs. Claire Harrison on the birth of a son.

Birthday greetings for the week go to Berta Hrusz.

A speedy recovery is wished to Miss Jean Lawrence who has been ill with virus pneumonia.

Mr. M. Watson, accompanied by his sister, returned home last week after spending the winter in Hamilton, Ontario.

Mr. Watson of New Westminster, B. C., is visiting at the home of Mr. and Mrs. T. Lawrence.

Mr. and Mrs. E. Taylor of Grande Prairie were Sunday visitors from G. B. Briggs home.

Agricultural Schools Opening October 21

Honorable D. A. Ure announced that the Alberta Schools of Agriculture and Home Economics at Oida, Vermilion and Fairview will open for the 1952-53 term on Tuesday, October 21, and close on April 1st, 1953.

The regular two-year course and the two-in-one course in both agriculture and home economics will be available at the three schools during the coming winter.

Prospective students must be at least sixteen years of age to be eligible to attend a School of Agriculture and Home Economics. There are no academic requirements for students who enroll in the regular two-year course, but it is desirable that they have a Grade VIII standing. Students who have completed seventy high school credits may enroll in the two-in-one course. The latter course is of one year's duration. Applications for entry to the

schools of Agriculture and Home Economics should be made at an early date to the Principal at Oida, Vermilion or Fairview.

Pacific coast ports are expected to ship 100 million bushels of grain by the end of the season, July 31st, thus breaking all previous records. Up to last weekend Vancouver alone had shipped 71 million bushels.

Turn Sky Pirates to Escape from Yugoslavia

Six Yugoslav air passengers are shown on their arrival in the British zone of Austria, after they pointed empty guns on the pilot and co-pilot of a Yugoslav commercial plane and forced them to land at Grass airfield in the British zone. British authorities permitted the plane and other passengers to return to Yugoslavia. Two of the refugees are Canadian while two others reportedly have visas for Canada but were not permitted to emigrate by the Yugoslav. Left

Recipe Corner Home Economists Offer Timely Suggestions for Rhubarb Preserving

Stalks of red rhubarb are now coming through the ground now in the time to use as much as possible of this luscious fruit, and to can or freeze some for later use.

CANNING RHUBARB
Cold Pack Method
Wash, cut rhubarb in half-inch pieces. Pack a medium sized syrup with one cup sugar and cup water (this makes about 14 cups syrup), cover fruit with boiling syrup, leaving headspace. Process in boiling water bath, allowing 10 minutes for pint sealers or 20 oz. cans and 15 minutes for quart sealers or 28 oz. cans. Canada Department of Agriculture.

Freezing Rhubarb
Choose early spring rhubarb of good colour. Use any one of the following methods:
1. Wash and cut stalks in one inch lengths. Make a medium syrup, using one cup sugar to one cup water. Pack rhubarb in cold

Hot Pack Method
This method is especially recommended for canning rhubarb for making pies or puddings. Wash, prepare rhubarb and crush part of it in the bottom of a preserving kettle. Add remaining fruit and heat for a few minutes or until juice just starts to flow. If necessary, add a little water to prevent scorching. Pack in sealers or cans, crushin fruit slightly so that it is covered with its own juice. Sprinkle 2 1/2 cups of sugar per quart sealer to cover tops of containers by at least three inches. When adding boiling water, care should be taken not to pour it directly on sealers. Place a rag or blanket over the tub, twisting it in well around the sides. Leave 10 to 15 minutes for quart sealers or 28 oz. cans. Canada Department of Agriculture.

Raw Canning Method
Pack raw rhubarb in sterilized sealers or cans and cover with boiling syrup, leaving headspace. Completely seal. Place on several layers of newspaper in a tub and pour in enough boiling water to cover tops of containers by at least three inches. When adding boiling water, care should be taken not to pour it directly on sealers. Place a rag or blanket over the tub, twisting it in well around the sides. Leave 10 to 15 minutes for quart sealers or 28 oz. cans. Canada Department of Agriculture.

to right the refugees are: Marianne Nikolayev, 27; Mrs. Agnes Nikolayev (mother); Sophie Nikolayev; Johann Nikolayev and Josef Bokov, former editor of a Belgrade weekly newspaper.

syrup to cover OR pack in dry sugar, using 4 pounds prepared fruit (about 11 cups) to 1 pound sugar (2 cups).

2. Remove leaves and root ends cut stalks to uniform size, about 8 to 10 inches. Tie in small bundles, carefully wrap in moisture-vapor-proof paper and tie or seal securely.

3. Make into sauce Sweeten to taste and pack cold. Canada Department of Agriculture.

For complete canning and freezing instructions, write to the Canada Department of Agriculture in Ottawa for their free bulletins "Home Canning of Fruits and Vegetables" and "Freezing Fruits and Vegetables".

An official of an American fertilizer company says that the United States corn crop could be increased to 4 billion bushels this year if all farmers would use the best hybrid seed available, proper seeding methods and fertilizers. Last year's corn crop was 2.9 billion bushels.

There Are Doomed

At the present rate of destruction a great deal of Canada, even in those sections where trees grow quickly, easily and naturally, will soon be stripped bare of trees. There will be nothing to break the monotony of rows of buildings, telephones or power poles.

In Europe there are severe laws

about cutting trees. In some cases two new trees must be planted for every one removed. In those older and much more thickly populated countries there are far more trees in the cities and along the highways than in Canada and in farm country woodlots are most numerous and larger.

It takes from 50 to 100 years to grow a tree in Canada. It takes from five minutes to 10 minutes to cut it down.

Timely Farm Notes

Farmers Urged To Aim At The Ideal Field Shelterbelt

Under the climatic and soil conditions of Western Canada, the ideal field shelterbelt is not easily developed or often found. Because of the many advantages of well-developed and properly cared-for shelterbelts farmers are urged to aim at the ideal.

An ideal shelterbelt should:

1. Reduce wind velocity thereby lessening soil erosion and reducing loss of moisture directly from the soil and indirectly through plants.
2. Give needed protection to young plants growing in adjoining land.
3. Control movement of snow so that the soil, and perennial vegetation (hay crop) may remain protected by snow in winter.
4. Provide protection to beneficial birds and afford nesting facilities.
5. Delay melting of snow in spring.

For general crop production, a very dense growth is not the most desirable. A reasonable amount of snow drifting through a field shelterbelt on to adjacent land seems to be more desirable than concentrated snow accumulation near the belt. Where roadside protection is the main objective density may be desirable.

be bought and sold on a grade basis in the cities of Calgary, Edmonton, Lethbridge, Medicine Hat and other towns. The Honourable D. A. Ure, Minister of Agriculture, has advised that following his close study of recommendations from producer and consumer groups for the sale of grain on a grade basis, the Government has decided to establish the necessary legislation.

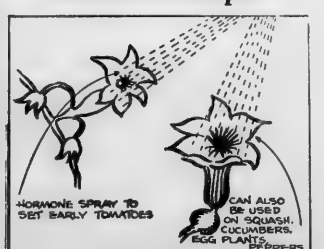

Mr. Ure said that the grading will be done under the supervision of officers of the Federal Department of Agriculture, and that distinctive tags or marks will be used to distinguish the various grades. These grade regulations will apply to all purchases and sales in the cities mentioned, but will exempt producers who sell, transport or drive dressed or eviscerated poultry direct to the consumer, providing the poultry was produced on their own farms.

Master Farm Family Awards

Nominations should be made now for the Master Farm Family Award for 1962, says Extension Service, Department of Agriculture. June 1st has been set by the Department as the closing date for the necessary steps. All that is necessary is for three farm families to decide that one of their neighbors should be nominated. See the District Agriculture office for full information and a nomination form. Boards of Trade, Service Clubs, and similar organizations might interest themselves in promoting nominations.

Any farmer is eligible who is a Canadian citizen, has farmed for twenty years, and has reached his present financial status by farming rather than from some other business.

Garden-Graph

You can have tomatoes weeks earlier than your neighbors by applying a hormone spray to the first flowers that appear on the plants.

The blossom-stem hormone spray can be applied with a small atomizer. The spray should be directed into the flowers as shown in the accompanying Garden-Graph.

The first flowers on tomato plants have a natural tendency to fall off. Spraying each blossom with a hormone spray will prevent flower drop and result in fruit one to three weeks earlier. Many of the fruits will be seedless.

The hormone spray for this purpose can be purchased at most seed or garden supply shops. It

can also be used on cucumbers, peppers, eggplants and squash. If you have the patience you can also pollinate tomato flowers by hand. Take a small brush or a bit of cotton and touch first one flower and then another and you will get many of them to pollinate.

When you have the patience you can also pollinate tomato flowers by hand. Take a small brush or a bit of cotton and touch first one flower and then another and you will get many of them to pollinate.

When you have the patience you can also pollinate tomato flowers by hand. Take a small brush or a bit of cotton and touch first one flower and then another and you will get many of them to pollinate.

Naval Cadet Flight Leader Nigel Brodeur, of Vancouver, is seen receiving last minute speeches up at the hands of the two of his classmates, Air Cadet Henry Bepko, of Kamloops, B. C. left, and Navy Cadet Peter Watson, of Toronto, prior to the graduation exercises at the Canadian Services college, Royal Roads, Victoria, B. C. Sixty-six cadets were in the graduating class which was

crossed followed by the C.N.R. line Edmonton to Athabasca—trail of the Woods Cree, followed by C.P. line; Edmonton to Lac La Poudre, trail of the Woods Cree; Edmonton to the C.N.R. line and Edmonton to Whitecourt, trail of the Woods Cree, followed by the C.N.R. line.

Protest Location . . .

Continued from Page One
the new highway. They maintain the most logical as practically all the milk trucks use this route to go to the city every day. However, the protest of the vendors are not to be held, as following a tour of both roads by Dept. of Highway officials work has been resumed on the Bremner road to make it into a new highway to connect with No. 18.

Many people enjoy a last smoke in bed while they read themselves to sleep. If the smoker does and the cigarette falls onto bedclothes or floor, it could well be his very last smoke. The burning end of cigarette or cigar, falling into the bedclothes or floor, may easily cause a fire which burns the fabric. It is never wise to smoke when very sleepy. If there is any danger of the cigarette coming in contact with inflammable material.

Mr. and Mrs. Frank Pallard and son Bob of Newbrook, Alta. Mr. and Mrs. Lauren Lambert and daughter Lorna and Edith of Opau, visited Mrs. E. Pollard here for Mothers Day.

Little Items of Local Interest

Mr. Gordon Jacox left for Ahoy, Sask., Tuesday where he will be working for the summer months with the Independent Exploration Co.
Mrs. Faulkner left Wednesday for the west for a month's holiday. While away she will visit her daughter and son-in-law, Mr. and Mrs. G. McCullough at Ponzi River.

Mr. and Mrs. J. Wiebe left Sunday to spend a holiday at the Pacific coast.

A very pleasant evening was spent Tuesday at the guest house of Mr. and Mrs. C. D. Jacox when the Handicraft Guild held a social evening. Mrs. Jacox entertained with the showing of moving pictures taken on their recent trip to Hawaii Islands. Lunch was served at the close of the evening.

Mr. and Mrs. Frank Pallard and son Bob of Newbrook, Alta. Mr. and Mrs. Lauren Lambert and daughter Lorna and Edith of Opau, visited Mrs. E. Pollard here for Mothers Day.

The B and B Plumbers have started up their building by adding a coat of stucco.

We welcome Mr. and Mrs. Church to Fort Saskatchewan. They have bought the former J. T. Lalonde home.

Mr. and Mrs. Charles Alton spent the week-end at their home in the Hill.

Mr. Bill Walton left Wednesday for Ottawa where he has taken a position with the Federal Government.

TO THE MAN ON THE LAND

BEN S. PLUMMER
Chairman, Board of Directors,
Alberta Wheat Pool

A Personal Message

This is a request for greater support for Alberta Pool Elevators. Please this season to deliver your grain through.

The Alberta Wheat Pool is an Alberta farmers' co-operative organization. It happens that I am chairman of the board of directors. I am a working farmer like yourself. Having been chosen to head this organization, I am doing my best to make it a success.

Every bushel of grain delivered to an Alberta Pool Elevator makes an important contribution to the farm co-operative movement.

The farm co-operative movement is the greatest and most effective effort in self-help.

If you are not a patron of Alberta Pool Elevators, I ask you to be one. If at all possible, deliver your grain this season to a Pool elevator. Let us make this Alberta grain co-operative an outstanding success story. A monument to the enterprise, solidarity and co-operative spirit of Alberta Farmers.

BEN S. PLUMMER

High Priced Feed, Help

Pioneer Yukon Dairyman Retires from Business

Dawson City and the Klondike River, Bennett, Eldorado, Gold Bottom and Hunter Creek. These names all call to mind the turn of the century, visions of famous discoveries of free gold of dance hall crowds and restless living; but particularly of ice and snow, and the scorching balldogs of Robert W. Service and Jack London. All of course are more or less relevant.

Few, on the other hand, would visualize a pastoral scene, a river valley, fields of bronze grass pastured and a grade herd of dairy cattle grazing thereon, and this herd in mind, just beyond N. Lat. 64 degrees and approaching the Arctic Circle, says J. W. Abbott, officer in charge of the Experimental Farms Service, most northerly Substation at Whitehorse, Y.T.

For many years, nonetheless, a scorching venture of 98, Mr. A. Fournier, established a dairy establishment within sight of most of legendary events. Bench sites of the Klondike river provided pasture and forage, and the settlement of Dawson City, eleven

miles distant, represented a steady market for his dairy products, principally fresh-milk.

As a rule his dairy herd averaged twenty-five to thirty head of grade animals. The cowboys for a milk cow of mixed blood, a Holstein-Shorthorn cross, and the animals of his herd in recent years were of a uniform and commendable type. When an animal's productivity showed a steady market for fresh milk in Dawson awaited her conversion.

Winter feed consisted mainly of bronze grass hay. Some years a small acreage of oats was sown, and cut green to supplement the straight diet of bronze. Other years Mr. Fournier purchased alfalfa in Vancouver, B. C. which came by coastal steamer to Skagway, Alaska, then by White Pass and Yukon railway to Whitehorse, Y. T., and finally by British Yukon Navigation river boat from Whitehorse to Dawson City. The cost of this alfalfa, landed at Dawson, was from two hundred to two hundred and fifty dollars per ton. It was fed during the latter winter months to induce an early spring milk flow, and at the same time to build up the producing members of the herd.

The establishment carried also a number of Yorkshire hogs, and a small flock of poultry. Eggs and waste produce from the barnyard, found waiting consumers in these farm enterprises.

The operator delivered his milk bottled, in Dawson City on alternate days of the week. The price delivered was 25 cents per quart. Meat was delivered during the cold months, quartered and sold at 55 cents a pound. On native forage alone the meat, critically first class, frequently carried excess poundage of fat.

Of recent years Mr. Fournier has met increasing difficulty in securing manual help. Explaining the problem he points out that in a territory where miners wage prevail, an agricultural employer must meet the established rates or accept inefficient or reluctant help. Even this help, when available, responds only to an eight hour day and a five and a half day week. The dairy industry can scarcely continue.

The record concludes in liquid-

ation during the past year this country's dairyman, due mainly to falling prices and advancing costs, has been selling off his assets and turning out of the business. In the local meat market, the difficulty is a neighborly one. The small-cow farmer is unable to profitably maintain the herd, and the small-cow farmer is unable to profitably maintain the herd, and the small-cow farmer is unable to profitably maintain the herd.

They're at It Again

Fires here and there throughout the country are again racing burning away, only destruction of valuable stock-raiding and soil-building fire, but of a considerable portion of plant food contained in the straw.

Urging strongly against this thoughtless waste, F. A. Christie, Extension Agricultural Engineer, Alberta Department of Agriculture, points out that the need for stable housing seldom occurs. In almost every case, he says, properly applied machine could cut, spread and incorporate this trash into the soil surface. And there are benefits to be received from such practice. Straw in the soil surface and above it will cut down wind velocity sufficiently to reduce, if not eliminate wind erosion. Straw on the field surface slows down water flow increasing absorption and decreasing erosion. This trash effectively reduces the puddling effect of rain drops that so rapidly rain-proof our field surfaces. In addition, this straw and trash is a plant food reserve in the soil if it is left where it can be broken down.

The use of a harrow, or some other aerating device to evenly distribute the straw across the field, followed by a sharp tiller or disk, correctly hitched and adjusted, will cut up almost any amount of straw that is liable to be encountered. In extremely heavy trash, or where for seedling with some drills the straw must be short, two strokes with the one-way or disk may be necessary. While this may mean extra work in the spring, it will be well repaid by the valuable trash that is saved to work for you.

It is believed that about 2,000 acres are the ancestors of Canada's Eskimo lived among the forests north of Lake Superior.

SCOTT'S SCRAP BOOK

Two men, young in years but old in the ways of the Arctic, are on route to Banks Island, 1,000 miles from the North Pole, where they will travel by canoe in a region unvisited by white men's ships for 60 years. To 40-year-old Tom Manning, left, an Arctic adviser to the defence research board, and 30-year-old Andrew MacPherson, both from Ottawa, the journey will not be a new experience for them as the

former has been going to the Arctic for the past 25 years while the latter will be venturing into the far north on his fourth trip. In addition to studying the geology of the area for the defence board and collecting geological specimens the two explorers will test light rubber boots, seen above, that will take the place of sealskin boots, during their six months' stay in the cold north.

School Flashes

On Thursday, May 10, the P. H. students are going for their annual picnic at Elk Island Park. The school buses are transmuting. The boys and girls, the afternoon, spent playing soft ball and a good race will bring the evening to a close.

BIOGRAPHIES
Miss H. G. (Mrs. Mary) T. 1921 in Edmonton, now resides at Anzac, attending school in Port Arthur, where she is in grade 12 and thoroughly enjoys life.
Katie Gray was his answer when asked if he liked girls. Autobiography is his favourite subject at school and as likes farming and Allan and Lillian couldn't get along together because Allan said "Katie turns him" he plans to become an agriculturist farmer when he completes his education.

Heleen Koch is the girl who used to ride to school, but on her horse "Up and died". Now Heleen rides in style, either in the car or

on her bicycle. She was born on April 25, 1923. When she makes a fortune she plans to tour Europe, Reading, skating, riding and school are her main likes. Girls who try to smoke with a sophisticated manner, really make Helen laugh. When she sees this, you are sure to hear her exclaim "Oh, for Pete's sake."

NOTICE

Re Fire Fighting Equipment Leaving Town

It has been drawn to the attention of the Council that some dissatisfaction has been expressed regarding not letting the fire trucks go out of town to fight fires.

In order to clear up any misunderstanding in this regard the Council wish to point out that following complaints by ratepayers some time ago regarding the fire trucks being sent out of town, a motion was passed that the fire engines could not go outside of the town limits.

Council also wish to point out that if the fire trucks were allowed to go out of town and a fire should break out in town while they were away, the town would be responsible for all damages.

TOWN COUNCIL

More Production at Less Cost With Modern Equipment

Never before has a man been able to do so much work on a farm so quickly and easily. New methods and modern mechanization have increased farm efficiency giving more production per worker at less cost.

Up-to-date equipment solves the farm labor shortage. Mechanized farming is the modern, low-cost, high output, more profitable way to farm.

For more than one hundred years Canadian Farmers have found in Massey-Harris machines the kind of equipment that saves time, saves labor, and enables full advantage to be taken of favorable conditions.

Bremner Youngsters Score High Marks at School Festival

BREMNER Eight-year-old Harry Schroder and his sister Diane, who is seven, won high honors at the School Fair on Thursday when they tied for first with marks of ninety-one in the eight-year-old and under class for piano solo work. They are the children of Mr. and Mrs. Lawrence Schroder of Bremner. Little Maria Parkin won third prize in the nine years and under class.

Mothers Day was celebrated at Bremner United Church with a special program, put on by the Sunday School. Sister Alfred McEwan, Young Peoples' teacher in Sunday School, was the leader, and readings were given by members of the Junior class. Norma Velaz, Norma McCall, Helen Duncan, Mary Andrews, Lorna Reynolds and Eleanor N. The little pre-school-age children sang a special number in tribute to "Mother," and the Junior choir also sang. Rev. M. A. Johnson gave a special talk for the occasion. The special collection was to advance Young People's work in Alberta.

Thirty children, ranging in age from four years up to eleven, represented Bremner at the Mission Band rally at Hines Memorial United Church Mission on Saturday morning. The little pre-school children sang a Mother's Day song "On This Day," and the older children sang "As One Woman His Mother Comforted" and "The Musicians." Mrs. Lawrence Schroder trained the children, and conducted them in their singing, and Mrs. P. R. McCall accompanied them on the piano.

The Wheat Board has not imposed marketing quotas and grain producers may deliver their grain to any shipping point they desire.

Planning Our Community

Nearly every day some action is taking place in our town or community which will affect its future development. Building a new house or store or factory, selecting a new school site, making provision for a park — decisions like these, while adding to the improvement of our community, sometimes add to its problems.

Citizens do not want their homes to be crowded in with filling stations, bill-boards, junk yards, or with unattractive buildings which may make the neighborhood a possible slum of the future; they want their residential area to be stable and attractive with convenient school and recreational facilities.

Those who live in the country do business in the nearby town, and like the town residents, want the business area to be conveniently located and with ample parking space. They too feel the need for good recreational facilities, good shopping facilities and adequate health facilities. These are all problems of a community.

The only way to assure that business and industrial sites, residential areas, streets and lanes, healthy and attractive relation to each other is to "plan" their development.

"Community Planning Week" May 19 to 24, is a good time to discuss these ideas with friends and neighbors, to foster a joint interest in working toward a better community. Good planning requires organization and co-operation between municipal officials and public-spirited citizens — looking ahead together to our community's future development.

Farewell Party At Ardrossan

ARDROSSAN — A large number of young and older friends gathered at the home of Mr. and Mrs. Earl Dunning on Sunday evening to wish Billy a happy journey and to say "au revoir" to Mr. Archie Williams as master of ceremonies called on the members of the fair sex who sang a very lovely chorus. Then Harvey Hansen gave a reading. Mr. Dwight Biles, on behalf of the friends and members of the Ardrossan Church, read an address written by the Rev. M. A. Johnson (who was unable to be present) and presented Billy with a pocket Bible. Don

Hutchison, on behalf of the community and Billy's school friends, presented him with a writing case. Billy replied suitably to each presentation. All joined in singing "For He Is A Jelly Good Fellow". A dainty lunch was then served by the ladies.

Show Probably Smelled, too!

Gilda Goerick of London had been to the movies for five years so she decided to take her family to the local cinema. In their absence, thieves raided the house and stole goods worth \$1,000.

Bride-Elect Honored On Several Occasions

On Monday evening, May 12, Mrs. Bush Adams of Edmonton entertained forty guests at a home at a miscellaneous show in honor of June Richardson bride-elect of that work. A corsage of roses and lilacs of the valley was presented to the guest of honor along with a decorated hat, best bearing beautiful gifts. The hostess served a delicious lunch to bring a very pleasant evening to a close.

Tuesday evening, May 13, at the close of banking hours, the employees of the Bank of Mon-

Ham-Rempel Exchange Vows

On Tuesday evening, May 13, Miss June Wilson of the Bank of Montreal, Edmonton, and Miss Helen Ham-Rempel of the Bank of Montreal, Winnipeg, exchanged vows. The bride, Miss Wilson, was accompanied by her father, Mr. J. H. Wilson, and the groom, Mr. Ham-Rempel, was accompanied by his father, Mr. J. H. Ham-Rempel. The ceremony was performed by Rev. M. A. Johnson.

PORT RADIUM
NORTHWEST TERRITORIES

THIS SAFE, together with everything from bank notes to furs, was recently flown from Edmonton, 1100 miles due north to Port Radium, on the fringe of the Arctic circle. It is part of the equipment for a new branch of The Royal Bank of Canada, just opened to serve the men who work one of the world's greatest known deposits of uranium, on the shores of Great Bear Lake. This is the "farthest-north" bank in Canada.

Up R.C.'s rugged coast a giant new aluminum development is taking form. Since last November we have opened a branch at Kamias, site of the power house. Three sub-branches have since been opened to serve other construction crews at isolated inland points in the area.

Up north at Churchill on Hudson Bay — at the international airports of Goose Bay (Labrador), Gander (Newfoundland) and Muskrat Falls — the Royal Bank brings modern banking services to military and civilian personnel, and to civilian and air travellers from every corner of the globe.

Plains and towns are springing up in areas of Canada which a few years ago were known only to trappers and prospectors. The Royal Bank of Canada carries on business in many of these isolated communities. Whenever and wherever the need arises, the Royal Bank sends north with the men who are establishing Canada's new frontiers.

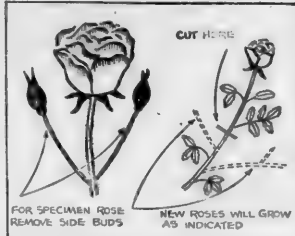

THE ROYAL BANK OF CANADA

A BIG BANK SERVING A GROWING COUNTRY

PORT SASKATCHEWAN BRANCH

D. MACKIE, Manager

Garden-Graph

You can have rose blooms made to order, if you decide whether you prefer a lot of smaller flowers, or fewer but larger ones.

Three to five buds usually form on the stem of a hybrid tea rose, although the strength available is only enough for one quality bloom. One large bloom can be had from the center bud if the side ones are pinched off while still tiny, as shown in the accompanying Garden-Graph.

To keep rose blooms coming, especially on healthy plants, cut the flowers with long stems, leaving two sets of leaves on the remaining branch, as illustrated. Soon there will be two new rose blooms where before there was only one.

Rose experts advise very little cutting of blooms from plants during their first flowering season, while they are getting established and need their leaves to build up plant vigor. Once they are growing vigorously, reasonable and careful cutting will not harm them.

Blooms which either on the plant should be removed as they fade. This improves the appearance of the plants and prevents any waste of the plant's energy in seed production.

When there are several flower buds in a cluster on floribunda roses they seldom open all at the same time. If the fading bloom is removed promptly it helps the buds which are left to attain maximum size and beauty.

After the last flower in a cluster has faded, cut off the entire head just above the first true leaf on the stem, for this is the point at which a new shoot will develop.

A novel type of X-ray table which is used in three-dimensional radiography of the heart has been designed by a doctor and engineers at Maimo, Sweden. The new table is expected to greatly improve diagnosis for operations.

Agnes Forbes Lodge Scene of W.A. Meeting

MEMBER — Mrs. Dundas and the ladies of Agnes Forbes Lodge, No. 3, Saskatchewan, were hostesses on Wednesday afternoon to members of Bremner W.A., when they held their monthly meeting at the lodge. Mrs. Myron Letan presided during discussion of the association's year and current to be held in early June. Mrs. E. McCalla suggested that those who took part in various musical and dramatic events recently held in Edmonton be asked to provide the entertainment for the anniversary supper. Mrs. McCalla was asked to make the necessary arrangements. Mrs. Phil Bourne and Mrs. McCalla were asked to choose linoleum for the church kitchen. At the close of business, Mrs. Myron Letan gave an interesting talk on a chapter of the study book, "From Lakes to Northern Lights." Mrs. A. E. Hodgins and Mrs. H. D. Duncan sang two sacred selections to end the program. Mrs. Dundas was assisted at tea time by several members of the W.A.

Mrs. Frances Schreier, who is credited for her Bachelor of Education degree, at convention recently will join the Edmonton High School teaching staff this fall.

Miss Helen Schreier played first in the twenty-one year and under class at the Edmonton High School Musical Festival last week. She received second in the Gibbon Trophy. Larry Schreier, son of Mr. and Mrs. Lawrence Schreier, won a first award in the nine year and under class.

Mission Band and Explorers held their last rehearsal on Tuesday afternoon, for the season. A warmer coat is planned soon as a treat for the children.

Bremner played their first game in the schedule of the Edmonton District Fast Ball League at Terrace Heights on Thursday evening. Bob McPherson pitched in an eight-four win over Terrace Heights. Don Jackson and Bill Duncan are new players with Bremner this year.

Rev. and Mrs. M. A. Johnson of Clover Bar circuit, with their little daughters Carol and Gail are visiting in the southern part of the province. Rev. Johnson is attending the United Church conference at Lethbridge. They are expected home about the middle of this week. Rev. H. G. Rier of Edmonton, who has been preaching the gospel for fifty-one years this June, preached at Bremner morning service.

Mr. Bert Wilkinson is helping Mr. Fleming, the Wheat Pool agent at Bremner, during the busy spring rush of grain.

Early wheat is about five in each bush, which is much higher than early wheat at this time of year. Moisture is badly needed and later grain will not show very good germination if rain falls off much longer.

Old Ruins Revealed

Excavations on the bombed ruins of St. Bride's Church, off Fleet street in London, built by Sir Christopher Wren, have revealed the ruins of three former churches dating back to the 12th century. It is believed further excavations may uncover remains of a Roman edifice.

Very often while driving on long monotonous stretches of road, especially at night, a motorist may get tired and sleepy at the wheel. By pulling off the highway and taking a few minutes rest or a nap, he may prevent a serious accident if he

should be overcome by sleep, as many motorists have been. Very important in all weather situations carbon monoxide, a deadly poison gas, may seep into a car with fatal results to driver and passengers.

age, prohibiting the location or erection along a limited access highway of any gasoline filling station, garage, auto service station, tourist camp, industrial plant, place of amusement or refreshment or other place, requiring access to the highway, or prohibiting the location or erection of such structures except at such locations or at such intervals as may be approved or designated by the Board."

The amendment will come into effect July 1st, 1952. In respect to a request of the School Board and Council of James Place, the Commission instructed its technical staff to prepare a brief in support of an application to the Public Utilities Commission for the approval of debenture issues for the acquisition of future school sites. Applications to subdivide land on the south limits of the Town of Morrisville and to establish a

cattle-buying station on Highway 3 south of the Town were considered.

October 30 and 31 were chosen as dates for the Planning Convention for municipal and school representatives within the Edmonton District.

The Commission accepted the resignation of Mr. B. J. Frost, who has been Secretary-Treasurer of the Commission since its inception in 1950.

Have you read the Want Ads?

Adressan F.W.U.A. Makes Plans For Convention Day June 17th

ADDRESSAN The May meeting of the Addressan F.W.U.A. was held at the home of Mrs. P. Mortensen with the usual good attendance of members.

Mrs. Harold was not able to come to this meeting but was present at next week's on month when the meeting will be held at the home of Mrs. E. Gard.

Plans were made for the district

Partridge Hill News

PARTRIDGE HILL—Mr. Percy Brooks of Edmonton took the service here last Sunday in the absence of Rev. A. W. Hapke who was attending the annual conference of the United Church at Lethbridge.

Mr. and Mrs. Herb Whitton and Lorraine have moved back to the district from Lament and have taken up residence on the farm of Miss Sadie Whitton.

L.A.C. Jim Kulak will leave on Thursday morning for his post at Centuria, Ont., after a month's leave at his home here.

The W.A. of Ypres Valley and Good Hope were hostesses at a joint meeting of the three W.A.s of the Port charge held at the Partridge Hall last Wednesday afternoon.

A very fine program was put on by the ladies of the W.B.S. of the Norwood United Church, assisted by Mr. Philip who played three numbers on a musical saw. Two solos were also given by Mr. Dobbie of Knox Church.

Among those attending were old friends of the district, Mr. E. J. Hodgins, Mrs. R. M. Warner, Mrs. Katie Denis and Mrs. Francis.

At the close of the meeting the hostesses served a lovely salad lunch. The afternoon was thoroughly enjoyed by all present.

Yorkville News

YORKVILLE — Mrs. Percy Galloway, who has been in the General Hospital where she recently underwent an eye operation, returned to her home on Friday last. We are happy to report that her condition is much improved.

Miss Violet Hardy spent last weekend with her parents at Soba Beach.

The Port Saskatchewan F.W.U.A. held their regular meeting at the home of Mrs. Geo. Williams on Wednesday, May 14, with 50 members and visitors and 7 children present. Plans were completed and helpers chosen for the wedding plant sale being held June 22 and 23. This is our most important yearly project.

Following adjournment the hostesses served a lovely refreshment. Work is proceeding on the new highway and farmers are being compensated for the loss of trees. Fences, front yards etc. if such a thing is possible. What price privacy?

DENTISTRY BY TELEVISION

The first scientific gathering in Britain to show cinema television will be the 11th International Dental Congress, July 18-26, to be attended by 6,000 dentists from 22 countries. At a studio operating room in Festival Hall, visiting dental surgeons will demonstrate mouth surgery techniques which will be televised to large audiences at the South Bank Television.

Pot Pourri Food Club Holds Annual Achievement Day at Whitmud

WHITEMUD — The Pot Pourri Food Club of South Edmonton held its Achievement Day on May 14. The Achievement Day was held at Whitmud School at three o'clock in the afternoon.

The day's program consisted of the president's welcome, a speech by Miss Doris Schmidt, a Menu Demonstration by Lorraine Miller and Gloria Carpenter, a Centre-Piece Demonstration by Dorcas McNeill and Phyllis Miller, and a Tea Table Demonstration by Martha Schmidt and Donna Rudolph.

Following this was the Club Song, "We'll which was led by our very talented Dorcas McNeill.

The guest speaker and judge was Miss Lewis (head dietitian) from the Department of Agriculture. Other officials were Miss Margaret Fraser, Supervisor of Girls' Clubs and Miss Whaley, District Home Economist.

The day's program came to a close with the awarding of prizes and gifts. Tops in the groups of 15 and over were: Gloria Carpenter and Martha Schmidt.

A special mention was given to Doris Schmidt, the club's president. Donna Rudolph was runner-up, yet the winner of the Efficiency Award is not known. This girl wins the cup and a \$100.00 million during club week.

In the younger group the winners were: Dorcas McNeill, Lillian Wolfram and Donna Rudolph. The competition was very keen and honorary mention goes to Josephine Toppin, Shirley Schiewe, Violet Koshan, Mildred Tinn, Constance Beller and Gladys Dismal.

At 11 a.m. a period of religious exercises will be held with Rev. J. E. Nix of Lament United Church conducting the service. Church bells and organ music by recordings will form part of a concert service and visitors are invited to participate in the open air devotion period. This is intended as a regular Sunday morning feature at the park and any of the

youngest member, Sadie Wolf, had a commendable job.

Lunch, consisting of fruit salad and tea biscuits was served by the members. Hostesses were Mrs. H. Schiewe and Mrs. Wolfram.

The highlight of the day was the motion pictures taken during the program by the Department of Agriculture. These pictures will be a small part of a movie being made on Alberta Club Work.

The large attendance was most appreciated by the members and the leaders Miss Joan Krupa and Mrs. Rose Blum. Both club leaders were awarded lovely gifts by the members.

First Concert at Park this Weekend

The regular afternoon concert featuring bands, choir and folk dancing groups from local towns and communities will begin at the Band Shell, Elk Island Park on Sunday, May 25th at 3 p.m. with the Ladies Band in attendance.

The Band was organized in 1951 and has rapidly developed into one of the larger town bands of Northern Alberta. R. B. Macleod, a teacher in Leduc High School, has a number of his own pupils working with him in this development. The band consists of 48 members and will be accompanied by six major instruments.

At 11 a.m. a period of religious exercises will be held with Rev. J. E. Nix of Lament United Church conducting the service. Church bells and organ music by recordings will form part of a concert service and visitors are invited to participate in the open air devotion period. This is intended as a regular Sunday morning feature at the park and any of the

youngest member, Sadie Wolf, had a commendable job.

Heavy Baby Puzzles Cop

A police officer found a woman weighing a baby-sitter in Rochdale, England, when he noticed the strange woman was weighed down. In it he found 30 pounds of lead stolen from the roof of a fire building.

Mothers' Day Bazaar Success

GOOD HOPE — On Friday, May 16, a very successful Mothers' Day Bazaar and Luncheon was held at the school. Each lady was presented with a carnation, a short program was presented by the pupils. The sale of many fine articles of handiwork followed. Tables were then set for a delicious luncheon which all those present thoroughly enjoyed.

Last Wednesday Josephine pupils motored to Good Hope to compete against the local pupils' ball team. Two games were played, Good Hope winning the first, and Josephine the second.

Seeding seems to be in full swing in this community, and it won't be long before a good rain would be appreciated.

During the supper period a program of recorded music will be provided and an assortment of travel films will be shown.

Arrangements for these programs are in the hands of a committee representing National Parks, National Film Board and the Cultural Activities Branch of the Alberta Department of Economic Affairs.

"Canada's sugar industry produced more than one and a half billion pounds of sugar in 1950 at its lowest."

To Our Customers And Friends

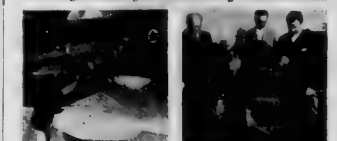

We wish to announce that we have disposed of our business to Mr. G. Blair of Edmonton and take this opportunity of expressing our sincere thanks to all our customers and friends for their patronage and express the hope that this patronage will be extended to the new owner.

Elmer Thomas

Picture News from C-I-L

COMING OUT THIS MONTH C-I-L's new "Carnation Colors" to make your walls as beautiful as these! They're semi-gloss paints with the deep, rich colors so popular in modern decorative schemes. They can be mixed with each other, with white, or with any other C-I-L semi-gloss finish to give an unlimited range of attractive colors.

"BED SOCKS" for aircraft! Ground crew men are pulling a protective nylon cover over wings of an R.C.A.F. jet. When planes are parked outside, this versatile, modern fabric keeps the weather out. The men like nylon because it's lighter than canvas, easier to handle.

Did you know? By far the largest single project ever undertaken by C-I-L is the plan to manufacture nylon intermodals at Montreal, Ontario. It will make Canada self-sufficient in all chemical needed to manufacture this wonder fabric. The new plant will lead to more nylon for your easier living.

U.S. Navy Blimps Visit Halifax

Two U.S. navy blimps are seen resting at their moorings at HMCS Shearwater, the Royal Canadian naval air station, Dartmouth, N. S., following their arrival from their home base at Lakehurst, N. J.

The two giant "flying saucers" which will operate out of the RCN air station until May 13 will be used in landing practices on the flight deck of the carrier HMCS Magnificent. The two 12-man blimps are

the first ever to operate from a Canadian naval air base.

Highlights in the Junior Club Program

Alberta's 450 Junior Farm and Home Clubs with their 5,000 members are looking forward to a full schedule of activities this summer. Achievement days in clothing and foods clubs are presently being held. During the last week in May and the first two weeks in June the 99 best feeding clubs in the Province will be holding their annual shows and sales. Close to 2,000 well filled calves will be shown and sold this year. Among other outstanding club events which will be carried on throughout the summer, are: Sewing Club Leaders Course—Olds School of Agriculture, July 1st and 2nd.

Provincial Club Leaders Conference—Olds School of Agriculture, July 3rd and 4th. Club leaders will gather from all sections of the Province to discuss club problems.

Junior Club Weeks at Vermilion, Olds and Fairview Schools of Agriculture during the weeks of July 7th, 14th, and 21st respectively. To these short courses will be invited the efficiency winner from each club in the Province. This is a reward trip, all expenses being paid for the fortunate winner from a club.

Some 250 4-H Club members, leaders and parents from Montana plan to visit the Lethbridge-Carleton and Waterton areas of southern Alberta on July 8th, 9th and 10th. This group will be entertained during their three-day stay by Alberta club members.

Provincial Judging Competitions at Olds School of Agriculture July 20th, 29th and 30th. At this time teams will be selected to represent Alberta at National Club Week in Toronto.

Besides these activities young people's camps will be held at the Edmonton Exhibition July 14th, 19th and at the "B" Camp fairs held at Lethbridge June 20th, 24th, and 25th; Camrose; Vermilion, July 24th, 25th and 26th; and Vegreville July 24th, 25th and 26th. Junior Club Camps will also be held at various points in the Province.

JUNIOR'S PINT

Milk should form part of every one's daily diet. The amount taken daily should be at least one pint for children, one and a half pints for teenagers and a half pint for adults. Milk is a rich source of vitamins, proteins and minerals and may be taken as a

drink or as an ingredient in desserts or other foods. For those who do not care for plain milk, variety may be given by making it into cocoa or chocolate or by adding other favorite flavors. Added to soups, it loses none of its nutrients.

A Car Radio Will Add to Summer Driving Pleasure

Summer is the time the family likes to get out for trips and picnics. Why not make those trips more pleasant with music while you travel. The installation of a car radio will add extra pleasure.

We carry custom built Car Radios to fit all well-known makes of cars.

FAIRBANKS-MORSE

CONVERTIBLE EJECTOR WATER SYSTEM

This simple kit is all you need for Deep Well Conversion.

A shallow conversion kit enables you to change from shallow to deep well service with one pump! It is easily installed and is the best.

Here's how it works. You install the Convertible Ejector as a shallow well system. When you need more water, or when falling water levels compel you to go to greater depths, all you do is install the low-cost conversion parts to change to deep well duty. You are saved the expense of an entirely new water system. Available in 1/2, 3/4, 1, 1 1/2, 2, 3, 4, 6, 8, 10, 12, 14, 16, 18, 20, 24, 30, 36, 42, 48, 54, 60, 72, 84, 96, 108, 120, 144, 168, 192, 216, 240, 270, 300, 324, 360, 396, 432, 468, 504, 540, 576, Women's Club Makes Donation to Arthritis Fund

EAST EDMONTON — The monthly meeting of the Willow Workers Club was held in the hall on May 14 with 16 members present and 8 visitors. It was decided that a donation be given to the Arthritis and Rheumatism

Fund. A presentation of half do coffee spoons was made to Mrs. Pook who is leaving the district to make her home in R. C. M. Anderson was appointed as convener of the nominations for the annual meeting which will be held next month. The meeting was brought to a close by the serving of lunch by the hostesses, Mrs. Baxter and Mrs. Stewart.

Congratulations to Mr. and Mrs. W. J. Gibson who recently

celebrated their forty-fourth wedding anniversary.

Birthday greetings go to Larry Prather, Leanne Baxter, Mrs. Paul, Mr. J. Weir and Arnold Briggs who all celebrated birthday recently.

Mrs. E. M. Baxter is spending a holiday with her son.

The district extends its congratulations to Jane Scofield who received her Bachelor of Science in Art degree at Convocation exercises at the University. Jane was a former resident of the district.

The Salvation Army House League will be holding their meetings in the hall during the summer.

Congratulations go to Irene Wolf who won first prize in the fifteen years and under class of accordion solos at the Music Festival.

Congratulations to Mr. and Mrs. Robert Briggs on their wedding anniversary.

"... saved me days,
perhaps weeks, of work"

After returning from his first trip to the West, a business man wrote his bank:

"I arrived having no idea where to start in to make the connections I required. The thought occurred to me that perhaps the bank, which has been very helpful to me on numerous occasions, would give me some guidance. Mr. W. proved to be of tremendous help. He introduced me to the people I should have met and saved me days, perhaps weeks, of work."

Every chartered bank works this way. Whether you walk into your neighborhood branch or one a thousand miles away, you will find the same full range of banking service—and the same readiness to help.

Fort Saskatchewan Farm Science of Trash Cover Machinery Demonstration

By R. J. Whitbread
District Agriculturist

On April 26th, a trash cover demonstration was held at the farm of S. J. Melville, Fort Saskatchewan. A short account of the type of material handled, soil conditions, machines, etc. is being forwarded as ammunition on our battle against stubble burning.

At the Fort Saskatchewan event the soil was medium and in good working condition. A crop of Thatcher wheat of about forty-five bushels per acre, threshed with the combine-cylinder cleaner, was large so that the straw was very long, and spread very poorly by the combine, was treated in the following manner. Straw on a section of the field was spread by means of a harrow and the tillage machines were put to work so that they operated both on the spread and the unspread straw.

Machines used were a sharp tiller.

Radiant Baseboard Panels . . .

Although there are many methods of providing healthful, radiant heat, the Baseboard Panel system is by far the most modern and offers many distinct advantages. Warden King Radiant Baseboard Panels replace conventional wood baseboards, and by introducing heat at floor level, cold draughts are eliminated, and rooms are evenly heated throughout.

The radiant heat output warms walls and floors and provides evenly distributed warmth. The difference in air temperature from floor to ceiling is often no more than two or three degrees even in zero weather.

Above all, every part of your valuable wall space is free from obstruction, permitting any desired arrangement of furniture. All valves and piping are also concealed. Floor-length drapes may be used without interfering with heat output. The desirable space below windows is available for any use you wish to make of it.

Warden King Radiant Baseboard Panels are easy to install in existing dwellings and, of course, are ideal for new homes. They are made of durable cast iron and may be finished in any colour oil base paint or enamel you prefer, to carry out any desired decorative scheme.

B & B Plumbing and Heating
Phone 145 Fort Saskatchewan

The tiller, operated on the area where the harrow had been used, did the best work as far as preparing a seed bed for a conventional tiller was concerned. The wide sweep cultivator worked satisfactorily where the straw had been spread but there was some tendency towards plugging and lurching in the unspread material. The combine-cylinder cleaner, as shallow as three inches and operated through both the spread and the unspread material, quite easily, left the unspread material almost unaltered.

PLANTING TREES

Over two million trees from the nursery stations at Indian Head, Brooks and Oliver will arrive for planting on Alberta farms this spring. How many will be alive next year, or five years from now, depends on the care and attention they receive.

The first step towards success in proper planting is to get the trees to plant all the trees when they arrive, don't rush them in and forget about them, advises P. D. McCall, Supervisor of Horticulture. Plant what you can, and keep the remainder in a sheltered spot on the north side of a building, or in a well protected garden enclosure. Heed this, the trees will remain unharmed for several days, which will allow an opportunity for planting a few at a time when the day's work is done. In any event, the cool of the evening is the best time to plant trees.

All that is involved in heeling in, is to plough a furrow four to six inches deep, space the roots along the furrow, replace the furrow slice, and pack the soil around the roots. For permanent planting, keep in mind the following: Dig a hole large enough to accommodate the roots without crowding; plant the trees a little deeper than originally planted, and use good moist soil against the roots (and try topsoil); trim and pack the soil before heeling. Although not always necessary, a ball of soil or water around the plant after planting will do much to ensure success.

Pine and willow are shipped as cuttings. The planting operation here is quite simple. Dig with a shovel at an angle of 45 degrees, push the handle forward, insert the cutting in the space behind the shovel, remove the shovel and tramp the soil to pack. When planting, make sure that one-half of the cutting is above ground, and water if possible.

Welfare Club To Meet

King George Park Welfare Club will hold their monthly meeting at the home of Mrs. M. Carlson, 7606-7451, on June 2nd at 8 p.m.

FEWER BABIES BORN IN U.S.
The infant mortality rate for England and Wales last year fell to 36.4 per 1,000 live births — less than half the 1941 figure (80 per 1,000 live births).

BRITAIN THINGS ELECTRICITY TO RIM:

Leads, the capital of Tibet, will have its first public electricity supply, using British generating

plants. The equipment had to be dismantled and packed in crates averaging 1,500 lbs. — the load limit of mule and yak transportation across the Himalayas.

Mothers' Day Program Presented

RANDY LAKE — A Mothers' Day program was presented by the school children of the area on May 15th with a good crowd of ladies in attendance. Besides the festival in the afternoon, guitar and piano, there were selections played on the accordion, guitar and piano. At the close of the evening, the chairman, Mr. A. C. Elliott, thanked Mrs. Kuskech on behalf of all the parents for the fine work she is doing in training the pupils so well.

Mr. and Mrs. A. Nelson and family of the city were accompanied by Mrs. Nelson, Mr. W. G. Elliott, a hearty welcome extended to them from the school.

Some fourteen ladies met at the home of Mrs. B. Villard for the regular meeting of the Clearwater W.L. Plans were made for the following night after which the hostess served a tasty lunch.

Little Linda Anderson is home from hospital after undergoing treatment for an infected foot 12 days in hospital.

Ray and George Elliott were at the hospital last week having their tonsils removed.

Sorry to hear that Mr. Kuskech is still on the sick list. We hope that he will make a speedy recovery.

Mr. W. Gaultier has received word that his drilling operations are starting on his farm in the Thorby district. The nearest producing well is about five miles away.

Mr. L. Caldwell of Calgary was a weekend guest at the A. C. Elliott home.

The Sandy Lake hall team played their first game of the season with Winifred and Mill Creek.

CANADIANS WIN BRITISH SCHOLARSHIPS

Research scholarships, tenable for two years and worth between \$5,000 and \$10,000 annually, have been awarded to two Canadians by the Royal Commission for the Dominion of 1951, Mr. I. B. Davidson, B. A., Queens University, will go to Manchester University for research in molecular physics and Mr. R. E. Tisd, B. A., University of Toronto, will go to Oxford for research in physics.

BRITAIN'S FIFTH TV STATION

The B.B.C. will open Britain's fifth TV high-power transmitter in mid-August. It is at Wenvoe, near Cardiff in South Wales, and will bring TV to further areas of the country, increasing coverage of the United Kingdom to 76%.

15,000 TRACTOR FOR CANADA

The 15,000th Ferguson tractor to be sent to Canada from the U. K. since 1945 is on its way on the "Empress of Canada". Ferguson's 1951 exports to Canada totalled \$11,000,000.00.

FLOOR DANGER

Floors should always be kept free of wet or slippery substances which might cause falls. Sectional notices to house, bank or hotel managers from falls on oily or slippery floors. Factory or home training over articles left on stairs in other unaccustomed places also constitutes hazard.

Little Items of Local Interest

Mr. and Mrs. A. Ashby of Neerand, Mr. and Mrs. William McArthur, Peace, Alta., and Mr. and Mrs. Earl Phillips and David of Kilkenny, Alta., were visitors at the home of Mr. and Mrs. D. A. Richardson.

Mr. and Mrs. Earl Sherman of Winnipeg, Man., are spending a few days here visiting Earl's parents, Mr. and Mrs. Fred Sherman. They will leave Saturday for Winnipeg.

Miss Shirley Weston left San Francisco by train for Saskatoon. She will attend the Leadership Training Course to be held

at Emmanuel College, University of Saskatchewan from May 19 to May 25th. The course is sponsored by the Anglican Church and has drawn young people from all three prairie provinces to learn the principles of leadership.

Dr. R. M. Bacon made a professional call at Edson one day last week. He was accompanied by Mrs. Bacon who called on Mrs. and Mrs. R. M. Bacon in Bay with the building of a new church in Edson, where Mrs. Bacon has 40 members in the Mission Band. The Bacons send greetings to their friends at the Fort.

U.K. COAL STOCKS RISE:

U. K. coal stocks now total over 13 million tons compared with 9 1/2 million tons last year. Minister announced, at 712,000, is the highest since Sept. '49.

New Principal Appointed At Agricultural School

Honourable D. A. Ure announces

res that C. E. Yarch, Principal at the College of Agriculture is at his own request being relieved of his duties. He will be succeeded by J. E. Birdall, Supervisor of Crop Improvement in the Field Crops Branch.

In making the announcement Mr. Ure paid tribute to the services rendered by Mr. Yarch and expressed regret that his health compelled him to relinquish his duties as Principal, a position he has held since 1949. He will assume another position in the Department at a later date.

J. E. Birdall, who follows as Principal, was born at Burkin, and grew up in the Idubdry parish. After graduation from the Olds School of Agriculture he attended the University of Alberta and secured his degree in Agriculture in 1928. In 1940 he completed his Master of Science degree. Following graduation he was stationed at Thurston as a District Agriculturist and later accepted the post of Assistant Superintendent of the Experimental Station at Prince George, British Columbia. In 1943 he returned to Alberta as District Agriculturist at Red Deer, and in 1945 was appointed to the position of Supervisor of Crop Im-

provement with the Field Crops Branch.

The Minister stated that these changes would be effective on June 1st.

Ardoreson News

Mr. and Mrs. J. Barnfield attended the graduation of their granddaughter when she graduated from the Missiercola Academy recently.

Needling is progressing well in this district. The wheat is showing nice and green.

Remember the community meeting on May 23rd in the hall.

Mr. and Mrs. Jack Righter are celebrating their 25th wedding anniversary. We extend to them the best wishes of the entire community.

Mr. Gillis has purchased a

house and moved it to Ardoreson so he will now be a permanent resident in the townsite.

We are happy to report that Mrs. Jim Fiehl's car has been found. It was stolen out of her yard one night this past week so we are not free of car thefts even in the country.

Mr. and Mrs. Earl Dowling attended convocation exercises at the University on Thursday when their son Billy received his degree.

Miss Mary Norman of Medicine Hat has been a guest at the Howling house for the past few weeks.

Don't forget the Community Dance in the Hall Saturday, May 24th. This will be a novelty dance in charge of the ladies. A number of spot light prizes will be given and good music. So come and enjoy yourselves.

Recipe Corner

"WASTE NOT — WANT NOT"

Every thrifty homemaker practices the old saying "Waste Not — Want Not" for she can't afford to waste anything. Generally, when food is wasted, it is not actually thrown away in haste, it is divided away in the dustbin. Vegetable water goes down the sink, milk soured, bread goes stale and so on. The most logical person to concentrate on not wasting food is Mother but it should be a matter for each member of the family to think about. Everyone can do his or her part to assist.

There are many distractions to keep you from paying attention to your cooking. The phone rings or the baby cries and when you get back there is that neglected vegetable water going down the sink, soured milk, and bread that is stale. When leaving a room, turn the stove down to low or turn it off completely or with certain foods, use a double boiler. It takes longer but it is safer in the long run. If the food has been done and the food is scorched, put the part that doesn't stick into a clean pan immediately. Do not stir the scorched part or the burnt taste will spread. Once the food is in a clean pan, the next step depends on the type of food. If it is a vegetable, add more salt and continue cooking. If it is a meat and vegetable cooking, identify the home economist at the Consumer Section, Canada Department of Agriculture suggest that if the burnt taste still persists when the food is to be eaten, add a little cheese or onion juice to vegetables, a little catsup or Worcestershire sauce to eggs or a little cheese or lemon flavour to milk products. These added flavours help to hide the burnt taste.

Improper cooking methods cause waste so often in the kitchen and all too often no one realizes it. For instance, in meat cooking, it has been proven that meat cooked in a very hot oven may shrink in weight as much as half. If it is properly cooked in a slow oven, it should shrink only about one-eighth of its weight. The motto is "Cook Meat Slowly". Vegetables which are overcooked, as well as being unappealing, have lost some of their nutritive value. Cook them as short a time as possible in as little water as possible.

Always use tested recipes and standard measuring cups and spoons when cooking. If improper utensils are used, the results are unattractive and costly.

Fast shopping is that there is no waste. Do you buy too many vegetables or do you have excess

and dry because it couldn't be used? When shopping, always have a grocery list. It may be a mental or a written one but base it on your meal plan. Learn how all the grade marks and the information on the label can help you to become an efficient shopper. Not one who just picks up something here and there whether it is needed or not. When groceries are brought into the home, be sure to store each type of food in the place it will keep best. Some foods such as lettuce, butter, eggs and so on need refrigeration. Clean the lettuce and wash it and place it in a vegetable crisper. Do not put it in the refrigerator — it will wilt. Other foods such as cereals, nuts and raisins should be kept in closed containers, not just in tin cans. They will probably break. Not only does proper storage keep food shelves in better condition; it also emphasizes the home economist's point for the day: "Avoid Waste".

SOLDIER FROM ALBERTA IS FIRST CANADIAN TO TAKE JAPANESE BRIDE

Believed to be the first Canadian soldier to marry a Japanese girl, Pte. Earl Maekawa of Medicine Hat, Alta., will head home shortly on leave from Canadian Postal Corps in Japan as soon as his bride is given a "clean bill of health" by medical authorities. The 21-year-old soldier, who was the first recruit in the Calgary district to join the Korean brigade in 1950, met his wife-to-be working in a souvenir shop in Korea where he went to shop for gifts to send home. Within three weeks he married her, winning her hand against the opposition of one Australian and two U. S. soldiers.

S. Cooking Lake News

Sunday School at St. Mark's, goes away to a good start last Sunday morning with classes for all ages from beginners to 101 years. We are glad to have Miss B. J. Robinson in our class.

across the street and the other side of the street. We will be happy to welcome new members and their classes and will gladly accept them.

The service following Sunday School was well attended and our student minister, Terry Anderson, took "Faith" for the subject of his sermon. Miss Hilda McConnel was organist.

Mr. Anderson is organizing and leading a Tyro Group for boys of ages 9-14. Their first meeting will be held on the afternoon of Tuesday, May 20th, at 4:30 in the Community Hall. Boys wishing to join will be there.

Next week Mr. Anderson plans to organize a Tyro Group for girls. Mrs. Jack Haskin will be in charge of the group. Get your children ready.

The Church Board meeting held Tuesday evening, May 19th, was a representative gathering. A satisfactory programme of Christian activities for the year

was thoroughly considered and adopted. Mrs. Anderson was chairwoman.

Ladies' Club Meets at Wye

WYE — Mrs. Mae Wagoner was hostess for the Ladies' Club meeting held last night at the Wye Hotel. The meeting was well attended and the programme was very interesting.

A number of members are attending the annual convention of the Saskatchewan Ladies' Club in Regina. The convention will be held at the "Shore Sea" for June 18th. Those who have not yet received their tickets should contact Mrs. McCannell and Mrs. Lester. A cream and milk cake was served and a gift for little Mary E. McNeil, whose second birthday was that day.

A delightful banquet of refreshments was served and the evening was a very successful one. The ladies were very much enjoyed.

Mechanized War Against Coyotes Proves Effective

The coming of summer is ending one of the greatest battles ever waged in Canada, against the coyote. Hundreds of the livestock killers have been wiped out this past winter.

by Canadian farmers. Success of the mechanized war against coyotes is due largely to use of snowmobiles. Travelling over snow at 50 miles an hour in the tracted vehicles, the hunters are able to run down and shoot the swift bandits easily once they are spotted.

led by Miss Viola Wunderly. The next meeting will be at Mrs. Orville Ball's home on June 11th and a full turnout of members is urgently requested.

15 fall off ripened crops to facilitating late hand and machine harvest.

The Revolution

Over the past 40 years farm operations in Canada have progressed from hand and horse labor to an occupation that is highly mechanized and scientific. The farmer himself has changed from a hewer of wood leading an isolated life to a citizen of the world — a logical development of progress for food for export.

This great revolution on the farm, writes Dr. G. E. Reaman in the current issue of C-I-L Oval, actually began when the mechanical reaper displaced the sickle and scythe more than 100 years ago. But it wasn't until 1920 that real progress was made in mechanization of farm practices with the introduction of the gasoline engine. By this means the farmer achieved power in a controlled quantity that enabled him to free himself from horse-produced power.

Dr. Reaman, who is head of the Department of English at the Ontario Agricultural College, reviewed the scientific developments in the last 60 years. When the laws of genetics came to be understood, it was possible to breed dairy cows which gave more milk. Much experimentation has taken place in both breeding and feeding poultry so that today any flock which does not produce satisfactorily is eliminated from the flock. The discovery of antibiotics has meant a great deal in the fighting and overcoming diseases in animals as well as humans.

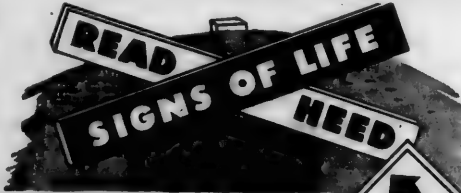

In the field of pesticides, DDT was probably the first war-farmer working insecticide. Many others followed soon after New Dieldrin, dieldrin, rotenone and weedicides have been developed. Other new chemicals cause the leaves

SPECIAL PRICE GREASE GUNS

DELIVERED RIGHT TO YOUR FARM Once again here's an opportunity to save money on high-grade grease guns. Choose whichever you please at a special price under every 25th lb. of Marvelube grease. A good grease gun not only saves time but you can't get good lubrication unless you have the proper gun to force out old grease and dirt out of your bearings. Remember you get good lubrication unless you use a high-quality grease.

Marvelube Greases "Q" and "1" Stay with the job! Marvelube "Q" and "1" are high-quality greases that stay with the job, reduce friction and draft, protect moving parts from wear and add to the life of equipment. Marvelube Grease "Q" is ideal for most weather conditions. Marvelube Grease "1" is a popular heavy-duty grease for warmer days. Choose the one best suited to your job.

Don't Bank on Chance!

Every time a motorist neglects an unsafe condition in his car he is making a deposit with death. May is the logical time to have your car thoroughly checked for defective safety features. Check brakes, tires, lights and steering mechanism. Other safety equipment which require attention are rear and stop lights, windshield wipers, muffler, window-glass and rear view mirror. Remember... "GOOD DRIVERS DRIVE SAFE CARS"... check up and be safe!

Check the condition of your car regularly and have a Safe Balance for the rest of your life.

Be Careful - the life you save may be your own!

Ardrassan News

ARRDRASSAN — June 5th will be Anniversary Sunday at Ardrassan United Church. Rev. H. Vipond will be guest speaker and service will be at 3 p.m.

Miss Ruth Alexander and Miss Lois Dowling are spending their holidays at their respective homes.

Mr. and Mrs. J. Hight were guests of honor on Thursday evening when a number of relatives and friends called to extend their good wishes on their 50th wedding anniversary. A beautiful silver tray was presented by Mr. Archie Williams from the relatives.

While Mrs. E. Dowling, on behalf of the community, presented them with a silver tea service. Mr. and Mrs. Hight, thanked their friends, then a dainty lunch was served by the ladies present.

Congratulations go to Mr. Arthur Horton and his bride Miss Lorraine Mellow, who were married this past week.

Mr. and Mrs. M. Olson and Mr. and Mrs. Gordon Olson are away to Lethbridge to attend a wedding.

We are sorry to report Mr. Alex Bell is not well and confined to his home. We wish him a speedy recovery.

Master Randy and Janice Olson are guests of their grandparents, Mr. and Mrs. E. Hanson this week.

Mr. and Mrs. Coburn and Russell and Mrs. Gabbey, all of Namsau, made a surprise visit at the

Opening Games Sunday Afternoon in Eight-team Highway 15 League

EAST EDMONTON — The community extends its deepest sympathy to the family of Robt. Ritchie of Victoria, B. C., who passed away last week after a lengthy illness.

Bob was well known in the district having been born and raised in this community and had his business which he had to sell out and move to the coast some years ago.

He leaves to mourn his loss his loving wife and two daughters and one son, his mother and brother John, both of Edmonton, and one brother Chris in eastern Canada.

Mr. and Mrs. John Armstrong of Castor and Mrs. John Barnes of Edmonton were visitors at the home of Mr. and Mrs. George Briggs over the holiday.

Birthday greetings go to Mr. Craig, Diana Conn, Ralph Weir, who are celebrating birthday this week.

Dowling home Friday evening, the occasion being Mrs. Dowling's birthday. We too extend our best wishes for the happy day.

ALBERTA HOTEL
ASSOCIATION

From all over the world . . . Friends are coming to ALBERTA!

Our Tourist Friends are on the way! They have heard of our magnificent mountain scenery, our lovely lakes and parkland. They plan to enjoy our pleasure resorts, our modern accommodation and fine foods and service and they'll be keenly interested in our trout streams, our upland and big game hunting. They will attend our exhibitions, stampedes, fairs and feature attractions in city and country. So, be ready for them.

Show our Tourist Friends that you're glad to have them here. Be helpful, be friendly. Make them happy they came. Now is the time to smarten up your premises, your business or services.

Everybody benefits from tourist business. The money tourists spend finds its way to stores and theatres, to factories and farms throughout the province. Do your part to see that your community benefits from the tourist industry. Co-operate gladly.

Canada's National Parks ...

Continued from Page One
as areas for outdoor recreation by automobile, on horseback, by canoe or afoot, travelers may enjoy their natural beauty. More than 700 miles of excellent motor roads have been built, spectacular riding and hiking trails reach out in the wilderness, and a variety of lakes and rivers affords plenty of scope for canoeists and anglers. Nearly 2,000,000 visitors came to the parks in 1950.

The wildlife which enjoys protection in these federal structures is no mean factor in attracting this annual influx of sight-seers, campers and sportsmen. All of the scenic parks are almost sanctuaries, harboring almost every species of the larger animals native to Canada. Unsettled firearms are prohibited and no traps may be set within the parks.

Buffalo, wapiti or elk, deer, moose, Rocky Mountain sheep and goats, and bear all seek haven in these outdoor wildlife museums. Some species, such as buffalo and antelope, were nearly extinct until establishment of the parks. They might well have disappeared without this form of protection.

Immersion Halls
The scenic parks were not begun with the tourist business in mind, for at their inception there

was no general tourist movement as today. They were designed largely for conservation, and to play a most important role in that kind. They have been and will conserve nature in its original forms to preserve forests and water resources for the benefit of the surrounding country as well as the parks themselves, and to preserve the animal and bird life native to their areas.

When animals learn that man will not harm them, they become astonishingly tame. So it is that in the National Parks, where young visitors may admire fawns while the deer look on, and the rest of the wild creatures share a frank and friendly interest in human callers. Their freedom from permit and violence results in deer, elk and moose approaching to within a few yards at their accommodation in the parks, and on the mountain highway, big-horn sheep allow visitors within camera range. The parks have thus become preserves for big game and the overflow, spreading beyond their borders, is re-creating the surrounding districts with wildlife.

Home of Buffalo
Elk Island National Park in Alberta has, since the closing of Buffalo Park at Watrous, become the home of the plains buffalo. More than a thousand fine healthy animals roam this 75 square mile enclosure of lush pastures, fresh lakes and many shade trees. Other big game species in this park include elk and a smaller number of moose deer and moose.

Wood Buffalo park, lying partly in Alberta and partly in the Northwest Territories, has herds of wood buffalo. This park covers more than 17,000 square miles and because of its size and extensive forests it is difficult to determine the number of buffalo. Observers have estimated the total at about 9,000 head.

Some of Canada's mountain playgrounds — Banff, Jasper, Kootenay, Yoho, Glacier, Mount Revelstoke and Waterton Lakes National Parks — have big game aplenty, including Rocky Mountain sheep and goats. The sheep are not nearly so shy as the goats, which rarely give amateur photographers a chance to get within reasonable shooting distance.

Radiant Baseboard Panels . . .

Although there are many methods of providing beautiful, radiant heat, the Baseboard Panel system is by far the most modern and offers many distinct advantages. Warden King Radiant Baseboard Panels replace conventional wood baseboards, and by introducing heat at floor level, cold draughts are eliminated, and rooms are evenly heated throughout.

The radiant heat output warms walls and floors and provides evenly distributed warmth. The difference in air temperature from floor to ceiling is often no more than two or three degrees even in zero weather.

Above all, every part of your valuable wall space is free from obstruction, permitting any desired arrangement of furniture. All valves and piping are also concealed. Floor-length drapes may be used without interfering with heat output. The desirable space below windows is available for any use you wish to make of it.

Warden King Radiant Baseboard Panels are easy to install in existing dwellings and, of course, are ideal for new homes. They are made of durable cast iron and may be finished in any colour oil base paint or enamel you prefer, to carry out any desired decorative scheme.

YOU BUY THE MOST EFFICIENT MOST PROFITABLE WORKING FORCE

when you invest in up-to-date power farming machines.

Making use of up-to-date equipment to get more work done with less help is the most efficient and the most profitable way to operate a business.

In farming as in other industries power mechanization steps-up production, increases the output of available manpower, and keeps costs down. The steady adoption of new machines to replace worn out or old-style equipment is an investment that pays off in easier more profitable farming.

In Massey-Harris machines you get the latest in equipment built to save time, save labor, and save money. Your local Massey-Harris dealer will be glad to give you full particulars.

MASSEY-HARRIS COMPANY, LIMITED

Makers of High Quality Farm Implements since 1847

Yorkville News

YORKVILLE — The bedding plant sale held by the F.W.U.A. wound up operations on Monday, May 20. All stock was sold whilst completed a most successful sale. Our thanks go to those who bought plants with the hope that said plants were well covered when Jack Frost made what we hope was his final visit of the season on Monday night. Also a special thank-you to Mr. and Mrs. Baby Thorne for the use of their area.

F.O. and Mrs. Bruce Whitten and daughter Susan of Calgary spent the holiday week-end at the home of Mr. and Mrs. H. A. Stinson. Susan is remaining for two weeks with her Aunt Margaret.

Mr. and Mrs. Otto Arns and family and Mr. A. Stinson visited in the neighborhood Sunday.

Mr. and Mrs. Kenneth Galloway (nee Edith Wilson) are receiving congratulations on the birth of a 7 lb. 3 oz. daughter, Susan May, on May 22 at the Royal Alexandra Hospital.

Mr. and Mrs. William Cross of Vermilion were visitors at the home of Mr. and Mrs. H. A. Stinson on Monday. Mr. Roy Stinson accompanied Mr. and Mrs. Cross to Lacombe where they will attend the stock show and sale being held this week.

Social Evening to Be Held at Wye

Wye — The East Salisbury Welfare Society wishes to remind members, friends, neighbours and huddles of the social evening to be held in the Wye Hall May 30. Everyone welcome.

A group of friends and relatives gathered at the home of Mr. E. M. Glens last week-end. Among those visiting were Mr. and Mrs. Paul Glens, Mr. H. Webster, Mr. T. Killen, all of Montreal; Mr. and Mrs. Paul Lehenky and family of Elkton; Mr. N. Kestish, Mr. A. Mayston, Miss West, Mrs. M. Melachlan, and Mrs. Kleschick, all of Edmonton.

Mrs. A. R. Moore spent a week-end recently visiting her mother and sister in Edmonton.

A very enjoyable time was had at the Victoria Day Dance in the Wye Hall. The door prize was won by Mrs. D. F. Miller. Six prizes were won by Mr. and Mrs. Bruce Hindle, Miss Grace Voth, and Mr. Edward Ables. Miss I. Jean Nelson and Mr. Bill Hinchberger.

Little Ellen Moore of South Edmonton visited her grandparents, Mr. and Mrs. W. T. Moore, over the week-end.

Talk about the busy bees. Well there were nine gentlemen, each of these as busy as any bee, last Saturday at the Glens farm just the mushroom beds in order. Here's hoping there will be a

plentiful supply of mushrooms. A rare oddity on the Moose farm these days is the calf born without any eyes.

If you want to stay young, just associate with young people. If you want to get old in a hurry just try to keep up with them.

Edmonton Egg Prices Will Be Paid

Why Teach?

By Dr. Stanley Clark, Faculty of Education for Alberta (former Teachers' Association)

Everybody wants short hours, high pay, quick promotions, easy work and holidays with pay. If you are looking for a job like that, remember that in every job, if you find such a job, you'll be lucky. If you find two, let us know about the other one. Teaching as a career gives one some degree of each of these desired job qualities. The actual working hours are short — not over 35 per week. Additional work is always self-controlled in the sense that you can mark the arrangements after 4 o'clock or after supper — you have a choice. The pay is not as high to start as that of some other jobs, but it keeps rising with experience. For a young person considering a life career, that future look is often neglected and is very important. Your parents will tell you that after four or five years between the ages of 20 and 25 look from their present age. To the person of 19 it seems like all of time!

As anyone knows, pay and hours of work aren't everything about a job. Do you like to be your own boss? From 9 o'clock until 4 every day, a classroom teacher is his own boss. What to do, how to do it and when to do it. There isn't anybody peering down his neck, and saying "Now do this" or "Just stop the work you are doing and come over here." The teacher learns how to work with people, especially with children. The training teachers get is the best of training for non-teachers. The trained teacher who understands how to do next often escapes the teacher who can do well 20 or 30 of these next often escapes. Any man is smart to choose a girl with such training for his wife.

So, why teach? Because you serve society as a teacher, better than you can as a parent, for your influence on young lives will pay off, because it is work which requires initiative and intelligence. If you care only for a big starting pay cheque, with little future prospects, with risky and itinerant work, don't look at teaching as a job. But if you would like to improve yourself as a person and as a possible parent, if you would like to leave your mark on the world, indelibly

HOUSE FOR SALE

KNOBLY FRUIT LOAVES

grassy top of dough. Cover and set in a warm place, free from draughts. Let the little fruit loaves in bulk. Punch down dough, turn out on lightly-floured board and divide into 4 equal portions. Cut each portion into 20 equal-sized pieces; knead each piece into a smooth round ball. Arrange 10 small balls in each of 4 green lined pans (15 1/2" x 8 1/2") and grease tops, remaining balls on top of those in pans and grease tops. Cover and rise until doubled in bulk. Bake in moderate oven, 350°, about 1 hour, covering with brown paper after first 1/2 hour. Remove and leave with icing. Yield — 4 loaves. Note: The 4 portions of dough may be shaped into loaves to fit pans, instead of being divided into the small pieces that produce knobby loaves.

printed in the lives of young people, then choose teaching as a career.

United Workers Meet at Ardrossan

The United Workers held their regular meeting at the home of Mrs. Cyril Jackson on Wednesday. Plans were completed for the anniversary concert on June 22 and when we are being entertained by the young people of Metrolan Church followed by a strawberry social.

It was also decided at the meeting to let the Sunday School have a table at the fall bazaar so mothers get busy and help your girls and boys in this project. Any article that is saleable will be welcome.

The meeting place for next month will be announced later. The W.A. will serve a hot dinner at noon at the Club. Achievement day on June 10th.

Summary of May Meeting of M.D. Council

The Council of the Municipal District of Strathcona No. 28 commenced its May meeting on May 17th with all members in attendance. The minutes of the April meeting and the minutes of committee meetings held during the month of April were adopted and approved. The Financial Statement and the Civic Statement for April were also submitted and after due perusal were placed on file.

Permission was given R. W. Johnston to operate a coffee bar in Block 1, Grosvenor View. The Council retained the services of Dr. D. B. Robinson, University of Alberta, for professional advice on assessment matters to work in conjunction with the assessor.

Claims for damages to farm fences reportedly to have been done by the road crew were confirmed by Council.

Mr. L. R. Collins, District Engineer, Department of Highways, was in attendance to approve agreements covering the expenditure of some \$10,000 for government road grants on District highways.

Two complaints made to the Water Resources Branch of the Provincial Government were reported by its engineer. The reports showed that the Council had carried out the necessary work to prevent a recurrence of flooding on these lands.

Permission was given Calgary Power Limited to extend its line to the S-52-22-W4 and in Section 35-54-23-W4.

An application to purchase the N-5-52-21-W4 was declined on the grounds that the Council are prepared to act on this land at this time.

Applications for the renting of municipal lands approved in accordance with the tenders submitted.

The District play was passed according to the sale of Lot 25, Block 6, Ardrossan, to A. Gillies, Ardrossan.

The Council was advised that the Board of Trustees of the Fort School Division are now making the transfer of the Futonville school grounds to the District for use as a recreation ground. A request had been received that the Council acquire additional land to increase the area of these grounds to a reasonable size for recreational purposes.

W. S. Elliott, Miss H. Gillies, and Mr. C. Baptist and Miss Baptist.

The program will include a review of dairy cattle experiments, and discussion of swine feeding trials, animal diseases, and 1922 trials with sheep and beef cattle. Considerable study has been given to the use of alfalfa and green supplements in swine ration. Although such supplements usually promote more rapid gain in growing and fattening pigs, there are a number of questions regarding their effect that remain to be solved.

The Secretary submitted a letter from the Hon. Gordon E. Taylor, Minister of Agriculture, in which he advised that it was the general policy of the government to subsidize the course for the coming term.

R. Dowling Awarded Gold Medal At Graduation Ceremony Friday

Robert Earl Dowling was awarded the Gold Medal from the High School Staff at the Annual Graduation Exercises held last Friday evening.

The award was given for academic achievement throughout his high school academic work. He also received an award from Dr. F. W. E. Henry.

A silver medal was awarded Robert Valentine Underhill for best all-round student contributing most to the school and its activities.

Jeannette Marie Grandahl received the Valdeirsson's Award for her year's subscription to the Readers Digest.

The above awards were presented by Mr. W. S. Elliott, president of the school.

The W. L. award for general all-round proficiency was presented to Shirley Elaine Thomas by Mrs. E. R. Thorne, president of the school.

Presentation of Diplomas to the twenty-four graduating students was made by Mr. W. S. Elliott, superintendent of the Clover Bar School Division.

The school students' society, under the direction of Michael O'Brien.

The school students' society was organized in October 1945 and is made up of 40 members, most of whom are school students.

The High School Choral group has an active membership of 40 young people who study practice during the school term in shows in their choir singing.

A baritone solo will be presented by Michael O'Brien accompanied by the band.

At 11:00 a.m. a period of religious exercises will be held with Rev. J. E. Nix of Lament United Church conducting the service.

Church bells and organ music by recordings will form part of the service and visitors are invited to participate in the open air devotionals. This is intended as a regular Sunday morning feature at the Park and any of the clergy and congregations in the surrounding area wishing to make use of the handbell in this purpose are asked to contact Dr. Bell of the National Film Board Edmonton.

During the supper period a variety of recorded music will be provided and at sunset a variety of travel films will be shown.

Arrangements for these programs are in the hands of a committee representing the National Park, National Film Board and the Cultural Activities Branch of the Alberta Department of Education.

The program will include a review of dairy cattle experiments, and discussion of swine feeding trials, animal diseases, and 1922 trials with sheep and beef cattle. Considerable study has been given to the use of alfalfa and green supplements in swine ration. Although such supplements usually promote more rapid gain in growing and fattening pigs, there are a number of questions regarding their effect that remain to be solved.

Members will meet at the Union Hall at 7:30 p.m. and proceed to the country.

Dr. Odeford's Lodge and Farmers' Union No. 28 will hold a memorial day service at the local cemetery on Sunday afternoon, June 9, 1946. Members will meet at the Union Hall at 7:30 p.m. and proceed to the country.

Cat Overcomes Housing Shortage With Treetop Home

REMEMBER — Neil Hodgins of Mr. E. H. Hanks, was very surprised the other day when he investigated the cause of queer sounds issuing from a pig's nest in a tree on the farm. A cat, which had been missing from their home for a few weeks, had taken possession of the nest and was the proud mother of three tiny kittens. The obliging moved out onto a limb while she let Neil admire her progeny. Housing shortage may not be acute in the feline world too!

School Band, Choral Group to Present Concert at Park Sunday

Two Fort Saskatchewan musical groups will offer a varied program of marches, choral songs and waltzes at the regular concert in Elk Island National Park, at 3 p.m. Sunday.

Marches and waltzes will be included in the selections by the Fort Saskatchewan Legion School Band, directed by J. C. Jonsson, superintendent of the Clover Bar School Division.

The school students' society, under the direction of Michael O'Brien.

The school students' society was organized in October 1945 and is made up of 40 members, most of whom are school students.

The High School Choral group has an active membership of 40 young people who study practice during the school term in shows in their choir singing.

A baritone solo will be presented by Michael O'Brien accompanied by the band.

At 11:00 a.m. a period of religious exercises will be held with Rev. J. E. Nix of Lament United Church conducting the service.

Church bells and organ music by recordings will form part of the service and visitors are invited to participate in the open air devotionals. This is intended as a regular Sunday morning feature at the Park and any of the clergy and congregations in the surrounding area wishing to make use of the handbell in this purpose are asked to contact Dr. Bell of the National Film Board Edmonton.

During the supper period a variety of recorded music will be provided and at sunset a variety of travel films will be shown.

Arrangements for these programs are in the hands of a committee representing the National Park, National Film Board and the Cultural Activities Branch of the Alberta Department of Education.

The program will include a review of dairy cattle experiments, and discussion of swine feeding trials, animal diseases, and 1922 trials with sheep and beef cattle. Considerable study has been given to the use of alfalfa and green supplements in swine ration. Although such supplements usually promote more rapid gain in growing and fattening pigs, there are a number of questions regarding their effect that remain to be solved.

Members will meet at the Union Hall at 7:30 p.m. and proceed to the country.

Dr. Odeford's Lodge and Farmers' Union No. 28 will hold a memorial day service at the local cemetery on Sunday afternoon, June 9, 1946. Members will meet at the Union Hall at 7:30 p.m. and proceed to the country.

Mrs. A. Wingfield Passes Thursday

Funeral services were held on Monday at 4 p.m. at Pastor McGarvey's funeral chapel for Mrs. Annie Wingfield who passed away Thursday, May 29, at the age of 80 years. Mrs. W. Buxton of St. Peter's Anglican Church officiated and interment took place in the old-timers plot of the Edmonton Cemetery.

Mrs. Wingfield was born in Liverpool, Eng., and came to Canada at the age of 16, settling in Quebec in 1888. She was married to J. H. Wingfield in 1897 in Winnipeg. The couple moved to Glendon in 1901 and to Edmonton where Mrs. Wingfield lived until 1946 when she took residence at Fort Saskatchewan.

Mrs. Wingfield was a member of the Northern Alberta Flower Show, O. W. W. W. Association for 1945. Her husband died in 1945.

Surviving are two daughters, Mrs. E. H. Bono, Edmonton, and Mrs. T. Holt of Fort Saskatchewan. She was also a member of the Edmonton and Harry of London, Eng. Seven grandchildren and six great grandchildren also survive.

TO BUILD BATTLESHIP — Members of the Canadian Legion No. 28 are planning to build a battleship to be located on the north-west corner of the Memorial Grounds.

Cost of the battleship will be the neighborhood of \$500. A donation of \$100 has been received from the Town and \$100 from the City of Edmonton to raise the balance of the money.

M.D. Council

Continued from Page One
to purchase 16 1/2 feet of the right of way on the opposite side of the road to their long distance line rather than have the poles moved. This information was obtained in response to a letter the Secretary had written on behalf of Councilor Adamson in which he inquired if the government would purchase additional land on the east side of the road allowance from the SW 2-52-24-W4 four miles north.

A delegation was in attendance requesting the Council to take the necessary steps to abate the dust nuisance arising from cars that attend the South Side Drive-In Theatre. Mr. Macdonald, manager of the theatre, was in attendance to advise that as soon as he could get a distributing machine to do the work it was his intention to oil the roads in and around the theatre grounds.

The Secretary was asked to attend a meeting of the Council of

the City of Edmonton to further convey the protests of the Council regarding the proposed closing of 100th Street.

An application was received in which a request was made that the Council take the necessary steps to have the old Calgary Highway "cut" of the railway right of way cancelled. The applicant felt that while this highway was no longer in use for through traffic there was no reason why it should be left open. It was pointed out to him, however, that this highway carried the provincial government's long distance telephone line, and that before anything was done to cancel the highway it would be necessary to obtain the consent of the Alberta Government Telephones department. It was left to the Secretary to take the matter up with officials of that department to ascertain if they would give their consent to this cancellation.

George Brown attended to request the cancellation of certain streets and lanes in East Edmon-

ton Park and Boulevard Heights. After the Council examined the plans of the subdivisions and the street layouts, Mr. Brown wished to cancel it, it came to the conclusion that in view of the development which is planned for the area it would be unwise to cancel any streets at this time.

The Council approved plans for proposed new line that North-western Utilities Limited intend constructing to transmit gas from the Devon field to the Canadian Industries Limited plant on Highway No. 16 and thence after the gas had been processed to the Town of Fort Saskatchewan.

The Secretary was instructed to take the necessary steps to acquire a small strip of land about 50 feet in width on the east end of 2nd Avenue in order that the full width of 80 feet be continued throughout.

The Council approved the exchange of Lot 12 in Block 3, King Edward Addition, for Lot 22 in Block 14 in the same subdivision. The application for cancellation of a road division in the NW 13-51-22-W4 was ordered left in abeyance.

Correspondence had been received from the President of the Western Canada Petroleum Association in which he sought permission to attend a meeting of the Council for the purpose of promoting favorable relations between officials of his Association and members of the Council. The Secretary was instructed to extend an invitation at the writer's convenience.

A letter was received from a ratepayer in the Josephburg community regarding the unsatisfactory condition of the road through the hamlet.

The Council, sitting as the Interim Development Board, refused to recommend that the fractional part of the SW 6-52-23-W4 be subdivided into eleven lots, 50 by 100 feet. The Council contended that this small parcel of land was surrounded by large industry, and it would be very unwise to have any residential property in the center of such industry.

The Board also refused the application of Messrs. Jacobs and Damer for the partial subdivision of the SE 13-52-24-W4. The main objection to this application was that it did not provide for any proper plan for future development in that area.

Mr. J. H. Campbell, Edmonton, was present to explain the terms and conditions under which he proposed to build and erect a bungalow in Section 27-52-23-W4. He presented a copy of a brief that he had submitted to the Edmonton District Planning Commission in which he answered criticisms that had been made regarding his proposal. He also summarized his arguments by depicting on a large scale map of the District the reasons why this particular site had been chosen.

It was arranged that a committee meeting be called for Thursday, May 16, at which Mr. Campbell and officials from the Planning Commission could get together to debate the proposed subdivision.

The Council authorized a grant of \$25.00 to the Canadian Cancer Society.

Councillor Schiewe advised that a request had been made to him by one of his ratepayers that the road division in the SW 22-51-24-W4 be cancelled. Mr. Schiewe was of the opinion that it would be very unwise to cancel this division as it was well registered

With the passing of paymaster as such at this particular time, and the reading of sundry correspondence the meeting adjourned, to meet again on June 11, 1952.

Anniversary Service

BREMNER - Dr. G. H. Vilett, president of Alberta College, was guest speaker at the Anniversary Service at Bremner United Church on Sunday morning. Special music for the occasion was an anthem by the choir, and trio by the Misses Helen Schroter and Marion McCall, and Mr. Alfred McCall. Two young members of the Junior and Senior Mission Band, Miss Patricia McCall and Miss Joyce McCall, on behalf of the Mission Band, presented to Mr. F. T. Jackson, elder, for the congregation, a hymn book, suitably inscribed.

Choristers Present Concert

MANSFIELD - A concert of sacred music was presented by the Concordia Choristers on the afternoon of May 24th at Bethany Lutheran Church. The group of 40 students sang under the direction of Dr. A. H. Schwermann, principal of Concordia College, Edmonton, and were accompanied by Miss Marjorie Schwermann at the organ.

The program presented was "Songs of Sacred Song" and consisted of eighteen anthems, many of the arrangements of the famous hymns that are dear to the hearts of Christians everywhere. The congregation took part in the concert by joining in with the singing of some of the hymns. The program closed with the "Hallelujah, Amen and Chorale" by George Gottfried Wagner and "All Hail the Power of Jesus Name" by Goldsworthy. A lovely supper was served to all present after the program by the Bethany Ladies Aid.

The annual elections for the new league year were held at the last meeting of Bethany Waltham League on the evening of May 29. The newly appointed executive will take office at the beginning of June and are as follows: Alfred Naundorf, president; Ronald Naundorf, vice president; Lorraine Glinzer, secretary; and Bob Fischer, treasurer.

Seventeen young people from the Bethany Waltham League spent an enjoyable evening as the guests of the Stoney Plain group on May 29th, the occasion being the 50th birthday celebration of the International Waltham League. Over sixty young people took part in the league's traditional candle lighting service which was held at the altar of St. Matthew's Lutheran Church. The offering at this service was designated for the Christian Youth Fund. After the service many were enjoyed in the parish hall. A lovely birthday cake with 50 candles highlighted the delicious lunch served by the Stoney Plain league.

Rev. and Mrs. P. Scholz and Mr. and Mrs. Max Glinzer, together with Lutherans from various points in Alberta and B. C.

attended the ground breaking ceremony May 24th on the Concordia College campus for the new \$150,000 physical education building that is to be erected this summer.

Dr. A. H. Schwermann, principal of the college, turned the first sod. Rev. C. F. Basse, president of the Alberta and British Columbia district of the Lutheran Church, Massart Spang, and Rev. P. Jans of Stoney Plain, were the principal speakers for the service. A number of selections were rendered by the Concordia Choristers. After the ceremony the visitors were entertained at a buffet lunch in the college dining hall. The new building will house a gymnasium, a projection booth, a conference room, and will contain a stage. The main auditorium will seat about 800 persons.

Neighbors Help Injured Farmer

DOUGLAS - We are happy to report the good news that Mr. Harry Norton and Alice, seriously injured by their bull a few days ago, are now out of danger and recovering from the injuries and shock resulting from their painful experience.

Here was another of the many occasions when misfortune discovers God Samaritans; good, true, neighbors doing true, Christian service.

Scarcely had the car, driven by Ed. Vint, moved away with the suffering man and boy to an Edmonton hospital, when a Bee was mentioned to take over the operation of the injured man's farm. Mr. McLean, the organizer, and his promptly willing associates: Messrs. Zidals, Campbell and son, Don, Frank Davidson, Jerry Burke, Mr. Meyers, Art Madin, Pat Burke and Bobby and Wilfred Norton, all set to work and soon removed from the suffering, anxious heart of Mrs. Norton every fear and care concerning the operation of the farm. Every member of that Bee is to be commended, especially the organizer, Mr. McLean.

Picture News
from C-I-L

"TOMMY SAYER" in this new polythene plastic toy that releases ice cubes in a jiffy, all at once or one at a time. No more jabbing with a knife or holding under the tap. "Just kick the wire", says this pretty miss. Polythene is odorless, tasteless... won't freeze in the refrigerator tray compartment.

DAUGHTER'S SUITCASE is a junior edition of mother's in this happy edition of picture. "Fabricoid" and "Faberling" are very popular for luggage. The chances are these versatile materials were used for the little girl's shoulder bag, mother's handbag and the car upholstery, too. These chemical materials are easy to clean, inexpensive and resistant to scuffing.

Did you know?

Between 1945 and the end of 1951, the general wholesale prices index in Canada increased 82 per cent. During the same period, the selling prices index of C-I-L manufactured products increased only 35 per cent.

Ministiks Students Make Good Showing at Festival

MINISTIK — This is a banner year for the new Ministik School. Now that all festival results are in, it is known we are able to report them to the happy satisfaction of pupils, parents, relatives and friends throughout the whole school district.

HOT ROLLS double-quick!

With wonderful new fast-acting DRY YEAST!

PAPER HOUSE ROLLS

Measuring large bowl 24 cups lukewarm water, 1 cup yeast, 1 cup sugar, 1/2 cup salt, 1/2 cup oil, 1/2 cup shortening. Stir well. Let stand 10 minutes. THEN stir well. Scald 1 c. milk and stir in the strained sugar. Dry yeast, 1/2 cup oil, 1/2 cup salt, 1/2 cup shortening. Add to yeast mixture and stir in 1/2 c. lukewarm water. Beat in 3 c. once-sifted bread flour. Beat well. Beat in 4 lbs. melted shortening. Work in 3 c. more once-sifted bread flour. Knead until smooth and elastic; place in greased bowl and beat top with metal batter or shortening. Cover and set in warm place, free from drafts. Let rise until doubled in bulk. Punch down dough in bowl, grease top and let rise again until nearly doubled. Punch down dough and roll out to 1/4" thickness. Cut into rounds with 3" cutter. Bake with metal batter or shortening. Create rounds deeply with full side of the knife. A little to one side of center; fold larger half over smaller half and press down. Bake, turning each other, on greased pans. Bake in hot oven, 400° F., for 15 minutes. Let rise until doubled in bulk. Bake in hot oven, 400° F., about 15 minutes.

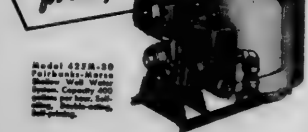

No more spotted cakes of old-style yeast. This new Fleischmann's DRY YEAST keeps fresh in your pantry! And it's fast-acting. One envelope equals one cake of fresh yeast in any recipe.

East Edmonton News

EAST EDMONTON — Word was received here that Mr. and Mrs. Chamberlain arrived safely in England after a very pleasant voyage neither having missed a meal on the boat. It was noted with interest that the hon. voyaged flowers sent to Mrs. Chamberlain by the Willing Workers Club upon sailing were still fresh upon arriving in Liverpool.

Jack McLean left for the coast recently accompanying his grand parents, Mr. and Mrs. Holo of Edmonton.

Mrs. Kay S. of Edmonton spent the week-end with her son and daughter-in-law.

Congratulations to Mr. Leo Bowie on his recent marriage.

Congratulations to Eddy Buffel who was the boys' individual champion at the Clover Bar track meet.

Mrs. Hector Hill returned home after a holiday at the coast.

Ardoress News
ARDORESS — Don Maxwell of Saskatoon was visiting his mother over the holiday week-end.

Mr. Lorne Storms and Mr. Gladstone Bice are the latest to be driving nice new cars.

The dance on Saturday night June 7th, will be sponsored by the boys' baseball club so come out and make it a success. Boys wear your uniforms and bring your lady friend along. Good music.

It was planned at the regular community league meeting to hold the annual picnic on July 1st as usual. A good program of sports, games, etc. is being planned, with a dance at night. Watch the ads.

The next community league meeting is to be on June 23. Take notice—in order to complete arrangements for the picnic a full attendance is requested. Each and every member to bring two bin-gie prizes to this meeting.

A clean-up day is planned for the church grounds, Thursday afternoon, June 10th, so the members are asked to be in attendance, also to be on hand to finish the interior. Seeding is nearing completion in this district.

Mr. J. W. Atwood was fortunate enough to get a den of coyotes recently.

BEST for BAKING

Try baking outside in your own kitchen. Increase the flavor of your breads and cakes. Bake them in your own oven.

ALPHA MILK COMPANY

Having purchased the Cockshutt Agency from Hayes, Everett and Soderstrom, we are now in a position to supply all genuine Cockshutt parts.

We are also building a modern repair shop and will be able in the near future to give you expert service on all your farm machinery.

Nowhere else will you find a mower that handles with the ease of the Cockshutt "15AS" Power Lift Mower. A gentle pull on the lift rope will raise the cutter bar fast. Release the rope and the bar drops almost instantly. A child can operate it. And it's all done by wrapping a rope around a powered drum — so simple — so trouble-free — so quick-acting — that it places the Cockshutt "15AS" in a class by itself.

4-Bar Side Delivery Rake

SPiral type cylinder — tooth bars are placed at an angle to take so all teeth on a bar do not strike the ground at once but successively — smoother operation and lighter draft when horses are used.

Ardoressan Couple Wed In Recent Ceremony

A very pretty wedding was celebrated on May 23, at the home of Mr. and Mrs. John Tamminga, when their young daughter, Lorraine Evelyn Mulder, became the bride of Arthur Clark Horton, youngest son of Mrs. Horton and the late Mr. Ross Horton of Ardoressan.

The ceremony was performed by Rev. A. W. Magee of Port Saskatchewan.

The bride entered the living room accompanied by her step-father, who also gave her in marriage.

The bride was beautiful in white cocktail length gown, with lace bodice and full skirt of nylon net over satin with lace inlaid.

She wore a finger-tip veil and a beautiful bouquet of white carnations and red roses.

The bride's table was laid with white cloth and centered by a beautifully decorated triple-tiered wedding cake topped by a miniature bride and groom.

The living room was tastefully decorated with white and pink streamers caught in the center with white bells. There were also bouquets of pink and white carnations and snapdragons.

The bride's mother was gown-ed in navy blue silk with white lace trim, her corsage was of red roses.

The groom's mother was with white corsage and white dress.

Following a short honeymoon the happy couple will reside on the groom's farm in the Ardoressan district.

Guests at the wedding included: Mr. and Mrs. Tom Haddad, Edmonton; Mr. and Mrs. Howard Hargett and family, Ardoressan; Mr. and Mrs. B. Williams and family, Brimmer; Mr. and Mrs. Doug Horton and family, Ardoressan; Mr. and Mrs. Walter Horton and family, Ardoressan; Mr. and Mrs. Howard Haney and family, Edmonton; Mr. and Mrs. Lawrence Farris and family, Ponoka; Mr. and Mrs. G. Tamminga and family, Edmonton; Mr. Jake Tamminga, Edmonton; Mr. J. Thornton, Edmonton.

Mr. and Mrs. Glen Moore and Mrs. Hope motored to Meakin River and spent the Victoria week-end fishing. Report: lots of fish, but smart. "They wouldn't bite."

Miss Gertrude Moore, who is a telephone operator at Vancouver, B. C., and a daughter of Mr. and Mrs. W. T. Moore of this district is going on a month's tour of the United States. She will go next to St. Paul, Minnesota, north across the middle of the States to Houston, Texas, on to New Orleans, Louisiana on the Gulf of Mexico, then to Birmingham, Alabama, across to Tennessee, to Lexington, Kentucky and home via Chicago.

Mr. and Mrs. Ross Moore, Mr. and Mrs. W. T. Moore report: potatoes planted on the 23rd of May. The rest of us are going to have to step mighty lively to beat that record.

Timely Farm Notes

Raising Replacement Animals for Dairy Herd

Obtaining good cow replacements is one of the most pressing problems of the dairy farmer. There are a number of reasons why replacements should be raised on the farm and not purchased.

(1) Raising young stock for cow replacements has proven the first and most important step in disease prevention.

(2) Recent reports indicate that the average life of the cow in herds raising replacements is

about five years as compared with 2.5 years in herds purchasing replacements.

(3) Raising replacements provides a means whereby dairymen, through a sound breeding program, can improve the quality of cows. The selection of heifers to raise, based on the records of dams and previous sires will increase milk production on most farms. The purchasing of replacements offers little opportunity for

ARE YOUR CANS FIT FOR THE QUALITY MILK OR CREAM?

At the time of the year, additional container space is required for milk and cream, as fresh production approaches. Are all your cans in such condition that they will not cause deteriorating effect on your milk or cream? Containers with open seams are the worst kind. Rust spots, pitting by corrosion on worn off tinning run a close second. When seamless or well rounded lids, owners at the bottom and shoulders of the standard shipping cans for cream and milk are used, the cleaning and sanitation procedures are made much easier. Provided no breaks occur and the coating of tin wash stands throughout sanitizing methods, quality of cream and milk in containers with cream is not seriously affected by such contact.

Creameries and milk plants usually make a good job of tinning and drying patrons' cans, but extra care on the farm is usually needed when the cans are used again. Dust accumulates between the time of sanitizing at the dairy plant and next use on the farm. Before adding milk or cream, cans should be checked and if necessary, they should be re-washed with boiling water or a disinfectant such as a chlorine solution. Where the cans still appear to be well cleaned and dry, only the sanitizing rinses of boiling water or disinfectant solution is necessary.

Look into your cans before using for milk or cream.

Andreassen Dried Beans

ANDREASSEN — We are glad to welcome Mrs. Matheson back again after spending the winter in California visiting her daughter Mrs. E. Allen.

Remember the picnic July 1st. In Andreassen.

Mrs. Matheson is nursing at the Royal Alex Hospital.

We note a vast improvement in the church grounds since the visitation by the news recently.

Mr. C. W. Storms is on the sick list. We hope he will soon be feeling better.

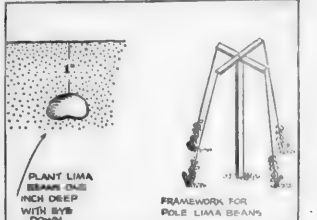

Dwellings have the cement poured for the foundation of their new home.

The regular W. A. meeting of the United Workers will be held on the 25th of June. Please note change in date. Mrs. Gladden Rice will be hostess at this meeting.

A picnic for the Sunday School is being planned on the church grounds on June 23rd in the afternoon. Come and bring your basket for a lunch and there will be a treat for the kiddies.

A good congregation gathered at the Andreassen Church on Sunday for the anniversary service. Rev. Ed Vipond gave the anniversary message. We welcomed several visitors from Brumner.

Garden - Graph

To make small areas count, plant climbing crops. Produce more in small space with pole beans, climbing peas, stalked to matos and tinned cucumbers.

Pole beans are practical as well as profitable in a small garden area because they bear more abundantly than the bush varieties. They also continue to yield over a longer period.

Pole lima beans are especially prolific. They are such producers that one planting is enough for the entire season. They can be planted in rows or hills.

Plant the seeds with the eyes down, one inch deep, as shown in the accompanying Garden-Graph. Pole limas require a richer soil than bush beans.

If strong poles are not available, make a framework as illustrated. A cord or wire can be run from the end of each cross stick and fastened to a small peg in the ground. In this way one can grow four vines on each support. The young vines may need a helping hand by twisting them around each cord or wire.

Climbing peas grown in small space can be trained to grow in a piece of chicken wire stretched between two posts.

If tomatoes are allowed to sprawl on the ground, they must be planted not closer than three by four feet. If trained to stalks they can be set two feet apart, with three feet between the rows.

To save space grow cucumbers on tents made of chicken wire on a back fence if you have one.

Sprayers

Crops are just about ready for spraying and to do the job right you'll need the right kind of sprayer.

We have a TRAILER TYPE SPRAYER that will do just the job you want done.

FORT SASKATCHEWAN

Alberta Gets 10 Percent Of National Investment

Alberta, with only 5.7 percent of Canada's total population, gained more than 10 percent of the total investment made in Canada in 1967.

The amount of money invested in Alberta during 1967 amounted to \$432 on a per capita basis, the highest per capita investment of any of the western provinces. In 1967, British Columbia had the highest per capita investment of any of the western provinces but since then Alberta has received a higher per capita share of the

money invested in western Canada. Saskatchewan has remained the province receiving the least share of investment.

Approximately 90 percent of the total investment in Canada was given to eastern Canada while western Canada received the remainder. However, the per capita investment for western Canada was about \$414.76 per capita as compared with \$432.17 for eastern Canada and \$432.02 for the whole of Canada.

Farmers Urged To Co-operate In 1952 June Survey

How many livestock are there in Canada? How many of these are dairy and how many beef animals? What is the acreage needed to graze in Canada in 1952? How much of this acreage is sown to wheat and to feed grains? These and a host of other questions will be answered by asking the farmers of Canada.

Therefore, each year at this time the Bureau of Statistics in co-operation with the provinces distributes questionnaires to farmers throughout Canada, so that every farmer may have the chance to supply information about his animals and livestock on his own farm.

The June crops and livestock survey is a voluntary one. Many farmers supply information every

Another Jolt For Rats

W. Lohay, Supervisor of Crop Protection, Alberta Department of Agriculture, reports that although a few more rat colonies have been located in the infested areas near Cardston, they have been exterminated since the April survey. Warfare is still being waged by pest control officers and property owners with encouraging results.

Further help is at hand, and farmers of the area have been busy preparing their premises for an all-out extermination campaign. Under arrangement with the Government of Alberta, a Winnipeg firm of pest exterminators, M. L. Poulin Ltd., will be in the area early in June to begin their systematic rat clean-up project. With the co-operation of every person concerned, representatives of the firm are satisfied that not only can all the rats in the infested area be exterminated, but that the area can be proofed for a period to prevent establishment of new colonies.

Industry and international organizations such as the Food and Agriculture Organization use the figures extending to 1967.

All schedules within the farm are kept strictly confidential. The individual forms are sent only by employers in federal and provincial statistical offices.

Servette Khama, dethroned African chief with the English wife, is an Oxford graduate.

East Edmonton District News

EAST EDMONTON — A speedy recovery is wished Mrs. McDonald who has been a patient in a city hospital.

Miss Dell Bowie returned to Dawson Creek this week after attending the wedding of her brother Lee here last week.

Arthur Prill arrived home this

week from HMCS Crusader at Victoria for a month's holiday with his mother.

Congratulations to Mr. and Mrs. Jim Hart (nee Gladys McFadyen) upon the birth of a daughter.

Mr. and Mrs. Geo. Briggs moved to Canora, Ontario to attend the funeral of the latter's cousin, Mrs. E. T. Billman.

General Repairs . . .

ED OTTEWELL, MANUFACTURER OF THE MARVEL STOKER, HAS INCREASED HIS FURNACE AND HEATING SERVICE TO INCLUDE ALL GENERAL REPAIRS. BRING YOUR WELDING MACHINE WORK AND GENERAL REPAIRS TO OUR MODERN MACHINE SHOP AT 7480-101 AVE. THE FIRST PLACE OUT OF THE CITY LIMITS ON HIGHWAY 14.

Marvel Stoker Products Company

Some time later the company wrote to the banker:

"The die has now been cast"

An American manufacturer was planning to open a plant in Canada. He considered various locations and found what seemed a likely site. He talked to a local bank manager, got facts about the community and its facilities.

Some time later the company wrote to the banker:

"The die has now been cast. It is our intention to locate in S . . . We feel that it is well suited to our particular operation. You have been of great aid to us. Your accurate and rapid presentation of facts necessary to reach a decision was top-notch."

Such letters show how a branch bank serves not only its own depositors and other customers but how, by assisting business development, it benefits the whole community.

The advertisement, based on an actual letter, is presented here by THE BANKS SERVING YOUR COMMUNITY

BRITISH CHILDREN HONOUR CANADIAN WAR DEAD

Children from the Sir John Moore Garrison school at Sherbrooke, near Politeness, Eng., recently arrived a pro-War. War. If custom when they placed flowers on the graves of Canadian soldiers buried in Sherbrooke Garrison cemetery, last resting place of several hundred men of the Canadian expeditionary force of the First World War.

Ardrasson News

ARRASSON — Ardrasson is justly proud of its Golf Club and the splendid showing they made at the Achievement day at Ardrasson and the honours they brought back to our little district at the show and sale in Edmonton competing with eight other clubs. Mr. A. Bell certainly deserves the appreciation of the entire community for the wonderful

ful work he has done among the young people and the fine spirit of fellowship they show to each other.

The farmers are all wearing big smiles these days after the splendid rains we have had and you can feel their throats growling. The W. A. catered to a record crowd on Tuesday at the Golf Club sale.

We always seem to be preparing for some festivity in this district. This week the F.W.U.A. are serving dinner at the convention in the hall and then before we know it the 1st of July will be here with the Ardrasson picnic. Remember the Community League meeting for the picnic plan Monday, June 23. Everybody please make an effort to be there as we need you all and bring your Bingo prize along.

Do you know that you can make several kinds of ready-mixes right in her own kitchen? For Mother who is to complete minutes, mixes made up in quantity and stored in tightly-covered containers on the pantry shelf or in the kitchen cupboard are, indeed, a great help. Then, when baking time comes around, instead of having the kitchen cluttered with dirty dishes, all one needs are three utensils: a mixing bowl, a mixing spoon and a measuring cup. What a saving in dish-washing time this is! The business girl who does her own cooking will find ready mixes a blessing too. During the week-end she can prepare a supply and this will make the problem of cooking on busy working days much simpler. A tea-blend mix can be used in many ways. That favourite supper-dish, Eggs à la King, served in a shortcake style is quick and easy to make, especially with the ready mixes. The foundation of a good old-fashioned Rhubarb Cobbler is a tea-blend mix, so here is another place where the mix can be put to excellent use. Then, too, with simple additions to the basic mix, such delicacies as plating hot Cheese Biscuits, Coffee Cake or a Fruit Cake can be produced on the spot.

Pastry mixes are another boon. Time and energy can be saved by making up a quantity of pastry mix all at once. Then it takes only a few minutes to make a pie when it is needed. Pie crusts are more likely to be consistently good when made with mixes. You can go even farther and make up a large batch of pastry dough. The dough, however, must be well wrapped and stored in the refrigerator.

Here are the directions for making Tea Blend Mix and Pastry Mix which the home economists of the Consumer Section, Canada Department of Agriculture have tested and highly recommended.

PASTRY MIX
(makes three two-crust pies)
7 cups sifted pastry flour
OR 6 cups all-purpose flour
1 tablespoon salt
1 cup shortening (blended vegetable oil)
Mix and sift flour and salt. Cut in shortening with pastry blender or two knives until pieces are size of small peas. Store in a covered container in refrigerator or other cool place.

Tea Blend Mix
Mix 2 cups pastry mix
1/2 cup water
Make a well in the centre of the mixture and gradually add water, working it in by using a cutting motion with a knife. Let dough onto pastry board, pat and roll out.

People who say that you cannot fool nature, have never watched a beauty-shop operator at work.

Recipe Corner

Mixes Save Your Time

With a supply of ready-mixes on hand there's no need to panic when company drops in unexpectedly. Using a tea-blend mix, for example, it takes only a minute or two to get a pan of this fruit ready for the oven. The while they are baking, the hostess can serenely chat with her guests. confident that in a short time something quite delicious will be ready to serve.

Do you know that you can make several kinds of ready-mixes right in her own kitchen? FASHION PHOTOGRAPHERS often use family groups to point up the versatility of modern fabrics like nylon. Daughter displays the latest thing in nylon playclothes, while her parents model this summer's smart nylon beachwear. Good news for Canadians is the new C-I-L plus at Montreal, Ont., which will lead to more of this wonder fabric for your easier living.

FARMER reading recent issue of C-I-L Oval magazine is interested in articles by Canadian agricultural authorities, hints on country home decoration and garden planning, and many other farm features! Write C-I-L, Box 16, Montreal, for your free copy.

MANY THINGS you find so useful today, like nylon and "Cellophane", were developed in chemical research laboratories. Search for improved or new chemical products goes on continuously.

Did you know?
Since 1929, C-I-L's product value has increased about 191 per cent in payroll and salaries total has increased about 314 per cent. In addition to four wages and salaries, C-I-L employees have enjoyed a company dividend plan since 1919, a life insurance plan since 1920.

Jack Bronton Married Recently in England

A wedding of interest took place recently in England when Jack W. Bronton, son of Mr. and Mrs. Harry Bronton, and Ender Mary Ramsey of Newcastle, New Brunswick were united in matrimony at the Parish Church at Oak-

ham, Rutland. The bride had arrived at Southampton aboard the liner S.S. Scythia just three days previous to the nuptial ceremony. A reception was held in North Luffenham where Jack has been stationed with the R.C.A.F. for the past 18 months. The couple toured some of the historic and interesting places of the English countryside for their honeymoon.

OF MARRIAGEABLE AGE NOW, QUINTS GRADUATE FROM SCHOOL

Wearing white caps and sashes, the Dionne quintuplets pose with their parents, Mr. and Mrs. Olivia Dionne, in their home in Callander, Ont. The 18-year-old girls—Marie, Ce-

le, Annette, Emilie, and I from Villa Notre Dame, a private school—had just graduated a quint course when they

TOWN OF PORT SASKATCHEWAN

Notice of Proposed Local Improvements

NOTICE is hereby given by the Council of the Town of Port Saskatchewan pursuant to the provisions of the Town and Village Act, that the Council intends to construct and install as local improvements water mains and sewers on the streets listed hereunder, and that the Council intends to charge part of the cost thereof by way of special frontage assessment against all lands abutting on that portion of the streets wherein the said water mains and sewers are to be laid according to the number of linear feet thereof of the said several lands measured along the abutting portion at uniform and equal rate per foot to be computed by dividing the total sum to be raised by the special frontage assessment of the lands by the total number of linear feet of the abutting lands, such assessment to be payable at an annual unit rate per front foot of ten cents (10c) per foot for sewers and ten cents (10c) per foot for water mains, annual assessments to be paid for a period of twenty (20) years and being sufficient to pay the cost charged as a local improvement with interest at the rate of two per cent (2%) per annum.

AND NOTICE is further given that unless a majority of the owners of the lands that may be assessed thereof, representing at least one-half in value thereof, petition the Council against it within two weeks after the last publication of this notice, the said local improvements will be undertaken and a portion of the cost thereof assessed by the system of assessment hereinbefore mentioned.

Any owner so specially assessed may at any time compute the amount of balance remaining unpaid in respect thereof by paying the amount of the original assessment charged, and payment there- to, together with interest and penalties chargeable in respect thereof less any amounts previously paid on account thereof.

DATED at the Town of Port Saskatchewan, in the Province of Alberta, this 17th day of June, 1962.

Leonard Brown,

Secretary-Treasurer.

Successful Achievement Day Held by Ardrossan Calf Club

ARDROSSAN — The Calf Club Achievement Day held at Ardrossan on June 16 was exceptionally successful due to several factors. The weather was ideal, the club members who seemed to all work out in their favor.

First was the very generous donations for prizes by financial supporters who are listed below. The members of the club are to be congratulated on the feeding and fattening of their calves. A wonderful job was done by all and a great deal of interest shown.

A large crowd turned out to see the judging and we are very glad to see that there are so many people interested in and supporting our club.

A delicious dinner was served by the ladies which rounded out activities to perfection.

Successful Exhibitors were: Champion, Marguerite Latam, reserve, Audrey Latam; 3rd, Melbourn Latam.

Showmanship: 1st, Melvin Priest, 2nd, Audrey Latam; 3rd, Gordon Williams.

Judging: 1st, Marion Scheers, 2nd, Gary Scheers, 3rd, Owen Scheers; 4th, Joyce Scheers.

Youngest Club Members: Girls: Marion Scheers, Marguerite Latam; Boys: Gary Scheers and boys.

Judges were Mr. Newcomb for the main event and Mr. Byers for the showmanship.

Our top calves were also extremely successful in Edmonton, and we walked through with flying colors.

Marguerite Latam won Grand Champion and Audrey Latam Reserve Champion.

We also won the cup for the best top calves. Jim Simpson, being the fourth.

Donations to the Calf Club for the year were: 1st, Ted O'Brien, 2nd, J. H. Simpson, 3rd, J. H. Simpson, 4th, J. H. Simpson.

Unreserved thanks are as follows: Royal Bank, Port Sask.; A. H. Hardware, Edmonton; Tom Barrow's Garage, Marlin Groceries.

F.U.A., F.W.U.A. Convention Delegates Named

PARTRIDGE HILL. — The F.W.U.A. June meeting was held at the home of Mrs. Ted O'Brien last Thursday. Among other business Mrs. Garth Oshaldson was appointed secretary.

The convention to be held at Lamont in July. At the close of the meeting a lovely lunch was served by the joint hostesses Mrs. Ames Oshaldson and Mrs. Chas. Oshaldson.

At the F.U.A. meeting held Wednesday evening Mr. Bob Moore and Mrs. Garth Oshaldson were appointed delegates to the convention being held at Lamont.

Mr. and Mrs. Robin Whitson of Mayersburg visited at the home of his mother, Mrs. A. D. Whitson last week.

Mr. and Mrs. Alf Frey are receiving congratulations on the birth of a daughter, born at St. Anne's Memorial Hospital last Sunday morning.

A number from this district attended the F.U.A. sub-district meeting held at Ardrossan Tuesday.

Erlyn Attwell received word last week that she had successfully passed her First Year Ed at the University.

Much sympathy is felt throughout the district for Mr. and Mrs. Harvey Lawrence in the loss of their baby. Mrs. Lawrence re-

Around Town

Miss Norma McEwen and Mrs. Orlan McEwen will be giving a piano recital at the home of Mrs. J. H. McEwen, 1000 W. 10th St., on Wednesday, June 19, at 8 p.m.

Mr. Mike McLellan left Sunday for a holiday in the States.

Miss Florence Gray will be the lucky winner of the cake given by the Sally Ann Bakery on their anniversary. The cake will be divided half of the cake to the ladies at Ames Photos Lodge.

Mr. and Mrs. Harry deZeuzou spent last week-end at Banff.

Edwin Thompson and his family caught a fishing trip at Brule last week-end.

Mrs. Stan Walker, Mrs. Sam Melville, Mrs. M. Walker and Mrs. E. Walker attended the W.I. conference in the Port Saturday.

Mr. and Mrs. James Allanach and Mrs. Sam Melville attended the Calf Club Show and Banquet held last Wednesday in Edmonton.

W.I. Raises \$202. For Cancer Fund.

Going to inclement weather the June meeting of the W.I. was held at the home of Mrs. J. Althim instead of the home of Mrs. G. Williams as planned. 12 members and 1 visitor were present. Creed was read by Mrs. Bradshaw.

Thanks were sent from the Canadian Cancer Society for the donation of \$202.00 from the W.I. which was the sum donated by residents of Port Saskatchewan and district. Members of the W.I. also wish to thank those who so kindly donated to the fund.

The Cemetery committee was authorized to make further improvement to the local cemetery during the summer months. Plans are being made to improve the entrance to the cemetery.

Word has been received that Port Saskatchewan and district has been included in the library of the Mobile X-Ray clinic. This visit will take place in the fall.

The president reported that the Scholarship Award of \$100.00 had been awarded to Miss Shirley Thomas of the High School graduation class.

A sum of \$150.00 will be spent

turned home from hospital Monday.

Members of the Community Club met in the hall Monday evening and completed plans for the picnic to be held July 11. Watch for further announcements.

Mrs. Harry Smith left last Sunday morning for Vancouver where she will holiday with relatives for the next two weeks.

to assist in buying necessary baby blankets and towels for a new family.

The meeting was brought to a close with the serving of a very tasty lunch.

Dist. of Bluebird Construction asked permission to move a 36 x 36 6-room and bathroom, stuccoed, plastered bungalow into the Port. Permission was granted providing the building was first inspected and approved.

A letter was received from International Water Supply Co. Ltd. of Regina for lots on which to store material. It was decided to let the Company lease lots 18 to 19 in Block 35, Plan O. These are close to the railway line and Council were of the opinion no one would want to build a home on them. The lots will be leased for taxes and the Company will be required to fence the property with a page wire fence.

Crop Inspections For Registration

Attention of farmers and seed growers who wish to have crops inspected in the field for registration or certification is drawn to the fact that these applications should be submitted prior to July 15 to the Plant Products Division, Immigration Building, Calgary.

be supplied immediately on request to the above address. In order that crop inspection work can be done efficiently, it is necessary to know at an early date what crops require inspection.

To encourage an inspection to eat a variety of the foods that are necessary to his good health, it is a good idea to start by giving him small quantities of such new food when he is hungry. If he shows a decided distaste for any

PEARSON AMONG ELEVEN CELEBRITIES HONORED AT COLUMBIA

Hon. L. B. Pearson, Canadian external affairs minister, told more than 250 members of the Alumni Federation of Columbia University, New York, that Canada is prepared to follow the leadership of the United States and Britain in world affairs, "because it is the leadership of free states and free men." Mr. Pearson was one of eleven who were granted honorary degrees at Columbia's

198th commencement exercises. He is seen at left after receiving an honorary degree. The doctor of laws, Anna M. Rosenberg (centre), assistant secretary of defence, received an honorary degree as doctor of humane letters, and Joseph Pulitzer (right), president and publisher of the St. Louis Post-Dispatch, was also given an honorary degree as doctor of

U.S. REEF SHIPMENTS THROUGH VANCOUVER

Over 4 million pounds of frozen beef is being shipped to Great Britain via the port of Vancouver. It is expected that these shipments will continue in volume as long as the United States embargo against Canadian cattle is in effect.

Bremner W.A. Meets

BRENNER — Mrs. D. Hollands entertained members of the Bremner W.A. at their monthly meeting on Wednesday afternoon. Despite very muddy roads a very interesting meeting was held. Mrs. H. D. Duncan took the chair. In the absence of Mrs. Myron Latimer the president, A. very good report was given of the Anniversary Supper. It was decided to advertise the fact that Bremner had changed their date for the anniversary each year permanently to the first Sunday for the service, and the supper on the following Monday evening. The change which was made the last two years, was because the last week-end in the month of June interfered with exams, and also that some of the members usually went early for their vacation, and could not be present late in June. It was decided not to hold a July meeting for the latter reason also. Mrs. William Scherger gave a talk on a chapter of the study book, "From Lakes to Northern Lights". Mrs. Garnet Blair assisted the hostess, after the business session, in serving her guests with a delicious lunch.

Two Bremner girls, Marguerite Latam and her sister Anne Latam, won the grand championship.

Car Accidents Take 30,000 Lives In 20 Years

Cost of automobile accidents involving people covered by insurance in Canada in 1951 was almost \$125 a minute, George H. Kenney told members of the Dominion Board of Insurance Underwriters Association at Montebello, Que., recently.

Mr. Kenney urged the insurance companies to intensify their efforts to increase public awareness of controllable hazards and conditions relating to automobile accidents.

Automobile insurance claims had risen to \$65 millions in 1951, an increase of \$13 millions over 1950; uninsured accidents cost millions of dollars more, he declared.

During the past 20 years, 30,000 Canadians had been killed and half a million injured, as a result of automobile accidents, he reported. Figures for 1950, latest year for which statistics are available, showed 30,000 injured and 2,200 killed. The human factor — the driver — he declared — was the biggest single cause of traffic accidents.

Four violations responsible for almost 70% of last year's traffic deaths were: speeding, driving on the wrong side of the road, drinking and driving, and ignoring the right-of-way of others.

Bride Elect Honoured at Recent Shower

MANFIELD — Miss Rose

on the evening of June 7th at a miscellaneous shower in home of Miss Edith Lehman, a bride-elect of June 25th. The toast was assisted by Miss Rena Jank. About 30 ladies were present and as they sang "I Love You Truly" Miss Lehman was escorted to the gift table that was loaded with many lovely and useful gifts. The table was centered with a miniature bride in satin and lace and was flanked on either side with white tapers and bouquets of spring flowers. The evening was spent in playing games, contests and singing. A delicious lunch brought the evening to a close.

A welter rout was enjoyed by the young people of the Bethany League on Thursday night, June 5th. It climaxed an evening of work on the lawn of Bethany church, hoing and digging around the shrubbery, mowing the lawn and generally tidying up the grounds. A sit-down around the bonfire brought another evening of good fellowship to a close.

Rev. F. Scholz has been serving a number of congregations in mission stations at Vegreville, Mannville, Brice and Telford in addition to the home congregation and Chipman for the past two Sundays. He took charge of

Griesbach News

GRIESBACH — The Griesbach W.I. met at the home of Mrs. E. Walker recently. The program was discussed and conveners appointed.

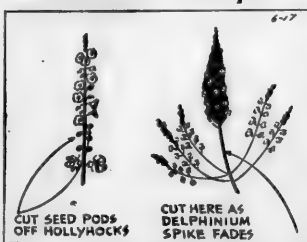

Mr. and Mrs. S. Melville and Mr. and Mrs. Stan Walker are

holding in the Peace River. Mrs. J. Allanach was hostess to the Evening group of the W.A. last Wednesday evening.

Many district families were visitors to Elk Island Park when the Fort Band supplied the entertainment for the afternoon.

Garden - Graph

CUT HERE AS DELPHINIUM SPIKE FADES
CUT SEED PODS OFF HOLLYHOCKS

There are two ways to insure extra bloom in the home flower garden. One way is to keep well flowers picked and thus stimulate the plant to put forth additional blooms. Pansies are a good example.

The other method is to make double use of the planting area. This can be done, for example, by planting peonies among lilies. When the lilies have finished blooming their foliage will fill the lily roots cool and moist, half the battle in successful lily growing.

Hollyhocks may be made to blossom much longer than usual if their seed pods are cut off, as shown in the accompanying Garden-Graph. Do this as soon as any of the flowers fade and seed pods form.

on crowded stalks and the tip flowers are seldom good. Delphinium plants will bloom a second time and often more if you cut down the flower spikes as they fade. Cut the main flower spike as illustrated. This allows the plant's energy to go into the remaining buds instead of into seed formation. As the upper internodes fade cut them out likewise, and the lower ones will bloom.

If you have a planting of irises, plant gladioli bulbs among them. The two foliage look well together and the result will be extra blooms in the same amount of space.

Use miniature "gladioli" for they only need to be planted about three inches deep. They will make more of an increase at this depth than when planted deeper. The small spikes don't require so much support from the soil to hold them upright.

High school graduates YOU CAN BE AN OFFICER

Young men recently graduated from High School with Junior Matriculation or equivalent educational standard, may become officers in the Canadian Army Active Force.

To qualify you must be: — Single — Physically fit — Between 18 and 25 years of age and have a Junior Matriculation or Equivalent Educational Standard.

If accepted you begin training at Camp Borden as an Officer Cadet to qualify as a Second Lieutenant in the Active Force. You will receive Second Lieutenant's pay while in training. When you are granted a commission you will then serve for periods of 3, 4 or 5 years as you choose under the Short Service Commission Plan. At the end of this service you may apply for a permanent commission.

Apply today to the Recruiting Office nearest your home.

Josephburg School Makes Good Showing at Festival

JOSEPHBURG — The Josephburg School has received the results of the Claver Bar School festival which was held in J.I. monon on May 26. The results were most gratifying.

Excellent grading in solo, Mac Hennig and Jerry Thomas. Very good grading in solo, Jerry McMain, Norma McMain, Leroy Cranston and Jess Krueger. Good grading in solo, Dorelle Thomas.

Recitations—Excellent, Kenneth Babcock. Very good, Joan Mohr, Victor Thomas, Leroy Cranston and Altha Cranston.

Duet—Excellent, Mac Hennig and Kenneth Babcock.

Chorus—Excellent, Josephburg School Choir.

Dramatization—Very good.

Choral Speech—Very Good.

Division I Good, Division II.

Action Song—Very good, Division I.

We wish to congratulate the class on such a very good showing.

A major attribute of this year's dress crop is that there are so many designs that can be dressed up or down. So the clothes acquire quite different personalities with the aid of various accessory changes. An example in this dress is antique silk shawling in a rich shade of peacock blue. It has a small standing collar, wide shoulders and short sleeves with notched cuffs. A buttoned band extends down the centre front to below the waist. There are gathers in front of the skirt and gares in back.

The Junior Red Cross picnic which was held recently at the school was a great success. Many neighboring schools attended. There were three ball games and several novelty races. The Club wishes to thank all those who helped to make the picnic a success.

The Canadian government is trying to collect \$4973,000 due from western farmers for wheat grain distributed between 1896 and 1926. The principal sum was \$1,776,000 and interest \$3,200,000.

Women Drivers Have Best Records

In an article profusely quoted A.A.A. statistics, the New York Times contends that, contrary to popular opinion, women can learn how to drive more easily than men and that once driving they are probably more adept at it than their husbands, brothers or sons.

The Times quotes the joke of a certain stage comedian about women drivers to show how widely this myth has been accepted.

"Fanny thing happened to me on my way to the theatre," the comedian would say. "There was a terrible traffic jam at Seventh Avenue and Thirty-ninth Street. A woman driver signalled that she was turning left. What caused the confusion was that she turned left."

The audience generally laughed obediently, the Times said. Then, the article goes on to point out that A.A.A. figures show that men drivers have 2.8 accidents for every million miles driven, while for fair sex has only 1.7 accidents for the same distance.

TURNING RUST INTO AN ASSET:

A U.K. firm has developed a rust remover that converts rust into a protective finish which is an excellent base for paint. (Metals of Process, Ltd., Erdington, Birmingham.)

In 1961 Canada admitted 194,000 immigrants, of which 72,600 came from Great Britain. The immigration total this year is expected to reach around 125,000.

Sandy Lake District News

SANDY LAKE — Mr. Gaultier, motored to the Lacombe Angus Show and Sale on May 29 accompanied by Mr. A. C. Elliott, Mr. J. Francis of Edmonton and Mr. T. Berg of the University of Alberta. During the evening they attended the general meeting of the Alberta Angus Association held in the Lacombe Arena.

Mr. E. Bee of Mayethorpe was one of the farmers attending the Annual Farmers Day at the University last Saturday. Being a

Mr. G. Anderson to have made his an addition to his home.

Mr. and Mrs. Kants bought a new car and are ready for lots of summer driving.

The Home and Second Association will have their monthly meeting on Thursday, June 12th.

A good attendance is anticipated.

Local No. 600 of the Farmers Union of Alberta held their regular meeting on June 4 at Otonkewin School with several members in attendance. They were pleased to have the secretary, Mr. W. Dreger back after having been away his arm.

Mr. J. Horne, a Clergyman School Division trustee, spoke matters of interest regarding school affairs.

Lancaster Bombers

Back in Service

The Lancaster, premier bomber of the Second World War, has a good chance of surviving for a few years yet — though not as a bomber.

When the R.C.A.F. decided it was necessary to again set up anti-sub coastal command squadrons, they looked around for a suitable aircraft.

Second World War II aircraft designed for the job were hard to get and, anyway, outdated. And the R.C.A.F. couldn't get quick delivery on their modern counterparts for any money. They tried, without too much hope, the Lancaster bomber.

The experiment has been a big success. It has also been a big money-saver. The Lancaster with the R.C.A.F. maritime squadrons to stay — for a while.

MUNICIPAL DISTRICT OF STRATHCONA NO. 83 AGRICULTURAL SERVICE BOARD

NOTICE Re. The Use of 2,4-D

To our ratepayers who use 2,4-D, which is now available at Municipal Office, please observe the following directions:

It has become increasingly evident over the past two years that oats are the most susceptible of all cereal crops to 2,4-D damage.

According to the best scientific information we can obtain, there are only about seven to ten days during which it is safe to apply 2,4-D to an oat crop for weed control without injury. This period is immediately after the shot blade appears. The amount of 2,4-D applied should not be any more than is necessary to do the job. We suggest not more than five ounces ester acid and not more than six ounces amine acid per acre. The only exception to this rule is the seedling or two to three leaf stage when if a sufficient emergence of Ontario wild mustard and/or stinkweed is in evidence an application of 3 to 3½ ounces of ester acid or 4 to 4½ ounces of amine acid per acre may be made. All other grain crops may be sprayed or doped with 2,4-D from the time they attain a height of six inches up to and including the early shot blade stage, and with an application as high as seven ounces ester acid or eight ounces of amine acid per acre if necessary.

Summary of Bi-Monthly Meeting of Agricultural Service Board

The bi-monthly meeting of the Agricultural Service Board of the Municipal District of Southwestern No. 88 was held in the Council Chamber, Rural Administration Building, 1048-11 Avenue, South Edmonton, Alberta, on Tuesday, June 24, 1952, with the following members in attendance: E. Keith, Chairman; F. R. McCalla, Representative; B. J. Whitbread, Government Representative; M. L. Stetson, Field Supervisor; D. Roberts, Secretary-Treasurer.

At 1:30 p.m. the Chairman, E. Keith, called the meeting to order. Business commenced with consideration of the minutes of the meeting held on March 31st, 1952, copies of which had been mailed to all members of the Board. After reviewing same it was moved by F. R. McCalla that the minutes of the meeting held on March 31st, 1952, as submitted by the Secretary, be adopted and confirmed. Carried.

Pure Bred Blue Area. Arising out of the minutes, a discussion ensued concerning the establishment of a "pure bred area" in the Municipal District. Both the District Agriculturalist and the Field Supervisor advised that in their opinion there

were not enough pure bred sires to replace the scrub ones; furthermore, some of the so-called pure bred sires were not as good as our best grade bulls. They did not think the problem was so serious now that cattle are selling at a reasonably fair price. After further discussion it was the consensus of opinion that it would be as well to leave the establishment of a pure bred area alone for further discussion.

The following correspondence was read, discussed and ordered: Field Crops Branch, monthly report form; Wildlife Control project; Wild Game; Proceedings, Western Canada Wood Control Conference; and Daily reports. Field Crops Commissioner to Barley control Alberta Institute of Agriculture Convention, June 18th and 19th, 1952. Manitoba Distributors Ltd. re Bombers Wood Sprayer. District Agriculturalist to Don Ramsay, Veterinary Services re Barley control. Chapman Chemical Ltd. re Alkaid. Edmonton District Planning Commission re Statistics. Dept. of Agriculture. Crop correspondence-instructions. Agricultural Extension service re Barley control. Veterinary

Services re Calfoot vaccination. District Agriculturalist re Crop report. John Allan re Forage crop seed. R. T. Miller re Letter T. Parlin re Baskop seed. Deputy Minister of Agriculture re Representation on Service Board. Cattle letter re EAD injury to rats.

"Save The Soil" Campaign. Mr. E. J. Whitbread gave a brief report and submitted names of entrants from the Municipal District in the "Save The Soil" campaign. To date thirteen entries have been received. He also advised that in the "Farm and Home" competition eight entrants had their names submitted in the competition.

Dealing with the matter of the spring vaccination for Bane's control, the Field Supervisor reported the following payments had been made to the undermentioned captains: Gellert, \$19.30; McPherson, \$27.60; Davidson, \$20.00; Gellert, \$25.50; Hofford, \$20.00; total of \$205.50.

The Field Supervisor reviewed figures concerning the sale of forage crop seed and said this year. After giving a breakdown of the varieties sold, he advised that the total amount of seed sold to date was 26,186 pounds.

The Field Supervisor also reported on other Service Board activities to date.

Willing Workers Offer Officers

EAST EDMONTON — At the annual meeting of the East Edmonton Willing Workers held recently in the hall, the following were elected to office for the coming year: President, Mr. J. Kay; Vice President, Mrs. J. D. McLean; Secretary, Mrs. H. McLean; Treasurer, Mrs. J. D. McLean; Flower Committee, Mrs. J. D. McLean; Lawnmower, Mrs. J. D. McLean.

At the conclusion of the meeting, Mrs. J. D. McLean, of the Salvation Army gave a very interesting talk on Social Welfare work, pointing out what could be done in this field by an action such as ours.

Hostesses for the afternoon were Mrs. E. Lawrence and Mrs. L. Buffel.

Mr. and Mrs. G. Briggs and Jay have left for a motor trip to the States, where they plan to visit relatives in Iowa and Nebraska.

Congratulations go to Mr. and Mrs. H. Rennie on the birth of a daughter.

We are glad to hear that Mrs. Stetson has been promoted to a position in the hospital, and we wish her a speedy recovery.

F.U.A. Sub-District Convention Held

Edmonton. Handcraft Display. Splendid handcraft exhibits were shown by all branches with Mrs. W. Plakowicz representing for the afternoon.

Misses Whelan and Walralla of the Department of Agriculture judged the exhibits and gave a favorable comment on the excellent work of the exhibitors. Pleasant view prizes were awarded the handcraft committee.

Two exhibits in a competition which were greatly admired were the weaving and subsequent embroidery by Miss. H. Brown and Mrs. H. E. Vague.

Following a report of resolutions and the treasurer's report were given by Mrs. E. Atkinson of St. Albert.

Mrs. Vague gave a splendid report of her work as convener during the past four years.

Constitutional Reports. Reports were received from all branches of the constituency: Fort Saskatchewan, Edmonton, Waples, Bon Accord, St. Albert, Pleasant View, Redwater and Grisebach.

A musical program was arranged and during the sessions after, entertainment was given by Mrs. Ruth-Marie Krueger and Mervin O'Brien, pianist was Miss Joyce Stampert, Broderick.

The afternoon session opened by an address from Mrs. Jones of Manville. She stressed the part played by the women in the community and also the importance of the Home and School Association and urged members of the institute to give it full support.

The reports of standing committees were then given: Agriculture and Canadian Industries, by Mrs. E. Atkinson, St. Albert; Health and Education, by Mrs. Leeson, Redwater; Citizenship, by Mrs. Marshall, Pleasant View; Home Economics, by Mrs. J. Miligan, Bon Accord; Handicrafts, by Mrs. Farnsworth, Waples; Social Services, Mrs. Baron, Edmonton and read by Mrs. J. P. White.

The next conference will be held in St. Albert.

Wye News

WYE — Miss N. Mayhew, Mr. and Mrs. J. B. Boudreau attended the annual gathering of the Wye Association at Rabbit Hill last week and spent a most enjoyable evening. Mr. and Mrs. Boudreau were the best couple on the floor during the schottische and were presented with ten dollars donated by the Women's Empire and Equipment Co.

Miss Irene Asker will leave on a holiday trip to the Okanagan Valley and return to Wye the first part of July before returning to her home in Brandon, Man.

Latest reports say Mrs. Jim Banks, who is receiving an operation in a Toronto hospital, is holding her own. Mr. Banks is at present in Toronto with his wife.

Wye News

WYE — Miss Ann Johnston and Mr. Bob Thompson, from Scotland were guests at Mr. and Mrs. Ian Stewart's home last Friday afternoon. Both are delegates from the Scottish Young Farmers Club and are travelling across Canada in the interest of Agriculture. While in Edmonton they attended Farm Young People week held at the University of Alberta.

The Wye Ladies Club held their annual banquet on Wednesday, June 28, at the "Seven Seas" Cars driven by Mrs. Chester Patrigin, Mrs. Robert Higgins and Mrs. Harry Simpson. Both provided the means of transportation. After enjoying a full course dinner the group attended the Edmonton Rodeo, then returned to the "Seven Seas" to talk over the highlights of the day. The ladies who made up the party were: Mrs. J. Armstrong, Mrs. K. McLean, Mrs. S. Gardner, Mrs. S. McPherson, Mrs. McConnell, Mrs. J. Wunderly, Mrs. Robert Higgins, Mrs. Lloyd McLean, Mrs. C. Patrigin, Mrs. O. Ball, Mrs. Lester McLean, Mrs. L. Hammy, Mrs. H. Simpson, Mrs. H. Krenner and Mrs. Dorothy Gardner.

Mr. Walter B. Ross passed away very suddenly Sunday June 18th, from a heart seizure. He was known to many as the father of Ross and Norman Ross, the latter having lived in this community for many years and now resides at Millar, Alberta.

Partridge Hill News

PARTRIDGE HILL — Mr. and Mrs. W. Allen and Mr. and Mrs. George Osbedsten motored to Canmore last Thursday where they attended the baseball tournament being held there. They report some very interesting games.

Mr. Harvey Whitson was a patient at the Royal Alex where he underwent an operation for removal of his tonsils.

Mrs. A. B. Whitson is spending a few days visiting her son and daughter-in-law, Mr. and Mrs. Robin Whitson at Maplehurst.

Mr. and Mrs. Vernon Osbedsten of Fairview and David Osbedsten of Canmore spent Sunday at the home of their parents, Mr. and Mrs. Emil Osbedsten.

A German manufacturer is producing a grain harvesting combine that can stand on or batten down crops with equal ease and turn out the straw in bales.

TOWN OF PORT SASKATCHEWAN

Notice of Proposed Local Improvements

NOTICE is hereby given by the Council of the Town of Port Saskatchewan pursuant to the provisions of the Town and Village Act, that the Council intends to construct and install as local improvements water mains and sewers on the streets listed hereunder, and that the Council intends to charge part of the cost thereof by way of special frontage assessment against all lands abutting on that portion of the streets wherever or whenever said water mains and sewers are to be laid according to the number of linear feet thereof of the said several lands measured along the abutting portion at a uniform rate of equal rate per foot to be computed by dividing the total sum to be raised by the special frontage assessment of the lands by the total number of linear feet of the abutting lands, each assessment to be payable at an annual rate per foot of front foot of ten cents (10c) per foot for sewers and ten cents (10c) per foot for water mains, such annual assessments to be paid for a period of twenty (20) years and being sufficient to pay the cost charged as a local improvement with interest at the rate of two per cent (2%) per annum.

AND NOTICE is further given that unless a majority of the owners of the lands that may be assessed thereof, representing at least one-half in value thereof, petition the Council against it within two weeks after the last publication of this notice, the said local improvements will be undertaken and a portion of the cost thereof assessed by the system of assessment hereinbefore mentioned.

Any owner so specially assessed may at any time compute the amount of balance remaining unpaid in respect thereof by paying the amount of the original assessment charged against the land together with interest and penalties charged in respect thereof less any amounts previously paid on account thereof.

DATED at the Town of Port Saskatchewan, in the Province of Alberta, this 17th day of June, 1952.

Leonard Browne,
Secretary-Treasurer.

WATER MAINS AND SEWERS

Fort Loses 5-3
To Vegreville

The Vegreville Town
ball Club journeyed to Elk Island
Park, participating in the annual
Cup Tourney, last Sunday, June
29th. The game was a closely
fought pitcher's battle, between
our own Jerry Shackleton and
the Vegreville pitcher until the 7th
inning, when an error allowed
the visiting team to score. After
this one misser the Fort team
withdrew its arm and never al-
lowed another man to reach first.
It was a superbly pitched ball
game by Jerry Shackleton and in-
cluded a number of home runs.
It should have been the game ex-
cept for the odd misser and some
unlucky batters. The game was
straining. Next scheduled game
is between the Fort and Beav-
er. According to Beav 9th 6th.

FORT SASKATCHEWAN 10
GIBBONS 2

After a 15-year banishment
from the British royal court, the
Duchess of Windsor may be
invited to attend social
functions along with her hus-
band, Queen Elizabeth II and
the Duke of Edinburgh are
said to have no objection to re-
ceiving the duchess, for whom
love Edward VIII abdicated his
throne. The Duke of Windsor
has made frequent visits to
Britain, but the duchess has
never returned since their mar-
riage.

Garbage Disposal

On many occasions we have
been asked if it is permissible to
use 45 gallon gasoline or oil
drums as garbage cans. The an-
swer to this must be "no," if our
garbage collection and disposal
system is to function satisfactorily
and at a reasonable cost to the
homeholder.

Oil drums and gasoline barrels
are too heavy for one man to lift.
As a result, the man making the
garbage collection has to use a
barrel over on his side and shovel
the refuse into his truck. This
is done several times a week, and
the effort and time to collect all the
refuse in town, 50, instead of being
able to collect all the garbage in
town in 3 or 4 days. This means
it takes him 4 or 5 days. This puts
him back in his other work in
the extent that he cannot call for
garbage for another 10 or 12
days. By this time, those that
have standard garbage cans are
complaining that their cans are
full to overflowing. A next door
neighbor notices this condition
and claims he shouldn't have a
can since the garbage truck doesn't
come around often enough.

It is reasonable that if some gar-
bage has to go on the ground yet
not all of it.

The use of oil and gas drums
as garbage cans appears to be re-
sponsible for a very large portion
for much of the dissatisfaction
with most of our scavenging ser-
vice.

Of course the local governing
bodies could employ more men to
cope with the situation. This
would create an additional cost
on our tax payers and we don't
want that if it can be avoided.

There are available for use
what are known as "roll-over"
bins. One which would weigh
approximately 75 pounds when
full.

These bins are available for use
at a cost of \$1.00 per bin. They
are made of heavy gauge steel
and are designed to be used as
garbage cans. They are 45 gal-
lon capacity and are 36 inches
high. They are 24 inches wide
and 24 inches deep. They are
designed to be used as garbage
cans. They are 45 gallon capacity

E. Edmonton News

EAST EDMONTON — Birth day greetings go to Irene West and Master Charlie Briggs this week.

A speedy recovery is wished Arnold Briggs who has been a victim of the flu this past week.

Mr. Alan Bateman and son of Alliance, were week-end visitors at the home of Mr. and Mrs. Geo. Briggs.

The community extends their deepest sympathy to the Adam family in their recent bereavement.

Mr. and Mrs. Geo. Briggs and Joy returned home last week from a two week's holiday. They report the weather very hot and dry in the south western part of Oklahoma. It was good to get back to the cooler climate.

A speedy recovery is wished Mr. Kerr who has been in hospital in a city hospital.

Miss Delphine Lehman Becomes Bride of Mr. Elmer Naundorf

Bright clusters of pink and rose peonies banded the altar of Bethany Lutheran Church one afternoon recently for the marriage of Miss Delphine Lehman and Mr. Elmer Naundorf.

The bride is the daughter of Mrs. Mary Lehman and the late Mr. Lehman of Fort Saskatchewan. Parents of the groom are Mr. and Mrs. Emil Naundorf Sr. of Bruderheim.

Rev. P. A. Scholz performed the double-ring ceremony.

Given in marriage by her uncle, Mr. Richard Fisher of Fort Saskatchewan, the bride wore a gown of traditional white satin and lace, fashioned with a full bouffant skirt slightly entrained. The bodice of white lace featured a round neckline accented with lace medallions and fine seed pearls and finished at the waist with a full lace panel.

Naundorf.

The wedding music was played by Miss Elsie Givens, Mrs. Arthur Arnold of Edmonton was soloist singing "The Splendour of Your Smile." The choir sang "A Perfect Love."

Later a reception of 150 guests was held at the Fort Saskatchewan Community Hall where the mother of the bride received wearing an afternoon dress of green silk with white accessories. She wore a corsage of red roses. The groom's mother wore an afternoon dress of long blue crepe accented with lace. Her accessories were navy blue and a corsage of pink roses were pinned at her shoulder.

A three-tiered wedding cake, flanked by white and pink tapers, decorated the bride's table. Bouquets of mixed summer flowers and posies also graced the table. Rev. P. A. Scholz proposed the toast to the bride.

For a honeymoon in the Orient, Miss Lehman the bride changed to a grey gabardine tailored suit completed with cinnamon accessories. A corsage of roses completed her ensemble.

The newly weds will make their home at Fort Saskatchewan.

Three Girls Win Essay Contests

The three top awards for the Province in the Alberta Safety Council's Farm Safety Essay competitions for the school term ending, all go to grade seven girls.

Helen Borm of Central School, Faber, is named first and will receive a fifty-dollar scholarship.

Joanne Kryzanowski of Lorneville School in the Holden district and Laurene Jackson of Bonanza are second and third respectively. Each will receive twenty-five dollar scholarships.

The girls and their teachers all go on an all expense trip to Edmonton where they will receive their awards from His Honor, Lieutenant Governor Borden. The presentation is arranged for 10:30 a.m., July 2nd, in the Lieutenant Governor's office. A luncheon in honour of the young people is planned to follow the presentation of prizes.

Approximately 1,700 schools of grades 5, 6, 7 and 8 entered essays in both categories, which are sponsored by the Alberta Safety Council in co-operation with the Provincial Department of Education and Agriculture.

LIST OF PRIZE WINNERS

Rural Track Meet Held at Josephburg

Another successful annual track meet was held at the Josephburg Recreation Grounds June 20th, with all schools participating.

Don Creek, D.C.; Good Hope, G. H.; Josephburg, J.; Mansfield, M.; Parting Hill, P.H.; and Radom, R.

The School Aggregate Cup was won by Mansfield School; the Soft Ball Cup by Josephburg School; the girls' and boys' Aggregate Cups were won by Irene Flaker, Mansfield, and Orlis Schneider of Deep Creek.

Following are the results of the track events:

Class I

Dash: 1, Marjorie Burnett, G.H.; 2, Marjorie Kedra, D.C.; 3, Jennifer Prochnau, H.C.

High Jump: 1, Karin Krebs, R.; 2, Marjorie Kedra, G.H.; 3, Nancy Penhale, P.H.

Running Broad: 1, Marjorie Kedra, G.H.; 2, Nancy Penhale, P.H.; 3, Karin Krebs, R.

Standing Broad: 1, Karin Krebs, R.; 2, Nancy Penhale, P.H.; 3, Marjorie Kedra, G.H.

Ball Throw: 1, Marjorie Kedra, G.H.; 2, Nancy Penhale, P.H.; 3, Annabelle Flaker, M.

Sack Race: 1, Marjorie Kedra, G.H.; 2, Marjorie Burnett, G.H.; 3, Karin Krebs, R.

Class II

Dash: 1, Laura Penhale, P.H.; 2, Marjorie Prochnau, D.C.; 3, Sharon Schultz, D.C.

High Jump: 1, Sharon Schultz, D.C.; 2, Laura Penhale, P.H.; 3, Lorraine Houston, P.H.

Running Broad: 1, Laura Penhale, P.H.; 2, Lynn Dietrich, P.H.; 3, Sharon Schultz, D.C.

Standing Broad: 1, Sharon Schultz, D.C.; 2, Marjorie Prochnau, D.C.; 3, Marjorie Prochnau, D.C.

Ball Throw: 1, Laura Penhale, P.H.; 2, Ruth Werner, M.; 3, Lorraine Houston, P.H.

Sack Race: 1, Laura Penhale, P.H.; 2, Marjorie Prochnau, D.C.; 3, Norma McEllin, J.

Class III

Dash: 1, Donna Frey, G.H.; 2, Joan Mohr, J.; 3, Wilma Prochnau, D.C.

High Jump: 1, Wilma Prochnau, D.C.; 2, Donna Frey, G.H.; 3, Eunice Penhale, P.H.

Running Broad: 1, Wilma Prochnau, D.C.; 2, Donna Frey, G.H.; 3, Donna Lawrence, P.H.

Standing Broad: 1, Wilma Prochnau, D.C.; 2, Donna Frey, G.H.; 3, Eunice Penhale, P.H.

Ball Throw: 1, Irene Bachsch, G.H.; 2, Donna Frey, G.H.; 3, Wilma Prochnau, D.C.

Hop-Step-Jump: 1, Donna Frey, G.H.; 2, Joan Mohr, J.; 3, Wilma Prochnau, D.C.

Class IV

Dash: 1, Irita Pipke, R.; 2, Lorel to Huber, R.; 3, Lucila Willmski, D.C.

High Jump: 1, Lorel to Huber, R.; 2, Irita Pipke, R.; 3, Lucila Willmski, D.C.

Running Broad: 1, Irita Pipke, R.; 2, Lorel to Huber, R.; 3, Lucila Willmski, D.C.

Standing Broad: 1, Lorel to Huber, R.; 2, Irita Pipke, R.; 3, Lucila Willmski, D.C.

Ball Throw: 1, Irene Bachsch, G.H.; 2, Donna Frey, G.H.; 3, Wilma Prochnau, D.C.

Hop-Step-Jump: 1, Donna Frey, G.H.; 2, Joan Mohr, J.; 3, Wilma Prochnau, D.C.

Class V

Dash: 1, Irene Flaker, M.; 2, Mae Hennig, J.

High Jump: 1, Irene Flaker, M.; 2, Mae Hennig, J.

Running Broad: 1, Irene Flaker, M.; 2, Mae Hennig, J.

Standing Broad: 1, Irene Flaker, M.; 2, Mae Hennig, J.

Ball Throw: 1, Irene Flaker, M.; 2, Mae Hennig, J.

Sack Race: 1, Irene Flaker, M.; 2, Mae Hennig, J.

Hop-Step-Jump: 1, Irene Flaker, M.; 2, Mae Hennig, J.

Class VI

Dash: 1, Fredrick Naundorf, M.; 2, Dale Mohr, J.; 3, Ronald Houston, P.H.

High Jump: 1, Grant Whitson, P.H.; 2, Fredrick Naundorf, M.; 3, Jean Krieger, J.

Running Broad: 1, Grant Whitson, P.H.; 2, Dale Mohr, J.; 3, Ronald Houston, P.H.

Standing Broad: 1, Dale Mohr, J.; 2, Grant Whitson, P.H.; 3, Ronald Houston, P.H.

Ball Throw: 1, Grant Whitson, P.H.; 2, Dale Mohr, J.; 3, Fredrick Naundorf, M.

Sack Race: 1, Terrence Gabert, M.; 2, Grant Whitson, P.H.; 3, Dale Mohr, J.

Class VII

Dash: 1, Lowell Galt, P.H.; 2, Morley Gabert, M.; 3, Ralph Flaker, M.

High Jump: 1, Morley Gabert, M.; 2, Wayne Krebs, R.; 3, Elmer Prochnau, D.C.

Running Broad: 1, Morley Gabert, M.; 2, Wayne Krebs, R.; 3, Elmer Prochnau, D.C.

Standing Broad: 1, Morley Gabert, M.; 2, Wayne Krebs, R.; 3, Elmer Prochnau, D.C.

Pipke, D.C.

Standing Broad: 1, Lorel to Huber, R.; 2, Lucila Willmski, D.C.

Ball Throw: 1, Lucila Willmski, D.C.; 2, Lorel to Huber, R.; 3, Lucila Willmski, D.C.

Hop-Step-Jump: 1, Lucila Willmski, D.C.; 2, Lorel to Huber, R.; 3, Lucila Willmski, D.C.

Class VIII

Dash: 1, Irene Flaker, M.; 2, Mae Hennig, J.

High Jump: 1, Irene Flaker, M.; 2, Mae Hennig, J.

Running Broad: 1, Irene Flaker, M.; 2, Mae Hennig, J.

Canada Wins Praise for Role In "Castanets"

Aircraft of the Royal Canadian Navy and Royal Canadian Air Force played successful roles in late June in the large-scale Exercise Castanets, air-sea maneuvers staged by nine North Atlantic Treaty nations.

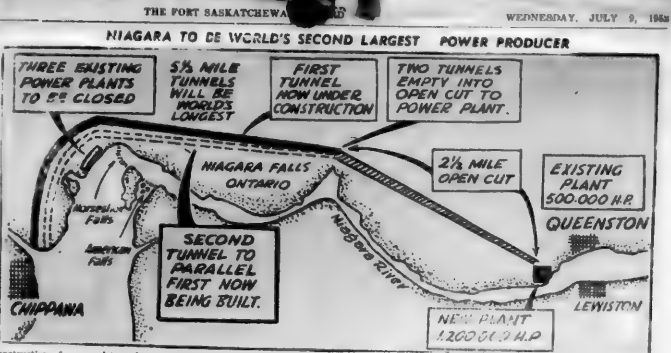

Lancaster aircraft of the RCAF's 404 Maritime Squadron enabled the highest number of submarines "killed" during the exercise.

Tallying the impressive total of four submarines "killed" and two "probables", the Lancaster aircraft simulated actual combat by launching practice bombs on the dropping submarines. Results of the RCAF attacks were ascertained by announcing flights taken during each flight.

In the meantime, planes from the two squadrons borne in HMS Magnificent were carrying out successful forays against the enemy. On one occasion, despite fog which enveloped the operational area for long periods during the day, the Magnificent's aircraft were credited with discovering or knocking out several "enemy" reconnaissance planes. They also did good work in spotting and "destroying" attacking submarines.

Admiral of the Fleet Sir Arthur Power, Atlantic Fleet Commander-in-Chief of the English Channel, particularly lauded the Magnificent for her work as an escort vessel. The admiral said the exercise brought to light an acute shortage of small ships such as minesweepers, but that this was not a new problem.

He said "Castanets" showed that the forces of NATO countries could cooperate and the re-

Construction of a second tunnel at Niagara to provide additional electric power for southern Ontario industries by 1966 has been announced by Ontario Hydro Chairman Robert Saunders. The new tunnel, supplementing the one already under construction, will

theoretically sink the Queen Elizabeth three times.

Air and sea forces or both were contributed by Belgium, The Netherlands, Canada, Norway, Denmark, Portugal, France, the United States and the United States. Admiral Power was in overall command.

More than 250 ships and approximately 400 aircraft were involved in the exercise. These were divided into attacking and defending forces labeled "Red" and "Blue" respectively.

Merchant vessels composed in the exercise, playing the role of independently routed wartime shipping. Reports were that the Queen Mary had slipped through the "Red" forces unscathed, but that "enemy" submarines had

theoretically sunk the Queen Elizabeth three times.

Chief points of emphasis in exercise Castanets were protection of seaborne trade and mining countermeasures. Planes and ships ranged over 250,000 square miles of the North Sea and English Channel to meet the simulated attacks.

Admiral Power replied in criticism of the cost of such maneuvers that the total cost of the whole eight-day exercise would equal the cost of only five or ten minutes of actual warfare.

"What is the use of providing forces if you don't exercise them in their task?" he asked. "It is a 'benign' worth of good building up armaments, if you don't train people in their use."

Spencers End Picnic

A large majority of the picnic in honor of the late school children, was sponsored by the local school association at 100 on June 25.

Mr. program of sports had arranged including the variety of meat with festive plate bars for all the children, attended by Coles Drug.

A beautiful lunch was served at the picnic. The picnic was a success and the school children, who were with a little assistance from a couple of Patriques seniors came out on top.

Mr. Patrique was awarded a most successful number of the picnic and for a social hour in the evening. A similar picnic is planned for the future.

Modern Deep Freezing Result of Centuries Of Searching for Better Preserving Method

From early history, man has tried to preserve food by various methods of preserving food. The earliest method of preserving food was by salting, using common salt.

Mr. Kenneth McLean is quoted after spending some weeks in hospital. Mr. H. H. Bailey is a patient at the Royal Albert Hospital and to the above mentioned gentlemen and any other it may be ill, "that without a speedy recovery."

Recipe Corner

Cool Summer Suppers

Summer days are meant to be enjoyed, so do not become a slave to your stove. There are many appetizing supper dishes that can be made as quick as you can blink your eye, and with as little effort as flipping a pancake. The home economist of the Consumer Service, Canada Department of Agriculture, has a recipe for Jellied Veal Loaf. Then at supper time, it takes no effort at all to serve a delicious cold meal.

Jellied meats are ideal to use for appetizing supper dishes. They are easy to prepare and, attractively garnished, make a tantalizing dish. The home economist of the Consumer Service, Canada Department of Agriculture, has a recipe for Jellied Veal Loaf. Then at supper time, it takes no effort at all to serve a delicious cold meal.

Jellied Veal Loaf

2½ lbs. veal shank
2 quarts boiling water
1 teaspoon salt
1 teaspoon celery salt
1 teaspoon chopped parsley
Pinch of thyme
1 teaspoon chopped onion
1 bar-cooked egg

Simmer veal shank in water with salt, celery salt, parsley and thyme until meat falls from the bone — about one and one-half hours. Strain liquid and save. Chop meat in shank (about two cups). Chop meat (should be about two cups). Chill strained veal stock. When it begins to stiffen, add onion and chopped meat. Slice egg and place in bottom of greased mould. Pour meat mixture over egg. Chill until firm. Unmould and serve on lettuce. If a vegetable salad is desired, two tablespoons vegetable may be soaked in one-quarter cup cold water then added to the hot strained veal stock. Stir until dissolved then chill and finish as above. Yield: eight to ten servings.

If the family insists on a hot meal despite torrid weather, the home economist suggest an all-in-one supper dish which may be served hot right from the casserole. Arrange slices of ham or luncheon meat on top of a vegetable casserole to make it more substantial. Scalloped potatoes topped with bacon or other meats is one favourite. A savory cheese filling or perhaps a noodle filling may be filled with creamed summer vegetables for delicious supper. To make a noodle ring, cook and drain four ounces of broad noodles. Beat two eggs until thick and light, then add one cup of milk, the cooked noodles and the seasonings—two tablespoons chopped parsley, one-half teaspoon salt and a dash of pepper. Turn this mixture into a well greased ring mould. A ring mould may be improvised by setting a small bowl in a casserole or baking dish. Place in a pan of hot water and oven-proof in a moderate oven, 350 degrees F., until it is done—about one hour. Turn out into a serving dish and fill the centre with well-drained creamed vegetables. Fresh green peas, summer squash or a combination of green peas and celery are delicious to use at this time of the year. This recipe will make six servings.

Another idea for easy summer supper dishes is to take advantage of the many canned meats. These can be used unadorned, or if they are served straight from the can to the platter, but if they are dressed in any way, can be used in many ways. If a good cold salad or salsa or h'm a la King, for special occasions, glass the ham as it comes from the can with jelly or with mustard and brown sauce. Garnish with sliced peas or beans and serve with a fresh green salad. It may also be sliced and served cold with eggs, hot or cold summer vegetables, or other luncheon meats are delicious glazed with brown sauce and stuffed with cloves or sprigs with mustard and sliced with the broiler to brown. They may also be baked attractively arranged on a plate with slices of cucumber, cheese and tomato.

Wyo News

WYE — The Wye Ladies Club held their regular monthly meeting at Mrs. H. Stinson's home the afternoon of July 9th with 12 members and 3 visitors present. Mrs. J. Armstrong was in charge of the business session which was held around 7:30 p.m. The annual fall bazaar is in the planning stage for sale to be turned into a fund-raiser for the October meeting. Members with tickets to the bazaar are asked to have the book of letters and received in the hands of the secretary by August 15th, the date of the next meeting. At the close of the meeting the hosts served lunch, assisted by Mrs. H. Stinson.

A good record gathered at the school on July 2nd when the Home and School Association entertained. Mr. Floyd Baker showed film and to bring a pleasant evening in a successful class, the ladies enjoyed a pie and ice cream and refreshments. The same group thoroughly enjoyed a variety concert by hostesses on the evening of July 10th which consisted of a short concert and musical numbers under the direction of Mrs. P. Koehn. Agnes and ice cream with lots of good hot coffee hit the spot and topped another very pleasant evening most successfully.

George Davidson, who grew up right next door to our district was married in Lethbridge on Saturday, July 8th. The newbrides are making their home in the Clover Bar community and it behooves us to say: "Best wishes to George and his bride."

special occasions, glass the ham as it comes from the can with jelly or with mustard and brown sauce. Garnish with sliced peas or beans and serve with a fresh green salad. ELECTRIC WIRING

U.N. TROPHY FOR ALBERTA CATTLE BREEDERS

Mr. L. P. Lord, chairman of the Austin Motor Co. and a breeder of Herefords, has presented the Alberta Hereford Association of Canada with a trophy as the champion bull sale, said to be the largest of its kind in the world. It is a perpetual trophy and each year the winner will cross the Atlantic. Mr. Lord's personal guest at the first spring Show and Sale of bulls arranged by the Hereford Here Book Society. In a letter thanking Mr. Lord, Mr. L. Roger Bond, secretary of the Alberta Hereford Association, said: "You will never know what joy and enthusiasm this has created among the 1500 Hereford breeders of Alberta who aspire to win this trophy." Mr. Lord, in reply to Mr. Bond, has suggested that on the first occasion of the presentation of the trophy the owner of the reserve champion should also go to England.

LAUGHED IN THE

BRING PLACE

The boy's mother found him howling in the basement: "Willy, darling, what's the matter?"

"The hammer fell on Daddy's foot," sobbed Willy.

"Why, that's nothing to cry about."

"I didn't cry," whimpered Willy. "I laughed."

CONSCRIPTION IN MALAYA

Kuala Lumpur — The Federal Legislative Council of Malaya recently passed a National Service Bill introducing conscription for the armed forces, police or civil defence. The Council also passed a five-point plan for defence and intensification of the campaign against Communist terrorists.

Rev. Johnson Taken

Ill At Coast

Rev. M. A. Johnson of Bremerton, Aln., arrived Saturday at the Wilson Heights United Church Manse, Vancouver, to relieve Rev. R. J. Love who is going on holidays.

During the afternoon he was taken ill and required medical attention. It was also necessary to call Rev. Edward Smith to take the Sunday service. His recovery was much improved Sunday.

Around Town

Mr. Spence has a new niece, her granddaughter, Mrs. Mitchell and her two sons of Vancouver.

Miss Velma Spallin has returned home after visiting her sister at Sundby, Alta., for the last two weeks.

Mr. and Mrs. Bob Robinson and Mr. and Mrs. Pete Robinson moved to Red Deer on Sunday to visit Mr. and Mrs. James Bacon.

Another Hat in the Ring

J. R. SWEENEY TO RUN FOR LIBERALS

J. R. Sweeney, former Deputy Minister of Agriculture, has been nominated to contest the Clover Bar constituency seat for the Liberal party in the August 5th provincial election.

Mr. Sweeney received the nomination at a combined public meeting and nominating convention held in the Fort Saskatchewan Community Hall Monday evening.

Nomination of Mr. Sweeney came by way of a petition signed by Liberal supporters in the eastern part of the constituency. No other nominations were received.

The Liberal nomination makes a total of three contestants for the Clover Bar seat. The Social Credit and C.C.F. parties, having previously announced, F. M. Baker and M. L. Reynolds as their candidates.

Harper Primes, leader of the Alberta Liberals, was also present and addressed the meeting, which was under the chairmanship of H. D. Williamson of Fort Saskatchewan.

Royalties Inadequate
Mr. Primes in outlining the party's platform, stressed particularly the Alberta oil industry royalties, he stated are far from adequate.

Active in Agriculture
Mr. Sweeney, a resident of South Edmonton, has been connected with various branches of agriculture all his life. From 1938 to 1942 he served as Deputy Minister of Agriculture for Alberta and previous to that spent four years as Alberta Dairy Commissioner.

He has also served on a number of boards and committees connected with various phases of agriculture.

Calf Club Project Wins 4th Prize
The Ardrossan Calf Club project of a model farm entered in the Edmonton Exhibition won 4th prize. The young people and their leader worked hard on this project and chose as their theme "Progress and Profit" on a beef cattle farm. Congratulations to our club.

Consider Farm Needs
Mr. Sweeney, in addressing the meeting, stated that his many years association with the farming industry qualified him to understand and appreciate agricultural problems. The farm population, said Mr. Sweeney, would receive special attention from him if he is elected.

The present government, said Mr. Sweeney, is a "conservative" made up of "yes-men."

Find Evidence of Prehistoric Man

A group of diggers shown here are on their way to sift through tons of earth and rock at the site of which they believe is a long-forgotten village.

D. Mackie Retiring

NEW MANAGER TAKES OVER ROYAL BANK NEXT MONTH

Mr. L. B. Long has been appointed manager of the Fort Saskatchewan branch of the Royal Bank of Canada, succeeding Mr. D. Mackie who is retiring.

Mr. Long, who is coming here from Bellevue branch is expected to arrive the first of next week. He has been manager of the Bellevue branch since 1946.

Mr. Mackie, who is retiring at the age of 61, plans to reside in Fort Saskatchewan.

A long banking career is honored by Mr. Mackie who started with the Traders Bank which was purchased by the Royal later on the same year in 1911.

He served at Didsbury and as accountant at Lethbridge, retiring at the latter point and serving overseas until 1919. He rejoined the bank in 1919 and managed branches in many different parts of the province.

He played an active part in organizing the local Chamber of Commerce soon after his arrival here in 1947. He became secretary-treasurer of the organization and is still serving in that capacity.

GARAGE DESTROYED BY FIRE ON WALKER FARM FRIDAY

An estimated \$3,000 damage was caused Friday morning last when fire destroyed a large garage on the farm of Mrs. M. J. Walker.

Ernie Walker, who was in the garage when the fire started, received severe burns on one arm in an attempt to fight the fire and save some of the contents before help arrived.

Many neighbors responded to the alarm and helped to prevent the fire spreading to other buildings. They also moved gasoline drums out of the reach of the flames.

The intense heat withered standing grain 100 feet out in the field from the building and blackened the wall of a pump house 100 feet away.

Cause of the fire is undetermined. Mr. Walker, who was using a cutting torch at the time, said his first indication of any trouble was when he noticed a fraction of "dancing lights" in his goggles. Turning he found the

fire.

Donna Stetson Honored at Shower

On the evening of Wednesday, July 20th, the girl friends of Mrs. Donna Stetson gathered at the home of Mrs. B. Stannard to honor her at a miscellaneous shower.

Miss Maureen Stannard and Mrs. Ken Galloway were the hostesses.

During the evening a bride's book was made and many poems were discovered when the game of conceals a poem about the bride and groom-to-be was played.

The lovely gifts were presented to Donna in an umbrella for which she sincerely thanked everyone.

To bring the evening to a fitting close a tasty lunch was served.

Town Council Meets

C. W. HERBERT GETS POSITION AS DAY POLICEMAN, UTILITY MAN

SHERITT GORDON SUBJECT OF RECENT NEWSPAPER ARTICLE

The following article is reprinted from "Mines and Markets" a Canadian newspaper of mining, oil and finance. We feel it will be of interest to local readers. —Editor.

A vigorous young mining town sprung into existence in the northern Manitoba, at Lynn Lake, the property of Sheritt Gordon's new newspaper property. The company's original property at Sheritt has been worked out and the equipment has been moved here and baggage to Lynn Lake, 120 miles to the north. The 2,000 ton plant is expected to produce about 17,000,000 pounds of refined nickel, 9,000,000 pounds of copper, 100,000 pounds of cobalt and 70,000 tons of ammonium sulphate-fertilizer annually.

Sheritt Gordon plans construction of a \$17,500,000 refinery and ammonia plant in the province of Alberta which will utilize natural gas to eliminate the usual smelt and electrolytic refining plants. The company expects to make \$7,500,000 operating profit per year before write-offs.

The Canadian National Railway is building a railway to the new townsite. There are 400 men working on the property at present and 500 people are being housed now.

The company has started in "20" the townsite, making a plan which will be carried from present depth of 50 feet to the 1,500 foot mark. The deepest mine level will be around 700 feet. A power plant is nearing completion and it is expected to be in operation by September.

Sheritt Gordon's main property consists of 353 mining claims. The main shaft is down 1,650 feet and 20 mining levels have been established.

In addition to the above property Sheritt has 74 claims adjoining to the south: 162 claims at Farley Lake 25 miles to the east where a small operation has been discovered; 67 claims at Leathers Lake; 53 claims at Barrington Lake where some drilling has been completed without result; 81 claims at Eagle Lake where no drilling has been completed.

Sandy Lake News
SANDY LAKE — The wedding of Mr. James Elliott and Miss Betty Middleton of Morrisville, held in the old McDougall Church on July 26th was attended by many relatives in this district.

A large reception and dance at the Morrisville Community Hall followed. Mr. J. Elliott was a former president of the Junior Farmers of Alberta. His wife just completed her B.A. at the University of Alberta.

Sorry to hear that Mrs. Ewald Kadatz was a patient in a city hospital. We hope that she will soon be home again.

Miss Shirley Anderson is presently at Pine Lake where she is combining a job with a holiday.

Miss Grace Gaultner spent a week's vacation at the D. Gaultner home at Thornby.

Mrs. Anderson is on the staff of the Truck Shop in Edmonton for the summer.

Mr. A. Mathews is working for the Massey Harris Co. in the city.

The Villard brothers are extra busy these days using their new John Deere tractor.

Surprise Shower for Mrs. Irwin Edgar

JOSEPHINE — Pink and white streamers and many vases of pretty spring flowers decorated the front rooms of Mrs. Frank Mohr's home on July 24, when Mrs. Mohr and her daughter, Violet, entertained at a surprise shower for Mrs. Irwin Edgar (nee Lisa Mohr) of Chilliwack, B. C. There were forty ladies present.

Songs, a quiz, a reading by Mrs. Frank Mohr were included in the entertainment for the occasion. Ballons were then lowered and at the same time the bride was showered with confetti from above. Lisa had to break the balloons and in them she found notes telling her where she would find her first four gifts. She was

presented with many beautiful gifts and they were just able to get them all into their little Morris convertible. The bride expressed her appreciation for all the gifts and invited all, when in Chilliwack to stop in and visit Irwin and herself.

A delicious lunch of ice cream and strawberries and many different kinds of goodies was then served. Before everyone went

East Edmonton News

EAST EDMONTON — Jean McDonald of Edmonton is visiting with her grandmother, Mrs. L. McDonald.

Glen McDonald of Edmonton and Gary Chandler accompanied their uncle, Bob McDonald, to Prairie Echo to visit his sister, Mrs. Phil O'Leary.

The community extends its deepest sympathy to the Lawrence family in their recent bereavement upon the death of Mrs. Lawrence's mother in England.

Miss Joy Briggs returned from Vegreville last Sunday where she was visiting Miss Lillian Zeiler.

Birthday greetings go to Mr. Gordon Wappler this week.

Neighbors Help Fight Farm Fire

BREMNER — Many neighbors turned out to fight the fire which burned Mr. Ern Walker's new car garage to the ground last week. Gasoline in a camp stove was the cause of the fire. The blaze was quickly brought under control by the fire department. No one was injured. The fire was caused by a camp stove which was left burning in the garage at the time, but there was some fire extinguishers nearby.

Mr. and Mrs. Clayton McPherson, Miss Jeanette McPherson and three daughters, Mrs. J. McPherson, were in the city last Sunday.

South Cooking Lake District News

SOUTH COOKING LAKE

Tuesday, July 22nd was a day of special interest to worshippers at St. Mark's Church and to those at Ministik and Hastings Lake for on the evening of that day our student minister, Terry Anderson, became the happy bridegroom of a very lovely bride, Miss Daphne Rich. The wedding ceremony, impressively beautiful, was conducted at Metropolitan Church by Rev. Vipond. A representative number from this field were privileged to be present.

In the absence last Sunday of Terry and his bride the services at South Cooking Lake, Hastings Lake and Ministik were conducted by Student Oakley Dyer, who was Terry's best man at the wedding. His conduct of our worship, his prayers, and his sermon were helpful to all of us; and we are grateful to him for his coming to us in the absence of Terry.

Mr. and Mrs. Nettosner were at Wainwright last week-end to attend the wedding of their niece.

The second largest post office of silver and lead in the world is a mine near Mayo in Canada's Yukon.

Miss Twin Ekman, daughter of Mr. and Mrs. E. Ekman of Coronation, to Sgt. R. J. Cook of Wainwright, son of Mr. and Mrs. Cook of Lumsburg, N. S. The ceremony, fully military, will be proudly remembered by bride and groom.

Miss Amy Uglow is spending her summer holidays here with her mother, brother and nephew. We wish for her happier summer days than her first holiday week has afforded her.

Turning to less happy items, we have to report the regrettable absence from our midst of Mr. Bradshaw, Sr., who has been obliged to return to an Edmonton hospital. May she speedily come to us again. Other regrettable news is the illness of Mrs. Maxine Baumgartner, who spent the greater part of last week in hospital. She is now at her Edmond home but still under medical care and supervision. May she too, soon be well again.

Mr. and Mrs. Nettosner were at Wainwright last week-end to attend the wedding of their niece.

Miss Amy Uglow is spending her summer holidays here with her mother, brother and nephew. We wish for her happier summer days than her first holiday week has afforded her.

Turning to less happy items, we have to report the regrettable absence from our midst of Mr. Bradshaw, Sr., who has been obliged to return to an Edmonton hospital. May she speedily come to us again. Other regrettable news is the illness of Mrs. Maxine Baumgartner, who spent the greater part of last week in hospital. She is now at her Edmond home but still under medical care and supervision. May she too, soon be well again.

Mr. and Mrs. Nettosner were at Wainwright last week-end to attend the wedding of their niece.

The second largest post office of silver and lead in the world is a mine near Mayo in Canada's Yukon.

Miss Twin Ekman, daughter of Mr. and Mrs. E. Ekman of Coronation, to Sgt. R. J. Cook of Wainwright, son of Mr. and Mrs. Cook of Lumsburg, N. S. The ceremony, fully military, will be proudly remembered by bride and groom.

HERE IS A BETTER DEAL FOR YOU

THE LIBERAL PROGRAM

A BETTER DEAL FOR YOU, the local ratepayer

- A Liberal government will pay—
 - 30% of the over-all cost of your children's education.
 - 80% of the cost of welfare services.
- Double the present grants for your district roads.
- A Liberal government will provide—
 - Interest-free loans for schools and hospitals in your community.
- A Liberal government will restore and maintain local independence in Municipal affairs.

● THIS WILL CUT YOUR TAXES!

NATURAL RESOURCES — Coal, Oil, Natural Gas, Forests, Water Power

- A Liberal Government Will—
 - Provide adequate research facilities to develop additional uses for our coal.
 - Use Alberta's natural resources for the benefit of Albertans.
 - Give preference to Canadian citizens in leasing oil, gas and mineral rights from the government of Alberta.
 - Pay a royalty of 25% to the surface owner on all crown-owned leases.
 - Force performance on all oil and gas leases and cancel on default.
 - Put a stop to the fiscal credit policy which keeps the price of gasoline and tractor fuel high.
 - Act immediately to bring the benefits of cheap power and gas to all Alberta citizens.
 - Consider the export of gas only after it is satisfied that Albertans have been fully protected, as to price, supply and economic advantage — and the people have approved this action by plebiscite.
 - Put a stop to the continued policy of neglect of our forests and streams, including fish and game, and substitute for it a policy of conservation, designed to perpetuate our resources.

Not until these policies are enforced will all Albertans share in the wealth of our natural resources, which is our heritage.

● THIS WILL BRING US ALL MORE PROSPERITY!

HIGHWAYS

- A Liberal Government Will—
 - Bring to an end Social Credit policies which have wasted millions of dollars on highway construction.
 - Build safe—all seasons—all-weather roads.
 - Build highways that will stay built.

AGRICULTURE

- A Liberal Government Will—
 - Restore to agriculture the prominence it deserves in the functions of government.
 - Provide legislation to help the farmers create and control their marketing agencies.
 - Restore full co-operation with the federal government to insure the full use of our water resources to irrigate our arable areas and develop industry.

EDUCATION

- A Liberal Government Will—
 - Again emphasize the teaching of reading, writing and arithmetic.
 - Establish educational facilities to prepare our young men and women to fill the important positions in industry which will be created by our policy of development of our natural resources for the benefit of Albertans.

THIS WILL GIVE YOU MORE FOR YOUR TAX DOLLAR!

We Are Proud of Our Candidates!

The men and women who are running under the Liberal Banner in all parts of the province are the finest group of candidates ever offered to the voting public. They have gained respect and admiration in their community. We are proud to have them supporting the Liberal program. Our party program is sound, practical and of benefit to every Albertan. Our candidates are men and women capable of carrying it out. Vote for the best candidate in your constituency.

VOTE LIBERAL FOR A BETTER ALBERTA!

Inserted by the Alberta Liberal Association

Partridge Hill News

PARTRIDGE HILL, N.S.

Sandy Lake News

SANDY LAKE—Sandra Mathews is holidaying at the home of Mr. and Mrs. H. Hahn of Folsom.

Grace Gantler is spending part of her holiday at the brother and sister-in-laws, Mr. and Mrs. D. Gantler of Theby.

Mr. and Mrs. R. Villette left by car last week for the west coast. Mr. and Mrs. Johnson of Clearwater accompanied them on the trip.

Baiff is in the vacation spot where Mr. and Mrs. G. Elliott, Mary, Elvina and Lorna are holidaying this week. Their cousin Miss Beatrice Young, who is a graduate nurse of the North

Battleford Hospital, motored with them as far as Calgary.

Mr. and Mrs. Walker and family are expected to arrive at Mr. and Mrs. B. E. Andrews this week after a motor trip from the east.

The main road from Beaumont to Ellerslie has been repaved by the municipality.

The Andrew's farm has bought

a new G.M. truck so it will make use of the good road.

Mr. W. Gaultier is the owner of a new Hindobaker car.

Miss N. Page of Edmonton has been holidaying at the Andrews home this month.

Only 1/14 of the land area of the Dominion has been improved by man or used as pasture.

Ardrasson News

ARRDRASSON—Mrs. O. Andrews, Miss Dorcas and Douglas are holidaying at Baiff. Mrs. Reynolds is leaving home for their while they are away.

We extend congratulations to Mr. and Mrs. Tinkham who celebrated their wedding anniversary recently.

Mr. and Mrs. Wm. Dowling are spending their honeymoon at Niagara Falls.

Pat Bell was on the sick list last week but we are glad to hear he is feeling better again.

Mr. and Mrs. L. Fawcett are spending a vacation at Jasper.

Mr. Chas. McLean is home again after a holiday at the Park Hotel.

Don't forget the "singham" dance on the 2nd of August. Come and enjoy yourselves. Good music "Singham" dance. Boys wear your jeans. Girls come in gingham.

The ladies have been busy working at the church this past week. Two quilts were quilted and a third is waiting to be done. These quilts have all been donated to good friends and we were most fortunate in having them of our senior grandmothers, help us quilt. Their quilting is really a work of art.

Mr. C. W. Storm and Mr. and Mrs. Lorne Storm and family said a visit to Highway last week. Mr. Storms remained for a few days Monday.

Mr. and Mrs. G. Ottewill and Mr. and Mrs. James Pitt have returned home after a sojourn at Baiff.

Bruce and Victor McLean are attending the "C" cam at Lake Watrous.

Mr. and Mrs. Armstrong and three little daughters of Edmonton were guests at the Parker home on Saturday.

Best wishes to Danna Parker on her 6th birthday. Her mummy entertained a few little friends in her home on Saturday.

Mr. Roy Warnock entertained the aunts of Miss Pat Byers, a bride to be, at a shower in her home. Miss Byers will be married shortly.

Business is thriving at the McLean garage owing to the fact Mr. McLean has an attractive young lady selling cars and attending the filling station.

Gordon Dahl of Edmonton has been visiting at the home of Mr. and Mrs. Howard Reynolds.

The coroner is really getting plentiful. It is reported Mr. Burnfield killed one recently with his car.

Mr. and Mrs. Lorens are among the ones who are away on holidays.

We welcome Mr. and Mrs. Harris and family to our district. They are the new proprietors of the "Pony" garage and gas station.

Production of dry skin milk for the month of May was the highest on record, and if the present production trend continues it is expected that Canada will produce approximately 70 million pounds during 1952. This would be about 6 million pounds more than the record year of 1948.

HEALTH UNIT NOTES

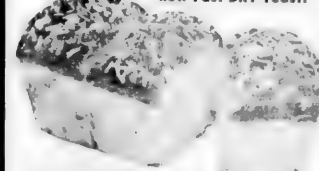

Whooping Cough Inoculation Urged

Children in one family in the Health Unit have developed whooping cough. The fifth child was the only one fully immunized by inoculations. It is a very serious disease. Whooping cough is still one of the most common infectious diseases for young children. Where protection is not afforded so easily as in the double-breast mumps, a few Health Unit it is regrettable. Breunell Rich and the son of Dr. and Mrs. Roy L. Anderson, and

Well-Known City Families United at Summer Wedding

In a candlelight ceremony in the Metropolitan Hotel ballroom, the wedding of Miss Margaret Metcalfe, daughter of Mr. and Mrs. J. H. Metcalfe, and Mr. J. H. Metcalfe, son of Mr. and Mrs. J. H. Metcalfe, was celebrated Tuesday evening. The bride was escorted by her father, Mr. J. H. Metcalfe, and the groom by Mr. J. H. Metcalfe. The ceremony was officiated by Rev. R. H. Anderson. The bride and groom were joined in marriage by Rev. R. H. Anderson. The bride and groom were joined in marriage by Rev. R. H. Anderson. The bride and groom were joined in marriage by Rev. R. H. Anderson.

Bake this tasty CHEESEBREAD easily, speedily with new Fast DRY YEAST!

• New bread and bun treats are a treat to make with the new form of Fleischmann's Yeast! Never a worry about yeast cakes that stale and lose strength... new Fleischmann's Dry Yeast keeps full strength and following:

CHEESEBREAD

• Soak 3 c. milk, 1 c. granulated sugar, 1 1/2 t. salt and 4 t. shortening; cool to lukewarm. Measure into a large bowl 1 c. lukewarm water. To granulated sugar, stir until sugar is dissolved. Sprinkle with 1 c. Fleischmann's Fast Rising Dry Yeast. Let stand 10 min. TIEN stir well.

Stir in cooled milk mixture. Beat in 4 c. once-sifted bread flour. Beat with a rotary beater until the batter is smooth. Cover and set in a warm place, free from draught. Let rise until doubled in bulk. Work in 2 c. lightly packed finely-shredded old cheese and 5 c. (about) once-

sifted bread flour. Knead on lightly-floured surface until smooth. Place on a board and shape into smooth balls. Place 3 balls in each of 4 greased loaf pans (4 1/2 x 8 1/2). Grease tops and sprinkle each loaf with 1 c. shredded cheese. Cover and let rise until doubled in bulk. Bake in moderately hot oven, 375°, 45-50 min.

What You Should Know About Rural Electrification in Alberta

Q. How much would it cost to electrify all the farms in Alberta?

A. It is estimated it would cost more than 200 million dollars, or possibly twice the present total provincial debt.

Q. Who would actually pay for so-called "FREE" electrification of the farms?

A. Everybody would have to pay. The government would have to borrow the hundreds of millions of dollars required; and repay it plus interest by increasing everybody's tax bill — including yours.

Q. Who pays the cost of farm electrification today?

A. Only the farmers who want electricity. They pay for it only when they get it.

Q. Are Alberta farmers getting rural electrification today as cheaply as possible?

A. Yes, they are getting it at cost.

Q. Are Alberta farmers getting rural electrification today as quickly as possible?

A. Yes. Rural electrification is going ahead in Alberta at a rapid pace — as fast as man-power and materials will permit. For instance, the Power Companies in Alberta purchased every pole which was available from all suppliers everywhere last year for farm electrification.

This year, every pound of wire to which Alberta was entitled, by allotment from the Steel Controller for farm electrification, has been purchased.

Under the Rural Electrification Co-Operative Association plan, operating in Alberta today, the farmers are HELPING THEMSELVES to Farm Electrification — by the thousands each year. By helping themselves they are doing it at lower cost than could be done in any other way — and doing it without raising THEIR OWN TAXES OR YOURS EITHER.

Mr. and Mrs. David Thomas and daughter Joyce arrived home last week safe and sound, from their lucky chore boys! from their trip to Banff and Lake Louise. On their way home Orville stayed with Mr. and Mrs. Gus Albrecht in Wetaskwin and will return home at the end of the month.

On Friday, July 25, Mr. Stewart was sent from Edmonton touring the Josephburg Junior Grain Club wheat plots. Victor Mohr assisted him in locating all the club member's plots. Mr. Stewart stated that the plots are all fairly good but he did not get a bit of attention. So he's got out and put some work into them and really have them all perfect for the club tour.

South African farming area land values have risen by more than 300 per cent in the last 10 years.

NO ARGUMENT

A hearing American go-getter noticed a lazy Indian chief loitering in the door of his wigwam somewhere out West.

"Chief," remonstrated the go-getter, "why don't you get a job in a factory?"

"Why?" grunted the chief. "Well, you could only get a lot of money. Maybe 30 or 40 dollars a week."

"Why?" insisted the chief. "Oh, if you worked hard enough and saved your money you'd soon get a bank account. Wouldn't you like that?"

"Why?" again asked the chief. "For goodness sake!" shouted the exasperated go-getter. "With a bank account you could retire."

and then you wouldn't have to work any more."

"Not working now?" pointed out the chief.

R.C.A.F.-U.S.A.F. EXERCISE ENDS WITH BOMBER ATTACK

Ending Exercise Signposts, pilots of the RCAF's City of London Auxiliary squadron stationed at Rockcliffe, Ont., scramble for their Mustang fighters, planes to intercept a squadron of hostile bombers used for hydro developments in the Laurentian Mountains. The

exercise was a training scheme jointly planned and controlled by the Air Dec. and Force Commands of the RCAF and U.S. Air Force and employed Lancaster bombers, jet planes and Mustangs and thousands of military and civil defence personnel.

New Regulations Introduced to Cover Duck Scaring by Farmers

Resources Minister Robt. Winters announced today that a new type of permit will be issued to farmers whose crops are liable to damage by ducks. The permit provided for in the Migratory Birds Regulations, will authorize farmers to use firearms or other equipment to scare waterfowl from their fields, but will not authorize killing the birds.

Bandshell to Be Completed This Month

The bandshell being constructed by members of the Canadian Legion is expected to be completed some time this month according to officials of the Legion.

The erection of the bandshell is being made possible by voluntary donations from business men and individuals in the town. To date a total of \$317.48 has been spent for lumber, paint and nails and it is estimated that a similar amount will be needed to complete it.

Donations to the bandshell may be left at the Red and White Store, receipts for which will be issued by Mr. Stenple.

Following are the donations received to date: Town, \$100.00; Johnson, \$50.00; Hotel, \$50.00; Fort Hardware, \$15.00; B. and B. Plumbing, \$10.00; Joe Fraser, \$5.00; Lee's Farm Machinery, \$5.00; Dawson's Drug Store, \$10.00; Thorne's Hardware, \$5.00; L. D. Jones, \$10.00; Stan Yee, \$5.00; Fort Locker Plant, \$10.00; Fort Motors, \$10.00; Doctor Johnson, \$5.00; Doctor Bacon, \$5.00; Shackleton's Transport, \$5.00; Shannon Brothers (1900 B. B. lumber) \$100.00; making a total of \$370.00

Social Credit Back in Power for Fifth Term

Floyd M. Baker, Social Credit, was returned to his seat in the Legislative Assembly for his fifth term by the victory of Clover Bar Constituency in Tuesday's election. Mr. Baker has held the seat since 1935.

Following are the results from 19 polls out of a total of 56 polls in the Clover Bar Constituency:

Polls	F. M. Baker	L. M. Reynolds	J. R. Sweeney
Fort Saskatchewan	164	28	1092
Good Hope	29	14	5

Up to some Wednesday only figures from 19 polls out of 56 in the Clover Bar constituency were available.

Mr. Baker received 966, Mr. M. L. Reynolds, C.C.F. 395 and Mr. J. R. Sweeney, Liberal, 217.

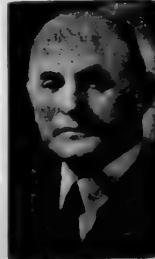

The Social Credit party are swept back into office by an overwhelming majority in Tuesday's election. Out of 51 seats in the Legislative Social Credit so far have 42 and are leading in 7 others; Liberals have elected 1 and are leading in 6; C.C.F. 1

and leading in 1: Progressive Conservative none, but had in one; and Independent Social Credit one and leading in none.

The largest vote polled by any Manning, N.S., had over 17,000, candidate was that of Premier Harper Brown, Liberal, Leader, and Elmer Roper, C.C.F. Leader, were both re-elected.

The ladies of the Altar Society wish to thank everyone who helped in making their Home Baking Sale a success.

Special thanks to Mr. and Mrs. Blair for the use of their Confectionery and fine co-operation. The lucky numbers on the raffle were: 1st draw, no. 591, won by Armand Lemay; 2nd draw, no. 658 won by S. Glushak, Edmonton. The raffle was donated by Mrs. Waigelger and Mrs. E. Kocque.

Address News

ARRIBOSAN — Mr. and Mrs. H. Hargett and family have returned from a trip to Saskatoon where they visited the former's parents, Mr. and Mrs. Sam Hargett of Nipewin.

Mr. and Mrs. Mark Latam are enjoying an extended visit to Eastern Canada, visiting relatives and renewing old acquaintances.

Miss Inaue Hargett has completed her course in the division of the R.C.A.F. and is home on 28 days leave. Nice to see you around again, Inaue.

Several delegates of the P.C.A. and F.W.T.A. attended the F.A.M. district 6 convention at Edmonton last Saturday and report a most interesting and worthwhile day.

British Columbia's fruit crop is far larger than that of last year. The apple crop alone is expected to be 1,700,000 bushels bigger than a year ago.

Luscious HONEY BUN RING

Quick to make
with the new
Fast DRY Yeast

Hot goodies come puffin' from your oven in quick time with new Fleischmann's Fast DRY Yeast! No more spoiled cakes of yeast! No more last-minute trips — this new form of Fleischmann's Yeast keeps in your cupboard! Order a month's supply.

HONEY-BUN RING

Scale 1/4 c milk, 1/2 c granulated sugar, 1/4 tsp. salt and 1/4 tsp. shortening; cool to lukewarm. In a large bowl mix yeast, 1/2 cup warm water, 1/2 cup granulated sugar, stir until sugar is dissolved. Sprinkle with 1 envelope Fleischmann's Fast Rising Dry Yeast. Let stand 10 min. THEN stir well.

Add cooled milk mixture and knead 10 min. in a well-beaten egg and 1 tsp. grated lemon rind. Stir in 2 c. sifted flour. Knead 10 min. on floured surface. Roll out smooth. Cut into 12 circles. Bake in moderate heat, 25-30 minutes. Brush with honey and sprinkle with ground level and green top of

dough. Cover and set in warm place, free from drafts. Let rise until doubled in bulk. Preheat oven to 350° F. Roll out dough to 9" wide and 24" long, loosen dough. Combine 1/4 c. lightly-packed brown sugar and 1/4 c. liquid honey; spread over dough and sprinkle with 1/4 c. broken walnuts. Beginning at a long side, loosely roll up into a jelly roll. Lift carefully into a greased 9x12" cake pan and let ends of dough to form a ring. Brush top with melted butter. Cover and let rise until doubled in bulk. Bake in moderate heat, 25-30 minutes. Brush with honey and sprinkle with chopped walnuts.

SALAD DESIGNS

"Cool, crisp and colourful" are fashion headlines this summer, and they can apply to salads too! To contrast hot summer days, salad to give interesting texture and colour for captivating eye appeal. The home economists of the Consumer Section, Canada Department of Agriculture tell us that the design of the salad is important for eye appeal. If a salad looks intriguing, it will tempt the appetite and add sparkle to a meal.

The same principles of colour and texture contrast, balance and proportion which are used by the dress designer should be applied in making attractive salads. Always keep the size of the salad in proportion to the plate. If a plain salad looks flat and unappealing, give it a lift by garnishing it with curly endive or celery. Textures should be related, too — marshmallows, for

example, do not go with cabbage leaves any more than velvet does with denim. In making salads, use colour with a lavish hand but with good taste. Colours should never clash. For instance, red tomatoes and orange carrots should not be mixed together on a plate unless well relieved with greens. If a salad looks intriguing, it will tempt the appetite and add sparkle to a meal. The same principles of colour and texture contrast, balance and proportion which are used by the dress designer should be applied in making attractive salads. Always keep the size of the salad in proportion to the plate. If a plain salad looks flat and unappealing, give it a lift by garnishing it with curly endive or celery. Textures should be related, too — marshmallows, for

Statistics Reveal Startling Increase in Tractor Accidents

Statistics compiled by the Alberta Safety Council of tractor accidents in Alberta for a 31 month period reveal all too clearly the startling increase in this type of accident.

In a breakdown of tractor accidents the Safety Council survey classifies the accidents under the following heads:

Type of Accident	1926	1927	1928	1929	1930	1931	1932	1933	1934	1935	1936	1937	1938	1939	1940	1941	1942	1943	1944	1945	1946	1947	1948	1949	1950	1951	1952	1953	1954	1955	1956	1957	1958
Overturned Highway	35	4	1	18	11	29																											
Overturned Field	17	2	1	12	8	20																											
Falling To Ground	1	1	1	1	1	1																											
Falling Under Tractor	1	3	2	2	4	1																											
Falling Under Drawn Mach.	3	2	2	2	2	4																											
Ill-defined	11	1	6	11	7	18																											
Totals	66	23	7	46	30	76																											

Of the 13 passengers, 9 were killed and 4 injured; 5 of them were under 6 years of age; 3 between 6 and 15 years; 2 over 15 years and 3 not known.

Of the 7 bystanders who were struck, six were killed: 3 were less than 3 years old; 3 were 15 and 25 and 1 was 82 years.

The study reveals several facts very clearly. (1) High speed greatly increases the danger of losing control.

(2) Children who can not reach all the controls or have not enough strength to use them, are operating tractors.

(3) Operators frequently take their machines across deep ditches, steer too close to cut-banks and soft road shoulders, and work on side hills where the lower wheel dropping into a shallow hole or the upper wheel going over a slight bump can overthrow the machine.

(4) Passengers are being carried with no provision made for a fastened seat or for hand holds.

More Ammunition For The Fight

A series of bombardments carried out by the Royal Canadian Air Force (RCAF) against enemy positions. The photo shows a large pile of ammunition boxes and supplies, with soldiers visible in the background.

Since 1945 total non-defence municipal and provincial government expenditures in Canada — this embraces federal, municipal and provincial governments — have increased about \$1,500,000,000 annually.

Vitamin Enriched Bread in 1953

Vitamin enriched bread will likely be introduced to the Canadian market in the beginning of 1953. Recently a new set of standards for flour and bread were drafted by the department of national health and welfare and approved by trade and government officials, which would permit enrichment of flour, but would not make it compulsory.

The Northwestern Miller states that when the enriched bread is introduced, the bakers will launch a public relation program designed to encourage the consumption of bread in this country, which has been falling fairly rapidly in the past few years. In the period 1938-40 the per capita consumption of bread in Canada averaged 265.7 pounds annually, but by 1951 it had dropped to 172.8 lbs. In Newfoundland where flour enrichment has been compulsory since 1944 government officials appear convinced of its value. Recently one official pointed out the benefits resulting from its use and attributed the improvement in the general health of the population largely to this process.

OTTAWA MAKES RECORD

Apart from interested bystanders, the London buses were visited recently by 2,843 persons — 100 more than the record registered at Salt Lake City. Well over 2,800 were given free rides.

Provincial and municipal net expenditures in 1956 in Canada exceeded \$1,500,000,000.

New Regulations

Continued from page one
has in recent years been a serious problem in Western Canada. Commencing January 1, 1935, no permit to kill waterfowl damaging crops will be issued unless the farmer applying for such a permit has first obtained a permit to use noaring methods and can show that these noaring methods were ineffective. This system has operated successfully in the mid-western United States for many years, resulting in a great reduction in waterfowl killing, as well as greatly improved crop protection.

Mr. and Mrs. Norman Flinton and family spent the weekend at Sylvan Lake.

Around the town

Mr. and Mrs. Dick Muter and children left Friday for a holiday in the Red River Valley.

Mr. and Mrs. Vern Wilho also also holidaying at Sylvan Lake over the long weekend.

Mrs. Fred Sych and son Harry of Valpurga, Sask., are visiting with her daughter, Lucille, for a few weeks.

Mr. and Mrs. Fred Sherman left last weekend for Winnipeg where they will holiday with their son and daughter-in-law, Mr. and Mrs. Earl Sherman.

Mrs. Ray Sumborg and daughter, Sharon of Lewiston, Conn., B. C., visited in the Fort last week.

Mrs. W. Thomas and son left Friday for Valparaiso, Sask., visiting with Mr. Thomas' parents. Walter will leave Sunday to join her for a two-week vacation.

Mr. and Mrs. Gus Miller have as their guests Mr. Miller's two granddaughters of Duhamel, Alberta.

Miss Ruth Shackleton of the Royal Bank is on her annual holiday.

Mr. and Mrs. Jim Banks have as their guest Mr. Banks' sister, Mrs. Bruce of Nelson, B. C.

Partridge Hill News

PARTRIDGE HILL — Mrs. E. Chapman and children of Kitchener, Ont., visited during the past week at the home of her sister and brother-in-law, Mr. and Mrs. Ted Oubaldson. Mrs. Chapman is the former Doris Neal of the old Grand basketball team.

Mrs. A. B. Whitton had as her guest during the past week her sister, Mrs. Clark of Newcastle, her niece, Mrs. Leslie Good and son of Brandon, Ireland, her brother and sister-in-law, Mr. and Mrs. Archie Good of Inverfall and niece, Rose-Marie Waring of Edmonton.

Mr. and Mrs. Frank Kulak took a holiday on Monday and attended the Stampede at Stoney Plain.

BRITISH CARS TRIUMPH AT ALPINE RALLY

More than half of the 23 cars (of the original 36) that finished the gruelling 2000 mile route of last week's Alpine Rally were British built. Of the 10 finishing without penalty points there were Sunbeam Talbots and 2 XK Jaguars.

Bremner News

BREMNER—Two young men of the district, Mr. Aubrey Marler, and Mr. Dave Cowan spent ten days holiday motoring as far west as Spokane, Wash. They visited Glacier National Park and the famed Boulder Dam, spent a few days with relatives at Spokane,

and made a short call on Mr. Carol Marler, a local resident, who was working on a wheat farm West of Irwin. Here the boys got their hand in, helping to track 1952 wheat to market. Their return route was by way of Hudson Hot Springs, Banff and Jasper.

The girls from this district can show the boys that they are quite capable of travelling by car without the aid of the stronger sex. Miss Joan Jackson and Miss Dorothy Moore of Edmonton returned on Monday from a month spent in the United States. They visited Yellowstone Park and other points of interest, and went as far south as Salt Lake City. Joan says that our own mountain scenery is hard to beat.

Mr. and Mrs. Cyrus Wilkinson invited several neighbors in to meet two old-time residents of Bremner, on Wednesday afternoon. Mrs. George Taylor, her daughter, Janet (Mrs. Leonard Munk), and Mr. Munk were the guests of honor, having reached Edmonton by car on Tuesday from their home in Salt Lake City. A delightful afternoon was spent. Mrs. Wilkinson serving tea, assisted by her daughter, Mrs. Frank Boorse, Mr. and Mrs. Munk and Mrs. Taylor were on their way to attend the wedding of Donald Taylor, younger son of Mr. and Mrs. Elliott Taylor, former residents of Bremner, who, we are informed, have moved from Cadenau the Edson.

Rev M. A. Johnson returned to his charge on Sunday, August 3rd, preaching at Bremner at ten o'clock a.m. He announced that a combined service would be held in the Moravian Chapel on the hill at eleven o'clock, as it would be in attendance at the camp. The Bremner congregation will have a get-together afterwards in the form of a basket picnic at Lakeview picnic grounds, as the Sunday school were unable to hold an outing earlier in the summer. All are welcome. On the 17th, services will be at Clover Bar at ten o'clock a.m. and Ardrossan at eleven-thirty a.m.

Miss Beta McChuan attended United Church Girls' Camp as a leader. Others attending from Bremner were the Misses Joyce McChuan, Marguerite Letman, Lorna Reynolds, Iris McCaughy and Irene Allen.

Rare Metal mines are adding more than \$25,000,000 annually to Quebec's mineral income.

CANADIAN INVENTS DIVING LUNG

Mr. Jack Clemas helps her husband into the underwater lung invented by a Sarnia, Ont., watchmaker, William Moon. The lung, utilizing a standard hospital oxygen tank, allows a diver to stay under water as long as an hour and sells for \$50, half the price of comparable equipment made elsewhere. With the lung, \$4,000 worth of gear from a sunken yacht in Sarnia's harbor, and inventor Moon is on the track of another ship sunk in 1907.

Canadian Farm Products Provide Year-Round Salads

Most of the common Canadian vegetables were known and used in the days long before the birth of Christ. Herodotus the Greek historian tells us that lettuce was sown at the Royal tables 2,500 years ago; wild cabbage, the common ancestor of cauliflower, was eaten by man over 4,000 years ago; cabbage and purslane were known to the ancient Romans; carrots and asparagus go back to pre-historic times; records indicate the cultivation of beets in 300 B.C.; and celery, onions and tomatoes come of ancient lineage.

There is considerable doubt, however, whether the vegetables of these early days would be recognized beside their descendants of today. Ages of cultivation together with scientific plant breeding in more recent times, have doubtless changed them almost beyond recognition.

Not only has the plant breeder and the market gardener been responsible for today's attractive vegetables; where they have finished, other specialists have taken over. Probably at no other time in so much study and research being given to storing, transportation, packaging, and marketing of Canadian fruits and vegetables, so that they may reach the consumer in appetizing and attractive form whether for fresh salads, for cooking, for canning and fast-freezing.

Surprise Party For Newlyweds

For the first time in the history of the church, a surprise party was given for the newlyweds, which consisted of a reception, entertainment, and a meal. The couple, who were married at the church, were surprised by the congregation of the church, which consisted of a reception, entertainment, and a meal. The couple, who were married at the church, were surprised by the congregation of the church, which consisted of a reception, entertainment, and a meal.

Then after this merry group had sung "For They Are Jolly Good Fellows," Mr. Leonard Berg came forward as emcee and led the bride and groom to the altar. The bride changed to her going away outfit at midnight. Later when the groom wished to open his own car from them as the couple were seated at the altar, they were ready to drive away, their car wouldn't move. Later they discovered a block of wood had been placed under the axle to prevent their departure. Finally, after much movement and a bit of rattling of tin cans the couple got away, then after left for the Rockies.

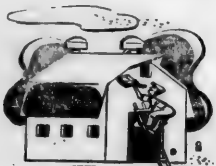

Yes, Sir . . . I'm for the Alberta Wheat Pool

1. Because Alberta Pool Elevators give effective service and protection to all.
2. Because Alberta Pool Elevators are operating at cost and excess earnings are returned to member patrons. Over the years such patrons have received over \$5 million in cash and nearly \$6 million in reserves. Ownership rests with the reserves.
3. Because Alberta Wheat Pool and Pool Elevators are owned by many thousands of Alberta farmers who have invested close to \$8.5 million in this great enterprise. Pool members can safeguard this investment by delivering all their grain to Pool Elevators. A large volume of deliveries means low cost of operation.
4. Because the Wheat Pools are mainly responsible in keeping down the cost of handling grain. Such costs are remarkably low, probably the lowest in the world. This is a tribute to the effectiveness of farmer co-operation.
5. Because the business operations of the Alberta Wheat Pool are an "open book." Pool members may obtain the fullest information concerning the operations of their organization through their elected delegates and directors.
6. Because the co-operative principle of "each for all and all for each" is the co-operative ideal which aims at spreading economic justice throughout the nation and throughout the world.
7. Because it is of vital importance to Alberta grain producers that a strong co-operative elevator system should flourish in this province. It is essential that such an elevator system should be under the control of Alberta grain producers—the men who are actually following the occupation of farming.
8. Because Alberta Wheat Pool is the only organization in Alberta which meets these requirements.

FIVE BUSNELS SET AS WHEAT QUOTA

Farmers have been allotted a delivery quota of five bushels of wheat per seeded acre of wheat according to reports reaching here from the Canadian Wheat Board.

The new quota became effective August 1 with the start of the new crop year.

Last year delivery quota became effective on August 9 instead of at the first of the month. At that time farmers were given a quota of six bushels per acre of wheat, oats, barley and rye. Flax deliveries were not restricted.

The board this year set delivery quotas on oats and barley at four bushels per seeded acre and rye at five bushels and there are still no restrictions on flax seed.

With another favorable crop in sight indications are farmers will again harvest more grain than can be delivered to country elevators during the fall months.

Dates Announced for Duck And Goose Hunting Season

The outlook for duck and goose hunters in Alberta was brightened Friday by an announcement from Ottawa providing a six-day open season. At the same time provincial game officials said the duck population in Alberta should reach a new high by fall. The season is to be a week longer than in 1947.

Dates Announced
E. S. Huelsa, Alberta fish and game commissioner, announced dates for the open season in Alberta.
In zone one, north of the Athabasca River and township 12, the season will be from Sept. 3 to Nov. 8.

In zone two, south from the Athabasca River and township 12 to highways 11 and 12 through Red Deer and Lacombe, it will be Sept. 10 to Nov. 18.

In zone three, south of highways 11 and 12 to the international

border, the season is Sept. 10 to Nov. 18.

"Spare" Permits
In zone one, the season is Sept. 10 to Nov. 18. In zone two, it is Sept. 10 to Nov. 18. In zone three, it is Sept. 10 to Nov. 18.

GUARDIANS OF PEACE

The Infantry Mortar Crew...

In attack and defence, the Mortar Crew adds to the effectiveness of Infantry. Accurate, concentrated firepower is vital to successful operation in the field. It calls for cool, highly trained men to operate the many complex weapons of the Infantry.

Canada's tough, independent Infantrymen are the finest fighting soldiers in the world. At home and overseas, these young men stand in the front lines of Canada's freedom.

There are outstanding career opportunities for young men in the Canadian Army Active Force. They are career opportunities with challenges of adventure, the excitement of travel in the most important job in Canada today—defence.

You are eligible for service in the Canadian Army Active Force if you are 17 to 40 years of age, tradesmen to 45, physically fit and ready to serve anywhere.

Join the **CANADIAN ARMY ACTIVE FORCE NOW!**

Social Evening Held At Wye

WYE — The East Salina-Wye Warfare Society held its regular monthly social evening in the Wye Hall on Friday, July 25th.

A small crowd was in attendance due to the busy season and some of our members and friends attending a wedding dance.

What was enjoyed by the present with prizes going to the following: ladies first, Mrs. C. Sanford; girls first, Mrs. A. E. Moore; ladies consolation, Mrs. J. E. Fowler; girls consolation, Mrs. H. Sanford. Prizes for the best crayon coloring was awarded the following children: Halene Thompson, Walter Russell and Carol Kreamer.

Guests of honor were Mr. and Mrs. P. Yohannes of Salisbury, who celebrated their silver wedding anniversary on July 24. Mr. J. E. Fowler on behalf of members and friends, presented Mrs. Yohannes with a silver berry spoon and berry ladle, and Mr. Yohannes with an ash tray for which the couple in a few well chosen words thanked everyone.

Mr. and Mrs. Anderson, who are residing temporarily in the district, entertained with songs of their own composition which was appreciated by everyone. Mr. Anderson is a teacher and is attending summer school in Edmonton.

Lunch and ice cream was served and everyone departed for home tired but happy. The next social evening will be held on August 29th. Everyone welcome.

● Combine 3 c. boiling water, granulated sugar, 4 tsp. salt

1 1/2 cups shortening; stir until oil and salt are dissolved and chocolate melted; cool to lukewarm. Meanwhile, measure into 1 quart bowl 1 c. lukewarm water, 1 1/2 c. granulated sugar; stir until sugar is dissolved. Sprinkle with 1 envelope Fleischmann's Fast Mixture Dry Yeast. Let stand 10 min. **THEN** stir well.

make a soft dough. Knead on lightly-floured board until smooth and elastic. Roll in greased sheet until 1/8" thick. Cut into 12 squares. Cover and set in a warm place, free from draught. Let rise until doubled in bulk. Punch down dough, grease top and again let rise until doubled in bulk. Punch down dough; turn out on lightly-floured board and divide into 4 equal portions; form into smooth balls. Cover lightly with cloth and let rest for 15 mins. Shape into 12 loaves, place in greased loaf-pan (4 1/2 x 8 1/2 x 4 1/2). Grease top cover and let rise until doubled in bulk. Bake in hot oven, 450°, for 20 mins. Then reduce oven heat to moderate 350°, and bake about 20 minutes longer.

... of a bumper crop of ducks in the province as a whole has been predicted by government authorities. However, comments of local hunters and farmers do not indicate any such increase in duck numbers over previous years in this area.

While farmers in the northern section of the province are suffering substantial crop losses from duck damage, farmers in this area are in no real danger of losing their livelihoods. In fact, they are

much for this district.

Representatives of the British-American Oil Company, who attended the meeting in support of the application, explained that the major oil companies were trying to improve the standards of service stations and that it had been proposed to establish an up-to-date station at this point. It was, however, the opinion of the meeting that the municipalities brought about by the arrival here of Mr. and Mrs. George Brown of Brentwood, Long Island, New York, who visited his company's Lorton, George and John Fawcett.

The four were raised together in Ireland and emigrated to North America individually. Mr. and Mrs. Brown are en-

Young Farmers Pickled For Fair

Young members of Alberta 4-H clubs will attend the Boys' Water Fair at Toronto stadium, Sept. 12.

The young farmers, chosen from 100 who vied for the honors.

At the annual meeting, held in the City of Agriculture, were: Don Cottle and Joann Wagner, Kananaskis; Daria Schindler and Victor Peterson, Midland; Elsie Fries and Barbara Foster, Alton; Bernice Winkler and Fritz Mandel, Wilfrid; Bob Francis and Alan Warner, Telford; and Melba and Ernest Kozick, Red Deer.

No Politics on Trans-Canada Tour

Political subjects have been avoided in his trip across Canada. However, at Trail, B. C., he talks to a prime minister's look-alike.

GRANDMOTHERS ENTERTAINED AT RECENT MEETING OF FORT W.I.

The regular monthly meeting of the Women's Institute was held in the Union Hall on Wednesday, September 18, at 3 p.m. The meeting opened with the reading of the "Fort Woman's Creed" by Mrs. J. Westover. Minutes and Treasurer's report were received and approved and correspondence read.

Several items of business were brought before the meeting. A short account of "Gone With the Wind" was given by Mrs. R. B. Hargreaves. The most individuals of some old time snapshots. Mrs. Southworth of the Agnes Forbes Lodge presented a picture, also being the photograph of grandmother.

Was served by members of W.I. and as the afternoon came to a close each visitor was presented a lovely bouquet of flowers. Sincere thanks on behalf of the visitors was expressed in a vote of thanks by Mrs. H. Shapiro.

Chamber of Commerce To Meet Thursday

The Fort Saskatchewan Chamber of Commerce will hold their monthly meeting at 6:30 p.m. on Thursday, September 19th, at the Chamber of Commerce.

Due to members being away so meetings were held in July and August. The meeting on Thursday will be the first for the fall and winter season. All members are urged to attend and take part in any discussion.

OFFICIAL PRESENTATION OF LIONS TRICYCLE MADE AT SUPPER MEET

Members of the Fort Saskatchewan Lions Club turned out in force Monday for the official presentation of the tricycle to Keith Seale.

When the Lions Club took Keith under their wing he has made remarkable progress and plans have been made to further assist Keith. Keith's mother, who has been responsible for Keith's welfare, gave a report on his progress and thanked the members of the club for their help.

Two new members joined the club on Monday. They are Keith and his mother. They are both very happy to be part of the club.

During the meeting of the club, the members discussed the club's activities and the need for more members.

1963 Election Presided Over by Lions Club. The Lions Club held a meeting on Monday to discuss the 1963 election.

During the meeting, the members discussed the club's activities and the need for more members.

Club Meeting

The monthly meeting of the Fishing Writers Club was held in the hall on September 10 with 11 members and five visitors present. The main business was carried on. There was discussion on the matter of what and where parties for the winter season. It was decided to look into the matter on purchasing gear and tables for the hall with money realized from the sale of lunch at Mr. (Lil) Cook. It was decided to purchase 12 tables Mr. Wex, Mrs. Kay and Mrs. G. Briggs were appointed to go to look into the matter. The sum of \$1.00 was donated to Mrs. Schreyer to be used in

making work wherever she saw fit.

The October meeting is to be held in the hall on October 10th and will take the form of a social meeting. Mrs. Kay will be co-chairman. All members are asked to bring a small amount of refreshments and a friend with them.

The meeting was addressed and a lucky lunch was served by the ladies, Mrs. Anderson.

LAST EDWINSTON. Mr. Peter W. Burchart of Edmonton, the well-known broadcaster, was the guest of honor at the luncheon given by the club on Sept. 10.

September 18 is generally accepted as one of the critical days in the history of the Battle of Britain, as on that date enemy losses in aircraft over London were a sharp turning point in the battle.

The date of the battle is celebrated in Canada on the first Sunday after September 18.

Sunday School Resumes Sessions

BRENNER — Brenner United Church Sunday School began fall sessions on Sunday morning with the welcome addition of Miss Rita McGowan, who has taken over the intermediate class, after the superintendent, Mrs. H. D. Duncan, the church to start an addition. It is hoped that the new Revised Edition of the Bible, which is to go on sale in its entirety across the continent, on Tuesday, September 24, will be used, and interest in this service. All groups of the district are cordially invited to attend this class during the week after the tea service, on the hour of eleven a.m.

TEACHERS JOHN BAKER OF C.D. WORKERS

Alberta teachers in the number of 500 recently qualified as C.D. workers and instructors. These were the students at the University of Alberta Summer School who attended Civil Defense lectures and demonstrations conducted by the Provincial R.C. staff. Graduates received certificates and C.D. lapel badges.

Women are not eligible for Member Status.

Special Course Offered

To keep pace with Alberta's industrial expansion, the Institute of Technology and Art, Calgary, has announced it will offer a one-year course for the training of laboratory technicians.

The course, which will commence September 20, and end May 22, 1964, includes studies on laboratory techniques, theory in industrial chemistry, physics, and mathematics dealing with chemical calculations.

The course is open to men and women over 16 years of age who hold an Alberta high school diploma including first year algebra.

It is and by convinced that you will get best results at the lowest possible price.

Abridged Version of B.N.A. Act Soon Available

A long felt need for a short edition of the British North America Act for use by Universities, Colleges and students will now be filled. The Honourable P. Gordon Bradley, Secretary of State and Minister in charge of the Department of Public Printing and Distribution, has announced that a short edition has been granted to the Queen's Printer to publish such an edition to be sold at the nominal price of ten cents.

The past years have seen an increasing demand on the Queen's Printer. Mr. Edmund Clender, from University and College professors and students, for a low priced abridged edition of the

Constitution of the British North America Act. This edition differs from the present edition in that it is only 51 pages long, compared to the 100 pages of the British North America Act of 1982-83. It has been noted that considerable other material has been omitted.

Included in the new edition are: Part II of an Introductory Historical Review up to 1982; Parliamentary Government; and the Constitution (Part III) of the British North America Act, 1982. The Statutes of Westminster with extensive notes. Part II also includes the Report's Land Act, 1982; The Parliament of Canada Act, 1982; (Validating Order Act); The Canada (Ontario) Boundary Act, 1982; The Statute Law Revision Act, 1982 and 1983; The Canada (Saskatchewan) Agreement of Supply Act, 1982.

Copies of this booklet may be had for ten cents plus postage by sending orders to the Queen's Printer, Ottawa. Many more necessary orders and the reduction is allowable for quantity orders.

R.A.F. HITS TO PUBLIC

As R.A.F. establishments will open their doors to the public to celebrate the Battle of Britain, fought and won 19 years ago.

About 6,000 acres in the potato-growing area in Alberta will be reserved this fall for the highly contagious bacterial disease known as ring rot which was introduced into this province about fifteen years ago.

OFFICIAL OPENING THURSDAY

The official opening of the Fort Cleaners and Dyers marks another service now available to residents of Fort Saskatchewan and surrounding districts.

The new plant is geared to handle all dry cleaning and dyeing problems. It is equipped with all the latest and modern equipment and staffed by experienced men and women.

The new plant is constructed of concrete block and is located south of the Fort Motors. Incorporated in the building are the services available to the public during the day.

Automatic safety devices are installed on all necessary equipment to assure protection of clothes and also to operation of the machines.

Mr. Bougie and Mr. Kugel, proprietors, will do their utmost to give the instant and most efficient service possible.

THE MANY DUCKS

A crop of wild ducks in the area appears to be a record breaker this year and farmers are not likely to experience damage to their grain crops. It has been suggested that "sawtooth" or "sawtooth" be used in grain fields will keep off the ducks but many farmers doubt the efficacy of such a procedure.

It is reported from Kindersley, Saskatchewan, that a 5-ton motor was mounted on a 5-ton truck crushed some of a farmer's grain. It is reported that a 5-ton motor was mounted on a 5-ton truck crushed some of a farmer's grain. It is reported that a 5-ton motor was mounted on a 5-ton truck crushed some of a farmer's grain.

South Africa is fearful of a drought. Even with good rains, food is scarce in the water, according to reports from that country. Shortages of meat, maize, wheat and dairy products are anticipated.

Alberta has enough grain quality to produce all the baking flour needed in the province. The requirements for producing such a crop are (1) good grain, (2) good soil, and (3) efficient machinery.

Management practices. Agriculture, Edmonton, Alberta.

Between 1950 and 1955, from these (1) good grain, (2) good soil, and (3) efficient machinery. Management practices. Agriculture, Edmonton, Alberta.

CONGRATULATIONS

"I put away my hard-earned money"

This young bank depositor recently wrote to his bank manager:

"I made a goal of \$1,000 for this year."

It is two years since I opened the account with two dollars. I owe thanks to you that I put away my hard-earned money where it will benefit me... I do not wish to touch it for the time being."

Building up a bank account means work and sacrifice. But Canadians know the value of having savings handy in time of opportunity or need: they maintain 7 1/2 million savings accounts in the chartered banks—almost twice as many as ten years ago. At the same time bank staffs have almost doubled. That, and higher wages, have increased bank payrolls almost three times.

More people use the banks, more people work for the banks than ever before.

Summary of Agricultural Service Board Meeting

The 10-monthly meeting of the Agricultural Service Board of the Municipal District of Strathcona, S. 42 was held in the Council Chamber, Board Administration Building, 1441 11th Avenue, Edmonton, Alberta, on Tuesday, August 26th, 1936, with the following members in attendance: E. Kosh, Chairman; F. H. McCalla, Secretary; Representative of R. J. Whitbread, Government Representative; H. L. Shum, Field Supervisor.

Mr. F. H. McCalla arrived at the meeting at the absence of the Secretary, who was on holiday. The first item of business discussed was the minutes of the meeting held on June 26th, 1936, copies of which had been mailed to all members of the Board. After considering the minutes it was moved by H. Whitbread that the minutes of the meeting held on June 26th, 1936, as submitted by the Secretary, be approved and confirmed. Carried.

The following correspondence was read, discussed and ordered filed: Correspondence between Field Supervisor and Mr. J. Sney Smith, Edmonton, re treatment of oats with L&D; Mr. G. B. Stirling, Supervisor, Soil Conservation and Wood Control, re experimental plot for control of tarantula mosquitoes during the application of L&D; Montreal Grain Company, re Service Board estimates, and questionnaire, re change in date of annual conference.

In discussing the matter of the Service Board conference, it was moved by H. J. Whitbread that the Board recommend to Mr. G. B. Stirling, Supervisor, Soil Conservation and Wood Control, Provincial Agricultural Extension Service, that the annual Agricultural Service Board conference be held in the spring, but at a date earlier than in 1935. Carried.

Mr. E. J. Whitbread, reported on the Chamber of Commerce Field Day Tour, using the Municipal District of Strathcona for itinerary of the Board, which included the Atholton Brothers farm, the McDeville stock raising plant, and one or two other farms. The Field Supervisor reported that there was a carry-over of the following Service crop seed: Alfalfa, 2000 pounds; Sweet Clover, 750 pounds; Alsike and Sweet Clover, 10-20, 250 pounds. Total seed during the year was 24,727 pounds of forage crop seed, 12,000 pounds of brasses, 18,000 pounds of alfalfa, and some pounds of sweet clover. After discussing this carry-over and the amount of Service crop seed and grain seed to be left in the warehouse of Knapman Bros. Fertilizers, and that the rental rate of \$3.00 per month for storage of this seed appears to be reasonable and might be considered acceptable; further, that insurance be placed on the seed. Carried.

It was pointed out that the cost of insurance for eight months would be in the neighborhood of \$40.00.

The Field Supervisor also reported that there was considerably more spraying done with L&D this year, and that the general picture throughout the municipality was most better, except for a few bad spots partly due to wet weather.

The Board was also informed that 20 dozens of medium chickens were used by inspectors within the municipality.

A discussion continued regarding

Farmers
as a rule
are
good sports...

You can be a good sport too, by following the Golden Rule, and making a kind of the farmer.

1. First call on him and obtain his permission to shoot or hunt on his property.
2. Always clean guns behind you, they were put there for a purpose.
3. Don't shoot, unless you are sure of your bull's ultimate resting place. You could miss.
4. Don't shoot near buildings or stock.
5. Don't shoot through fences with a loaded gun.
6. AND NEVER carry a loaded gun in a vehicle.

Shooting instruction on power or telephone lines—thus interrupting farmer's power or telephone service—1937 following the Golden Rule.

You will find the farmer a real good sport if you are a good sportsman and follow the rules of good sportsmanship.

THE FORT SASKATCHEWAN RECORD

STRAYED: Ray Roddy, three with white stripe on forehead and black coat with star on forehead. Thought to be in Anderson area. Phone 1116, Don Underbeak.

FUR SALE: 3 beam Hens with one male in lotus, good with two lots. Phone 25, Mr. J. Henderson.

WANTED: Counter girl for planning personality. Apply Fort Chiswick and Ippers.

STRAYED: September 11, to the south of the Corvair, N.W. 21 21-25-4, one red cow, about 300 pounds.

FUR SALE: 10 Acres White Hens, one each Phone 100.

FUR SALE: 2 year old registered Suffolk Hen, reasonable. Phone 1794, J. Wood, R.R.1, Fort Saskatchewan.

FUR SALE: K.E.A. 50-51-52, 50 acres cultivated, good buildings, now have 30 ft by 60 ft, 2 wells, 2 granaries, 2 brooder houses and 1 chicken house. 30 miles south east of Edmonton. 1/4 mile south and 1/4 mile east of Hwy 20, near Hwy 20, near Hwy 20, near Hwy 20. \$24,500.

COOKING LAKE NEWS

SOUTH COOKING LAKE: A very impressive and beautiful view was held at Maitland Hall on Sunday, September 23, at 3 p.m. The service was conducted by Mr. W. A. Johnson of Bonaville and was assisted by Terry Anderson.

The service marked the announcement of Hastings Lake, Maitland and South Cooking Lake. Eleven children were baptised and seven members joined the church, 4 by profession of faith and two by transfer.

Chairs for the use of the little people were donated to Maitland in memory of Lorna Hemmery Fraser.

The well attended service was presided over by the pastor of the St. James of the Lord's Service.

It is regrettable that a mistake was made in last week's news. A false report was given to the reporter. It was Mr. Whitford, not Mr. Roddy, who passed away recently. Mr. Whitford was residing in the Maitland district.

The W.A. held their meeting at the home of Mrs. T. Waters. Mr. Oving to preside of the long evening the attendance was not as high as usual. It was decided to put off the next meeting until January 10.

A banquet and tea was also planned for but the date has not yet been set. Discussion was also held on the "Harvest Home" for Thanksgiving.

The roll call was answered by the Sun Life Insurance and the Sun Life of Canada.

The president, Mrs. W. Don was in the chair.

COOKING LAKE NEWS

SOUTH COOKING LAKE: A very impressive and beautiful view was held at Maitland Hall on Sunday, September 23, at 3 p.m. The service was conducted by Mr. W. A. Johnson of Bonaville and was assisted by Terry Anderson.

The service marked the announcement of Hastings Lake, Maitland and South Cooking Lake. Eleven children were baptised and seven members joined the church, 4 by profession of faith and two by transfer.

Chairs for the use of the little people were donated to Maitland in memory of Lorna Hemmery Fraser.

The well attended service was presided over by the pastor of the St. James of the Lord's Service.

It is regrettable that a mistake was made in last week's news. A false report was given to the reporter. It was Mr. Whitford, not Mr. Roddy, who passed away recently. Mr. Whitford was residing in the Maitland district.

The W.A. held their meeting at the home of Mrs. T. Waters. Mr. Oving to preside of the long evening the attendance was not as high as usual. It was decided to put off the next meeting until January 10.

A banquet and tea was also planned for but the date has not yet been set. Discussion was also held on the "Harvest Home" for Thanksgiving.

The roll call was answered by the Sun Life Insurance and the Sun Life of Canada.

The president, Mrs. W. Don was in the chair.

COUNCIL COVERS LIGHT AGENDA

A very light agenda faced the council when they met Wednesday night. The agenda was so light that the council was able to complete its business in less than an hour.

The meeting opened with the reading of the minutes of the last meeting. The minutes were read and approved.

The council then turned to the agenda. The first item was a report from the city engineer. The engineer reported that the city was in good financial shape.

Mountain Secretary Beautiful in Fall

MANFRED — Bar and Mrs. White and their daughter, Barbara, of Edmonton, returned from a week vacation on Friday, September 28th. They took their trip through the Canadian Rockies, Idaho, Washington and parts of B. C. At Oliver B.C. they visited with relatives and friends and on Sunday, September 23, they visited with the great grandsons at the Oliver Lutheran Church Bazaar. They returned home on the Red Deer highway and reported mountain travelling to be at the levellest at this time of the year.

University of Alberta to Hold Drama School Weekend Classes

A weekend drama school to provide training in a variety of theatrical subjects will be presented during the winter months by the Drama Theatre of the University of Alberta.

The course will consist of five weekend classes which will be held from 9:30 a.m. to 12:30 p.m. on Sunday evenings at a cost of \$5 per student. The program of study, script writing, acting and costume design, will be presented by the Drama Theatre of the University of Alberta.

The first class, which will be held October 13 and 14, will focus on the permanent staff of the Drama Theatre.

Canadian Co-operatives Show Business Decline for 1951

Business has shown a general decline in 1951 for the first time since 1948, according to the annual report of the Canadian Co-operative Association.

The report states that the total value of co-operative business in 1951 was \$1,214,000, compared with \$1,314,000 in 1950.

The decline was due to a number of factors, including a decrease in the number of co-operatives and a decrease in the volume of business.

Despite the decline, the report notes that co-operatives continue to play an important role in the Canadian economy.

The report also mentions that co-operatives are working to improve their services and expand their operations.

The report concludes that co-operatives are a vital part of the Canadian economy and will continue to grow in the future.

The report was prepared by the Canadian Co-operative Association and is available to the public.

The report is a valuable source of information for anyone interested in co-operatives.

The report is available in both English and French.

FAMILY FLEES FROM NOISY GHOST

Alma Domack, owner of the house, says she has been haunted by a noisy ghost since she and her family moved into the house in 1948. She says the ghost is a young girl who was killed in the house in 1918. She says the ghost is a young girl who was killed in the house in 1918. She says the ghost is a young girl who was killed in the house in 1918.

Students Learn Food Preparation

Students of the Port Saskatchewan High School are learning food preparation in the new kitchen. The kitchen is a modern one, with all the latest equipment. The students are learning to cook, and to serve. They are also learning to clean and to maintain the kitchen. The kitchen is a very nice one, and the students are very happy to be there.

Timely Farm Notes
Labour Earnings on Mixed Farms

By R. J. Whittam
 District Agricultural Officer

First year results of a three-year study by the Ministry of Agriculture and Fisheries of the Department of Agriculture, showing the earnings of labour on mixed farms, are now available. The study was conducted by the Ministry of Agriculture and Fisheries, and the results are now available.

"My son has chosen banking"

When a bank manager retired last year, he wrote his General Manager to tell why he was proud his son also had chosen a banking career.

"I shall always recall my banking days with pleasure and I cannot think of any other occupation that gives one a greater opportunity to meet people and form lasting friendships. I have been privileged to serve the bank in three provinces... That my son has chosen banking is also a great satisfaction to me. He is most anxious to make good on his own account."

Any young man on the lookout for an interesting and worthwhile career—for opportunities to grow and get ahead—should take a look at banking. Have a talk with the bank manager in your neighborhood branch. It may well prove an important turning point in your life.

FIRE PREVENTION WEEK
OCTOBER 5th - 11th
Is required of us ONE and ALL

FIRE PREVENTION does not happen. It is caused by the efforts of thoughtful men and women. Find out what you need to know about fire safety; this is a week proclaimed for that purpose. WORK IN CO-OPERATION with your Fire Department. The fire inspection service of modern fire departments, in developing to keep pace with modern machinery for fighting fire and more extensive training for firemen, fire waste hinders progress. Death and destruction from fire can be prevented by remedy of fire hazards and by knowing what to do in case of fire.

W.A. Meets at Bremner

BREMNER — Mrs. Mabel Latham, president of the United Church W & A in Wednesday afternoon, when Mrs. Wynne Latham presided at the usual monthly meeting. Donations were made to be paid to certain worthy causes, others being added for future consideration. Report was given on the closing of the church, a very good job being done by those hard to do so. The program committee reported a good program had been arranged for the church supper in November, and the entering committee called a meeting for Tuesday evening at the home of Mrs. Alfred Vetter, as all the members were not present at the monthly meeting. Mrs. D. Davidson took the study chapter.

Mrs. Alvin Latham and Mrs. Wynne Latham assisted the business in serving refreshments at the close of the supper.

We have been informed that the Misses Helen Schroeder and Jean Jackson are taking the land reclamation course at Alberta College. This is a wonderful thing for the young folks in our district, as leaders to young women's work are needed very badly.

Another young lady, who, although attending the Alberta University taking a teacher's course, spends her weekends in our district with her parents, has volunteered to be a leader in the church.

No other investment offers the same safety, high rate of interest and immediate cashability at full face value!

Everyone wants to build up reserves of saving.

Canada Savings Bonds encourage and help systematic saving — make saving easier.

They discourage wasteful spending — are better than cash in the pocket ... they can be cashed at any bank at any time, so the cash is available at a moment's notice for special opportunities or emergencies.

What's more, Canada Savings Bonds are always cashable at full face value — the price never changes.

The new Seventh Series pays a higher rate of interest than ever before — an average of 3.44% if held to maturity.

They can be paid for in cash or instalments to meet the saver's convenience. They come in denominations to meet everyone's needs.

GOVERNMENT OF THE PROVINCE OF ALBERTA

Announces the fourth Annual

MASTER FARM FAMILY AWARD

for 1930 to the following

E. B. Lewis Family John Lambart Family
John Smith Family J. H. Manning
John Skyring Family J. H. Manning
John Skyring Family J. H. Manning

The Master Farm Family Award is recognized by an award of \$100.00, an engraved plaque and a name plate for the farm entrance. The purpose of the Master Farm Family program is to find and honor those who have achieved notable progress in farming, home-making and citizenship, and who, by their example, are encouraging interest in farming as a way of life. The importance of Agriculture is indeed great and gratified with the high standard of attainment among the farm citizens of Alberta is recognized by the Master Farm Family program.

DEPARTMENT OF AGRICULTURE
GOVERNMENT OF THE PROVINCE OF ALBERTA
Hon. David L. Macdonald, Minister D. S. Langman, Deputy Minister

Now... a better buy than ever

CANADA SAVINGS BONDS*

* Build for good or for evil — all investments.

Here is another opportunity for you to adopt this tried and tested system of saving money. Canada Savings Bonds never drop in value. If cash is needed you can get back the full face value of your bond, plus accrued interest, any time — at any bank in Canada.

You can buy Bonds for cash, of course. Or if you prefer, the Royal Bank will arrange for you to buy them by regular monthly instalments out of income. The procedure is simplicity itself. All forms and full information available at every branch.

SCHOOL INDUSTRIAL BUILDING TO BE OFFICIALLY OPENED THURSDAY

Formal opening of the new Industrial School Building will be held tomorrow night, Thursday, October 16. A cordial invitation is extended to the public to be present.

New Subdivision Approved at Special Meeting

A short special meeting of the Council was held Monday evening to approve the new Bama Creek Subdivision. The Council has been working on this for some time.

Included in this section were a number of new plans drawn by the town residents and it was necessary to get their approval.

While the building at present has only three rooms, it is designed for additional rooms when the need arises, which will eventually be an eight-room school.

This new unit along with the other units in the new plan for the Bama Creek Subdivision will be ready for occupancy by the end of the year.

Following inspection of the new unit a buffet lunch will be served under the direction of Mrs. E. McCallan, the home economics teacher, and her class.

WORLD WHEAT CROP

World wheat production in 1935-36 is expected to total more than 1,000 million bushels compared with a previous average of about 1,000 million bushels. Wheat production in 1935-36 is expected to total more than 1,000 million bushels compared with a previous average of about 1,000 million bushels.

FLIN FLIN MINING AND SMELTING SUBJECT OF ADDRESS BY LIONS GUEST SPEAKER

Members of the Lions Club heard a very interesting talk on mining in the Flin Flin area by Mr. John Darimont, engineer for Puule Construction Co., at their supper meeting Monday evening.

Mr. Darimont is a native of this district having been born there and lived in the Flin Flin area for many years.

After receiving his engineering degree at the University of Alberta he was left in 1934 for Flin Flin where he resided for 13 years.

Following his return to the Flin Flin area he was employed by the Flin Flin Mining and Smelting Co. He left that company this year to join the Puule Construction Co. and is now the Flin Flin Mining and Smelting Co. He left that company this year to join the Puule Construction Co. and is now the Flin Flin Mining and Smelting Co.

Mr. Darimont made a report on the Flin Flin Mining and Smelting Co. He left that company this year to join the Puule Construction Co. and is now the Flin Flin Mining and Smelting Co.

Chicken Home Destroyed by Fire

WKE. An unfortunate event took place at the E. H. Gibson farm last Tuesday evening when the chicken house, valued at five and burned to the ground. It wasn't much a financial loss, but it was a danger hazard to the other buildings. It is believed to have started from some live coals in ashes which had been put in the building.

Mr. Gibson wishes to thank the good neighbors, Mr. W. T. Moore, Mr. Ray Moore, Mr. Lloyd McGee, Mr. Henry Krammer and Mr. E. H. Barnes for their kind assistance in controlling the fire.

A further reason for the destruction of the surrounding districts was Mr. Vernon Fraser of Burnham.

Mr. and Mrs. A. J. Porter spent Sunday visiting Mr. and Mrs. Lewis Adams at Redwater. Last evening on a tour of the suburbs and the town of Redwater which is much larger than they had imagined. Mr. and Mrs. Adams are heavily engaged in creating a new town.

Ken Fowler has been confined to bed for the past week with pneumonia, but will return to his duties at Victoria Composite High School this week.

The Kent School Welfare Society wishes to remind members, friends, neighbors and hidden that the annual evening usually held on the last Friday of each month, has been postponed due to the Halloween masquerade dance.

United Workers Thank Helpers

ADDRESSMAN. The president and executive of the United Workers, wish to extend their thanks to all the friends who kindly assisted with donations of food for the chicken supper on Thanksgiving, October 11, also to the girls and young women who helped in the food service and the accompanying dinner and entertainment.

The United Workers will be meeting on Monday, October 14, at the home of Mrs. M. Macdonald, 1201 10th Avenue, S.W. Plans were made for the dinner which will be held the second week of November. Watch news. The next meeting will be held on November 18th at the home of Mrs. M. Macdonald.

\$205,349 Paid Out of Motorists' Fund

A total of \$205,349 has been paid out by the Unsatisfied Judgment Fund from April 1 to September 30, 1952 covering motorist and motor vehicle accidents. This amount, which includes the cost of legal fees, is the highest since the fund was established in 1947.

The Unsatisfied Judgment Fund is a fund established by the Motor Vehicle Act, 1947, to provide compensation for persons injured or killed in motor vehicle accidents where the driver is uninsured or the driver is insured but the limit of the policy is less than the amount of the claim.

The fund is administered by the Motor Vehicle Insurance Board, which is a body established by the Motor Vehicle Act, 1947.

Farmer-Hunter Relations

Some are talking about the country farmer, who is keeping a very eye on their livestock on the land. The farmer is a very important person in the country. He is the one who provides food for the people. He is the one who provides the raw materials for the industry. He is the one who provides the energy for the economy. He is the one who provides the backbone of the nation.

East Edmonton News

EAST EDMONTON — Birth day greetings to Mrs. Cecil Chandler, and John Briggs who celebrate birthdays this week.

Mr. and Mrs. L. F. Pittman and Mrs. Pittman Jr. were visitors at the home of Mr. and Mrs. George Briggs last Sunday.

Wedding anniversary greetings to Mr. and Mrs. Jack West this week.

Mr. Geo. Briggs and Mr. Ralph Briggs, accompanied by Mr. Otto Miller and Mr. Orville Daily, motored to Red Deer last Wednesday to attend the Red Deer-Brookers meeting there.

Mr. and Mrs. Hilda of Markham, Saskatchewan, spent the weekend with Mrs. Hilda's sister and brother-in-law, Mr. and Mrs. L. Pitt.

Combining business with pleasure Mr. Henry returned home this week after several days visiting relatives and friends in Maple Creek, Saskatchewan.

As the usual rule the days preceding Halloween we find "Halloween" in the kitchen preparing goodies and treats to hand out when youngsters come calling on that wonderful night of October 31st. But this year things were different.

"Halloween" came into her own on Monday evening the Royal League Ladies held their annual Halloween party. It was a gala week for the small fry for the members who had costumes for the occasion, by my nothing of the fact Mr. Henshaw had a "ghost" say it was a "raining" success.

Install Radiant Baseboard Panels

Although there are many methods of providing beautiful, radiant heat, the Baseboard Panel system is by far the most modern and offers many distinct advantages. Warden King Radiant Baseboard Panels replace conventional wood baseboards, and by introducing heat at floor level, all values and drafts are eliminated, and rooms are evenly heated throughout.

The radiant heat output warms walls and floors and provides evenly distributed warmth. The difference in air temperature from floor to ceiling is often no more than two or three degrees even in zero weather.

Above all, every part of your valuable wall space is free from obstruction, permitting any desired arrangement of furniture. All valves and piping are also concealed. Floor-length drapes may be used without interfering with heat output. The desirable space below windows is available for any use you wish to make of it.

Warden King Radiant Baseboard Panels are easy to install in existing dwellings and, of course, are ideal for new homes. They are made of durable cast iron and may be finished in any colour of base paint or enamel you prefer, to carry out any desired decorative scheme.

Hallway on Costume

Dance Popular

WYN — Over two hundred people attended the Hallway's costume dance at the Wyn Hall last Friday evening.

Miss Janet Yehman, dressed in costume costume, won the first prize. A lovely evening was enjoyed by all.

The next dance will be held at the home of Mr. L. Raffell on Monday, November 18th and is warmly welcome to anybody who would like to join in the fun.

Two hours of relaxation and fun will be enjoyed by all who attend.

Social Evening Held

Used Cars

A large crowd attended the social evening at the school auditorium on Friday, October 25, sponsored by the teachers of Port Saskatchewan school.

Money, which was donated to the school, was raffled and won by Miss Margaret Hunsford.

The evening was a success and the teachers are to express their thanks to all who contributed to making the evening a success.

Revolutionary New Lamp...

bright all over...lenses shadowless, glare and eye-strain

GENERAL ELECTRIC WHITE LAMP

The G-E White Lamp — bright all over — is designed to reduce the risk of eyestrain when you're studying, reading or doing any "close" work. This new kind of lamp built in four ways. It softens shadows as they're hardly visible... reduces reflected glare... spreads light evenly over the entire surface of the bulb... keeps in cleaner, whiter beauty for life.

This remarkable new lamp — the result of years of unceasing research and development — is typical of the persistent efforts of this Company to make G-E lamps ever brighter—longer. Ask for G-E Lamps by name.

Carl Henny Drives Students on Tour

Mr. Carl Henny of Port Kesteven was again called on this year to transport the Society class of the University of Education.

The tour is made each year to acquaint the students with the problems faced by the city in this way for the future and to point out the advantages of proper town planning over the old "spontaneous" method of the past.

The ideal car for the boy who likes to build things. Call in at Valpy's this week and choose the one you like.

East Edmonton H.S.A. Meets

EAST EDMONTON—The Home and School meeting was held in the City Centre School, about 30 guests, including the most present from the school from East Edmonton School.

Dr. J. C. Johnson gave an interesting speech and showed slides taken in the Clover Bar district. The slides were in order showing the good and bad points of the schools. He pointed out how improvements could be made. They were enjoyed very much. Mr. Finkler will take care of letters for a school meeting to elect a local school board for the district. It was decided to meet in the City Centre School November 28th at 8:30 a.m. to decide on a suitable date for the annual meeting and discuss items of interest to the district. Anyone interested please attend.

Mrs. Edwards has been appointed to attend the Edmonton Council of the Home and School. Lunch was served by Mrs. F. Lutz and Mrs. B. Myers.

The Home and School association was definitely a success as the East Edmonton Hall was filled to the top. The children were just grand as doing his or her part in the performance.

There were some from Bellefleur, the teachers being Mrs. Nelson and Mrs. Y. Pennington.

The Home and School association was definitely a success as the East Edmonton Hall was filled to the top. The children were just grand as doing his or her part in the performance.

Ardoress News

ARDORESS—Mr. and Mrs. Walter Harker of Ardoress were guests at the home of Mr. and Mrs. M. R. Parkin at the week-end.

Both Bob and Ned Underhill and Andy Archer have moved to E. R. Green.

Mr. Harkness is home from his square at Banff and reports having had a very interesting week.

M. O. McLean has left to spend the winter at the farm.

The United Brethren W.A. will hold their regular meeting at the home of Mrs. Thelma Ray on November 28th. A good attendance is expected.

Several articles of clothing were left in Harkness' car. They were returned to the owner.

The Home and School association was definitely a success as the East Edmonton Hall was filled to the top. The children were just grand as doing his or her part in the performance.

The Home and School association was definitely a success as the East Edmonton Hall was filled to the top. The children were just grand as doing his or her part in the performance.

Good Attendance At Chicken Supper

BRENNER—Friday's small but very successful supper at the Western Brethren Centre, was greatly enjoyed by many of the guests. It was a very successful evening.

Chicken, white and blue, red and white, and blue, were served. The tables were set with flowers and candles.

Wyo News

WYO—Mr. and Mrs. W. T. Moore, Mr. and Mrs. A. Moore, Mrs. Nellie Harrison and Mr. E. H. Gies attended the banquet and dance sponsored by the Orange Lodge at the Hamsbury Hotel last Friday evening.

Miss Margaret Boffler is spending the week with her parents at Hamsbury.

Mr. and Mrs. A. Minal and family spent Sunday visiting Mrs. Minal's parents at Hamsbury.

Don't forget the blank face ball game to be held in the Wyo Hall on Friday, November 23rd.

A get out quick to Mrs. Everett Brenner who has been feeling a bit under the weather this past week.

Around the town

Mr. and Mrs. Gus Miller had at their guests last Sunday Mrs. Carrie Harrison and Mrs. Emma Quaker.

Mrs. Emil Burns was the lucky winner of the doll given by the Canadian Legion at their Musical Day dance.

The United Church W.M.E. will meet at the same on Tuesday, November 26, at 8 p.m.

Mrs. Dumas and Harold spent the week at Silver Lake and attended the wedding of their cousin on Saturday.

Born to Mr. and Mrs. Rita Devries at the Holy Cross Hospital in Calgary a son. Stan is very quiet and was also a healthy player with the Edmonton Flyers and the Calgary Stampeders.

RECORD OF THE CITY

The Irish Petroleum Company's Kirkfield delivered a record of over 1.5 million tons of crude oil during September.

Westlock Wedding Of District Interest

A wedding of interest to residents of the district took place in the United Church at Westlock Tuesday when Douglas James Adams, youngest son of Mr. and Mrs. Jack Adams of Edmonton, was united in marriage with Miss Christine Purvis, daughter of Mr. and Mrs. B. J. Purvis of Westlock. For her wedding gown she wore a pale blue and white gown with black and white trim and her veil was white. Miss Adams' bridesmaid was Miss Jean McEwen.

A reception held later at the bride's home, Mrs. Purvis wore a royal blue dress with black and white trim and her veil was white. Miss Adams' bridesmaid was Miss Jean McEwen.

After a honeymoon at Calgary and Banff, the wedding party will be at home in Edmonton.

French third grapes are now being grown in the Niagara Peninsula for wine-making.

Combined F.U.A., F.W.U.A. Meeting Appoints Convention Delegates

EDMONTON—The first combined meeting of the Federation of United Automobiles (F.U.A.) and the Federation of Women's United Automobiles (F.W.U.A.) was held at the home of Mr. and Mrs. C. H. Williams, Monday evening.

In the F.U.A. section, Mrs. E. Meyer was elected delegate to the coming convention in Edmonton. A donation of five dollars to the C.F.R.B. was voted. Mrs. L. Meyer and Mrs. G. Clark were chosen as representatives to attend a meeting called for ladies in the district at 8 p.m. on Wednesday evening, when plans for a proper celebration of Farmers Day would be discussed. The report from the treasurer for the year was that the fund was in very good standing. The officers for last year were returned to office unanimously for next year.

At the F.W.U.A. meeting, Miss Martin Reynolds was elected new president, and Mrs. E. U. Reid was chosen as the new secretary-treasurer. Delegates chosen to attend the convention were Mr. Martin Reynolds, secretaries are Messrs. Lennox Meyer and Clayton Hoffman. A collection of signatures

to the Financial Post, which has operated in the community for many years bringing pleasure to its readers and its staff.

The evening closed with a social and a musical hour.

East Edmonton News

EAST EDMONTON—A speedy recovery is making Mrs. Gibson who is 84 and Mrs. Wat who is 82 a patient in an Edmonton hospital.

Birthday greetings go to Mrs. L. Buffel and Mrs. George Briggs this week.

Congratulations go to Mr. and Mrs. Phil O'Leary of High Prairie upon the birth of a son on November 11th. Mrs. O'Leary is the former Miss Edith McDonald of this district.

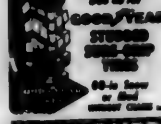

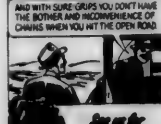

Mr. and Mrs. R. C. Briggs left by plane on Wednesday to Toronto where they will attend the Royal Winter Fair.

Mr. and Mrs. Arthur were recent visitors at Telford where they visited with Mrs. Arthur's brother, Mr. Jim Armstrong.

The wine drive held in the hall on Friday was attended by a small group. Ladies' first prize was won by Mrs. Allen, and by Mrs. Trimbly, consolation Mrs. Arthur. Girls' 1st was won by Mr. Murray, 2nd by Mrs. Briggs who was chairman and 3rd by Mrs. Kay, consolation to Mrs. Harlan.

A lunch was then served by the ladies which was enjoyed by all. The sum of \$7.00 was realized. After cleaning up the dishes and the hall everybody went home declaring they had a wonderful time.

The Home League met at the home of Mrs. L. Buffel on Nov. 10 with 16 ladies present. The devotion was led by Mrs. Naktray which took the form of a meal.

WAKE THEM UP!

The Early-Christmas-shopper who is really getting some of those presents which look like they were made in the workshop of the very old children should never be given tags with which they can get into trouble. The hardware store who provides the two-year-old with a electric train may as well send it to the dump.

There was some discussion with regard to the bazaar to be held on November 20. As yet, no plans have been made, and it is hoped that the bazaar will be held at the home of Mrs. L. Christie on November 20.

During 1961 about 25,000 horses were sent to the United Kingdom.

Frost is a.h. on a pumpkin . . .

BUT—IT ISN'T THE BEST THING IN THE WORLD FOR YOUR AUTOMOBILE.

'53 DODGE

...see the new beauty...feel the amazing smoothness

You — all you've heard is true — the new '53 Dodge is really new! It's in display at your Dodge-DeSoto dealer's today.

When you see the new Dodge, here are a few of the 75 brand new features you'll immediately notice: the long, low sweeping lines, modern in every respect, that give it that longer, lower, wider look; the conventional-type rear door and massive front doors; the big, new, one-piece windshield and the wrap-around rear window; the roomy, comfortable interior.

When you drive the new, long, low and lively Dodge, you'll realize that only a better new approach to automobile design could have achieved such lasting riding qualities. Here's a car that has a three-way smoother ride — smoother — either, it bogs the road, handles easily and takes the curves in stride. In some of the first to drive the brand new Dodge. See your Dodge-DeSoto dealer today — let him tell you how Dodge is new in seventy-five ways.

School Flashes

Albert Behringer homed into this world at the large city of Brandon, on September 28, 1933. He is the youngest of the Braden's' Union and is taking his first year of grade 12. His only problem at present is trying to save a 20-hour day (Magna Charta don't they?) About him good food, girls, playing the piano and sports. He dislikes garlic sausage (can we blame him?).

Also can often be heard saying "Yay" or "Ho" meaning "you" or "no". He plans on attending University after he is through high school. The best of luck to you, Al.

Gary Underhills, vice president of the Students' Union, is a reliable sort of guy. He is tall and has blond wavy hair. (We don't know if it's a Toni or naturally wavy!) He is in grade eleven this year and enjoys going to the Fort school. Gary believes in girls, cars

Thief Steals Battery from Truck Stranded on Highway

Mr. Aubrey Marler, while returning from the city on Saturday morning with a load of ready-made cement, lost control of his truck on the highway north of Highway 400 and his truck turned over in the ditch, coming to a halt with wheels in the air. The roads were very treacherous on account of the rain and snow.

Yorkville News

YORKVILLE Mrs. Daisy Jackson of Thero Mills was a visitor last week at the home of her cousin, Mrs. Percy Galloway.

The sympathy of the district is extended to the Jackson family in their recent bereavement.

Mr. Dan Roberts, whose home is at Oliver, B. C., is at present staying with his parents, Elwood and Ray Galloway and working at Western's Garage in the Fort.

We are sorry to hear that Mrs. Adan Markley, is ill in an Edmonton hospital. Her friends hope she will soon be well again.

Reduce Fire Hazard in Swine Brooders

Now that the cold weather has arrived, heat lamps will again be brought into use in brooding the fall crop of pigs. While these units are effective and economical for use, they can also be very dangerous unless properly installed. A Saskatchewan booklet, that is, a pamphlet, contains information which is necessary to be attached, should always be used to ensure safe use. With the type of mounting the weight of the lamp is not a consideration, and the chance of the lamp falling onto the litter and causing a fire is almost eliminated.

A good rule of thumb when using heat lamps, is that of death

Gift Making Demonstration at F.W.U.A. Meet

The November meeting of the Fort-Wood Unit of the F.W.U.A. was held at the home of Mr. and Mrs. H. A. Hutton. Mrs. H. A. Hutton was the hostess. The meeting was held at 7:30 p.m. and was attended by a large number of members and guests. A gift making demonstration was given by Mrs. H. A. Hutton. The demonstration was very interesting and the members and guests enjoyed it very much. A donation of \$50.00 was made to the Fort-Wood Unit of the F.W.U.A.

What does \$160 million oil money mean to Albertans?

Since 1946, the people of Alberta have benefited to the tune of more than \$160,000,000 through oil industry payments to their government.

This money is helping to provide schools, roads, bridges and other services. It is helping to pay off debts. If this \$160,000,000 oil money was not available to all — if this oil money had not been shared and brought in all — it would cost every Alberta taxpayer on the average more than \$100 for the benefits the oil revenue are making possible.

Regulation, control, taxes and other payments — government revenue from the oil industry is doing a big job. It is bringing closer the day when Alberta, alone among the provinces, will be able to live.

Alberta is a good place in which to live, work and bring up a family. Oil is making it an even better place.

"...the building of my herd"

Many a farmer knows that initiative, hard work and the financial support of the bank can all play their part in developing a successful farming operation.

One such man, a rancher in the West, recently wrote to his bank manager:

"I wish to express my appreciation of the way your bank has treated me through the years... the encouragement you have given me in the building of my herd. I feel the success we have achieved could hardly have been obtained without your intelligent support."

The farmer was bank credit in many ways: to develop his land, buy livestock and equipment, market crops. Aiding Canada's food producers is an important part of the broad service the chartered banks perform for all Canadians.

FWNA Card Party Proves Success

YORKVILLE A group of about 200 women of the Fort Saskatchewan FWNA met at the home of Mrs. M. and Mrs. Chas. Galloway.

The event was a success in every way and we hope some of these card parties will be held this winter.

First prizes were won by Mrs. A. Gorman and Mr. Harry Laidlaw with consolation prizes going to Mrs. H. McChen and Mr. A. Gorman.

The business meeting of the Fort Saskatchewan FWNA will be held at the home of Mrs. Lloyd Galloway on Wednesday, December 2nd, at 2 p.m. Members please note the date, which is one week earlier than the usual time. This is the annual meeting with election of officers for the coming year. There will also be an evening of gifts.

During 1949 the CPR will spend \$10,000 for new equipment.

Manifold News

MANITOBA During the past week considerable work was done to complete a survey of the system at the Railway station. A group of men from the congregation took advantage of the fine weather and finished the job in about 10 days.

Another group of the Railway congregation for this year, as usual, met on the 18th of November. The group was held on the 18th of November. The group was held on the 18th of November. The group was held on the 18th of November.

Miss Rose Schepers is again in charge of the sale of ornaments. Christmas greetings cards and for the Christmas distribution. A committee to take charge of the Christmas tree for the children was appointed at the last Walker League meeting. There on the committee was Mr. Albert Schepers and Mr. Ronald Nauder.

Chasing Danger

Using cleaning fluids for removing dirt and spots from clothing may be a quick and convenient idea but there is a very definite danger unless great care is exercised. Some household fumes are dangerous and can actually cause death if the liquid is used in a closed room. When using this or any of the home cleaners it is safer to do the job in a well ventilated room, or, better still, outside the house.

Home League Meets At East Edmonton

LARRY EDMONDSON — The Home League met at the home of Mrs. Lloyd Christie last Monday evening with ten ladies present. The meeting was held by Mrs. Christie, who was the hostess. The program consisted of a social hour, a game of cards, and a presentation of a certificate to Mrs. Christie for her services to the league.

The final plans were made for the party to be held at the home of Mrs. Christie on December 10. The party will be held from 7:00 p.m. to 10:00 p.m. and will be a social affair with a game of cards and a presentation of a certificate to Mrs. Christie.

A chair table for Mrs. Christie was also set up for the members of the league.

and to see what has been the last meeting.

Creel Census Shows Red Deer River System Popular Spot

The creel of the Red Deer River Drainage System attracted most sports fishermen in 1953 and 1954 according to a study of creel fishing in Alberta prepared by the Fisheries Branch of the Department of Lands and Forests. The analysis of the fishing trips taken by Alberta fishermen shows that the Red Deer River system was the most popular fishing spot in 1953 and 1954. The study also shows that the Red Deer River system was the most popular fishing spot for both men and women.

Although attractive trout fishing, the catch in the Red Deer River was down substantially in 1953. From a study of ten per cent of fishing permits, the Fisheries Branch has found that a total of 17,000 fish were caught in the Red Deer River Drainage in the last year 1953-1954. The total catch per square mile during 1953 was 1.5 fish per square mile. The average catch per square mile in the Upper Oldman River Drainage area was 0.5 fish per square mile. The average catch per square mile in the Upper Red Deer River Drainage area was 1.5 fish per square mile. The average catch per square mile in the Upper Red Deer River Drainage area was 1.5 fish per square mile.

"Pond" Butler Adds to Richard's Farm

The latest of Richard Butler's additions to his "Pond" farm, located in the 100-acre-old section of the former Canadian Light and Heat Co. property, is a new 100-acre tract of land which he has recently purchased from the estate of the late J. H. Butler, a well-known local landowner. The new tract is situated on the south side of the 100-acre tract, and is bounded by the 100-acre tract on the north and east, and by the 100-acre tract on the south and west. The new tract is situated on the south side of the 100-acre tract, and is bounded by the 100-acre tract on the north and east, and by the 100-acre tract on the south and west.

Shesapeake Shaper
 As a result of the new Shesapeake Shaper, a new type of wood shaper has been developed. This new type of wood shaper is designed to produce a smooth, finished surface on a wide variety of wood. It is easy to use and produces a high quality finish. The Shesapeake Shaper is available in a variety of sizes and prices to suit your needs.

From the famous fountain of knowledge, the Shesapeake Shaper is a new type of wood shaper. It is designed to produce a smooth, finished surface on a wide variety of wood. It is easy to use and produces a high quality finish. The Shesapeake Shaper is available in a variety of sizes and prices to suit your needs.

Timely Farm Notes

Legume Silage for Dairy Cattle Herds

By B. J. WHITEHEAD

Over the past few years legume silage has really gained in popularity as a feed for dairy cattle. It is a very nutritious and palatable feed, and it is easy to grow. It is also a very economical feed, and it is a very good source of protein. It is a very good feed for dairy cattle, and it is a very good source of protein.

The best of the legume silage is the alfalfa silage. It is a very nutritious and palatable feed, and it is easy to grow. It is also a very economical feed, and it is a very good source of protein. It is a very good feed for dairy cattle, and it is a very good source of protein.

When legume silage is first introduced to the dairy ration, it does not appear to be as palatable as corn silage. However, if it is properly prepared, it can be made very palatable. It is a very good feed for dairy cattle, and it is a very good source of protein.

THE POST-SASKATCHEWAN RECORD

Although they reserve no marks for their sharpshooting efforts, the women of the 100th Central Postal Directory, RCAF, are enthusiastic about their sport. The girls take their voluntary target practice seriously as the men and so far the W.D. has shown to excel in this training. Here Major R. A. Decker instructs Joyce Deane of Victoria in proper shooting technique.

Major Fitzwater of Kamloops Recent Visitor in District

MEMORIAL Mayor J. E. Fitzwater and Mrs. Fitzwater of Kamloops, were entertained at the home of Mr. and Mrs. H. D. Duncan on Sunday. Mr. and Mrs. A. L. Holden and family were also present. Later, Mr. and Mrs. Duncan and the Fitzwaters drove to Fort Saskatchewan to visit with Mr. and Mrs. S. E. Sten and Joan.

Mr. and Mrs. Fitzwater and Mr. and Mrs. Duncan dined with Mr. and Mrs. James Hamermond and Barbara in the city this evening. Mr. Fitzwater has not visited in Edmonton for seventeen years, and was impressed with the growth of the city. It was his first real chance to see the farm.

Canada is finding good demand for the carry-over of low grade wheat from last year's crop, the United States being a substantial buyer. There is a shortage of feed grains in many parts of the United States.

New Officers Elected At FWA Meeting

YORKVILLE The Fort Saskatchewan FWA held its annual meeting on December 8 at the home of Mrs. Lloyd Galloway, with the following results:

Officers elected for the ensuing two-year term are: Mrs. George Williams, President; Mrs. Jim Armstrong, Vice-President; Mrs. C. Underwood, Secretary and Mrs. Percy Galloway, Treasurer with

Mrs. Charles Galloway and Mrs. Harry Dutton as the visiting committee.

Mrs. Williams thanked the returning officers for the capable way in which they had carried out their duties during their two-year term of office. Mrs. Charles Galloway, the retiring secretary was presented with a cup and saucer.

Highlight of the meeting was the opening of the "Christmas Pie" and the drawing of a gift by each member. This was followed by the business meeting a lovely

Timely Farm Notes

Seed Cleaning Plants

By B. J. WHITFIELD
District Agriculturalist

There are seven manual seed cleaning plants in operation on 1 Alberta this season. These are at Camrose, Wetaskinw, Havelock, Weyburn, Hargreaves, Vegreville and Hinton. Another is under construction at Havelock. Weather conditions, and the availability of some materials may interfere with the completion of this plant but it is anticipated that it will be in operation by New Year's.

These plants are all equipped with first class machinery, and are capable of cleaning seed grain to highest grades. To meet a need in our community, says Mr. A. W. Wilson, Field Crops Commissioner, they must operate at capacity from early fall until seedling is completed in the spring. By so doing they can clean up to 300,000 bushels during the season.

In past seasons, some of the plants have not been used to capacity during the fall season, but by late winter and spring they had not been able to take care of farmer's demands for cleaning, even when operating on a 24 hour basis. The result has been that some farmers have not been able

to get their grain cleaned. Mr. Wilson further advises that farmers should provide satisfactory seed cleaning facilities for seed and take advantage of early cleaning and treating their returns to the farm. Many difficulties encountered in attempting to clean seed have been derived from the fact that seed is not cleaned when needed and is often avoided by arranging to clean seed early. There is no necessity for any spring rush by making use of the seed plants now.

FARM LOANS

Last winter the federal parliament passed legislation to extend governmental guarantees on a maximum of \$200 million worth of bank loans to farmers during a three-year period starting March 1st, 1951. Most of this amount has been taken up and it is believed that an addition of \$100 million may be authorized for farm emergency loans within the next few months.

Under the legislation the government guarantees 10 per cent of the loans made by banks to farmers who put up livestock, machinery, etc., as security. The loans

Farmers Urged to
Check Grain

Entomologists of the Western
Service Centre at Lethbridge are
advising farmers to examine their
grain. Hatching is reported from
several points, most grain stores
and forty grain bins have been
found in samples received from
both bins and piles in alfalfa
Dr. C. W. Farina, a Officer-in-
Charge of the Field Crop Insect
Laboratory, suggests that if the
grain is examined now, the trouble
can be detected in the early stages
and prompt action taken.

The situation may be more
widely spread than recent reports
indicate. Higher than usual fall
temperatures over wide areas have
created conditions favourable to
development of the moth pest.

Unless checked in the early
stages, these pests can cause seri-
ous damage.

Grain moths are they, white, silvery
moths, spider-like crum-
bles. A discoloured, crusty
odour of the infested grain be-
trays their presence. The rusty
grain beetle is an active, reddish-
brown beetle, about one-sixteenth
of an inch long. Both pests feed on
the germ of the grain and their
activity can quickly extend the
area of infestation. When examining
stored grain, probe beneath the
surface. Hatching usually occurs in-
ward the centre of the bin or pile.

Cooling is the remedy. This can
be done on the farm with a fan-
cing mill, auger, combine or
threshing machine. By passing the
grain through one of these ma-
chines the warm spots are broken
up and activity of the pests re-
duced. When working with grain
in an open pile the area pile of
grain can be kept from contact
with the damp ground with a good
layer of straw. The pile should
be kept small with not more than
one thousand bushels in each pile.

Farm income in Canada in 1968
is expected to be down about 5%
if grain crop produces an average
yield, according to federal govern-
ment economists.

**QUESTIONS
ANSWERS**

Cancer

QUESTIONS: What is cancer?
ANSWERS:
Cancer is a wild disorderly
growth of cells. It may occur in
any part of the human body.
These cancers steal the food of
the normal cells, and destroy
their function.

Open New Seed Cleaning Plant

Shown above is the new Municipal Seed Cleaning Plant recently opened at Mundare. The plant costing \$30,000 was financed by the Provincial Government and Municipal District of Lamont who each contributed \$10,000, the remaining \$10,000 was raised by selling shares to farmers in the district. The plant is the most modern in the province and is equipped with the latest type of grain cleaning and treating machinery.

Josephburg N.S.A. Plans Purchase of Radio-Phonograph

JUNIPERBURG—The Josephburg Home and School Group met in the school Monday evening with Mr. Ernest Mohr in the chair. There was a fine attendance of interested members.

The school concert has been postponed because the quarantine has cut the enrollment in half. Although there are only two reports of cases of measles. However, the Home and School will buy and push the Christmas treats as usual. Mrs. Leonard Mohr, Mrs. L. Berg and Mrs. Ernest Mohr volunteered their services on this occasion.

The group voted to buy a combination radio phonograph for the school since there is an urgent need for a phonograph in the Music Appreciation classes.

After an interesting and spirited discussion on progressive methods of teaching the meeting adjourned. The next meeting will be held Tuesday, January 30, at 8 p.m. All parents are urged to give their support to this worthy organization.

Ladies' Club Meets at Wye

WYE—Mrs. Charles E. Patzquin opened her home for the ladies' meeting of the Ladies' Club on Wednesday afternoon, December 13th.

The president, Mrs. J. J. Armstrong, was in the chair. Mrs. McLean, secretary, read the minutes, financial report and acknowledged correspondence.

Proceeds from a recent visit drive were turned over to the Rotary Club Fund and it was unanimously agreed upon to donate a sum of money towards the school's annual Christmas "tree". A bouquet of flowers was sent to Mrs. M. McConnell in the University Hospital, the arrival to coincide with the time of the meeting. The club's first "Greatest Showers" will be presented to Mrs. McConnell, also a token of the group's high esteem.

"Thank You" gifts went to Mrs. Armstrong, Mrs. McLean, Mrs. Patzquin, Mrs. O. Hall and Mrs. H. Simpson in appreciation of social services.

After a general exchange of gifts around a traditional Christmas tree twenty-five guests sat down to a beautiful turkey supper. Lighted red tapers decorated the tables where each place was set with Christmas carvers and favors in the form of small baskets filled with candies.

Mrs. Armstrong voiced sincere thanks to Mrs. Patzquin on behalf of those present and all joined in singing "We're a Jolly Good Fellow" which brought a most enjoyable affair to an appropriate close.

Topping 184 entries from the United States, United Kingdom and Canada, Ronald Lombardi, 14, of Drumheller, Alberta, has been awarded the Canadian National Railways Trophy, emblematic of the world's most champion farmer from the area to win the trophy in successive years.

Agricultural Society Makes Plans For Farm Events of Next Season

The first meeting of the directors of the Edmonton and District Agricultural Society for 1933 on the chairmanship of the new president, M. A. W. Briggs of South Edmonton, was held Monday night.

Planning was started for the 1933 Plowing and Tilling match and other society activities by the appointment of the following chairmen of committees:

General superintendent of the Plowing and Tilling Match, Garret Marier of Bonaville.
Trophy Competitions, Len John South Edmonton.

Welcoming, Neil Armstrong, Wainwright.
Tractor Races, G. J. Elliot, Sandy Lake and L. Schreiber, Wainwright.
Catering, Myron Latham, Bonaville.

Machinery Display, T. McIntyre, Harewood Hills.
Junior Judge Competition, J. Shaver, Harewood Hills.
In Charge of Sale, Wm. Grunlake South Edmonton.

Other society activities are being directed by the following: Calf Club, Ross Craig, Edmonton.
Horse Shows, Harewood Hills.
Imperial Competitions, John Cramer St. Albert; Wedding School, Mary Margaret, Edmonton; Jack Atkinson, St. Albert; Ways and Means Committee, Jim Dewar, Harewood Hills; Publicity, Jack Ferguson, South Edmonton.

The Plowing and Tilling Match for 1933 will be held on the farm of Wm. Schreiber, one mile east of our mile north of Harewood Hills. A date is to be announced later. A new feature will be the inclusion of a wide dinner competition. It is under consideration in a competition for the best farm made labor service drive or home built machine.

Tom Atkinson, Jim Dewar and Len Armstrong were also appointed to accept to secure land in the Shagbush constituency for the 1933 election.

SEASON'S GREETINGS

❄️

"Merry Christmas" comes easy to the tongue of all of us this time of the year. However, to say, and mean it must come from a feeling not born of the Season but of one's association throughout the years. It is in this spirit that we wish our friends a very joyous Yuletide and a successful New Year.

Safety Rules for Holiday Season

It is a very real and serious matter to turn the joyful holiday into a tragedy. The Christmas tree is the center of the home. There are a few simple precautions that will ensure a safe and merry Christmas. Never leave the candles on the tree.

Don't risk using frayed cords and broken plugs. Avoid placing potential fire hazards near flammable materials, paper or cotton. Don't go away and leave your tree lighted.

Be very careful when climbing around Christmas trees. Use proper technique to bring down the tree by using the trunk as a support. Do not pull it down.

Secure the tree by using the trunk as a support. Do not pull it down.

ATTEMPTING WE WILL GO

A child's day formerly associated with Christmas was St. Thomas' day, December 21st. The child had no association with the festival, but the day itself is the Winter Festival, and a Staffed school day.

St. Thomas Grey, St. Thomas

Longest night and shortest day. Until quite recently women were going from house to house to collect what was known as the Christmas witch of rakes and bread. The annual contribution from each household was a pint or a quart of wheat, which was taken to the miller to be ground into flour without charge. In return for these gifts the miller received a quart of barley or malt. This was called in Cheshire, was kept up until well into the 19th century.

Over Eighty Members Attend Wye Welfare Society Banquet

WYE Last Friday evening the Wye Welfare Society held its thirty-eighth annual banquet at the Wye Hotel.

The banquet was held in the Wye Hotel, and was attended by over eighty members and guests. The program was well arranged and the evening was most enjoyable.

The chairman of the evening was Mr. J. H. Foster, who presided over the banquet. The program was well arranged and the evening was most enjoyable.

Christmas Greetings

Another year has come and gone. Looking back we must agree that it has been a good year for our rural people which will be reflected in no small way in our urban centers.

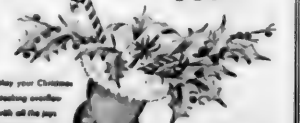

During this festive season may we pause for just a short time to give our heartfelt thanks for the many blessings we have received.

I am pleased to take this opportunity to deeply thank the residents and ratepayers in the Municipal District of Strathcona No. 55 for the measure of co-operation extended to my colleagues on the council, the office staff, the construction and maintenance employees and myself during the past year and may I, on their behalf, extend to you all a sincere wish that you may all enjoy a real old fashioned merry Christmas and may the New Year be most bountiful to you and yours.

G. W. MOYER,

Reeve, Municipal District of Strathcona No. 55.

A Christmas Thought

Christmas opens to us of joy and peace and goodwill. Yet he who hears the voices of Christmas and heads it, must ask himself why that joy and peace and goodwill are not a full reality in the world today. Man never lived in a time when life could be easier and more pleasant, yet he probably never lived in times when his location stood midway the brink of complete collapse. Man's goodness has given him wonderful, powerful machines and great institutions, but has man fully realized that the efficiency of both depends on man himself? Man has made one man street of the world, would roaming through London, Los Angeles, Toronto, Tokyo, Milwaukee and Moscow; but he has not learned to live at peace on 'his man street.' Man now lives a more life again but he has not increased his capacity to live a richer and fuller life.

Fundamentally the problem is one of human character. It is a matter of developing the right kind of people; and this is the job of education. Endless chapters have been written about the goals of education; critics believe in because the three R's are not as well taught as they were in the last generation. No educator would be so naive as to suggest that these fundamental tools of study are not important. They are important, very important — yes, more important in-day than any previous time in history — but when they do not constitute the vital core of education.

Pinto, the philosopher, Thomas Arnold, the great headmaster of Rugby, Sir Richard Livingstone, and more recently, Dr. Wallace, retired professor of Queen's University in Kingston have all expressed the same thought over a period of 2,000 years — the ultimate aim of education is character.

This is our job — to teach children to read, speak, compute,

and that is not all. We must be concerned with the individual. It is hearing that life demands self-discipline. Does he know that discipline and limitation are not punishments but springboards to successful living? Has he learned that character is to be composed? Has he come to know himself? It is all his shortcomings and strengths and to accept himself in a positive, realistic, humble and self-respectful manner? Has he learned to face up to troubles, the very stuff of life; and has he learned, like

his lovely sister, to convert the crushing grief of sad into a pearl of precious worth? Does he know with the poet, that "there is a destiny that makes us brothers, none goes his way alone?" Has he learned the dignity of work?

For these are the constituents of character — the qualities of courage and perseverance, of wisdom and judgment, of justice and self-mastery, of honesty and service that make great men great and that lead all men to richer and fuller living.

With Best Wishes for A MERRY CHRISTMAS

As telling bells peep the early morn with these Christmas greetings we extend to each and every one of ours our sincerest wishes for a Joyous Holiday.

Civic Holiday

FRIDAY, DECEMBER 26th (Boxing Day)

The Town Council of Port Saskatchewan has declared Boxing Day, Friday, December 26, a Civic Holiday.

Merry Christmas

What is Christmas made of? Christmas is loyalty. It is unselfishness devotion. May you, who have given all of these, find them today in your friends, your neighbors and them still, next year and all the years to come. A Merry Christmas and a Happy New Year to all.

L. D. JONES
GENERAL MERCHANT
Port Saskatchewan, Alta.

England's Puritans Banned Christmas as "Frivolous"

And reinvestment of the B-

Christmas was outlawed in England by the Puritan government of England in 1643 and, although the restoration of the Stuart brought a revival of Christmas customs and traditions, Christmas never regained its former prestige in England.

It is observed religiously in the churches and on a day for family reunions and social gatherings, in contrast to the lavish feasting and boisterous merry-making of other times.

Merry-making and gift-giving came in for their share, however, on January 28th which is Boxing Day. The night of Boxing Day antedates Christmas and can be traced to the custom of gift-giving during the Roman festival of Saturnalia.

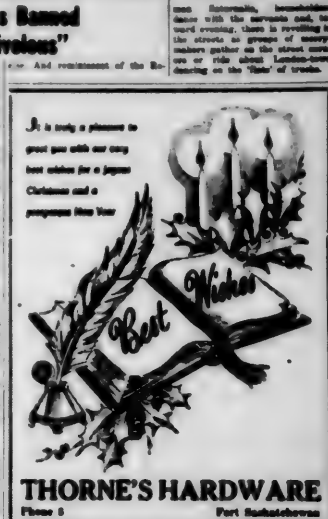

In Christmas history December 25 is observed as the feast of St. Stephen, the first Christian martyr, and during the centuries when courtiers and aristocrats were in the habit of leaving upon their masters' mantelpieces, "Christmas boxes" were included in St. Stephen's day.

Thus, the children receive their presents, in boxes, as do old servants, the postman, and everyone.

HAVE TREE BARE STAND IN WATER

Christmas trees, like flowers, will respond to being kept with the same in water. There are two simple things to do if you want your tree to stay green and fresh. Buy a tree which has been cut as recently as possible.

Cut off the end of the trunk diagonally, at least one inch above the original cut. This will expose a moist surface which will absorb water. Stand the trunk of the tree in water at once, and if it is not to be taken into the house for several days, keep it in a cool place.

Best Wishes

It is truly a pleasure to greet you with our very best wishes for a happy Christmas and a prosperous New Year.

Annual Report of Fort W.I.

Continued from Page Thirteen
Bath Logan of the Fort Public School staff who spoke on "Canada's Immigration Problems and our part in it as individual citizens."

The Constitution Conference was held in the United Church on Saturday, June 11 and the report of the conference was read at the November meeting by Mrs. R. Mager. Miss Eva Burger, W.I. scholarship award winner, displayed a lovely exhibit of weaving at the conference the art of which she learned at the Banff School of Fine Arts.

The Social Service Committee, Mrs. F. Sherman, was not forgotten in that we were able to give assistance to a family with newly arrived twins, by means of supplying them with a baby carriage, baby blankets and bottles.

A very pleasant Grandmothers' Day was held on September 10 when 41 grandmothers and 40 grandmothers were our guests of the afternoon.

A very successful tag day in aid of the C.M.E.B. was held.

A High School graduation award was given to the pupil who in the opinion of the committee was the best all-round graduating scholar. The \$10.00 award was given to Miss Shirley Thomas.

The visiting committee gave a final report.

At the October meeting in the interest of Canadian Agriculture and Industry, under the W.I., Mr. C. B. W. Mager, Superintendent of Water and Sewage of the Town, gave an interesting talk on some of the problems which are before the Council in connection with the newly installed system and urged all members to vote at the forthcoming plebiscite. The Institute stands in favor of voting for further extension of the system and installation of an iron extraction unit and that Council be asked to consider the installation of a water softener.

Mrs. F. H. Walton is serving on the Community Library Board representing the W.I. and progress is being made on the project.

The Salvation Army was given a small sum in answer to its appeal for funds.

A sale of home baking was held November 22.

Mrs. R. R. Smith gave an interesting report of her luncheon with Miss Chair Walker at the MacDonald Hotel, October 20 which was sponsored by the fishing industry of Canada.

Work is being done on a quilt toy donated by Miss Simmons and which will be raffled at a future date to raise funds for the W.I.

The Mobile X-Ray Unit of the Alberta Tuberculosis Association was in attendance at the Community Hall November 27, 28, 29 and December 1 and 2 and a good response was received from residents throughout the municipality; 1900 individuals were x-rayed at the Fort point and approximately 200 at the Sherwin Gordon plant site. Many thanks are expressed to all the volunteer workers whose united efforts in this community project made it a success.

The social side of the meetings

has been most thoroughly enjoyed and the musical selections by various artists Mrs. Follet, Missa Burger and Mager provided a varied and interesting program which rounded out a year of busy activity.

QUEEN AIDS CHURCH FUND

The Queen has become patron of the war trust formed to raise \$112 millions needed to supplement the efforts of parliament in repairing their churches, neglected during the years of World War II.

The Origin of Christmas Pudding

Christmas puddings as we know them were not eaten until about 1670, and first appeared as a stiffened form of the earlier plum porridge. This was a combination of meat, broth, raisins, wine, fruit, juice and spices, the whole thickened with brown bread and served in a semi-liquid state at the beginning of the meal. Since poi-

The trust, called the Historic Churches Preservation Trust, was formed recently and is headed by the Duke of Edinburgh as president. Trustees include the Archbishops of Canterbury and York and the Prime Minister.

The Canadian papermaking industry has developed into four main branches each making a variety of papers under the general heading of Newsprint, Fine Paper, Wrapping Papers and Boards.

"There's nothing wrong with being a self made man if you don't consider the job finished too soon."

IN THE

Christmas Spirit

Each Christmas we realize anew, that our most rewarding possession is our many enriching friendships. And so to all our friends we wish a merry merry Christmas and a very happy New Year.

COMPO'S SUPER MARKET
Fort Saskatchewan

Merry Christmas and a Happy New Year
H.D. STRONG and SONS

SUMMARY OF DECEMBER-MEETING OF STRATCONA M.D. COUNCIL

The Council of the Municipal District of Stratcona No. 80 commenced its December meeting on Monday, December 5th, and adjourned to reconvene on Tuesday, December 26th. The meeting commenced with the consideration and adoption of the minutes of the previous meeting, copies of which had been mailed to all Councilors, and financial crew statements for the month of November, and the Public Works Statement.

The Secretary gave a brief resume of the tax collection situation at the present time. He advised that a number of personal property taxpayers are lagging in their payments, and suggested that action should be taken to make collections without further delay. After the matter was discussed, the assessor, Mr. J. E. Coe, was instructed to take the necessary steps to protect the interests of the Municipal District regarding the collection of personal property taxes.

Next on the road leading to the North Saskatchewan River in the SW 6-31-36-W4, Councilor Shriver advised that he had discussed the matter with Mr. Ben Slater who had agreed to the installation of a cattle guard in lieu of the present gate. The report of Councilor Shriver was accepted.

Mr. Harry Bayne, Pallisovals, was in attendance to register a caveat regarding the building of the road past his property and the flooding of his land. After a brief discussion it was left with Councilor Adamson to deal with the matter.

The Council gave instructions that care was to be used in snow-plowing roads after a light snow fall to avoid the removal of gravel from the crown of the roads. The Secretary was also instructed to write to Northvale a Utilities limited and request that they are care when they snowplow the Wye Road in order to preserve the grade as much as possible.

The Council after considerable discussion authorized the granting of a temporary permit to W. J. Hopkins to use the old building as the underlayment for the SW 15-33-21-W4, and to operate there a fuel oil and service station. This permission was granted on the understanding that Mr. Hopkins would post a bond in the sum of one thousand dollars as evidence of good faith that he would remove these old buildings and commence construction of an up-to-date building on the site in question within twelve months.

The Council then recommended to the Interim District Development Board of the Municipal District that all that portion of Block 21, King Edward Highway lying to the north of the land in the said Block be removed from a residential area to a commercial area. Tentative permission was given Mr. A. Davis to operate a confectionery store on Lots 26 and 28, Block 21, King Edward Highway. The subject was referred to the Interim District Development Board. The same permission was granted McColl-Patterson Oil Co.

Legion Bingo Earn \$171.66 for School Bond

The following is a statement of receipts and expenditures of the Mammoth Bingo held by the Canadian Legion December 13 in aid of the Legion School Bond:

Cash receipts for Bingo, \$300.00	
Cash receipts for Booth, 20.43	
Total \$320.43	
Prizes \$110.00	
Hall rent 1.50	
Advertising 15.00	
Booth expenses 15.00	
Total \$171.00	
Net proceeds to hand \$149.43	

Agricultural Society To Hear History Of District Points

The Edmonton and District Agricultural Society is holding its annual banquet and dance Wednesday, January 14, in the Corona Hotel at 4:30 p.m. Fred McMillan of Brampton will be there to tell the members and their friends something of the history of the River and Clover Bar districts, as this is the location of the Society's 1950 plowing and tilling match.

It is also intended to present the medals to the winners of the Farm and Home Improvement Competition at the banquet.

Owing to the greatly increased activities of the society it is deemed necessary this year to separate the annual meeting from the banquet and dance. Therefore the annual meeting was held a month ago.

Women's Curling Club Starts Seasons' Activities This Week

With a prospective membership of thirty an interesting season's activity was anticipated at the Port Ladies Curling Club organization meeting held Monday.

Business was discussed with all agreeing to keep the fee at \$2.00 and to continue to serve as helpers. Evaluation of the club took place with election of officers and selection of rink. Officers include: Mrs. J. Sempie, president; Mrs. E. Richardson, vice-president; Mrs. E. Webb, secretary; Mrs. E. Blackman, Mrs. A. Whitson and Mrs. A. E. McGregor, social convener; Mrs. E. Richardson and Mrs. J. Lawson, draw committee.

The club will have two nights of curling weekly on two sheets. These nights are Tuesday and Thursday.

The official start of the season's activities was made Tuesday night with new members of the club curling on the four sheets.

Following the evening's play the opening celebration was highlighted by a get-together at the Ladies' Lunch. A delicious lunch was served the ladies at a long table appropriately decorated.

MANUSCRIPT MEETING
The Port Ladies Curling Club will hold its monthly meeting on Tuesday, January 10, at 8 p.m. in the same room as the last meeting.

Ardressan Club Holds Meeting

Ardressan Junior Golf Club held their December meeting in the hall recently with Mr. Whitbread in attendance to show some interesting news. All members but one were present.

Melbourne Latham was elected secretary to take the place of Mrs. Fulton who is leaving for the coast. At the conclusion of business Diane was presented with a small gift from the club members. Coffee and drinks were served by the girls.

Three Winners in Coloring Contest

Joe Pollard of R.R. 1, Port Saskatchewan was first prize in the Marshall Wolfe Store coloring contest held just recently.

Second prize was won by Klaus Andrews of Brampton and third prize went to Dan Webster of Fort Saskatchewan.

About 25 boys and girls entered the contest to compete for the three cash prizes of \$5, \$3, and \$2.

Funeral Services Held at United Church Monday, Dec. 26 for Mrs. E. O'Brien

Funeral services were held on Monday, December 26th, at 2:30 p.m. from the United Church for Mrs. Elizabeth O'Brien who passed away December 24. Rev. A. W. Minge officiated and interment took place in the Fort Saskatchewan cemetery.

Funeralbearers were Tom Linn, Floyd Baker, Dr. Henry, Langley Jones, J. D. McLennan and H. Walton.

MOBILE CHEST X-RAY SURVEY RESULTS ANNOUNCED HERE

Results of the Mobile Chest X-Ray Clinic survey conducted in Fort Saskatchewan recently showed only seven possible tuberculosis cases in the 1,738 persons x-rayed.

Draws Made for First Bantam

Official opening of the Men's Curling Club was held last Monday evening with 55 local rinks participating.

Play was limited to 8 ends following which a social hour was held.

The club has 21 rinks signed up to date with prospects of more rinks being added.

In past years the rink commenced the season with a provincial or semi-provincial competition. This year a competition will also be held to start the season draws for which were made last Friday.

Farmers' Total
The first Farmers' Bantam for this year is scheduled for this coming Saturday. Only 16 rinks have been entered to date which is a record for this event as they usually have 30 rinks entered.

Cash prizes for entries was not to be made but rinks were to enter can do so up to Thursday noon.

Legion Cancels Bingo Games

Due to government restrictions the Fort Saskatchewan branch of the Canadian Legion will discontinue the Saturday Night bingo games.

Persons still holding "win tickets" entitling them to prizes, are asked to cash them in the Saturday for prizes left over from previous bingos. "Win tickets" may not be redeemed after that date. Saturday, January 14th, between 8 and 10 p.m. in the basement of the Community Hall.

Legion members also wish to extend their thanks to all those who volunteered in helping to make the Saturday bingos a success.

To Hold Party

Children of Legion members and ex-service men are invited to attend the annual children's party sponsored by the Canadian Legion and the Women's Auxiliary to the Legion to be held this coming Friday, January 9, in the basement of the Community Hall at 7:30 p.m.

A fine program of entertainment is being provided which will include a Paper Chase, Hobbies and treats will also be given to all children attending.

Last year over 500 children were present and it is expected that an equal number will be present on Friday evening.

Discuss Farmers' Day

REUNION — Mr. and Mrs. Wm. Shriver entertained the F.W.O.A. and F.V.A. on Monday evening at the regular monthly meeting.

Mrs. L. Shriver gave her report on the F.W.O.A. session of the convention in Edmonton. A discussion took place on the best way to create Farmers' Day and the local recommendation will be given to the Sub-District No. 2 committee by Mrs. Gordon. Mrs. L. Shriver gave the committee from Clover Bar local.

W.I. TO MEET

The regular meeting of the Women's Institute will be held in the evening this month instead of the afternoon at the home of Mrs. M. McNeilan on Wednesday, January 12, at 8 p.m.

Around the town

Mr. Kallenberg, former Post resident, was a visitor at the home of Mr. and Mrs. Abraham over the Christmas holidays.

Mr. Ostry of Trail, B. C., a former publisher of the Post Herald, has been visiting his family and friends in the Fort and Midland for the past two weeks.

Mr. and Mrs. Clarence Deane and family of Edmonton were Mrs. Taylor's visitors at the home of Mr. and Mrs. Geo. Miller.

Arboreus News

ARBOREUS — The holiday season and all its festivities have come and gone now and it was indeed a pleasure to see all the young people gathered at their parental homes at this season.

The season was all over and the people are back at school again.

The young people who party go out scurrying now on each day again. It is indeed a lovely custom on the part of these young people and the ones whom they call on greatly appreciate it. I wish to thank all those who so selflessly gave their time and effort to this grand old custom.

Don Bell and Don Jackson are away on a trip to the coast. Wonder what they'll bring back?

Mrs. Parker and Mrs. Donald Bell celebrated the 40th and 41st birthdays of Mrs. Parker's home on Tuesday evening. Sing-songs, and games were enjoyed and a delightful lunch was served. Many thanks are extended to their husbands for a most enjoyable evening.

The Hall was filled to full capacity for the New Year's Dance and Frolic. The Hall was gaily decorated with multi-colored balloons which were lowered just before the major band. All seemed to have a very happy evening and greetings of "Happy New Year" came out to one and all. Dancing continued to the very small hours.

The congregational meeting is planned for the evening of January 16th in the Hall. It is hoped all interested in church work will attend.

Arboreus News

Mr. and Miss Bell of Inverness spent Christmas with their brother and his family at Arboreus. Mr. and Mrs. Allen Bell.

Mr. and Mrs. Marie Parker of Orono were guests of Mr. and Mrs. H. H. Parker over the holidays.

Christmas was ready for shaking at Arboreus and the program was being enjoyed it during the holidays.

Mr. Arboreus community were glad to see the return of Mr. and Mrs. H. H. Parker and the rest of the family in the home of their beloved one. He will be greatly missed by all his friends and neighbors.

We rejoice with Mr. and Mrs. John Alexander that their son Johnny was able to spend the Christmas holidays with them and their family.

"The die has now been cast"

An American manufacturer was planning to open a plant in Canada. He considered various locations and found what seemed a likely site. He talked to a local bank manager, got facts about the community and its facilities. Some time later the company wrote to the banker:

"The die has now been cast. It is our intention to locate in S... We feel that it is well suited to our particular operation. You have been of great aid to us. Your accurate and rapid presentation of facts necessary to reach a decision was top-notch."

Such letters show how a branch bank serves not only its own depositors and other customers but how, by assisting business development, it benefits the whole community.

Council Meeting

LIBRARY ASSOCIATION GETS USE OF COMMUNITY HALL ROOM

First time on the agenda to be dealt with by Council at Monday night's meeting was the interviewing of delegations.

Miss Gills, Rev. Magno and Dr. McGregor of the newly formed Library Board, were present requesting space in the basement of the Community Hall to set up the Library.

There is one room in the basement that could be utilized for this purpose, it is however, well required considerable renovation. The delegation was informed that they could use this room as it is for the present. Renovation of the room could not be undertaken until budgeted for in the calendar.

Mr. Magno, who lives in a bungalow at the far end of the street, stated that the pump was broken and requested it be repaired. He was informed that the pump would be mended.

Mr. Art Paul was present and asked Council for permission to sell part of the land.

He was informed that he had part of his land but he had been prevented from selling it.

A recommendation from the Development Board was read in which it was recommended that the land be sold.

It was decided that the land be sold and the proceeds be used for the library.

Mr. Magno was present and asked Council for permission to sell part of the land.

He was informed that he had part of his land but he had been prevented from selling it.

A recommendation from the Development Board was read in which it was recommended that the land be sold.

It was decided that the land be sold and the proceeds be used for the library.

Mr. Magno was present and asked Council for permission to sell part of the land.

He was informed that he had part of his land but he had been prevented from selling it.

A recommendation from the Development Board was read in which it was recommended that the land be sold.

It was decided that the land be sold and the proceeds be used for the library.

Mr. Magno was present and asked Council for permission to sell part of the land.

Giving the appearance of a Roman amphitheatre or a U.S. football stadium, the "Theatre of the World" at Asbestos, Que., shows the result of open-pit or surface mining. Thousands of tons of the valuable mineral have been exported all over the world as this deposit was mined and processed.

LIBRARY COMMITTEE REPORTS PROGRESS

The monthly meeting of the Library Association Committee met on Mrs. Wilson's Tuesday night.

Miss Gills reported that the books had been bought and are now in the process of being checked and catalogued for the opening.

The delegation, which met the Library in the southeast corner of the Community Hall basement, reported a sympathetic reception.

All Conventions

The best of the 25 bedrooms, each has hot and cold running water and are provided with private baths. All rooms are well furnished with double beds, space heaters, floor covering and equipped with vacuum cleaners. Each of the 25 bedrooms are equipped with thick mattresses, bed spring mattresses.

All furniture and bedding is new with a good selection of bed throws and spreads.

The hotel has an up-to-date room for shop and two banquet rooms, 100, 50 and 25 in the basement and on the main floor. The coffee shop is operated by the well-known caterer, Mr. Baran.

Sample rooms are also provided and located in the basement is R. C. Oliver, accountant. There will also be a beauty parlor and barber shop.

Experienced Manager

The hotel is being managed by Mr. Eric Young and assistant Jim will be Mr. L. B. Arund.

Mr. Young has many years experience in the hotel business. He was a clerk in the CIBC Hotel, which was in 1954 when he was transferred to the Drake Hotel, Regina, to assist in the management. His present

position is as a hotel manager.

He will take up on opening day, which is on January 14, 1968.

He will take up on opening day, which is on January 14, 1968.

He will take up on opening day, which is on January 14, 1968.

School Flashies

High School Cutting School has been planned for this Saturday.

Charles Barrett has left school to work in the city. The best of luck to him. We'll miss you, Charles.

Heard "Smith" Smith is a real m. m. m. man. He likes girls, women, old people, and has recently taken up smoking. His "most awful" dislike is girls who smoke at night. He never smokes (which is no longer correct) in the morning and now what kind of girl lives there. He is taking grade ten this year. "Who said that?" is his favorite saying.

Joanette Thomas, a 6 foot 2 girl, has from Josephburg the roman girl. The Port school on "Doris Birt" has been a definite link for tall blonde men, school and friends around in the morning hours. She does not like being teased. She likes nothing better than telling people exactly what she thinks of them. "Oh, you think so" can be heard in any conversation with Joanne.

Gerry Krohn, a Partridge Hillite, who is taking grade ten at Port this year, is well liked by everyone. In turn, Gerry likes everyone. He is a real m. m. m. man. He likes girls, women, old people, and has recently taken up smoking. His "most awful" dislike is girls who smoke at night. He never smokes (which is no longer correct) in the morning and now what kind of girl lives there. He is taking grade ten this year. "Who said that?" is his favorite saying.

ANNOUNCING

The Official Opening
of the new

BRANT HOTEL

in Fort Saskatchewan

"Where You're a Stranger Only Once"

We are proud to announce the opening of the new Brant Hotel in the town of Fort Saskatchewan. Faith in the future of the town and district prompted us to erect an hotel that residents would be proud of and that would be an asset to the town.

It is our hope to be of utmost service and to play our part along with other business men in furthering the interests of the town and district.

We extend a hearty welcome to our old and new friends and our first concern will be your comfort and service when you stay here.

THE MANAGEMENT

- Adjoining suites and modern rooms.
- Rooms with bath. All rooms with hot and cold running water.
- Hot spring mattress beds for comfort.
- Coffee Shop and two banquet rooms.
- Beauty Parlor and Barber Shop.
- Fully equipped gymnasium.

Timely Farm Notes

AVOID UNTIMELY MOULT — By R. J. WHITEHEAD, District Agent, Agriculture. To avoid a winter moult in egg production and partial moult, a good practice to adopt is to keep your birds in a dark place.

The C.E.W. and Employees on Tuesday in the hall and the usual good attendance prevailed. Plans for the coming year were discussed.

The "big" moult seems to have taken quite a few in the district. We hope they will soon be restored to good health.

Another point of warning is the arrival of light. The use of light is sometimes quite an advantage in a moult.

One of the most important causes of reduced grade quality of potatoes on the Canadian market arises from mechanical handling at harvest time.

Andrews Community League Reports Show Successful Year

On Wednesday evening the annual Andrews Community League meeting was held with a good attendance. The meeting was opened with the greetings, Mr. E. S. Purdie, in the chair.

Reports were given, showing a very successful year. With plenty of work still ahead of us to thoroughly complete the interior.

Mr. H. McLean reported on the children program and said 15 persons would assist the St. John Ambulance would come out and give eight lessons in First Aid, as anyone who is interested may have his name on the list. A Loan Lesson in Fire Fighting and Control were also presented. This seems a very worthwhile attempt for the women who have should? Knowledge is always useful.

The election of officers for the coming year then took place with the following results: president, Mr. J. A. McManis; in vice-president, Mr. C. B. Bunting; secretary, Mr. E. W. Warden; treasurer, Mr. C. B. Bunting; directors, Mrs. E. B. Bunting, Mr. A. Ball and Mr. D. Horton. A committee of fourteen were elected to the social committee, these being responsible for all entertainments during the year.

The materials are on hand to build the kitchen in the basement and install the cupboards etc.

Good Attendance at St. John Ambulance Meeting

Mr. H. McManis — The St. John Ambulance held its regular meeting at the home of Mrs. Chandler last Monday night with a very good attendance of members and visitors.

Mr. H. McManis took the minutes for the meeting after which all went in to a quiz program. Following this the meeting took a social air and Mrs. McManis presented Mrs. Butler Jr. with a pair of pictures for her new home from the members of the League. The quiz evening will be held on February 1st at the home of Mrs. Wain.

Birthday greetings go to Mr. Lawrence and Ann Carolyn this week.

Mr. and Mrs. H. W. Warden are having for tonight on the Queen Elizabeth in February.

Mr. and Mrs. Chisholm are having friends at the home.

A speedy recovery is wished Mr. and Mrs. Wain who are in the sick list this week.

A speedy recovery is also wished Mr. and Mrs. Lawrence who had the telephone to get badly burned.

1953 Cars and Trucks to be Exhibited at Toronto Show

Mostly new cars and trucks of 1953 will be exhibited when the National Motor Show at Exhibition Place, Toronto, opens for eight days on February 13.

By way of contrast, and to give the public visual proof of the startling advances in automobile manufacturing since the days of the industry's infancy, a part of the museum will be set aside for the exhibit of antique cars. Among these will be such previous models as the 1880 Locomobile Steam Car, a 1914 Buick (Model), a 1920 Buick Electric, and a 1920 Buick Roadster.

Broomer District News

Last week 1910 Broomer was injured when he slipped on a patch of ice, after a serious illness.

Over fifty persons were on hand to take part in the initial night of the First Aid Course being given at the St. John Ambulance at 10:00 p.m. at the St. John Ambulance. These meetings will take place every Monday evening at eight o'clock until the course is completed.

Mr. J. L. Stewart, who has been attending from an injury to his arm for several weeks, has been discharged from hospital and is now at home.

Serve Canada...
and yourself...
...in Signals

Service in the Canadian Army is not merely a job, it is a worthwhile career in which the young man has the chance to receive a thorough training, and, upon completion, to play a part in the vital work of keeping Canada secure and safe.

For the young man interested in a trade, the Royal Canadian Signals has much to offer... commanding trades training... special trades pay and promotion... and, of course, the Canadian Army's outstanding pension plan, free medical and dental care, 30 days annual leave with pay, service at home and overseas. In the Signals you will be working with the most up-to-date communication equipment and methods that science can devise. Your experience and training will be available to you whenever you go in the Army, or in civilian life.

F.W.B.A. Local Hears Report of Convention Delegates

YORKVILLE The postponed January meeting of the Fort Saskatchewan F.W.B.A. held at the home of Mrs. George McLean and Mrs. A. Gagner on Wednesday, the 23rd, was well attended.

A letter from Dick Bacon was read in which he thanked the members for the parcel sent to him in November which arrived in Keweenaw in time for Christmas.

It was decided to order twelve additional F.W.B.A. Cook Books as two dozen copies have already been sold and there are more orders on hand.

Mrs. H. A. Brown gave an interesting report on the F.W.B.A. Convention.

The next meeting will be held at the home of Mrs. Pierre Gaudet on Wednesday, February 11th at 8 p.m.

Miss Joyce Galloway, who is employed in the office of the Registrar of the College of Physicians and Surgeons in Edmonton, flew to Calgary on Friday to take notes at the conference meetings held in the Palliser Hotel at the weekend. Joyce returned to Ed.

Community phase on Sunday

Local figures of Carleton Place, Ontario, and their families, for a weekend recently.

We are happy to report that the condition of David Galloway is much improved. David has been in the General Hospital with a severe cold.

Mr. Gordon Mages was on jury duty in Edmonton last week.

Johnny Williams and Walter Bales joined their subscription from the Clover Bar Village School for a bursary party on Sunday, Feb. 1st on Friday night.

Afterwards the young people gathered at the home of Mr. and Mrs. A. W. Van Camp for a wonderful lunch. This is becoming an annual event.

The Science Survey party has been busy in the past two weeks in our district touring not only the roads, but working along sections, lines and trail as well.

Call Scout Meeting

Boys twelve years and over wishing to join the Boys Scouts are asked to get a Scout form from John Lajpelt or Oscar Lajpelt.

The first meeting of the Scouts will be held on Wednesday, February 11, at 7:30 p.m. in the Community Hall, and all boys wishing to join are asked to get a form and be present for the first meeting.

Attend Redwater 'Spies'

Two risks of lady fortune from the Fort Saskatchewan in the Redwater Bomspiel held last Saturday and Sunday.

Mrs. L. Hurm's risk consisting of Mrs. Melville, Mrs. Williams and Mrs. Galloway won second prize in the Grand Challenge.

A risk skipped by Mrs. Shook with Mrs. H. Thomsen, Mrs. Webb and Mrs. Oram, was fourth prize in the second event.

QUESTIONS AND ANSWERS

Cancer

QUESTIONS: From time of diagnosis, making usual cancer cases?

ANSWER: No. This cancer was found to be cancer and found to be cancer.

Research has proven that taking small amounts of aluminum in the diet does not affect the incidence of cancer.

Annual Meeting Reveals Good Year for Addressan Church

ADDRESSAN - The annual congregational meeting was held at the church hall, Rev. H. A. Johnson was in the chair, and opened the meeting with a hymn followed by prayer.

Reports were given by the various secretaries. They all showed a very full year and all organizations had a most successful financial year. The church hall and Sunday school room were built during the year; electric lights and heating plant installed; completely painting the exterior and a thorough interior redecoration and furnishing of the new church.

The Board of Stewards consisted of Messrs. R. Parker, A. Hall, E. ...

Again in 1935, Canada moved forward with giant strides. In every significant field of activity, 1951 figures were surpassed and new highs reached.

And once again the Royal Bank moved forward, the assets advanced to \$2,491,456,777, the highest ever reported by any Canadian bank. Deposit accounts were valued over 2,554,000. Total deposits passed the \$2.5 billion mark—a new record—and a striking reflection of the shift of individual Canadians.

In the rugged mountains of the Pacific Coast, on the rings of the Arctic Circle, in cities, towns and villages from coast to coast, we built new branches and modernized others, to keep pace with the growth of a busy nation. Over 700 branches strong, the Royal Bank matches strides with Canada—a big bank serving a growing country.

Ladies' Group Plans Spring Activities

EAST EDMONTON - The monthly meeting of the Willing Workers Club was held in the Hall on Wednesday night the president, Mrs. Kay, presiding and due to the absence of the secretary, Mrs. Christine, Mrs. McLean was appointed to act as secretary.

Mrs. Lawrence asked for temporary carry as far as possible for two months and Mrs. Kay was appointed to carry on the duty.

Plans were made for a visit drive to take place on January 10th to provide to go for the annual picnic to the South Side Kinsmen Central Park and Mrs. Kay and Mrs. Anderson to be convener.

Each member is to be responsible for one table.

Plans were made for the next meeting which will take the form of a social tea to be held on February 11th in the hall.

Mrs. Prater will convocate the lunch and Mrs. Kay will plan the entertainment. Mrs. McLean and Mrs. Kay are to send invitations to new members in the district.

Tentative plans were made for a spring luncheon to be held in early April. Mrs. Anderson was appointed to convocate sale of work.

Mrs. Briggs was convocate. Mrs. Prater fish pond. Mrs. Nyland volunteered to make a doll and tickets will be sold at the luncheon on the hidden name given the doll and the one guessing the right name wins the doll.

Mrs. Prater, Mrs. Nyland and Mrs. McLean were appointed to convocate the district for new members.

The sum of \$6.00 was donated towards water for the school rink. All members are asked to bring

The Garden Mower

Municipal Assistance Act. In our case this is equal to 2 1/2 mills on our present assessment and balances very materially in providing our necessary services.

GENERAL GOVERNMENT

The cost of general government shows an increase of \$1,540.80 over that of 1961. The increase in this case is all because of extra costs and expenses entailed in the administration of the municipality. Our office building is now being utilized to the best possible advantage and, besides the fact that it is providing a worthwhile convenience to our residents, it is

INDUSTRIAL ACTIVITIES

Under discussion at the present time for building in our District are a steel mill plant and a gas absorption plant.

Drilling for oil and gas is being carried on to some extent, but not on as large a scale as last year. In 1930, Canadian National Railways will construct a branch from their Western line to serve South Edmonton, and we anticipate further industrial development in that area.

PUBLIC WORKS

three years.

EDUCATION

Due to farther increases in assessment we were required to pay 68.7% of a total required of \$731,250.00 — our share amounting to \$503,561.50. Expenditure of money for educational purposes is entirely in the hands of the Board of Trustees of the Cleaver Bar School Division, and we have no further comment to make on the affairs of the School Division administered except that in former years when we expressed ourselves as being confident that educational matters were in capable hands. As in former years representatives from your Council did not visit the School Division Board at their bi-annual meeting, and we are surprised that

The assessment is the music.

Good News About COAL

THE BIG LAKE COAL HERE is pleased to announce the opening of a new Coal Field with extra good quality Coal and selling at the lowest prices in the Edmonton district.

Prize to present the advantage of having BIG LAKE COAL. Please telephone 1200 and ask for a list of Coal that will come your way but in the BIG LAKE COAL HERE!

Home League Holds Regular Meeting

LAST MONDAY — The Home League held their meeting at the home of Mrs. W. R. W. on Monday night, February 9th. There was a large attendance of members and friends.

Mrs. Maloney held the devotion of the evening and Mrs. Callan played the piano for singing of some hymns. Mrs. Christie called the roll and each member had to receive with their favorite topic. The members enjoyed the program. The members enjoyed the program.

It was decided that instead of having Home League on the 16th of the members would attend a show in the city by an immigrant who is to marry an officer stationed at Drumheller.

Lunch was then served by the ladies and a social hour was enjoyed over the tea table.

Next meeting will be held on March 2nd at the home of Mrs. E. H. H.

Birthday greetings go to Mr. E. H. H. and Mrs. Jerry P. H. on this week.

ANSWER:

More cancer is reported each year. This may be due to better methods of diagnosis and to the fact that more people live to the so-called cancer age. However, the death rate has decreased among cancer discoverers early and treated.

NOTICE

Coyote Control — Rabies

Several Rabies infected coyotes have recently been found in Central Alberta. The two main populations of coyotes in the area are Lesser and Hardtail. The latter are passing this spring when livestock are turned out on pasture, and so the entire population is drastically reduced prior to that time.

In view of the foregoing we earnestly appeal to all

through your municipal office, to deliver you an
equity in every way possible immediately, as well as
keeping all days free.

Arthritis Sufferers Need Not Face Future With Despair

Arthritis is a chronic disease that affects millions of people. It is characterized by inflammation of the joints, which can lead to pain, swelling, and stiffness. However, there is hope for arthritis sufferers. With the right treatment, many people are able to manage their condition and live a full, active life.

The key to managing arthritis is to work closely with your doctor. They can help you develop a treatment plan that includes medication, physical therapy, and lifestyle changes. It is important to stay active and maintain a healthy weight, as these factors can significantly impact your arthritis.

There are also many new treatments available, including biologics and targeted therapies, which can provide more effective relief than traditional treatments. With the right approach, you can take control of your arthritis and look forward to the future with optimism.

Keep To Proper Lanes For Left Or Right Turns

THIS IS WRONG

THIS IS RIGHT

It is unlawful to turn right from the left lane. It is also unlawful to turn left from the right lane. Always stay in the correct lane to avoid a traffic violation.

It is permissible to make a left turn at a red light, provided you have the right of way and there is no oncoming traffic. Always use caution when making a left turn at a red light.

**Municipal Seed
Cleaning Plants
Prove Value**

Misses Wessman, seed threshing and cleaning companies, 205 Parkside, Aberdeen, Md., have been successful in their efforts to have the city of Aberdeen purchase seed cleaning plants from them.

Mr. and Mrs. Lee Hopper and sons of Aberdeen and the late Mrs. John Hopper and children of Aberdeen were guests Sunday night at the Foster home.

[illegible]

where they met another two days. A trip to a Canadian shore village port at the front and a final two days back with the "Pau" is now completed the trip.

Above, A. B. Smith, Director of Winnipeg is given below in a group by Dan Meenan of Victoria, B. C.

day afternoon, May 18, at the house of Mrs. Anne O'Connell.

Mrs. C. H. Finnoff of Edmonton is visiting in the district during the holidays.

Mrs. Frank Kahl is spending her normal holidays in the city this week.

The question of early voting is also a practical one and it would be like the 10-15-20 day rule for a married couple who have to have a waiting-in-line period.

**Pioneer District
Resident Dies at
Grand Prairie**

Funeral services will be held on Tuesday at 2:00 p.m. at St. Mary's Catholic Church for Mrs. M. J. ...

Mr. Shaw was a former student of the Gloucester district having come there in 1902 where he remained until 1905 when he went to Grand Prairie.

He is married by Mrs. Heather Wood, and one sister, Mrs. Lillian Shaw, both of Grand Prairie.

RAIL SHAPING UP

Early response to the Lines Club appeal for donations for the Steamship America has been good.

Donations range from four-cent stamps and bank checks, all the way to \$1,000.

Any member of the Lines Club will gladly accept donations.

Quarantine Tests Given Quarter this Year

Under the National Hygiene Program for Indonesia, 72,000 people were visited and 60,000 given immunizations. The program was for use by the Indonesian Civilian Public Health Corps. All public water supplies were examined and found satisfactory. One children's clinic was supported by the U.S. Navy and another 1,500,000 in the neighborhoods. The program was so successful that he could make a better spectrum after the war to the ground, and the military health staff will be able to do so.

During his tour he was covering the authority of the U.S. Navy to give aid in past war again at the intervention in the Philippines. He was in the Philippines, though it was the opinion of the Department of the Interior that the U.S. Navy had the authority to do so. He thought it was the opinion of the Department of the Interior that the U.S. Navy had the authority to do so. He thought it was the opinion of the Department of the Interior that the U.S. Navy had the authority to do so.

We have restaurant applications have been received and only one restaurant changed ownership. The Village of Thorvold voted in favor of a water and sewer project. An early start on this work is the most desirable route to water and sewer.

Many complaints about garbage disposal are received as well as requests for inspections. These complaints are well justified and

it is hoped that they may be the provision of some of necessary programs.

A resignation was from our Sewerage Division. When Dennis Wright, who has a six month contract, was asked to resign, he stated that Mr. Margaret W. requested to take over Wright's position. The board voted to let him leave peacefully for his own peace of mind.

How long does an oil well last?

The average well goes dry in 20 to 30 years. To keep your well flowing and your income secure, a new well must be found in time to replace the old one. That's why the search for oil never ends, why important, for example, spend almost \$100 million to find and develop new oil in western Canada last year.

Oil has become one of Canada's important industries. How many of our questions about it can you answer?

Which of the following costs more?

Spending (10¢)	Spending (10¢)
10¢	10¢
10¢	10¢
10¢	10¢

How many current residents would you say have moved to this city in the last 10 years?

COUNCIL TO TAKE NEW POST; 3 VACANCIES TO BE FILLED

Mr. George Lund resigned from the Council Tuesday to accept the position of building inspector and town foreman.

This leaves three vacancies on the Council and citizens were asked Tuesday that nominations for these committees should be made.

[illegible][illegible]

How many products do we get from crude oil?

From eggs, a hen can expect just one product—chicks. But from crude oil, Imperial refines 378 different products, ranging from waste killers to heavy asphalt. And that is not all—crude oil also supplies petroleum gases and other raw materials for plastics and synthetic rubber.

Oil plays a large and growing part in our everyday living. How many of these questions about it can you answer?

Oil supplies are vital to defense.

The gasoline required to move one armored division 100 miles would run your car for

The average family can expect to spend for 3 1/2 years on the gasoline needed to move an armored division 100 miles.

Canada in 1979 would have 90 quads of gasoline. (Have country change its oil rules? A cheque by \$90 750 1151)

Resisters believe oil was formed from the remains of tiny sea organisms which lived millions of years ago. (Would you say oil is fossil? / pale? / spume?)

Since 1947, oil companies have spent \$775 million on exploration and development efforts to raise the gross value of oil not produced but discovered. \$430 million? \$410 million? \$1,110 million?

To reduce many millions of dollars in plant and equipment to provide high-quality oil products when and where you want them, you must do this on time for top logistical operations. \$35,510 \$65,971 \$40,715

IMPREGALCO INC LIMITED
oil chemie a country strong

Have thought power rated twice as higher as oil previously, index? / energy power stages will rise 133 quads

Oil is usually found far underground in the tiny pores of rock made of limestone or sandstone. The petroleum is dissolved from the Lignite "pores" and "seals"—with oil.

Has quota \$4.5 billion. Oil companies have received more than three-fifths of, of course, because price of oil has risen. Oil companies have been negotiating, and other things.

Impregalco's investment in plants and equipment was \$160,715 per year, and it has equipment, and it is in rising.

ALBERTA POOL ELEVATORS FOR ALBERTA FARMERS™

SUMMARY OF JUNE MEETING OF STRATAGEMA AND CONCLUSIONS

The Board of the Menominee District of the American Legion held its June meeting on June 8, 9 and 10, 1964. The following members were in attendance. The minutes of the previous meeting were submitted and adopted. (Copies also were submitted and adopted of the June Statement and the June Financial Statement and the June Statement for the month of June 1964.)

The committee also considered the report of the Secretary to the committee on the subject of the proposed amendments to the constitution. The committee recommended that the amendments be adopted and that the constitution be amended accordingly. The committee also recommended that the constitution be amended to provide for the election of a committee to prepare a report on the subject of the proposed amendments to the constitution.

The Secretary emphasized a high school order signed by the Minister of Education Affairs, authorizing a new government of all kinds together with government buildings and improvements thereon.

... and other grounds. In the
National District a strengthening

MASSEY-HARRIS COMBINES TURN CIRCLES ON A HILLSIDE

To test features that help you do your work better, quicker and at less cost.

To get more done, turning now refers largely upon mechanical equipment. Massey-Harris combine and construction has been the answer to the farm body problem. Never before has it been possible for a man to do so much, so easily, and so quickly as it is today with up-to-date features and power equipment.

This Massey-Harris combine may offer the latest features and advantages in design and construction, research engineers test them by making every possible device and doing every day's operation on the Massey-Harris test track. The test track facilities test track the power farming machinery.

MASSEY-HARRIS COMPANY, LIMITED
 Builders of high quality farm implements since 1907

Canada Prepares To Deal With Disaster
 A few of the features of the new disaster relief plan are: 1. The plan provides for the immediate relief of disaster-stricken areas. 2. The plan provides for the reconstruction of disaster-stricken areas. 3. The plan provides for the prevention of future disasters.

How Are We Settling Up Disaster Services?

One of Canada's most difficult services for dealing with disaster is to maintain the level of disaster relief services. The government is working to improve disaster relief services and to ensure that the needs of disaster-stricken areas are met.

Learn For Peace

Learn for peace is a program that aims to teach children about peace and conflict resolution. The program is designed for children of all ages and is taught in schools and community centers. The program teaches children how to resolve conflicts peacefully and how to live in harmony with others.

Disaster Relief

Disaster relief is the aid given to people who have been affected by a disaster. The aid can be in the form of money, food, clothing, or shelter. The aid is given to help people get back on their feet and to rebuild their lives.

Disaster Relief

Disaster relief is the aid given to people who have been affected by a disaster. The aid can be in the form of money, food, clothing, or shelter. The aid is given to help people get back on their feet and to rebuild their lives.

START ONE SCHOOL, BRINGS VALUE OF CONSTRUCTION NEAR \$140,000.
NEW SCHOOL TO COST \$140,000.

Workmen commenced last week clearing the site for the new elementary school to be constructed by Fort Independence.

The school will be located on the corner of First and Independence streets, and will be a two-story building, 40 by 60 feet, with a central hall and classrooms on either side. The building will be finished in brick and will be a fine example of modern school architecture.

The work of the building department for the new school is well advanced, and the building will be completed in a few weeks.

The school will be a fine example of modern school architecture, and will be a credit to the city.

CANADA SAVINGS BONDS

There is another opportunity for you to adopt this tried and tested system of saving money. Canada Savings Bonds never drop in value. If you need your cash you can cash them for the full face value of your bond, plus interest, any time - at any bank in Canada.

You can buy Bonds for cents, or if you prefer, the Royal Bank will arrange for you to buy them by regular monthly instalments out of your income. The procedure is completely simple. All forms and full information available in every branch.

THE ROYAL BANK OF CANADA
Port Branch, 1000 LAKESHORE BLVD. • L. L. LORR, Manager

Using Canadian Crapes

There are many reasons why the use of Canadian crapes is becoming more popular. One of the main reasons is that they are made from high quality materials and are of excellent quality. They are also very durable and can last for many years.

Another reason is that they are very easy to use and can be used in many different ways. They can be used as a substitute for other materials or as a decorative element.

Finally, they are very affordable and can be purchased in bulk for a discount. This makes them a very attractive option for many businesses.

For more information, call us at 461-1111. We'll be glad to help you.

The Fox and The Grapes

AMBIGUITY FOR YOU — One fine bottle of
Chateau Grapes from a vine that was
trained along a high cliff, and did his
best to reach down for someone as high
as he could reach. But it was in vain.
He was just one of many who
goes up trying and cannot ever reach
the top of display and admiration, manhood.
"I thought these Grapes were ripe,
but I can never see quite ripe."

SPECIAL OFFER

ON FLEISCHMANN'S ACTIVE DRY YEAST

Right now you can get four packages of Fleischmann's Active Dry Yeast for the price of three! What a chance to save money - and discover the quickest, healthiest yeast ever!

Fleischmann's Active Dry Yeast is easy to use - it's made extra active to rise extra fast. And it stays fresh for months without refrigeration! Put in a supply for several weeks of good baking.

Fleischmann's Yeast has been the favorite of Canadian women for over 30 years. When you bake at home, use Fleischmann's Active Dry Yeast for wonderful results.

Picture News from C-I-L

THE YOUNG HOMMAGE never need a date that help her make her selection. Thanks to "C-I-L" she can choose what she wants in the car service of her home and drive that "C-I-L" has provided her purchase. This, the demands of action, has been showing every woman in the world pressure packaging model "C-I-L".

Did you know?

A lot of us are not, instead of going to the bank to deposit our money, we are going to the bank to deposit our money. This is because the bank is not a safe place to keep your money. The bank is not a safe place to keep your money. The bank is not a safe place to keep your money.

To Our Customers and Friends

Many are our best representatives of the spirit of our business and of all customers share in it. Let us not forget the Christmas season to the peace and think back over the pleasure derived from our customers' dealings. We have no wishing you the very best of health, happiness and good wishes. Remember that your letters please us.

M. G. Christie

Peace on Earth ...

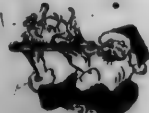

An Christmas again approaches, but we give greater emphasis to the meaning. Let us not believe or fall in our search for understanding, tolerance, and forgiveness.

Let us be humble grateful for the beauty of our harvest and for the tangible fruits of our labors. Above all, let us not forget the part we play. Let us continue to persevere in our struggle, the meaning there as the first that must clearly be the first. Let us remember always the greatest gift of all.

"PEACE ON EARTH,
GOOD WILL TO MEN"

SINCERE GREETINGS

Christmas comes and renews the appreciation of happy relationships ... renews the warmth of friendship made during the time it has been our privilege to serve you. To those whose friendly support has contributed so greatly to our welfare, we extend our most cordial appreciation. Our best wishes for the Christmas Season and the New Year.

"Report from the Capital"

By Donald F. Smith

Alberta in 1932, witnessed the most brilliant political year in its history. The province was the scene of a political revolution, and the people were the victors.

The general level of business and industrial activity was high, and the province was the scene of a political revolution, and the people were the victors.

While there were signs of a general recovery, the province was the scene of a political revolution, and the people were the victors.

Mr. Hargrave, who was a member of the provincial legislature, was the scene of a political revolution, and the people were the victors.

While on the provincial government, the scene of a political revolution, and the people were the victors.

Full notes taken at national gas company meeting, the scene of a political revolution, and the people were the victors.

Mr. Hargrave, who was a member of the provincial legislature, was the scene of a political revolution, and the people were the victors.

While on the provincial government, the scene of a political revolution, and the people were the victors.

Full notes taken at national gas company meeting, the scene of a political revolution, and the people were the victors.

Present Planning Problem

[illegible]

and shorter. The most likely to be living on small-holdings outside the built-up areas and low on the scale of vegetation are the "mosses" of the hillsides. The most likely to be living on small-holdings outside the built-up areas and low on the scale of vegetation are the "mosses" of the hillsides.

ing result is a considerable reduction in farm production in the immediate aftermath area. There are also other factors at work here which facilitate becoming necessary and a danger of over-urbanization if glut is not properly handled after the famine. The author states that a Committee of the Royal Commission on the Food Problem has been set up to examine with the technical staff, these and other problems arising out of stabilizing development, and so:

1) What is the consequence now of past periods in each type of development?

01 What is the best design for a small-building development?

02 How the demand for small buildings to meet without waste of valuable open land?

The members were appreciative of the importance of the problems presented and a motion to appoint a committee to study the problem of housing, composed of Messrs. Poirson, of Agriculture, and Dwan, of Education, was put forward, but, on the second consideration, was not fully recommended. The matter was tabled until the February meeting is held. The committee is now attempting to study the problem.

The Chairman of the Labor Committee reported that by Committee had fully agreed to recommend the 100-100 plan in an Industrial Program on the part of the State prepared by the Director and

The Program is directed at four main objectives. Firstly "The Minister Plan" - having as its aim the study of the scriptures and development of the Minister.

Looking at the Whole Farm

As the weather improves, the farmer is faced with a new problem. It is not only the weather, but the market. The farmer must look at the whole farm, not just the crops. He must consider the soil, the water, the labor, and the market. He must consider the whole farm, not just the crops. He must consider the soil, the water, the labor, and the market. He must consider the whole farm, not just the crops. He must consider the soil, the water, the labor, and the market.

Car Registrations Hit New Record in Alberta

Alberta's car registrations hit a new record in 1954, according to figures released by the provincial government today.

The number of cars registered in the province last year was 100,000, compared with 95,000 in 1953.

The increase was due to a number of factors, including the fact that the number of cars imported into the province last year was 10,000 more than in 1953.

The provincial government expects the number of cars registered in 1955 to reach 105,000.

History of Alberta's Farm Electrification

Alberta's farm electrification program is the largest in the world. It has transformed the lives of millions of farmers and has made possible the development of the province's vast resources. The program has been a success because of the cooperation of the government, the utilities, and the farmers themselves.

The first step was to establish the Alberta Electric Power Commission in 1907. This was followed by the passage of the Electric Energy Act in 1908, which gave the commission the authority to regulate the electric industry and to build a public power system.

The commission's first major project was the construction of the Calgary power plant in 1910. This was followed by the development of the Bow River system in 1912 and the Peace River system in 1914. By 1920, the commission had built a network of lines that served over 100,000 people.

The next step was to extend the lines to the farms. This was done through the passage of the Rural Electrification Act in 1921, which gave the commission the authority to build lines to serve the rural areas. The first line was built in 1922, and by 1930, over 100,000 farms were electrified.

The program continued to expand throughout the 1930s and 1940s. By 1950, over 500,000 farms were electrified, and the program was well on its way to covering the entire province.

Poem Wins Special Award in Calgary Power Contest

The Calgary Power Commission has announced that it has awarded a special prize to the author of the best poem submitted in its recent contest. The winning poem, "The Power of the Wind," was written by a young man named John Smith. The poem describes the power of the wind and how it can be used to generate electricity.

The contest was open to all residents of the Calgary area and received a large number of entries. The judges were impressed by the quality of the poems and the creativity of the authors. The winning poem was chosen for its beautiful imagery and its message about the power of nature.

The Calgary Power Commission is proud to have received so many entries and is grateful to the authors who participated in the contest. The commission is committed to providing clean, reliable power to the people of the Calgary area and is dedicated to promoting the use of renewable energy sources.

This man is a machinist...
With a wealth of skill in his hands and his eyes, he helps forge the tools and equipment we use every day. Our country grows strong in peace or war through his efforts and the efforts of men like him. And it is for them and their families that the modern consumer finance company exists.

THE ALBERTA GOLDEN JUBILEE ANTHOLOGY
The Golden Jubilee Committee of the Government of the Province of Alberta has announced the publication in 1954 of a volume to contain the best selected work of Alberta authors: fiction, poetry, drama, articles and radio scripts, and has requested an Editorial Board to make the necessary selection. Hereunder are the rules and regulations to govern the submission of manuscripts.

- Any resident of Alberta is eligible to submit manuscripts.
- Manuscripts must be original and previously unpublished, typewritten and double-spaced. The author, however, reserves the right to modify this regulation if necessary.
- A two-page note may be used for publication.
- Authors desiring the return of unsolicited manuscripts please enclose a self-addressed envelope to facilitate their return.
- Manuscripts required consist of articles relating to Alberta, historical or general, not exceeding 1,000 words. (A shorter length is preferred) poetry not to exceed 42 lines. Radio and dramatic scripts will also be considered. Since the Editorial Board reserves the right to accept feature articles, authors with articles to read should first write to Secretary notifying their desire to look. However, however, do not necessarily mean acceptance.
- Under a standard contract agreement with the publisher, McClelland and Stewart, royalties during the life of the book will be paid to the Edmonton Branch, Canadian Authors' Association. After deducting necessary expenses, the Edmonton Branch, Canadian Authors' Association will pay each author in the authors published in the book on a per-page basis.
- All rights (inclusive of second rights, reprint, periodicity, TV, and motion picture) must be held by the publisher.
- The Editorial Board will evaluate all rights, retaining the right to alter, revise, condense, and combine manuscripts. Final selection of manuscripts, however, will be made by the authors of the Canadian and Stewart.
- READER - All manuscripts must be in the hands of the Secretary by June 30th, 1954.
- Manuscripts should be sent by first-class mail to: John McClelland, Secretary, Editorial Board, 1411 - 111th Street, Edmonton, Alberta.

Further information may be obtained from John McClelland, Secretary, Golden Jubilee Committee.

SALES REPRESENTATIVE
The Sales Representative is a position of great responsibility and opportunity. We are seeking a person with a proven track record in sales, preferably in the hardware or building materials industry. The ideal candidate will have a minimum of five years experience and a college degree. We offer a competitive salary and a comprehensive benefits package. If you are interested, please send your resume to: **SALES REPRESENTATIVE**, 123 Main Street, Suite 100, Fort Saskatchewan, Alberta. We are an equal opportunity employer.

THE FORT SASKATCHEWAN RECORD
A large industrial building, possibly a warehouse or factory, is shown in this photograph. The building has a long, low profile with a flat roof and several large windows. It is surrounded by a paved area and some trees in the background.

Ornamentals for the Home Grounds
A group of people are standing in front of a building, possibly a home or a business. The building has a classic architectural style with a gabled roof and a chimney. The people are dressed in casual attire, and the scene appears to be a social gathering or a group photo.

Plumbing and Heating
Advantage plumbing and heating are essential to any home or building. It is not necessary to be elaborate, but it is necessary to be reliable. The plumbing and heating services provided by our company are of the highest quality and are guaranteed to last. We have a team of experienced professionals who can handle any plumbing or heating problem you may have. Contact us today for a free estimate.

"Report from the Capital"
By Donald F. Smith
The report from the capital is a detailed account of the political and economic situation in the capital city. It covers the latest news, including the activities of the government, the results of recent elections, and the state of the economy. The report is written in a clear and concise style, making it easy to read and understand.

Teach Your Wife To Be A Widow
A book by [Author Name] that teaches men how to prepare themselves for the possibility of losing their wives. The book covers topics such as estate planning, insurance, and the emotional aspects of widowhood. It is a practical guide for men who want to ensure that their families are taken care of in the event of an untimely death.

GROWING STRONGER
The growth of the Canadian economy is a testament to the strength and resilience of the Canadian people. The economy has shown remarkable growth in recent years, with a steady increase in production and a decline in unemployment. This growth is the result of a combination of factors, including a strong labor force, a stable political environment, and a commitment to innovation and progress.

Picture Window from C-I-L

A large photograph of a man and a woman sitting at a table, looking at a picture window. The man is wearing a suit and the woman is wearing a dress. They are both smiling and appear to be in a happy mood. The picture window is a large, multi-paned window that looks out onto a beautiful landscape. The landscape features a large body of water, possibly a lake or a river, and a forest of trees. The sky is blue and there are some clouds. The overall scene is very peaceful and beautiful.

for the coming year president, Doug Brown, vice president Gary Sherman, treasurer, Greg Thompson, and secretary, Peter Campbell, were elected. The board also elected a new president, Doug Brown, vice president Gary Sherman, treasurer, Greg Thompson, and secretary, Peter Campbell, were elected. The board also elected a new president, Doug Brown, vice president Gary Sherman, treasurer, Greg Thompson, and secretary, Peter Campbell, were elected.

BYA has the following: The "Opener" responses: The Bya staff and their 11 staff people are willing to view Christ-centered love in all our tasks that they are giving parts of the newly created nature.

The address followed the invitation: "The Bya staff and their 11 staff people are willing to view Christ-centered love in all our tasks that they are giving parts of the newly created nature."

These concerns are held regularly on Friday nights but due to circumstances beyond our control it will be

conducted by the Rev. R. A. Roy, pastor held on Saturday this week growth entering the church in 195

FOOT SASKATCHEWAN

THE POST-TRADITIONAL CHEWAN

[illegible]

The world news scene has been a busy one for the past few days. The United Nations has been holding a series of meetings to discuss the situation in the Middle East. The Soviet Union has been accused of supporting terrorism. The United States has been accused of supporting the apartheid regime in South Africa. The world is a very complex and often confusing place. It is important to stay informed about the events that are shaping our world.

Accommodation Required

I tell each time an insufficient new house can be constructed in the Town of Fort Smith because to take care of the needs of the many new employees at the refinery, there will exist an urgent need for accommodation.

Under this condition when now may we appeal to the residents of the Town and immediate vicinity to register any available houses, suites, or board and room, with the office of the undersigned.

Your co-operation will be sincerely appreciated.

F. B. MILLER,
Personnel Officer,

is left to document if the work can be done. The first step is to determine the nature of the problem and the scope of the project. This involves a thorough review of the existing literature and a consultation with the relevant stakeholders. Once the problem is defined, the next step is to develop a research plan. This plan should outline the objectives of the study, the methods to be used, and the timeline for completion. The final step is to execute the plan and report the findings. This involves collecting data, analyzing it, and drawing conclusions. The results of the study should be presented in a clear and concise manner, and the implications of the findings should be discussed. The final report should be submitted to the relevant authorities for review and approval.

**MASSEY-HARRIS FIRST WITH
FULL SCALE TEST TRACK
FOR FARM EQUIPMENT**

Wide-speed and fast has been the crying to modern mechanization. Urgent demands have been made upon implement engineers to develop new models to keep up with the needs of agriculture. To get information on materials, designs and features in design and shape instead of the usual months and years, Massey-Harris designed and built the first full scale test track for tractors and modern power (farm equipment).

On the test track the machines go heavy loads, bump and shake, bounce and sway, jolt and jar. Climax story makes, and spin round and round. As they go through the test, electronic instruments emit the inside story of stress and strains and complete records are kept of the day to day wear and tear.

These continuous supervised tests help Massey-Harris engineers design equipment that will offer new advantages in cost of operation, long life with low up-keep cost and greater ability in saving time and labor. For quality, satisfaction, and service with modern mechanization, equip with Massey-Harris.

District Residents Attend Unveiling of Monument

Southwest News Staff
 The unveiling of the monument to the fallen soldiers of the First World War, which was held at the City Hall on Tuesday, July 20, was a most successful affair. The monument, which was designed by the sculptor, Mrs. M. J. G. Smith, and was unveiled by the Mayor, Mr. J. H. G. Smith, and the members of the City Council. The monument is a fine example of the art of sculpture and is a fitting tribute to the fallen soldiers of the First World War. The unveiling ceremony was attended by a large number of residents of the City and was a most successful affair. The monument is a fine example of the art of sculpture and is a fitting tribute to the fallen soldiers of the First World War.

appears to be much sharper on the present than on the past, though some new images from photographs of medieval manuscript illuminations.

Created by new processes of mass communication, the "new" images disseminated are seen as at present but also new, even that the nature of the world from the combination of new ones they offer.

Images have been made to come of Canada's reality.

bank notes from copperplate notes in the original, namely—copies are stamped into individual sheets, only known to its producers. From small volumes—no use of which might be produced by the same means, but copies to produce on easily differentiated differences in general appearance. Good notes are "good" because of the cultural membership based on them.

As new come into possession of the new bank notes, they return to historical continuity with their present appearance. This will help safeguard one of Canada's most important qualities—your currency.

 FORT SASKATCHEWAN BRANCH, R. T. HADDOCK, MANAGER

WE WILL REMEMBER THEM

In Flanders Fields

In Flanders fields the poppies blow
 Between the crosses row on row,
 That mark our places, and in the sky
 The larks, still bravely singing, fly,
 Scarce heard amid the guns below.

We are the dead, short days ago,
 We lived, felt down, now sunset glow
 Loved and were loved, and now we lie
 In Flanders fields.

Take up our quarrel with the foe,
 To you, from falling hands, we throw
 The torch, be yours to hold it high,
 If ye break faith with us who die,
 We shall not sleep, though poppies grow
 In Flanders fields.

LT. COL. JOHN MURRAE

TELEVISION ANTENNAS

The installation of television antennas representing structural alterations to residential premises constitutes a serious accident and fire hazard. If the structure contains the power line similar which it is being erected or later under renovation, the full voltage of the power line will be exposed on the structure and antenna. Fatal accidents and fires have been caused by such exposure.

Persons erecting television antennas should always possible maximum sufficient clearance from the power lines to ensure that no contact will be made if the antenna structure falls. It is recommended that the distance from the power line be at least greater than the total height of the structure must be securely grounded away from the power line. The company owning the power line should be notified when the installation is being made so they may have a representative present to temporarily disconnect the line, if necessary.

Details of safe construction standards for domestic television antennas and how to obtain a permit have been compiled by the Canadian Standards Association under Special Feature C22.8 No. 112. These Specifications are available from the Canadian Standards Association, National Research Building, Ottawa, at a cost of 75 cents per copy.

The minimum requirements for the installation of television antennas and how to obtain a permit have been compiled by the Canadian Standards Association under Special Feature C22.8 No. 112. These Specifications are available from the Canadian Standards Association, National Research Building, Ottawa, at a cost of 75 cents per copy.

REMEMBER FERTILITY NEWS

Must Your Friends AT
LYLE'S LUNCH
Also Enjoy Television during the regular hours of 11:30 to 1:30. Serving a lunch after this show.

Admission: Television in duplicate through the courtesy of Fort Radio Station, 11:30 to 1:30. (See page 10 for details.)

For all occasions, order by phone from Lyle's, 11:30 to 1:30.

ELEPHANT BRAND FERTILIZERS

The latest product — and keep the children. Elephant Brand gives consistently improved yields — flow to save you bushels per acre to school, double this for bushel!

You can choose from the Elephant Brand fertilizer — and can consistently bring in particular cut and crop needs. They're easy to apply, formulated to give you real economy. You'll find the percentage of nitrogen, phosphorus and potash clearly marked on each bag. Choose the Elephant Brand fertilizer you need — then give bigger yields, better harvesting, better seed and soil and improved yields. It's the best crop fertilizer you can use!

RIGHT NOW
is the convenient time to fill your fertilizer needs!

Have your fertilizer ready when you need it. Order Elephant Brand from your dealer now — or track it today when it's convenient for the spring calling of a farmer's needs.

Golden Slaps on Wheels. The children's Christmas was held on December 12, and a new management is expected to be in operation.

Several children were going out service on the road during the Christmas season. The children's Christmas was held on December 12, and a new management is expected to be in operation.

Ancient Romans and Egyptians Observed New Year in Spring

The Babylonians began their year in March and the early Romans followed the Babylonian pattern.

Beginning in April, the month of marking the birth of humanity, New Year's—like the spring of the year—was a time of new beginnings.

The Romans were accustomed to hanging their calendars of the year on the wall, and the early Romans followed the Babylonian pattern.

Scythians held a festival of the dead, and the early Romans followed the Babylonian pattern.

It's good...it's

MADE RIGHT...HERE IN CANADA

That's right! Products of Dimension Textile Company Limited are good... they're made right here in Canada! Celebrating its 50th Anniversary, this year the thoroughly Canadian company is offering its customers some exciting new products. It's offering Canadian consumers golden savings on premium merchandise... values that will surprise and delight you!

Ask at your favorite shop or store for shorts and pillowcases. Men's shirts. Bed sheets. Towels. All brought to you in the famous striped packaging with this Texaco-style label. Look for the Texaco label on ready-to-wear goods.

New Orleans

Around the

Summary of Data

town—
The author, in the picture, is
Raynor Smith, who transferred from
to the school, a year before. Smith
Education Center in Memphis, a
with Smith, spent the Christmas
holidays with the parents of the
students. Smith

[illegible][illegible]

produced 480,959 units in 1951, produced 460,265' percent per year. 119,937 units and 637,000 units in 1952. The company is spending up to \$2,973 to cut employees and wage savings. The company is planning to cut 11,311,316,454 but can't make up in making the vehicle.

Notes on during, 1951) 1950-5000

[illegible][illegible][illegible]

Campaign Director W.D. Sum-
 mers, who returned last week to his
 native Wisconsin, designed it as
 "a salute to the Provincial towns, each
 of which contributed \$100 to the
 per cent organized the amount that
 the membership would yield if given
 50,000

Their refusal means he estimated
 that 50,000 heads of fish families had
 been "passed." The figure would be

complete from within and out of
 the campaign. He had proposed it
 was banned. The plans call for the
 holding of 83 fishery conventions
 within a three week period in Feb-

ruary and March.

The Fort Saskatchewan Home and
 Hotel Association will hold a meet-
 ing at 9:30 p.m. on Friday January
 19th at the Victoria Building. Busi-
 ness will be the order of the day.

to accept the responsibility for the accident. The company's president, John J. O'Connell, said the company was "not at all concerned" about the accident. He said the company was "not at all concerned" about the accident. He said the company was "not at all concerned" about the accident.

[illegible]

- many cases a dress must accom-
 physical appearance, especially to express
 the use of muscles and hands, and
 it is not enough to present the face
 - suggest a place in society
 This is the work of the "Tight
 Fists" Committee which is making all
 attempts for their support between
 January 17th and February 17th

Another fire will break out...

That's what is happening right now and 'round the clock ~~uninterrupted~~ in Canada.

In the average year, the insurance business handles more than \$75 million in fire losses - quite aside from other claims.

It is the size of the loss figure which regulates the rates for every different type of fire, automobile and casualty.

Around the

3 364
Canadian automotive dealers
went on strike in 1973 as the sale
of 642,931 new cars indicates a
retail value of \$ 267.5 million.
The Canadian Automobile Dealers
Association (CADA) estimates
that during 1973 29,028 vehicles
were sold, valued at
14,388 trucks and light
trucks.
Overall, a total of 191,564
vehicles were sold in 1973.
Source: CADA, 1974, p. 10.

Among the benefits of Branch Banking...

Your local bank is an essential link between you and the world of banking.

In remote areas, Canadian banks offer the same level of service.

Banking in Canada works in such a way that your local bank manager brings you all the resources, knowledge and experience of the bank he represents. It has branches throughout Canada and provides services that would otherwise be unavailable.

This branch banking system, developed to meet Canadian needs, is demonstrated every day by the quality and scope of your local banking services.

Feeding Laying Hens

It is a common sight in many farms to see a flock of laying hens in a large open field. The hens are usually seen in the morning and evening, and they are usually seen in a large open field. The hens are usually seen in the morning and evening, and they are usually seen in a large open field.

Further Tribute To Logan O'Brien

Logan O'Brien, a well-known figure in the community, has passed away. He was a man of many talents and a great friend to all who knew him. His death is a great loss to the community.

Report Reveals Flourides

The reason the title was even the problem. There was a risk of misunderstanding what was really a simple concept. The solution was to explain the concept in a way that was easy to understand. The result was a book that was both informative and entertaining.

These four segments put a regional foundation for our franchisees and provide them with strong support in the geographic areas and the foundation on a top financial level. We have a strong and modern infrastructure.

First Franchisees are attracted to the brand's reputation for quality. Customers have great expectations of speed and product consistency, which means that they must be able to replicate the brand's success in a new location.

in addition, detailed experiments on urban cities have shown that including floodwater in the water has been found to improve dump leachate treatment efficiency. The use of aeration, precipitation and the addition of lime to the ground water leachate through such an on-site dump cover is a possibility.

Oil American Schedule Change

Oil American has announced a change in its schedule for the 1955 season. The company, which operates a fleet of oil tankers, has decided to alter its routes to better serve the needs of its customers. The new schedule will see the company's tankers making more frequent trips to the West Coast and the Gulf of Mexico. This change is expected to result in faster delivery times for oil products in these regions. Oil American officials stated that the company is committed to providing reliable and efficient service to its clients, and this schedule adjustment is a key part of that commitment.

A helping hand

WELCOME the CAROLAN who calls at YOUR DOOR

There's all in them. Who wouldn't give a helping hand to this red roving hair looking lady who craves? But who's a world of confidence and hope that helping hand gives!

When a wonderful, different, loving hand is sent to the thousands of children whose clothes, blankets and defuncted bodies are remembered in health and strength and new activity in the Allens Red Cross Crippled Children's Hospital!

When a friendly hand is sent to the thousands of children who, reporting impatience, come to the Children's Department of the Red Cross Hospital for the Crippled!

When the helping hand, for it is only with your hand that the Red Cross can carry on these good and useful projects.

That's why your helpful impulse isn't the thought that your contribution is too small to make much difference. Red Cross needs the help of everyone. It means life and hope to many children.

ONE to the RED CROSS
Contribution...
Contribution...
Contribution!

Longer Close with slightly Higher Prices

There's nothing about the market that says it has to go down. The fact is, the market is still in a state of uncertainty. It's not clear if the economy is strong enough to support higher prices. But, it's also not clear if the economy is weak enough to require lower prices. The market is still in a state of uncertainty.

Let's Eat

ON BABY ALBIES

When the "babies" come to the table, they are usually the first to be served. They are the most popular of all the baby foods, and they are the most economical. They are also the most nutritious, and they are the most delicious. They are the perfect food for the baby, and they are the perfect food for the mother. They are the perfect food for the family, and they are the perfect food for the world.

Light-colored and dark-colored baby foods are available in many sizes. They are available in 4-ounce, 8-ounce, and 16-ounce cans. They are also available in 1-quart and 2-quart sizes. They are available in many flavors, including apple, banana, peach, and pear. They are available in many brands, including Borden's, Gerber's, and Libby's.

Thank You . . .

I wish to extend my sincere appreciation to the citizens of the City of Saskatoon who have generously supported me in the recent election. I am proud to have been elected Mayor of the City of Saskatoon, and I am grateful for the support and confidence that you have placed in me. I will continue to work hard to serve the City of Saskatoon and its citizens.

IN MEMORIAM

On September 12, 1956, at his home, died after a long illness, Mr. J. A. Fraser, aged 78 years.

The funeral will be held at 10:30 a.m. on Friday, September 15, 1956, at the St. Paul's Roman Catholic Church, 1000 Broadway, Saskatoon. Interment will be in the St. Paul's Cemetery.

Mr. Fraser was born on September 13, 1878, in the town of Stratford, Ontario. He was a member of the St. Paul's Roman Catholic Church and the St. Paul's Cemetery. He was a successful businessman and a devoted family man.

He is survived by his wife, Mrs. J. A. Fraser, and his children, Mr. J. A. Fraser, Jr., and Mrs. J. A. Fraser. He is also survived by his grandchildren, Mr. J. A. Fraser, Jr., and Mrs. J. A. Fraser.

Funeral services will be held at 10:30 a.m. on Friday, September 15, 1956, at the St. Paul's Roman Catholic Church, 1000 Broadway, Saskatoon. Interment will be in the St. Paul's Cemetery.

"Report from the Capital"

By David P. Smith

The report from the capital, Ottawa, is that the federal government is planning to build a new bridge across the St. Lawrence River, connecting the city of Montreal with the island of Montreal.

The bridge is planned to be a suspension bridge, and it is expected to be completed by 1960. It will be a major improvement to the transportation system of the city of Montreal.

The bridge will be a major improvement to the transportation system of the city of Montreal. It will be a major improvement to the transportation system of the city of Montreal.

"IMPROPER GAS VENTING CAN BE DANGEROUS"

Make the 5 POINT SAFETY CHECK in Your Home Today... and Know You're Safe!

There have been many reports of carbon monoxide deaths in homes. The following 5 point safety check will help make your home safe. Check today and be sure your venting is safe.

—Stated by Mr. Jack Brown, Fire Marshal, City of Edmonton.

Make Your Own 5 Point Safety Check Today

1. Check Your Chimney. If you have a chimney, it should be inspected annually. If you have a gas furnace, it should be inspected annually.
2. Check Your Pipes. If you have gas pipes, they should be inspected annually. If you have a gas furnace, it should be inspected annually.
3. Check Chimney Connections. If you have a chimney, it should be inspected annually. If you have a gas furnace, it should be inspected annually.
4. Check Appliances. If you have a gas furnace, it should be inspected annually. If you have a gas water heater, it should be inspected annually.
5. Check for Gas Leaks. If you have a gas furnace, it should be inspected annually. If you have a gas water heater, it should be inspected annually.

Make this 5 point safety check today and be sure your venting is safe. It is the best way to protect your family.

A Word From Your Gas Company

The gas company is responsible for the safety of your gas system. It is important to make sure that your gas system is safe and that you are using it properly.

Around the town_____

A very successful meeting was held by the Fort Lauderdale Golf and Country Club last night at the club's clubhouse on Thursday evening. John Farnsworth was in the chair presiding over the meeting which was called to order with the reading of the minutes and the meeting held last fall.

A number of new dues on the course when the club was organized. The dues were then given, following which the dues were made for each of the dues members. The dues were then made for each of the dues members.

Around the town

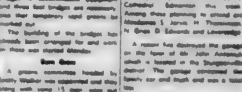

Membership Drive
At the present time the club has 10 members, approximately, half of which have a fully paid-up share and the balance are purchasing on term payments. However, several have indicated they will join the club and the number of members will be increased considerably by the time the season is over.

The monthly meeting of the Farm Extension Committee of the Southern Ontario Chapter of the Canadian Federation of Agriculture will be held Thursday at 2:30 p.m. in the Great Hall.

A representative of Stair Industries Ltd. will be guest speaker.

The Women's Institute (W.I.) will be the guest speaker at the 40th annual convention of the Ontario Federation of Agriculture, which will be held at the Sheraton Hotel in Toronto from August 22 to 24.

...to pay a price too
According to the article under
the club is represented in
must a total of 300 people
is represented that state of things
to sell this year
Considerable work has to be done
on the cause but it is decided the
most essential was the burning of
bridges across the great Tye valley
\$270 00 has been offered
There were a few more photographs
from the 1900s but the state of the

LOOKING FOR A BARGAIN?

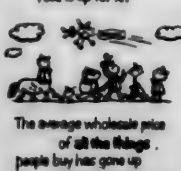

With prices so much higher than they were before the war, bargains are hard to find these days.

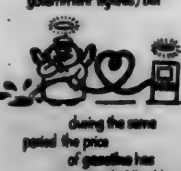

For example... materials used in building houses have gone up 170%.

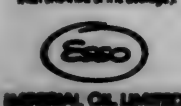

Feed is up 107%.

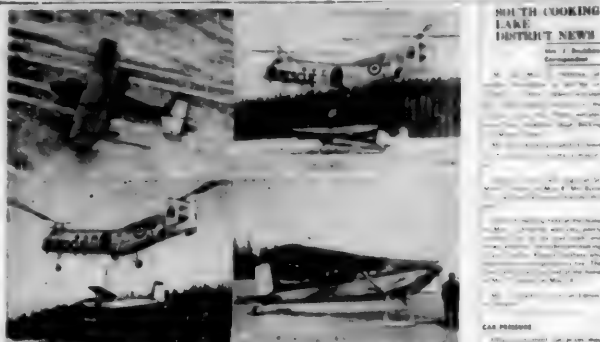

The average wholesale price of all these things people buy has gone up 116% (and these are government figures) but

during the same period the price of gasoline has gone up only 35% (less than one-third of the savings).

IMPERIAL OIL LIMITED

Air Force Completes Unique Salvage Operation

LAKE CHARLES, P.E. — A unique salvage operation by the RCAF in these parts resulted in the recovery of 200 tons of material, including 100 tons of scrap metal, 100 tons of scrap wood, and 100 tons of scrap paper. The operation was completed in a matter of days, and the material was then transported to a nearby scrap yard for recycling.

The salvage operation was carried out by a team of RCAF personnel, including a pilot, a navigator, and a crew of ground crew members. The team was equipped with a specially modified aircraft, which was used to transport the material from the site of the salvage operation to the scrap yard.

The salvage operation was a unique one, as it involved the recovery of material from a site that was inaccessible to conventional means of transport. The RCAF's ability to carry out such operations is a testament to its versatility and its commitment to the defense of Canada.

The material recovered from the salvage operation will be used for a variety of purposes, including the construction of new buildings, the manufacture of machinery, and the production of paper. The recovery of this material is a significant contribution to the conservation of resources and the reduction of waste.

The RCAF's salvage operation is a testament to its commitment to the defense of Canada and its ability to carry out a wide range of operations. The recovery of this material is a significant contribution to the conservation of resources and the reduction of waste.

There is a new seed tape roller available in the field of the new seed.

FARM IMPLEMENT PRICES

Maintained at Low Level of Increase

Throughout the past ten years farm implements have offered more and more in value and labour saving advantages. In fact, owing to the scarcity and high cost of skilled labour, farmers have been forced to invest in more machinery to maintain their operations efficiently and profitably.

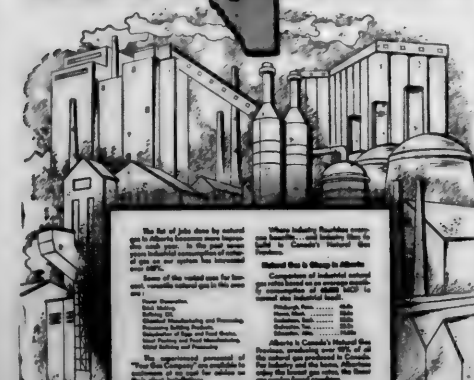

And the chart obviously shows a continuing achievement by the Company in maintaining prices at a low level of increase over 1941. The index for Massey-Harris prices of implements and tractors used in Canada has increased by only 46.8% from 1941, whereas the index of all commodities has risen to 170.2% over that of 1941.

To place equipment in the hands of the farmer at the lowest price possible, Massey-Harris prices have been held to an exceptionally low level of increase in the face of the great advances in the cost of labour and materials.

In ability to do a lot of work quickly and easily is quality of materials and workmanship and in price, farm implements and tractors offer exceptional value for the money.

MASSEY-HARRIS-PERSON LIMITED
Makers of High Quality Farm Implements Since 1847

Where There's Industrial Progress in Alberta...

...there's Natural GAS

The list of jobs done by natural gas in Alberta is growing every day. From the home to the factory, from the farm to the city, natural gas is becoming an indispensable part of our lives.

Some of the varied uses for natural gas are:

- Heating homes and businesses.
- Powering industrial processes.
- Generating electricity.
- Providing fuel for transportation.
- Used in the production of chemicals and plastics.

Alberta is Canada's Natural Gas Capital. The province's vast natural gas reserves are being developed and distributed to meet the needs of the growing population and industry.

Timely Farm Notes

Potato Planting Permits Required in Pest Areas

Commercial potato growers in the Province of Saskatchewan are reminded that permits are required to plant potatoes in certain areas of the province. These areas are designated as pest areas and require special permits for potato planting.

The permits are required for the purpose of controlling the spread of potato pests, such as the Colorado potato beetle and the potato tuber moth. Growers in these areas must obtain permits from the appropriate authorities before planting potatoes.

The Seed Corn Board provides a service to the growers by checking up on the quality of the seed corn. The board ensures that the seed corn is of high quality and free from pests. This service is essential for the success of the potato crop.

Growers are advised to use the services of the Seed Corn Board to ensure the quality of their seed corn. This will help to maximize the yield and quality of the potato crop.

Various farm implements are available for sale at a low price. These include plows, harrows, and seed drills. The prices are very competitive and offer great value for the money.

Interested buyers should contact the appropriate dealer for more information. The dealer will be able to provide details on the features and specifications of the various implements.

For more information on farm implements and services, contact the appropriate dealer. The dealer will be able to provide details on the features and specifications of the various implements.

The dealer will also be able to provide information on the latest developments in farm technology. This will help growers to stay up-to-date on the latest equipment and techniques.

SAFETY DEMONSTRATION
DISTRICT NEWS
 Mrs. E. P. Smith, president of the Port Saskatchewan District, held a safety demonstration for the children of the district on Tuesday night. The children were taught the importance of safety and the correct use of fire extinguishers. The demonstration was held at the Port Saskatchewan Community Centre.

OMMERCE

Increased Demand for Underbrush Trees

Increasing demand for underbrush trees is being met by the Fort Saskatchewan Nurseries Co., Ltd., which has a large stock of these trees available for sale.

SHIRT YOUR FRIEND AT LIFE'S LUNCH

Wear a snap of a shirt, a sweater or a full dress suit. You'll find all the latest fashions and styles in shirts, sweaters and suits. For all occasions, call on the Fort Saskatchewan branch of the Canadian Clothing Co. 1000 Main St. Phone 101.

WE'RE READY TO FORM YOUR NEXT GOVERNMENT

The Liberal Party has assembled 99 candidates—the largest group in Alberta's history—under the distinguished leadership of J. Edgar Brown, M.L.A. They pledge above all to protect and improve the standard of living of every citizen.

YOUR LIBERAL GOVERNMENT WILL . . .

Appoint a Judicial Royal Commission to investigate Treasury Branch loans and other government activities involving Royal Credit Collateral Advances and M.L.A.'s.

- Lower municipal taxes by securing a larger share of the costs of education and community and local health services.
- Finance the entire cost of rural education systems with provincial funds.
- Provide a program similar to the Western Loan Fund to enable young people to leave.
- Legislate the use of people gas in all farm vehicles.
- Build roads that will stand up.
- Set standards of education and teacher salaries.
- Provide scholarship funds to enable young Albertans to attend technical or abroad university.
- Pay \$50.00 Indian Grant without a means test to all pensioners, including W.V.A.

VOTE LIBERAL

"HELP PEOPLE CLEAN HOUSE"

On the Churches

The churches of Fort Saskatchewan are holding a series of services to raise funds for the construction of a new church building. The services will be held on Sunday, June 27, at 10:00 a.m. and 7:00 p.m. at the Fort Saskatchewan United Church.

WYE CONTRACTORS

Mr. J. G. Smith, Contractor

Contractors in the South Saskatchewan area are now accepting bids for the construction of the new 1000-unit apartment building at the corner of 10th and 10th Avenue. The building will be a four-story structure with a total area of 100,000 sq. ft. The estimated cost of the project is \$1,000,000. The building will be owned by the City of Regina and will be used for low-income housing. The construction is expected to start in the fall of 1966 and will be completed by the end of 1967.

ENGAGEMENTS

Mr. and Mrs. J. G. Smith, of Regina, announce the engagement of their daughter, Miss J. G. Smith, to Mr. J. G. Smith, of Regina. The wedding will be held on July 15, 1966, at the St. John's Anglican Church, Regina. The bride is the daughter of Mr. and Mrs. J. G. Smith, and the groom is the son of Mr. and Mrs. J. G. Smith.

Coming Events

The Fort Saskatchewan branch of the Canadian Red Cross Society will be holding a fund-raising event on July 10, 1966, at the Fort Saskatchewan Community Centre. The event will be a dance and will be open to the public. The proceeds of the event will be used to support the Red Cross Society's work in the community.

Butter and Advertising

The Canadian public has the right to know the truth about the butter industry in Canada. The Canadian Butter Board has been established to provide this information. The board will be responsible for the regulation of the butter industry and for the promotion of Canadian butter. The board will also be responsible for the collection and distribution of funds for the promotion of Canadian butter.

An Opportunity For You To Buy "CALGARY POWER" Common Shares

We have purchased a block of Calgary Power Ltd. Common Shares (10 per cent) for offering in Alberta only. The five residents of the Province on whom opportunity is conferred are equally interested in their most widely known electric utility company.

Calgary Power's growth reflects Alberta's tremendous economic development. We have prepared a memorandum giving some highlights on the Company, and will gladly send you a copy on request.

We offer these shares, subject to confirmation.

Price: \$64 per Share

As we believe this offering will involve an immediate and widespread response throughout the Province, we suggest that orders be placed with us promptly by telephone or through an ad agency, if you wish.

DIAL 680

Thursday, the 18th day of August, 1955, at Town Office in the Town of Fort Saskatchewan, has been held by the Council as the time and place for taking the vote of the preparatory elections therein and for the purpose of electing a person to the office of Mayor of the Town of Fort Saskatchewan between the hours of 10:00 o'clock in the forenoon and 7:00 o'clock in the afternoon.

Held by the Town of Fort Saskatchewan, in the Province of Alberta, the 27th day of July, 1955.

But, night now, reports The *London Post*, the crop is in for losses of 10 to 20 per cent. Other crops are less than normal, and the 180,000 tons of grain at hand are in danger of being used up before the next harvest.

Thursday the 18th day of August, 1955, at Tean Oka in the Town of Fort Saskatchewan, has been held by the Council at the time and place for taking the vote of the proprietary elections therein and the poll will be open for such purpose between the hours of 10:00 o'clock in the forenoon and 7:00 o'clock in the afternoon.

Held by the Town of Fort Saskatchewan, in the Province of Alberta, on the 27th day of July, 1955

JAMES A. CLARK,

and weather is of my chief — not to mention the real problem of finding markets for our wheat and corn crops.

But, night now, reports The Pioneer Post, the crop is in far better shape than anyone dared predict on earlier news.

Island Played Interesting Role in Local History

The island in the Saskatchewan River, known as "Island," has played an interesting role in the local history of the city of Fort Saskatchewan. The island is located in the middle of the river, and is a small, sandy area. It is a popular spot for picnics and fishing. The island is also a good place to see the river in all its glory. The island is a beautiful spot, and it is a good place to see the river in all its glory. The island is a beautiful spot, and it is a good place to see the river in all its glory.

Gold Panning in the Saskatchewan

An old prospector pans for gold in the Saskatchewan River in 1911. The island is a beautiful spot, and it is a good place to see the river in all its glory. The island is a beautiful spot, and it is a good place to see the river in all its glory.

Town Boosters of 1911 Looked for Big Things

Fort Saskatchewan town boosters of 1911 looked for big things. They saw a great future for the town, and they wanted to make it a reality. They saw a great future for the town, and they wanted to make it a reality. They saw a great future for the town, and they wanted to make it a reality.

The town boosters of 1911 looked for big things. They saw a great future for the town, and they wanted to make it a reality. They saw a great future for the town, and they wanted to make it a reality. They saw a great future for the town, and they wanted to make it a reality.

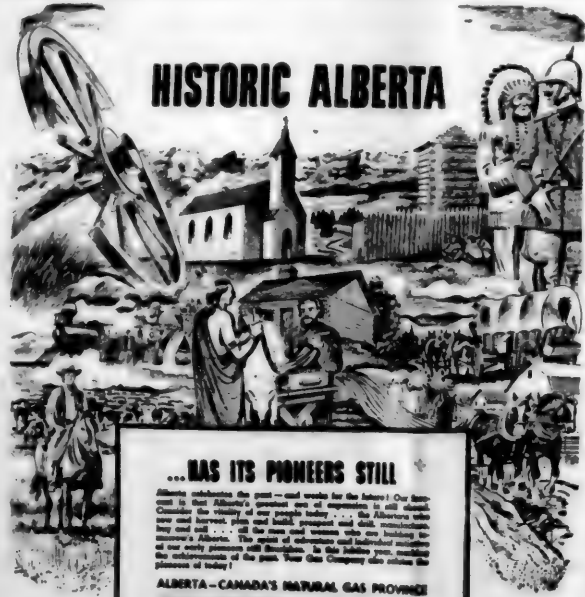

Anglican Church Long Established Here

The Anglican Church has been established in Fort Saskatchewan for a long time. It has been a part of the community since the early days of settlement. The church has played a significant role in the lives of the people of Fort Saskatchewan. It has been a place of worship and a center of community life.

River Steamer at Fort Saskatchewan

The river steamer is a large, multi-decked vessel with a prominent smokestack. It is a common sight on the river, and it has been a part of the local history for many years. The river steamer is a large, multi-decked vessel with a prominent smokestack.

HISTORIC ALBERTA

...HAS ITS PIONEERS STILL

Alberta celebrates the past—and works for the future! Our dream is that Alberta's greatest source of inspiration is still today. Consider the history of our people, the pioneers who came here and built a new life for themselves. They were brave and hardworking, and they built a great province for us. We must honor their memory and continue their legacy.

ALBERTA—CANADA'S NATURAL GAS PROVINCE

- 1. Natural gas is a valuable resource, and Alberta is one of the largest producers in Canada.
- 2. The natural gas industry has played a significant role in the development of Alberta.
- 3. Alberta's natural gas reserves are estimated to be one of the largest in the world.
- 4. The natural gas industry has created many jobs and has brought in a lot of money for the province.
- 5. Alberta's natural gas reserves are a source of pride for the people of the province.

Printing	15.00
Advertising, Literature	25.01
Postage	25.01
Total	\$230.94

Floyd M. Baker
Ed L. Walker, Returning Officer,
Electoral Division of Clover Bay

Town of Fort Saskatchewan

TAKE NOTICE that the Council of the Town of Fort Saskatchewan proposes to pass an interim Development Order in accordance with the provisions of the Town and Rural Planning Act, 1953.

The proposed by-law is made pursuant to and will set out the provisions of the Interim Development Order of the Town of Fort Saskatchewan, which was made by the Council of the Town of Fort Saskatchewan on the 26th day of August 1955.

A copy of the proposed by-law, together with the maps and other documents referred to therein, and the said Order are deposited at the office of the Secretary-Treasurer and may be inspected there at all reasonable hours.

At 8:00 p.m. on Monday the 12th day of September 1955 the Council will hold a public hearing of the Town Office at which objections to the proposed by-law may be made and discussed.

Dated this 23rd day of August 1955.
JAMES A. CLARK,
Secretary-Treasurer

We Extend Our Thanks and Congratulate the Pioneers

For leaving us this Fine Province and this Wonderful Country in which to live their dream. It is a privilege to be a part of this great province, and we are grateful to the pioneers who made it possible. We extend our thanks and congratulations to the pioneers who have built this great province.

Fort Cleaners

Our Cleaning is Superior to Yours and Better Than Most.
Phone 239 Fort Saskatchewan

Congratulations . . .

On this occasion—Alberta's Golden Jubilee Year—we extend our thanks and congratulations to the early settlers of this country for their pioneering spirit that made this Jubilee Celebration possible.

Growing with Fort Saskatchewan and District

The first Marshall-Wells Store opened in Alberta in 1947. During the last years of Alberta's Golden Years, 42 Progressive Independent Hardware Merchants have affiliated with the Marshall-Wells Company, the World's Largest Distributors of Hardware. It brings to 62 Alberta Communities a better and wider selection of Hardware Merchandise.

The Fort Hardware was first opened in 1920 at its present site by Mr. Peter Moner and Mr. Floyd Baker, who operated the business until 1925 when Mr. Moner assumed control which he retained until 1942, when he sold out to the present owners, Mr. Walter Sherman and Mr. Will Lamouroux.

Three and one-half years ago the Fort Hardware Co. decided to affiliate with

the Marshall-Wells Co. and at that time expanded their premises to three times the size of the original store.

Our stock and our merchandise have changed with the times and the demands of a constantly growing province. But our aim is to serve the customers with Fine Quality goods at fair prices, has never changed.

In addition to the quality merchandise—From crops to major appliances—The Fort Hardware Co. operate a Pumping, Hauling and Transporting business that has been serving the town and district for over 30 years, and are proud of the reputation they have gained for quality workmanship on all work they undertake.

the line of traffic.

It's a common sight during rush hours particularly to see cars entering intersections from side streets forced to sit and wait for a courteous driver to let them merge into the traffic. Sometimes, it's a driver who's been stuck at the point of intersection only to have another lane behind the car up and make a traffic jam. Let's take a look at some of the more dangerous traffic situations.

Remember . . . Courtesy is Contagious

YOU
make the news
... and it's
your newspaper

That's a quote true
You and you and you each and everyone of you
makes the real news. What you do, what you say
what you think, from day to day
is back of all the decisions in this world
That is why public opinion is formed
And this is your newspaper too
because in its columns are reported
these activities and sayings of yours
and of your friends—from birth to death
and of your neighbors and only your newspaper

And because of this mass of knowledge
power comes to you, for an informed person
means an informed people.

(for lookouts)

The minimum rate of interest on Personal Loans, for instance, is 6% on the unpaid balance. You do not have to be a depositor to borrow from the Federal Bank. We often make loans to people who have been in previous dealings with us.

Table shows how little it costs to borrow a Personal loan from the Federal Bank.

	ONE MONTH INTEREST	THREE MONTHS INTEREST	SIX MONTHS INTEREST	
\$25	6 Months 12 Months	\$4.50 \$4.51	6 Months 12 Months	\$6.00 \$6.01

	10 Months	47.70	2.37	2.70
'100	4 Months	1 00.00	1.72	116.67
	12 Months	98.85	3.11	8.24
	18 Months	96.50	4.34	8.50
'200	4 Months	200.00	0.11	6.17
	12 Months	170.50	1.54	893.34
	18 Months	170.00	2.67	11.18
	24 Months	168.25	7.70	6.81

Monthly payments calculated to nearest cent.

Other types of loans, of particular interest to individuals, are available through the **Buyer Bank** at very reasonable rates.

PABA IMPROVEMENT LOANS, at rates even lower than shown above — to purchase improvements and equipment; to finance financing and drainage systems; to build a new farm home, or other improvements on the farm; to repair, alter, extend, or otherwise improve any existing home

H.M.A. MORTGAGE LOANS, to finance new home construction
in various areas.
HOME IMPROVEMENT LOANS to repair, alter or extend existing
houses in various areas.

Position wanted: male
Doesn't know if you, but he's going
to walk out with the job.
Employers taking up a potential applicant
are quick to spot signs of initiative and
self-reliance. This man is willing to let his
skills speak for themselves. Then he's earned
praise from every boss he's ever had, and
earned a lot of it, too. — Starts
that won't be lost on the man who's going
to interview him.
In these economic times — a
two-year-old, a ten-year — ready to open a
bank account of his own? He'll
be more than welcome, any time, at city

'56 DODGE V-8

Glamour and go...

Big Dodge V-8 looks

*New Night-Saver steering... V-8 power...
PUSH IN DODGE's convenience... in the off road Dodge!*

CONVINCED? why, it's a no-no-hesitant parade, demanding delighted second glances and rewarding every glance the reason to be admired when you're at the wheel of this brilliant '56 Dodge.

ADVANTAGE? in, for advanced that stepping into a new Dodge V-8 or it is the stepping right into the push button age. What cruising style to stand up to 187 horsepower with your finger tip smoothly, easily.

Just touch a button to operate the world's finest automatic transmission, PowerFlite®.

In a '56 Dodge on the highway or in road speed traffic — you're "on variation" every minute. No wonder that the rising tide of Dodge popularity has put a glamour on our Dodge into the hands of enthusiastic owners in almost every block neighborhood... and home! See your Dodge dealer on the new Dodge for '56 today!

The Spirit of Christmas

Is all the heart-beats of our happy Holiday preparation, let us never forget the true spirit of Christmas, an beautifully expressed in these words of beloved memory.

Let us dedicate ourselves to the ideal of which this Angel sang: "Peace on Earth, Good Will toward Men."

Let's Dress Up the Christmas Bird

The Christmas bird is a tradition that has been passed down for generations. It is a time when families gather around the table and enjoy a special meal.

SUN, DECEMBER 23, 1935

Christmas is the most important of the year. It is a time when we pause to reflect on the past and look forward to the future. It is a time when we are reminded of the love and kindness of God and the love and kindness of our fellow men.

Christmas GREETINGS

As we welcome the New Year, we wish to extend to you our warmest wishes for a happy and prosperous one. May the spirit of Christmas bring you peace and joy, and may the New Year bring you success and happiness.

Christmas is for the YOUNG

Christmas is a time when we are reminded of the love and kindness of God and the love and kindness of our fellow men. It is a time when we are reminded of the joy and happiness that can be found in the simple things of life.

Funeral Services Held Dec. 7th For Louisa Margaret Williams

Funeral services were held for the late Louisa Margaret Williams, who died on December 7th, at the home of her son, Mr. J. H. Williams, 1014 10th Avenue, at 10 o'clock. The services were conducted by the Rev. J. H. Williams, who was assisted by the Rev. J. H. Williams. The burial took place in the cemetery at 11 o'clock.

GREETINGS

With love and joy, we wish to extend to you our warmest wishes for a happy and prosperous New Year. May the spirit of Christmas bring you peace and joy, and may the New Year bring you success and happiness.

Gregorian Calendar United Our Calendar

The Gregorian calendar, which is the most common calendar in use today, was introduced by Pope Gregory XIII in 1582. It was a reform of the Julian calendar, which had been in use since the time of Julius Caesar. The Gregorian calendar is based on the solar year, and it is the most accurate calendar in use today.

Merry Christmas

"MINIATURES"

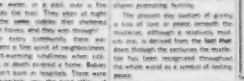

The miniature world is a world of its own. It is a world where the small is the great, and the great is the small. It is a world where the imagination is the only limit, and where the only rule is that of the artist. The miniature world is a world of beauty and wonder, and it is a world that is worth the effort and expense of creating.

A Salute and Tribute to Fort Saskatchewan and District Pioneers

The pioneers of Fort Saskatchewan and the surrounding district were men of great courage and determination. They were men who were willing to sacrifice everything for the sake of a better life. They were men who were the first to settle in this area, and they were the first to build the foundations of the community that we live in today.

Best Wishes

May this holiday season be a joyous and healthy one for you and yours.
